

Designed *in the Sun*

We inspire Mediterranean experiences for collaborative spaces.

Viccarbe is located in Valencia, a marvelous Mediterranean city where we enjoy more than 300 days of sun a year.

This light has a great influence on our feeling for colours, warmth of materials and attention to detail. Overall, our sense of humour and the way we look after our friends is what makes us different.

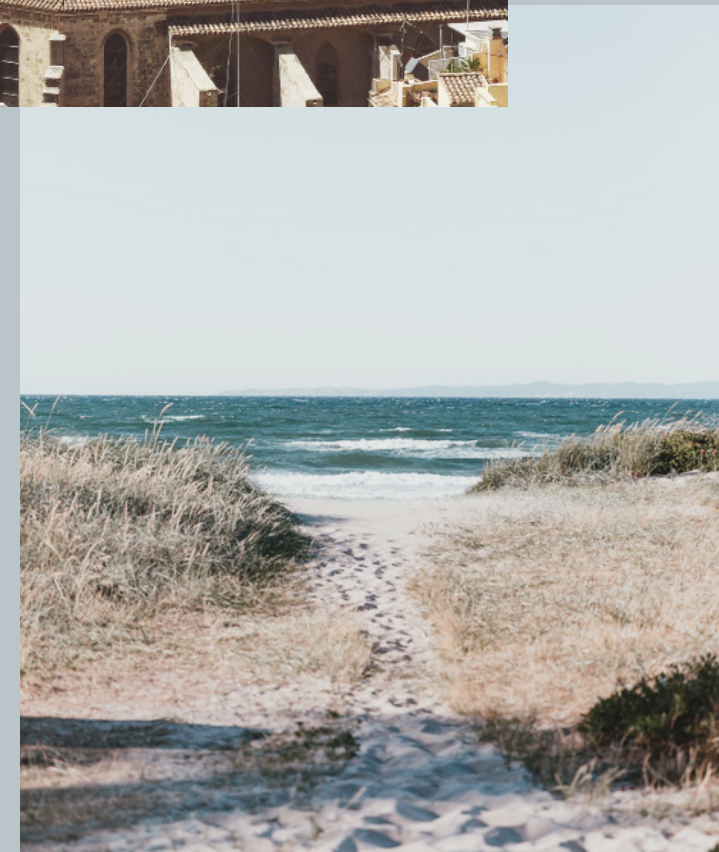

Valencia

We manufacture contemporary furniture developed by the most prestigious international designers.

Our collection adapts and transforms to satisfy diverse needs, desires and aspirations.

We understand diversity as a strength and for that reason we develop multifaceted, warm and timeless designs, which are perfect for incorporating into very different spaces.

There is no greater satisfaction for us than being appreciated and being present in more than 70 countries all over the world.

Once upon a time...

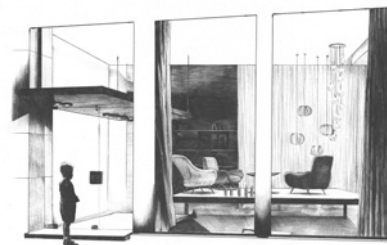

Contemporary design, comfortable and affordable - a shared dream since Víctor Carrasco's childhood.

The very beginning of Viccarbe: Víctor Carrasco + Daniel Benedito first steps in the industry.

Viccarbe today: creativity, constant innovation, engineering and maximum quality as a business culture.

Discovering design by learning in classic furniture factories.

Cum laude distinction for the final project of his engineering in industrial design.

Last Minute stool by Patricia Urquiola, beginning of Viccarbe's international trajectory.

Viccarbe honoured for its business excellence, with the Príncipe Felipe Award.

New collaborations with worldwide renown architects and designers.

