Outdoor Seating

Sit Better. Work Better.

Better Design

It's about more than a chair for us. It's our deep understanding of people, how they work, how they move and feel and what they need while they work. Our insights inspire new seating solutions, expressed with uncompromising quality, craftsmanship and sustainability.

Better Comfort

It's not just about that initial feeling when you first sit down. Dynamic comfort is about encouraging healthy movement to keep you engaged and focused without sacrificing support.

Better Choice

Steelcase offers one of the most comprehensive seating portfolios in the industry to support all the different ways people work. Our extensive range of styles and materiality options can meet your brand and budget needs.

Office Chairs

Inspired by human physiology and behaviors, our office chairs intuitively conform to you — encouraging movement while providing comfort and support.

Steelcase Karman®

Sit back and let physics do its job. With a proprietary performance textile and impossibly light frame, Steelcase Karman goes beyond leading mesh office & desk chairs to provide effortless comfort and ergonomic support.

Gesture®

Gesture redefines the relationship between you and your desk chair. Voted best office chair, its 360-degree arms, contoured back and adjustments are designed for all the ways technology shapes your posture.

Think®

Think's award-winning design reimagined what an office chair could do, and how sustainable it could be. With simple controls, adjustability options, and lumbar support, Think allows anyone, anywhere to get comfortable and get to work.

Please® + Please® Air

Please task and desk chairs offer a one-of-a-kind backrest with independent upper and lower back controls, helping you achieve precise, targeted comfort — for wherever you sit and however long you're seated.

Steelcase Series® 1

Steelcase Series 1 gives you essential ergonomics and quality at a great value. This high-performance office chair boasts space efficiency, weight-activated controls and an even more sustainable option.

Steelcase Series® 2

Steelcase Series 2 offers attainable ergonomic performance with a boost of expression. The geometric, lumbar-focused back design comes in standard or quilted upholstery, or plenty of 3D Microknit or Air back options.

Reply® + Reply® Air

Go from classic to contemporary with Reply task chairs. Fundamental ergonomics offered in two different back styles. Simple controls make sitting a pleasure, and the variety of choices makes coordination a breeze.

Amia®

Amia is an ergonomic task chair that brings a refined style to any space, enhanced by precise manual adjustments, two back options and responsive support. Amia is a versatile best-seller.

Leap®

Leap is an ergonomic office chair that lets you dial in a precise fit in all the places you need it most. It's highly intuitive and you'll love the way the seat glides back and forth as you recline, keeping you connected to your work.

Side + Conference Chairs

You're collaborating more than ever. Supportive chairs that let you easily change your posture and vantage point make a big difference in the outcomes you achieve.

Steelcase Series® M

Qivi®
Qivi chair promotes movement
and collaboration while supporting
a variety of postures.

cobi®
Shift your weight. Rotate your view.
No matter how long you stay in
collaboration mode, cobi promotes the
movements that keep you engaged.

SILQ®
 SILQ is a breakthrough in seating design that responds to the movement of your body and offers a canvas for high design.

Steelcase Series® M
 Steelcase Series M is a family of modular chairs that outfits entire spaces and is easy to refresh through swappable parts, adapting to changing needs and uses over time

Orangebox AllowMe®
AllowMe is an ergonomic chair that improves comfort and wellbeing by promoting continuous low-threshold movement and active-dynamic sitting, for any size or shape.

Cavatina®
Cavatina is a versatile range of chairs, offering a sophisticated touch to every workspace.

Coalesse Ensemble™ Lounge System
Seat, table and planter modules on an
easy-to-scale rail system along with
freestanding screens allow for flexible,
fluid configurations that can grow and
change over time.

BOLIA Ripon

The elegant form and oversized backrest immediately catch the eye, while the innovative return swivel function ensures that your space always looks neat.

Viccarbe Cubow

The Cubow sofa and lounge chair combine ergonomic support and expressive textile design to create a cloud-like feel, inviting you to relax.

BOLIA Seed

The Seed armchair complements the Seed collection with tailored comfort and superior versatility—both designed to stand the test of time.

Sofas

Enjoy a relaxing seating experience with our comfortable and versatile sofas designed to bring the comforts of home to the workplace.

Viccarbe Cubow

Jean Nouvel Seating Collection
 The Jean Nouvel Seating Collection is designed as a single statement of line that can be mixed and matched as desired. Choose a non-directional cluster or a pristine pairing. Combine with other furniture. Change colors or textures. Like nature, no one formula applies.

BOLIA Fuuga
Fuuga is a series of sofas and armchairs designed by Busetti Garuti Redaelli. All designs share the same rounded back, where the armrests meet at a slant, giving the design a distinctive and beautiful expression.

*Available in EMEA, excluding the United Kingdom and Ireland.

Coalesse Ensemble™ Lounge System
The Coalesse Ensemble Lounge System is a modular lounge set that naturally combines intuitive performance with infinite design expression to create gathering places that work.

BOLIA Paste
Paste has many beautiful details and a robust construction, offering comfort in the form of soft cushions which are elegantly fastened to the padded frame with a concealed zip.

Sit Better. Work Better.

Our high performance seating helps you do your best work with better design, better comfort, better choice. We offer a broad range of dynamic options, all backed by Steelcase research, innovation and our unwavering standards for

quality and sustainability. Explore our portfolio to find the chair that works best for you.

www.steelcase.com/eu-seating

Learn More

Sit Better. Work Better. Do Better.

As a global maker of products, we owe it to the planet to minimize the inevitable emissions we produce across our manufacturing.

We've widened our CarbonNeutral® product certification options to some of our best work chairs. This rigorous standard means we can bring you all the same essential ergonomics and quality while offsetting the carbon impact of the chair's entire lifecycle.

Every purchase of these chairs supports trusted projects through Climate Impact Partners that slow climate change and create social benefits, with examples such as forest management, renewable energy, cleaner cooking and electric transportation. And it will help make progress towards your organization's sustainability goals and LEED certification requirements – because your goals are our goals.
