

Product Description

The Stages E Pedestal provides cost efficient storage for individual workspaces. Using it as a pedestal to support the worksurface enhances efficient use of space, and minimizes the number of components.

For mobility, Stages E Pedestal is also available with casters, rolling under the worksurface to save space, and rolling out to provide easy access, and an extra worksurface.

Material Declaration

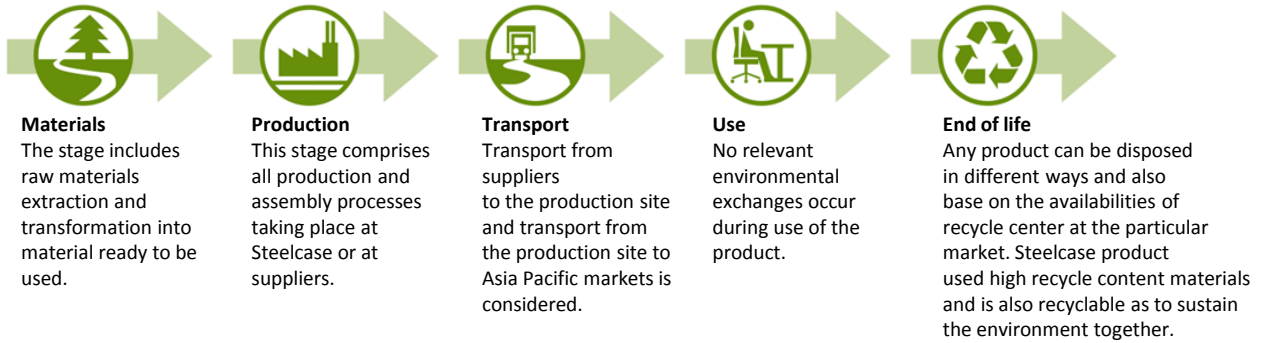

Metal	kg	%	Plastic	kg	%	Others	kg	%
Steel	31.36	92.2%	PA6	2.64	7.8%			

Manufacturing Information

The selected product **Stages E Pedestal** is manufactured in Shanghai, China.

Steelcase, which was founded in 1912, has been dedicated to creating innovative products and helping people work more effectively for almost a century. Steelcase has management systems for Quality (ISO 9001) and for the Environment (ISO 14001), ensuring that our customers are guaranteed the same level of product quality and environmental performance, wherever they are in the world. Steelcase is committed to continually reducing the environmental impacts of its products and activities on a global scale. For further information visit www.steelcase.asia

Disclaimer :

Numbers may vary based on model and options selected. Calculations of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document may be subject to review and update from time to time without notice.
