FrameFour WorkBench
Benching

Steelcase

A place to work alone and together.

Designed with a footrest, integrated power and supportive of screens, the FrameFour WorkBench offers workers choice and control over their level of privacy and their posture. When nomadic workers are looking to switch up their day, the FrameFour WorkBench provides them with a change in scenery without having to leave their team behind.

88%

of highly engaged and highly satisfied workers can choose where they work in the office depending on the task at hand.

KITCHEN ISLAND

Relationships anchor people's commitment to the larger organisation. The FrameFour WorkBench is the "kitchen island" of the office — a place all workers are naturally drawn to.

19-0127185

COLLABORATION HUB

The standing-height design prompts creative thinking by encouraging movement and the use of collaborative tools like whiteboards and digital displays. Team members can shift between a seated or standing posture without losing eye contact, supporting comfortable proximity and meeting flow.

MAKER SPACE

The FrameFour WorkBench supports Agile teams by offering an inspiring space to rapidly prototype ideas. Organic surfaces like cork and plywood tops provide a raw, authentic aesthetic, while a mobile power unit gives workers the flexibility to make the space to work for them.
