

Steelcase Series™ 2 Office Chairs

Steelcase Series 2 offers attainable ergonomic performance with a boost of expression. The geometric, lumbar-focused back design comes in plenty of back style options.

Enhanced Choice. Advanced Performance.

Designed with our signature Air LiveBack® technology, you receive dynamic support throughout your day. Choose from standard or quilted upholstered back designs or celebrate the attractive geometric back design without upholstery or warm it up with 3D Microknit.

Signature Air Liveback Technology

Steelcase Series 2 chair features our signature Air LiveBack® technology. Air LiveBack® technology works through an innovative geometric design that provides sophisticated support.

Breathable and transparent, the wave pattern is scaled to provide appropriate support for each part of your spine. It flexes in 2 dimensions as you move to create responsive, personalized comfort and fit.

Performance Features

Back Support
Air Liveback® technology works through an innovative geometric pattern in the polypropylene back that flexes in two dimensions to encourage movement and support posture changes.

Two Mechanisms
Features a weight-activated synchro mechanism that allows for automatic and intuitive adjustments OR a manual synchro mechanism that allows for precise adjustments, and personal comfort.

Fully Adjustable Arms
Standard 4-dimensional arm support adjusts to preferred height, width, depth, and pivot.

Lumbar Support
Standard height-adjustable lumbar support on upholstered or 3D microknit options.

Seat Ergonomics
Seat includes lexible edges and adaptive bolstering in the foam providing a pressure-free comfort sit.

Seat Angle Adjustment
Offers an adjustable seat angle for users who want more posture options.

Recline Adjustments
Weight-Activated Synchronized Mechanism: Recline range includes: full recline, a boost setting and an upright back lock.

Manual Synchronized Mechanism: Recline range includes: full recline, two intermediate recline stops and an upright back lock.