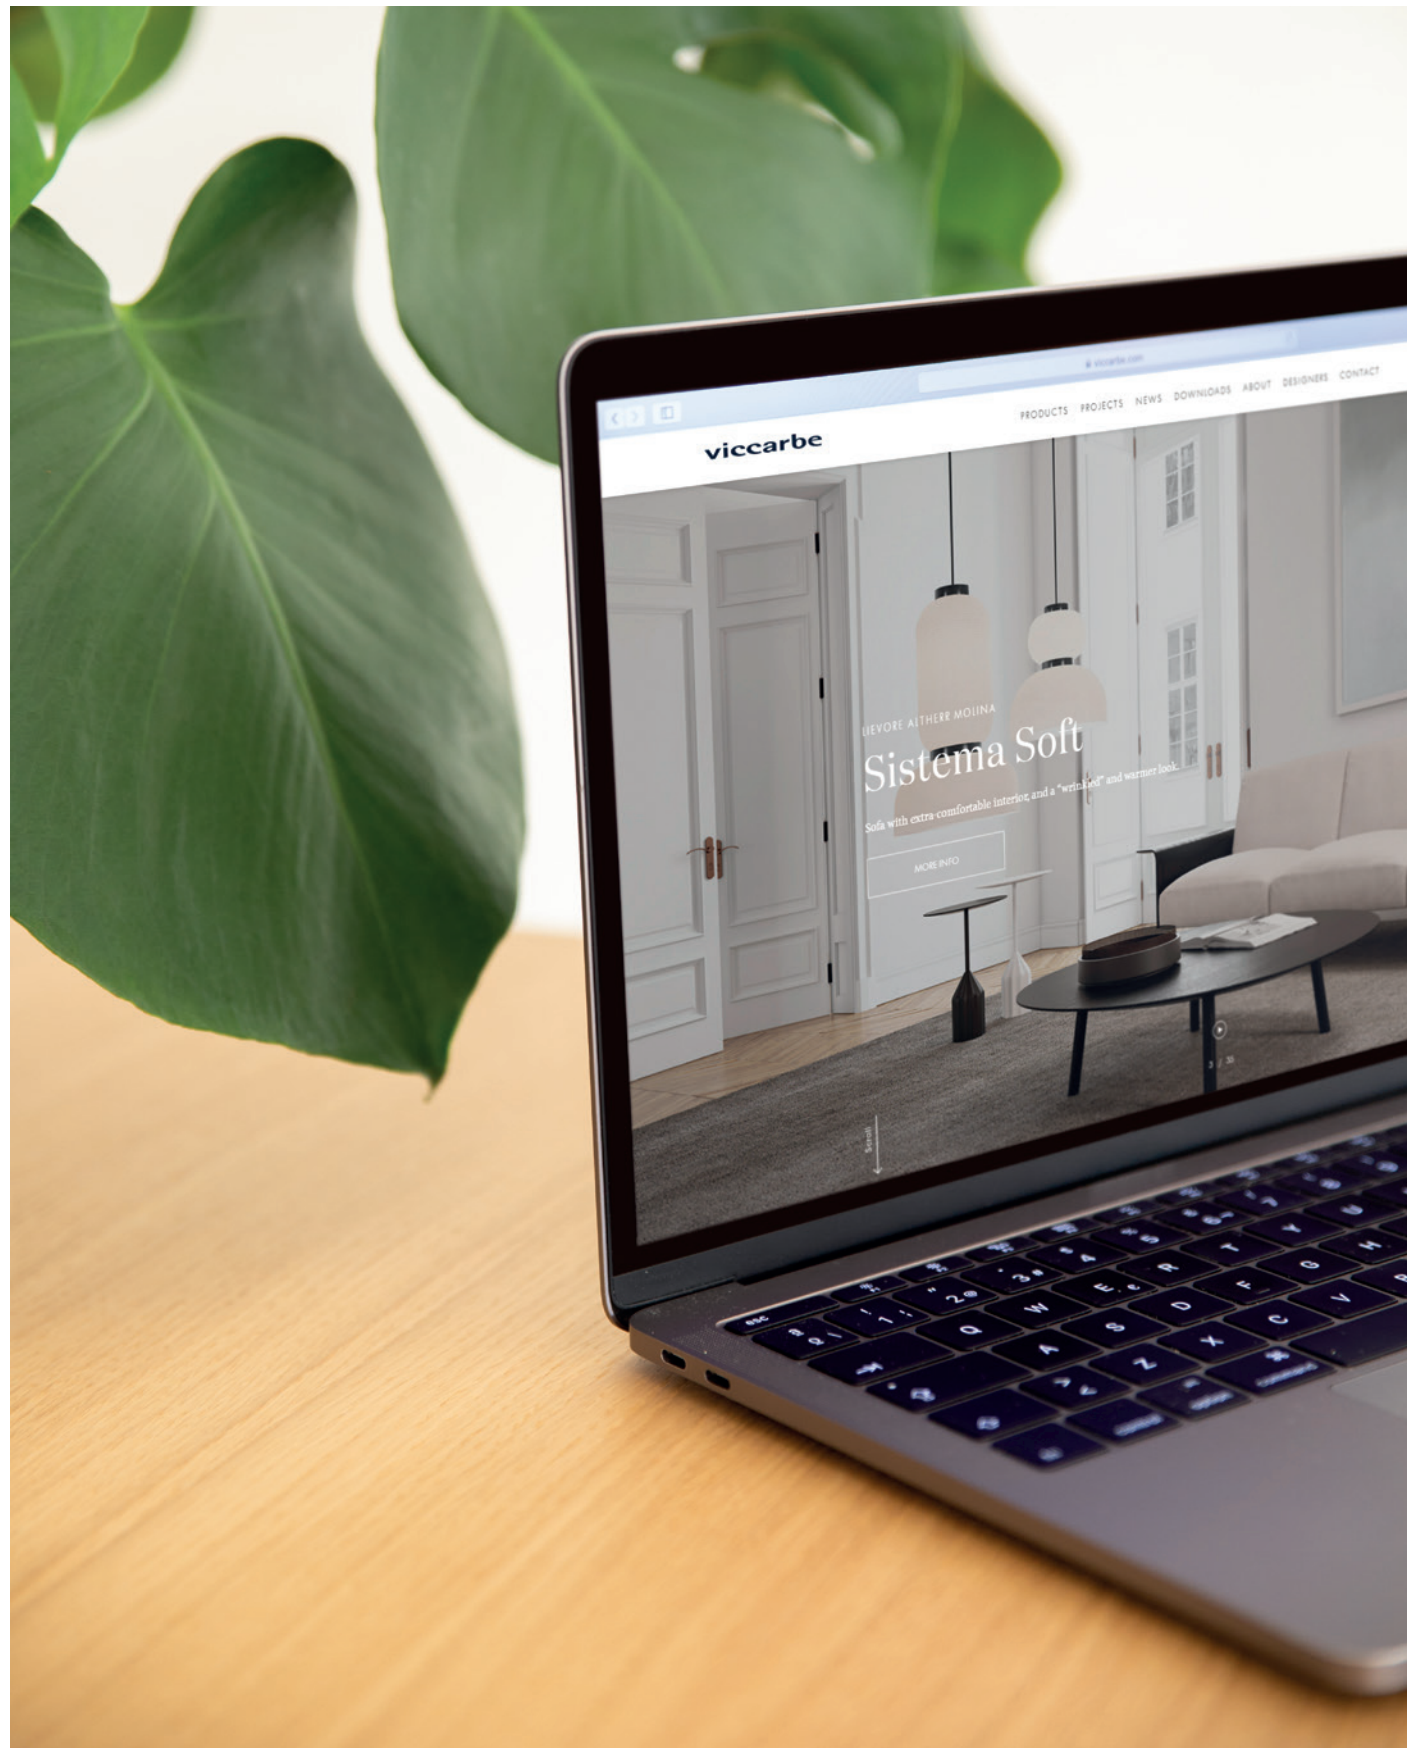

Designers

We cannot predict the future but we can create our own with the help of the best.

