VIDEO COLLABORATION OPTIMISED

media:scape® kiosk supports a range of videoconferencing applications, from quick stand-up meetings in the open plan, to longer seated working session in small enclaves or workstation. Kiosk enhances collaboration, bringing together local and global teams to maximise organisational and individual potential.

62%

Number of employees who regularly collaborate with people in different time zones and geographies.

Economist Intelligence Unit, 2009

C9703

- Camera placement creates optimal sight lines and framing for users.
- The consistent and simple user interface of the media:scape PUCK allows easy sharing of content.
- The media well offers two power outlets and two PUCKs.
- Foot rail on standing height provides comfort while standing.
- media:scape kiosk is completely self-contained, eliminating the need to route cables through walls and floors.

STATEMENT OF LINE

Standing:
H 1.727 mm x A 965 mm x
P 914 mm
Work surface is H 965 mm

Seated:
H 1.498 mm x A 965 mm x
P 1.016 mm
Work surface is H 724 mm
