Applications

Lares creates the right balance of distinctive design and performance in a single desking range, providing any workspace with suitable solutions for a variety of tasks and styles.

Research shows that people expect more autonomy and flexibility when they work in the office – they want to work more effectively alone and together. At the same time, creating welcoming and comfortable environments allows workers to be more productive and provides a higher level of wellbeing.

Lares

Lares desk and Lares benches are high-performance workstations for individuals and teams. Personalize Lares with four different top access options or add a Divisio screen for more privacy.

Lares can adapt to changing company needs with the option to transform desks into benches.

Lares SE

Lares SE is a minimalistic desk and benching solution. The quick and adaptive design makes Lares SE a great addition to co-working spaces, nomad areas in the workplace, or in a home office environment.

Lares Mobile

Lares Mobile tables are a perfect fit for team areas and learning spaces. Castors make the reconfiguration of furniture effortless promoting active work and collaboration. Lares Mobile also offers sit or standing height tables encouraging different working postures.

Lares Meeting

Lares Meeting is a collection of collaborative tables available in multiple heights and shapes (rectangular, square, circular, trapezoidal, d-shape) to create a comfortable and productive environment in social areas, meetings rooms or open collaboration spaces.
