### 5 years product guarantee

At Bolía we know that good materials combined with genuine craftsmanship result in quality, hard-wearing furniture. Therefore, we are now giving a 5 year guarantee on all designs bought after 6 August 2017, and of course our 30 month guarantee will still apply to all designs bought before that date.

When we do something, we don't do it by halves, so naturally the guarantee applies to the entire collection and will cover 5 years from the date you receive your design. The guarantee covers any functional, material or manufacturing defect on the products you buy from the Steelcase x Bolía collection.
