# GRID SHELVES

## Ronan & Erwan Bouroullec

---

A colourful room-within-a-room, the raw shell of the GRID System provides a base for modular seating, shelves, tables and screens, which can be integrated in different ways to create a playful and multifunctional environment for informal meetings, presentations or simply hanging out.

### THE DESIGNER

Ronan & Erwan Bouroullec have been working together for over 20 years, bonded by diligence and challenged by their distinct personalities. From designing spaces to furniture, taking on architectural projects to designing textile wall systems or comprehensive collections, the brothers maintain drawing and experimental activity as essential to the development of their work. Their designs are part of select international museums' permanent collections, including the Musée National d'Art Moderne, Centre Pompidou and the Musée des Arts Décoratifs in Paris, New York's MoMA, the Art Institute of Chicago, the Design Museum in London, and the Museum Boijmans van Beuningen in Rotterdam.

# About Established & Sons

---

Established & Sons is a British brand representing all that is innovative in contemporary design. By supporting the best creators of our time, it has built a collection for people who are passionate about design, presenting imaginative products with style and personality.

Designers and artists are afforded the freedom to explore their own language, advancing pioneering ideas that deliver exceptional furniture and lighting collections. Combined with Established & Sons' commitment to skilled craftsmanship and cutting-edge manufacturing techniques, this produces intelligent designs that are at the same time diverse in the extreme and united in their quest for the extraordinary.

The Established & Sons collection includes some of the most important examples of 21st-century design. Many of the pieces have been acquired by international museums, galleries, institutions and private collections.
