A versatile CeramicSteel privacy screen that transforms almost any desk or table into a personal workspace.
Boundri gives everyone the physical distance and privacy they need to feel comfortable in any space, while also offering a personal whiteboard for notes and reminders.

**Wellness**

Today, workers and students need a place to feel comfortable and stay healthy in open areas. Boundri is designed with thin, double-sided CeramicSteel to define personal boundaries and increase privacy in any environment. Its smooth, seamless finish makes it easy to wipe clean, minimizing the potential for shared germs.

**Work Tool**

While personal space and privacy are key, Boundri also offers a premium whiteboard surface so workers and students can take notes, stay organized and ideate in the comfort of their own workspace. Made with durable, high-performance CeramicSteel, Boundri is magnetic and won’t stain, scratch or ghost.

**Versatility**

With a variety of sizes, colors, configurations and mounting options, Boundri fits anywhere, whether it’s an open office setting, a hospital nurse station or a library.
