## Posture and Productivity

Countless studies show that people are healthier and more productive when they can change postures in their workspaces. The innovative Airtouch® mechanism gives workers the ability to adjust their worksurface height quickly, quietly and effortlessly—without the need for electricity—while encouraging frequent workstyle transitions.

## Collaborative Height Adjustability

Movement during the workday improves focus and energy while promoting collaboration and engagement. Airtouch can be used for seated individual work or raised to provide a quick, stand-up meeting surface.

### FLEXIBILITY FOR EMPLOYERS AND EMPLOYEES

Whether in a freestanding or panel-based work environment, intended for personal use for resident workers or as a shared worksurface for mobile workers, Airtouch provides employees and employers with options that maximize both productivity and real estate.

Airtouch can be easily adjusted to any height, from seated to standing and back again, without electricity. Simply set the weight-load gauge, then use the adjustment paddle to raise and lower the worksurface.

SUSTAINABILITY

At its heart, sustainability at Steelcase is about people. It's about creating and supporting the economic, environmental and social conditions that allow people and communities to reach their full potential.

**Research and insights direct our path.** It's not only about creating goods, it's about creating good. It's not only about creating value, it's about living our values. It's not just about reducing our footprint, it's about expanding our reach. It's about creating lasting and meaningful change to enable the long-term wellbeing of current and future generations.

**Innovative products and solutions result.** In the development of our products, we work to consider each stage of the life cycle: from materials extraction, production, transport, use and reuse, until the end of its life. We demonstrate performance through third-party verified certifications and voluntary product declarations.

Steelcase's sustainability promises, actions, and results are communicated in an annual Corporate Sustainability Report.
