## BASSLINE BENCH SEATING

**Simple seating that works the room.**

Ideas move around. People move with them. Bassline Benches are designed to ease the flow. To gather then disperse. To sit between meetings. To put your feet up. Sleek but mighty, this is a well-crafted beauty that lifts the spirits and punctuates the space.

Built on the same clever base as Bassline tables, Bassline Bench Seating is a versatile series of benches that act as seating, ottomans or side tables to meet changing needs throughout the day. Personalize a lounge setting with a wide range of upholstery and finishes for both seat and base.
