Reply®
Office Chairs

Go from classic to contemporary with Reply task chairs. Fundamental ergonomics offered in two different back styles. Simple controls make sitting a pleasure, and the variety of choices makes coordination a breeze.

Fundamental Excellence

Reply task chair offers a classic and sleek design to the workplace. Reply's backrest comes with three areas corresponding to the pelvic, lumbar and thoracic parts of the spine. It offers modern and contemporary design.

Comfort + Aesthetic

Reply Air automatically and exactly adjusts to support an individual's spinal print. Reply adapts cleverly to your natural movements and has simple controls that are easy to find, understand and use.

Performance Features

Back Support

The mesh is a unique mix of soft and flexible, providing comfort and encouraging movement. The upholstered back features high-density foam for firm upper back and pelvic support. Lower-density foam in the lower back offers the softness and encourages movement.

Different Design, Same High Performance

The upholstered version offers a classic and sleek design while the mesh version offers modern and contemporary design.

Fully Adjustable Arms

Standard 4-dimensional arm support adjusts to preferred height, width, depth, and pivot.

Seat Ergonomics

Adjustable seat angle and seat depth for users who want more posture options.

Integrated Backrest Handle

Offers the ability to easily move the chair wherever you want, thanks to an integrated backrest handle.

Manual Synchronized Mechanism

Allows for precise and individual adjustments, and provides a multi-position backrest lock.
