## Steelcase Flex Media Cart Collaboration

Steelcase Flex Media Cart brings the power of large-scale display everywhere teams need it. Digital collaboration has never been more important, as people gather to share and shape ideas in real time and connect with colleagues working remotely. Effortlessly mobile and able to support the latest technology, Steelcase Flex Media Cart keeps up with people, projects and organizations on the move.

## Features

### Any Tech, Anywhere

Steelcase Flex Media Cart is made to handle the many choices and fast changes in digital display technology. It holds a monitor up to 65 inches wide and moves with ease across the open plan, to training rooms, meeting spots and more – wherever teams want to video conference or share a screen. Flexible by design, this cart supports digital collaboration today and tomorrow.

### Functionality with Flair

Unlike many tech-supportive tools, Steelcase Flex Media Cart is available in different colors and finishes – style it to blend with an office or introduce a pleasing visual pop. Optional integrated power for convenient support of technology, hosting up to five plugs and providing you one-cord-out for easy mobility. Contain and house technology devices and cables with optional media basket. Use the cart's pegs to wind up cords and hang cups that gather pens and other tools. Keep team supplies in reach with two spacious, open shelves.
