Building the Right Place for Your Business

Building a lasting business requires the right people and the *right workplace* — to innovate and solve problems, attract and keep the best talent and help people work better.

Research Behind the New Landscape of Work

Our Work Better research shows that work has changed more in the past five years than in generations. Today, your workplace needs to be adaptable and resilient to keep pace with the changes shaping how we work.

Changes Affecting Work Now

Living on Screen

56% of meetings include a remote participant.

AI Supercycle

75% of employees use AI at work.

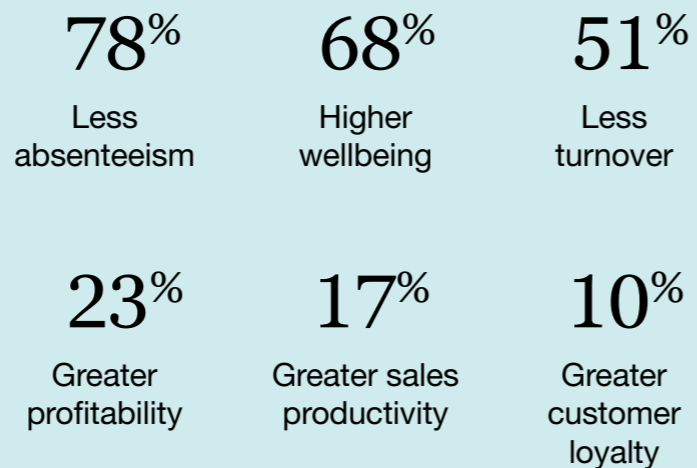

Sustainability Mindset

More companies are making sustainability commitments in their organization and work environment.

Wellbeing Urgency

66% of employees are thriving at work.

A truly supportive workplace fosters a sense of community. When people feel connected to their colleagues and the organization, engagement, productivity, and wellbeing all increase, helping your business thrive.