Pride that the top designers want to interpret our Mediterranean lifestyle, regardless of their country of origin.

Vincen Van Duysen / Patricia Urquiola / Naoto Fukasawa / Jean-Marie Massaud / Jaime Hayon / Mario Ferrarini / Piero Lissoni / John Pawson / Victor Carrasco / Kensaku Oshiro / Toan Nguyen / Pedro Paulo-Venzon / Jorge Pensi / Lievore Altherr Molina / Tomoya Tabuchi / L + R Palomba / Mark Krusin / Ramón Úbeda + Otto Canalda / Odosdesign / Ramos@Bassols

everything
happens
viccarbe.com

2D · 3D · BIM · Revit · Technical Sheets · Quality Tests · Samples

Make viccarbe.com your comfort zone, like a workplace with greater flexibility and freedom of movement. We hope you enjoy the ride.

Quality & Sustainability

Certificated on ISO 14001 since 2007.

We firmly believe in the idea of timeless and long-lasting furniture design.

We offer the possibility of replacing specific components of the product.

All the wood of the collection comes from sustainable logging, certified as FSC® or PEFC.

The plastic we use for the pieces in polypropilene is 100% recyclable.

We offer a selection of graded-in fabrics 100% made of recycled materials.

More than the 70% of our purchasing is located at less than 2h by car from Viccarbe.

Our packaging always contains, at minimum, the 80% of recycled cardboard.

Between the 90 and 95% of our expeditions are made via ground / maritime transport.

At Viccarbe we don't use aerosol, neither contaminated metallic materials.

The total amount of electricity used in our headquarters comes from renewable energy sources.

Quadra chair with cushion

QUADRA CHAIR WITH CUSHION

Designed by Mario Ferrarini

Specially elegant in proportions, Quadra evolves and offers the possibility of including a new upholstered cushion.

Designed by Mario Ferrarini

Maarten table with casters

MAARTEN TABLE WITH CASTERS

Designed by Víctor Carrasco

We're introducing new group of tables with casters specially conceived for office and educational environments.

Designed by Víctor Carrasco

SISTEMA RE-ENGINEERING

Designed by Lievore Altherr Molina

The engineering and manufacturing process of Sistema has been highly optimized and -as a result- we've been able to reduce its price in a 30%.

