## Steelcase Flex Collection

### Product Portfolio

The Steelcase Flex Collection is a family of integrated products that work well on their own, but was designated with clever and thoughtful details that allow the entire collection to work best together to create different kinds of team spaces.

#### MOBILE POWER

Steelcase Flex Mobile Power brings true mobility to the workplace. Powerful, beautiful and smart, it's easy to grab, go and get things done.

*\* Available in limited markets.*

#### HUDDLE HUB

Steelcase Flex Huddle Hub is designed to support teams in organic and informal collaborative moments, creating dynamic team neighborhoods that adapt on demand allowing teams to show the flow and personalization of their space.

#### SCREENS

The lightweight freestanding screens come in three sizes, are tackable and provide infinite possibilities for personal privacy, space division and keeping information visible. The magnetic edges allow for a variety of configurations and can be easily integrated across the Steelcase Flex Collection.

#### MARKERBOARD SOLUTIONS

Create, share and showcase your work with Steelcase Flex Markerboard Solutions. Lightweight markerboards, a multi-purpose stand and a mountable wall rails allow the team to surround themselves with information and keep everyone in the loop.

#### CARTS

The cart family provides team personalization and storage, a place to display information, while also creating boundaries for space division. Designed for mobility, the team cart and board cart keeps all the team's essentials accessible and visible.

#### STANDS

The multi-purpose stand is ideal for pitching and sharing. It holds markerboards, screens, bags and the cup for markers. It can also serve as a device holder for short term work or as a podium for presentations.

#### ACTIVE FRAMES

Steelcase Flex Active Frames are adaptable structures that define space by creating productive, flexible and inspiring homes for teams.

#### HEIGHT-ADJUSTABLE DESKS

Designed for mobility and function, the height-adjustable desk comes with integrated rollers that allow for movement, one-cord-out integrated power that hosts up to seven plugs, and user adjustable curves screens that can be configured by anyone for both privacy and modesty.

#### TABLES

The family of standing and seated-height work tables can be used for a wide array of team activities – from individual focus work to collaborative work: they can also be used in in-between spaces. Tables come with glides and optional wheels for easy movement, and pegs allow you to the cable and other personal items.

#### ACCESSORIES

The basket and cup are designed to hold markers, sticky notes and anything else the team needs to visualize their ideas. The basket and cup can be used across the collection to provide functionality, storage and personalization.

#### ACOUSTIC BOUNDARIES

The movable acoustic boundary provides flexible space division acoustic privacy and allows for the integration of markerboards and screens to display information.

#### PERCH STOOL

Steelcase Flex Perch Stool offers a quick place to sit at an ideal angle of 7.2 Degrees – while staying fully engaged in mind, body and collaboration. Like other members of the Steelcase Flex collection, the Perch encourages dynamic movement, maximizes space usage and is sustainability-forward.
