## Product Compliance Laboratory Confirmation of Product Compliance

**BIFMA**  
MEMBER

17-Mar-2025

**coalesse Ensemble** screen products have been designed, engineered, and manufactured, to meet or exceed all applicable **ANSI/BIFMA (American National Standards for Office Furnishings)** requirements for safety and performance.

Samples representative of current production have been tested and found to be in compliance with the following ANSI/BIFMA Test Requirements:

**ANSI/BIFMA X5.6-2016 (R2021) – Panel Systems Tests**

In addition to ANSI/BIFMA Standards the Ensemble screen products have been tested and found to be in compliance with the following standards:

**UL 723 Surface Burning Characteristic of Building Materials** (ASTM E 84 test methods) <sup>1</sup>

*Flame Spread Index (FSI) less than 200*

*Smoke Developed Index (SDI) less than 450*

<sup>1</sup> This specification is not included in the Steelcase Laboratory's scope of accreditation; testing was performed by an accredited independent lab.

Steelcase/Coalesse uses its own ISO 9001 registered and ISO 17025 accredited laboratories, and accredited independent laboratories, to verify compliance to the Standards and requirements listed. A list of accredited independent laboratories is available upon request.

Sincerely,

Jeff Musculus – Director, Global Testing

**Note:**

This document may be reproduced in full only.

Steelcase/Coalesse products are designed and tested for code and standard compliance when installed and used as an integrated product solution in accordance with Steelcase/Coalesse application guidelines and assembly directions. The use of unauthorized non-Steelcase/Coalesse components, parts, or materials with integrated Steelcase product solutions **VOIDS** all Steelcase/Coalesse claims of product compliance to BIFMA, UL, CSA, LEED, and / or any office furniture safety or performance standards, including all building, fire, and electrical codes. This exclusion includes but is not limited to the use of non-Steelcase/Coalesse panel supported work surfaces, leg supports, panels, brackets, shelves, overhead bins, and other integral components. The use of non-Steelcase/Coalesse components in an integrated product solution not designed, tested, or supported, by Steelcase/Coalesse is an unauthorized modification of the original product which voids all Steelcase/Coalesse warranties, expressed or implied.
