Steelcase® Roam™
mobile stands and wall mounts

Steelcase

19-0124067

Take teamwork anywhere.

Steelcase Roam is a system of mobile stands and easy-to-install wall mounts co-developed with Microsoft for the new Surface Hub 2, giving teams the freedom to collaborate anywhere. The flow of ideas doesn't have to end when your scheduled meeting does—the approachable design and total flexibility of Roam empower teamwork to happen wherever ideas do: anytime, anywhere, any way.

INNOVATIVE MOBILITY

Roam moves easily on smooth-rolling casters for on-the-go transitions throughout any space, from a conference room to private office to casual spaces and beyond.

APPROACHABLE DESIGN

With a minimal design, Roam integrates seamlessly into any workspace. The stand is a familiar easel-style design, making it stylish and approachable for collaboration anywhere.

ENHANCED FLEXIBILITY

The wall mount makes any space more flexible, from smaller huddle spaces and conference rooms to private offices. It's building code compliant, keeping the large-scale screen of the Surface Hub 2 very close to the wall—completely unobtrusive and inviting for a team to work together naturally.

THOUGHTFUL INTEGRATION

Roam was created to perfectly complement Surface Hub 2 for collaboration anywhere, with a storage tray that can hold an optional APC™ Charge battery and a smart cord management system designed for untethered use.
