

Steelcase® Flex Mobile Power
Power + Cable Management

Steelcase

Steelcase Flex Mobile Power brings true mobility to the workplace. Sleek, smart, and portable, it gives teams and individuals the freedom to work anywhere they want.

Co-developed With Anker

Designed and developed in collaboration with Anker, a global leader in charging technology, Steelcase Flex Mobile Power is the first of its kind enterprise-level mobile power solution for the workplace.

Surface Materials

- Recharges in eight hours
- Over 200 watt-hour capacity
- 117W of total charging output

Charging tray:*

- Holds five mobile power units

*Not sold separately

Features + Options

Charging Ports

Each mobile power unit has a best-in-class capacity of over 200 watt hours that can power three users simultaneously with USB-C and USB-A devices for a full day, or an individual for a full week.

Proprietary Charging

A fixed, proprietary charging tray takes less than eight hours to charge five mobile power units, so they are ready for the next day's work.

Portable and Lightweight

Just under 1.4 kg, each unit is lightweight and easy to take with you wherever you work. A flexible handle makes it easy to grab and go.

Refined

Steelcase Flex Mobile Power is refined and can look great sitting on any tabletop, in any environment.

Power Level Indicator

A power level indicator lets you know when the unit is running low.

Availability + Manufacturing

Flex Mobile Power is manufactured in Germany by Anker in collaboration with Steelcase, and is available in Asia Pacific, Europe (France, Germany, Poland, the Netherlands, the UK, Spain - excl. the islands, Austria, Belgium, Italy - excl. the islands, and Ireland), and North America.
