Steelcase Series® M
Side and Conference Chairs

Modular. Versatile. Quick to revamp. Built to last. Steelcase Series® M is a family of side and conference chairs you can rely on, for today and tomorrow.

One family of chairs for most seating needs

Steelcase Series M is all about versatility and choice. Enjoy infinite space planning possibilities, choosing the features that best match your intended usage, work styles or aesthetic preferences. Pair everything with Steelcase Series 1 and Series 2 task chairs for a unified look across your entire workspace, and swap parts as needed to meet evolving needs.

Collaborative Chairs for In-Person and Virtual Interactions

With a comfortable design that aligns with the body's natural curvature, our collaborative chairs enhance comfort and support effective teamwork. Suitable for both formal meeting rooms and informal project spaces, they provide the comfort needed to connect, exchange ideas, and brainstorm.

Whether used for a few minutes or a few hours, for in-person interactions or hybrid collaboration, these chairs help create a welcoming and engaging environment.

Classroom Chairs for Active Learning Environments

Our selection of classroom chairs empowers a life of learning. Available with a 4-leg or a sled base, they come with functional accessories like writing tablets, armrests and castors. 4-leg chairs are also stackable up to six, empowering teachers, trainers and learning consultants to move and store them with ease.

Spaces can be reconfigured in minutes to transition from passive to active learning environments, accommodating diverse educational needs.

Visitor Chairs for Private Offices

With Steelcase Series M, you can maintain a unified look throughout your entire workspace, including private offices.

Our visitor chairs have a refined aesthetic that elevates traditional meeting spaces. They help create a welcoming atmosphere for business partners—both internal and external—regardless of the length of their visit. Their ergonomic designs make guests feel at ease, contributing to a positive perception of your organization.

Side Chairs for Office Rejuvenation

A space that's comfortable and inviting makes people feel at ease, helping them relax and recharge.

Our side chairs provide the functional features needed to equip a rejuvenation area while fostering a sense of intimacy. They come with a wide range of bases, shells, and accessories that match any aesthetic, for a seamless integration into any space built for recreational activities.

Availability + Manufacturing

Steelcase Series M is manufactured by Steelcase in Sarrebourg, France, for the EMEA market (Europe, Middle East and Africa).

People + Planet

Steelcase Series® M is built for adaptability with swappable shells, bases and upholstery that eliminate the need for full chair replacement. Its modular design, which uses no glue or staples in the back and seat upholstery, keeps the chair in use longer as spaces and needs evolve.
