Program Overview

How to Order

- Orders must be specified and transmitted using the SQ5 electronic catalog to ensure orders are processed quickly.
- Use electronic catalog code: SQ5 Steelcase Express
- Orders cannot be changed or canceled.
- The Express program is limited to the models, fabrics, and finishes listed in the SQ5 electronic catalog.
- Consult the specification guide for product details.
- Never select "Schedule Complete." If it is left selected, the entire order—including SQ5 lines—defaults to the longest lead time in the order.

Order Maximums

Product Category
All Coalesse Products: 10 units

Order maximums are calculated by product style number. For projects greater than the order maximums, use the standard electronic catalog and work with your Steelcase Solutions Fulfillment Team representative on a delivery schedule.

Splitting large orders into smaller orders to get the Express lead time is not allowed. In the event an order is received that exceeds the maximum style number quantity, the entire order will be moved to standard lead time.

Mixed orders (SQ5 plus standard catalog lines) are allowed—but only the lines placed on SQ5 qualify for the 7 day Express lead time.

Discounts and Pricing

- Express discount is the same as standard delivery discounts.
- ▶ See your customer's competitive discount authorization (CDA) for pricing details.