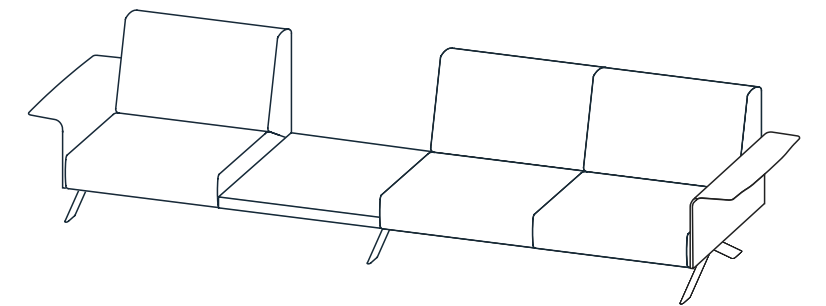

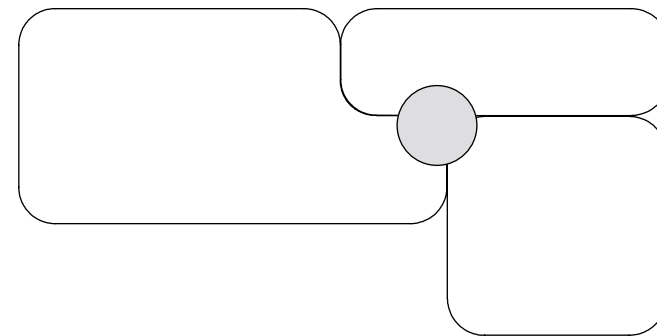

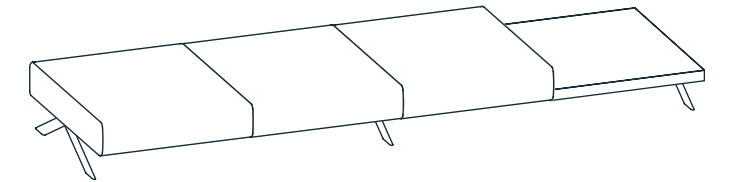

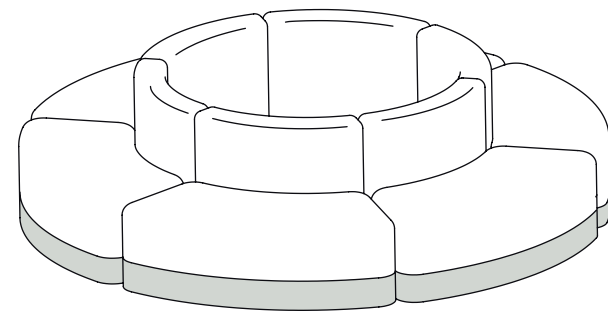

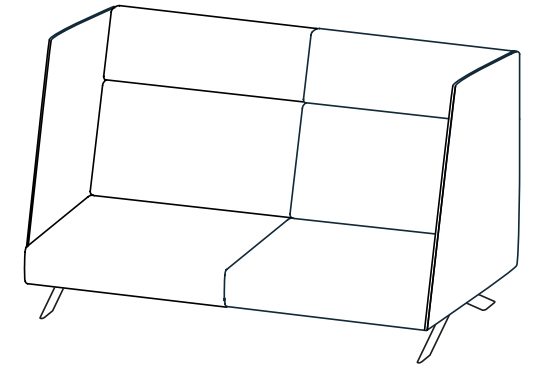

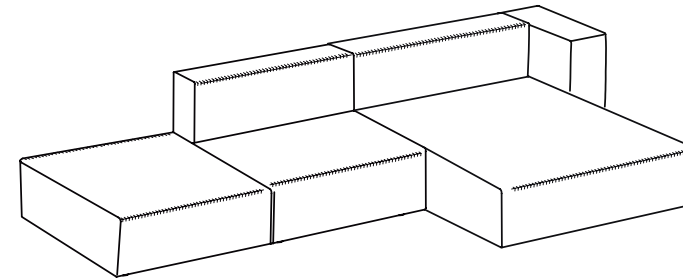

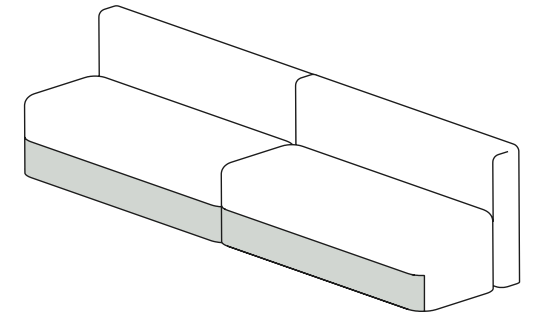

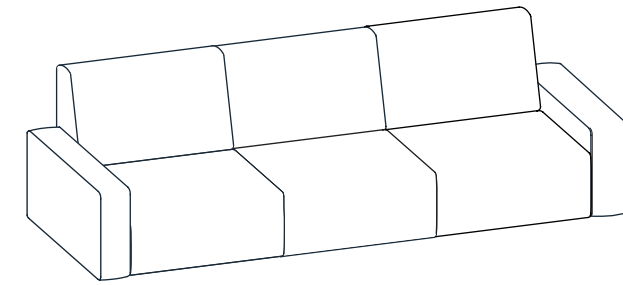

Designed by Lievore Altherr Molina

NEW SUGGESTED COMPOSITIONS

Sistema - Common - Step - Season

New preconfigured compositions, with the aim of facilitating the quote of these modular systems and their location off-plan.