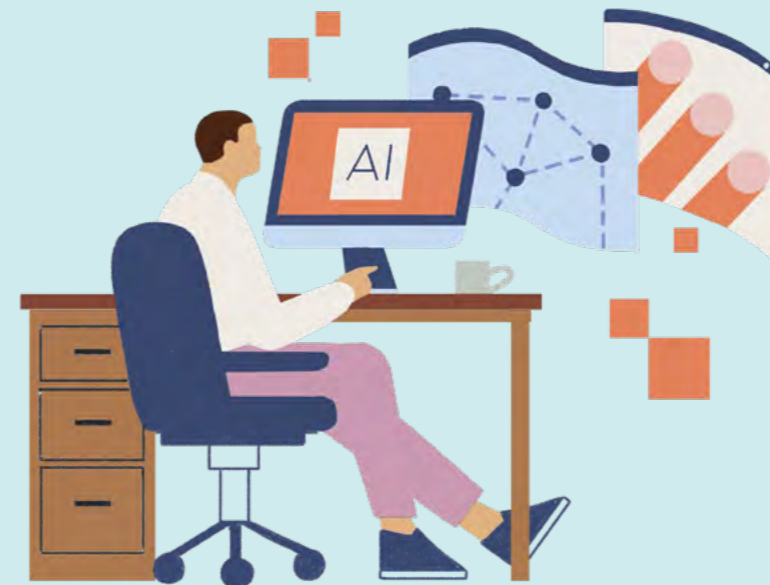

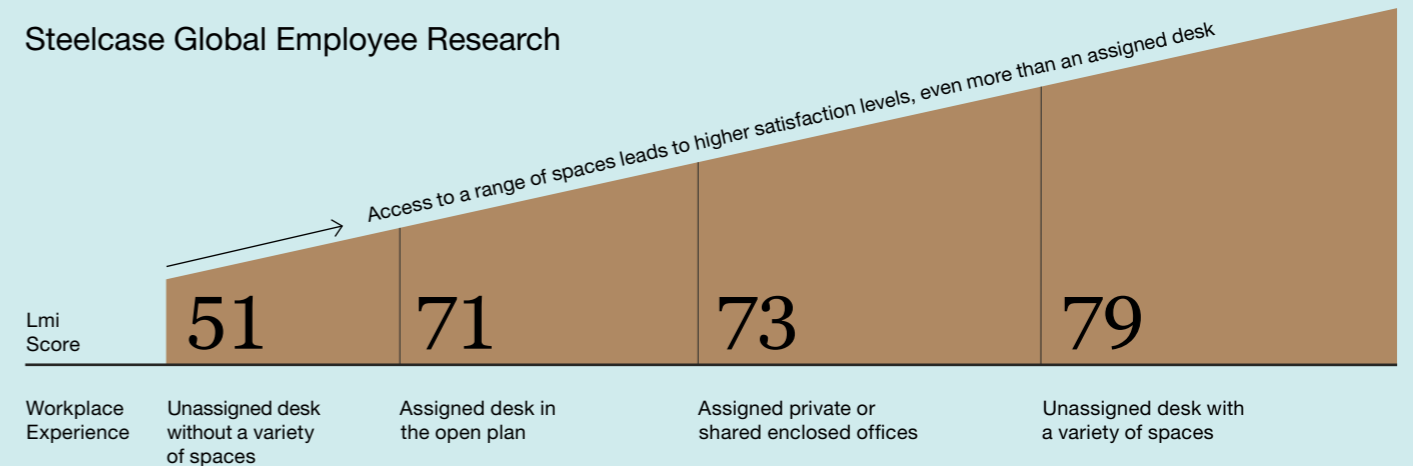

Steelcase's insight-led, human-centered approach helps you create environments that support your teams' needs. By providing a variety of flexible spaces, you empower people to choose where they feel their best and do their best work.

What Employees Want Most

1. Privacy
2. Spaces that support wellbeing
3. Hybrid collaboration spaces

Steelcase Global Employee Research

Workplaces are strategic assets that can help your business thrive - and we can help you build yours.

Let's Build the *Right Place* for Your Business

Many businesses lack the right partners to create a workplace that truly supports their people, their needs and their goals. The process can feel unfamiliar and overwhelming, especially when trying to balance design, functionality and budget.

You are navigating growth with limited resources and looking for efficient solutions. Online retailers may offer convenience, but they don't design workplaces that reflect diverse workstyles, foster collaboration, or align with company culture.

That's where Steelcase comes in – with deep expertise, design innovation and support from our local dealer network. We'll partner with you to create a workplace that reflects your culture and helps you attract and retain the best talent. Our space solutions also prioritize your team's wellbeing, because people who feel supported are more engaged and productive, which helps your business thrive.

Our solutions are built to grow with your business and deliver lasting value, so you don't have to compromise. Together, we can help you build the right place for your business.

Let's make work better, together.

The Best Places to Work

A future-proof workspace is a versatile and inspiring place that supports all the ways people work. With our thoughtful space solutions and expert tailored support, your company and people can grow together.

We know that the best places to work must:

Include a Diversity of Spaces

Spaces that serve a range of needs, anywhere from individual focus work to collaborative work.

Support Multiple Work Modes

Spaces that support multiple modes of work like a workstation for focus work and team collaboration.

Create Space for Interactions

Places that shape the way people interact, fostering a sense of community and belonging.

Together, we can help you build the *right place* for your business.

The Right *Selection*

The right products and the right spaces give people power to do their best work.

The Right Support

The Right Selection

You need a versatile workplace to thrive, with a variety of settings that enable optimal performance and maximize square footage. From formal meetings to those impromptu moments of inspiration, we have the office furnishing solutions for all work styles and modes.

Whether it's a few chairs or an entire office, our extensive portfolio makes outfitting your office space simple and seamless. We support with:

Tailored Product Selection

Thoughtful range of space applications that combine function, design and quality, aligned with your specific needs.

Scalable Office Furniture Design

Our modular solutions can grow with your business, so every investment delivers lasting value.

Unwavering Quality and Performance

Our adaptable products are built to last, with high-quality materials that maintain their appearance and functionality over time.
