Ordering and Warranty

HOW TO ORDER

Coalesse furniture is available through authorized retailers. Select products are available for order from our web site. The authorized dealer can help you with everything from surface material selection and order placement, to specialized services, such as space planning and design, delivery and installation. Best of all, they are part of your local community, providing expert advice with a thorough understanding of local needs. For more information and a listing of dealers and retailers, visit www.coalesse.com or call 1.800.627.6770.

Coalesse reserves the right to limit distribution of any or all models.

CREDIT, PRICES, AND TERMS

Credit may be established upon acceptance of satisfactory references. For payment terms, contact Coalesse's Credit Department. Coalesse may cancel or change credit terms at its discretion and may request advance payment at any time.

The order confirmation will be deemed by the customer and by Coalesse, as the final expression of agreement and will be deemed the exclusive statement of terms. The order confirmation supersedes all prior writings and may not be modified or rescinded, except by a revised Coalesse order confirmation signed by the customer. No changes are binding on Coalesse until delivery of the order confirmation.

Any storage charges and applicable sales taxes are in addition to the prices shown for merchandise. Inside delivery, uncartoning and installation are customer's responsibility unless separately quoted. All list pricing shown includes freight prepaid to one destination for delivery in the 48 contiguous United States. Hawaii and Alaska are not included. We reserve the right to increase prices without notice due to increases in labor and material costs. If timely payment is not made, customer is liable for reasonable collection costs, including attorney's fees.

SHIPPING

Published pricing includes shipment via standard carrier on Steelcase truck within continental US 48 states to a business location only. In the event that Retail Partner requires drop ship delivery to a small location that is inappropriate for delivery via standard carrier or Steelcase truck, such as a consumer or small business, shipment via FedEx Ground is available for an upcharge on a per Product basis. Rates for FedEx Ground delivery can be quoted by Coalesse's Retail Customer Service Representative. Such shipping charges will be included in the invoice. Retail Partner will determine if FedEx Ground is required, as opposed to delivery via common carrier or Steelcase truck. Any fees incurred by Coalesse to deliver Products to a location that was incorrectly specified as needing FedEx Ground will be charged to Retail Partner.

CLAIMS

Merchandise shipped from Coalesse is thoroughly inspected and properly packed before leaving the factory. Responsibility of its safe delivery is assumed by the carrier at the time of shipment. Customer must match the freight delivered with the bill of lading. Customer must examine packaging material upon delivery and note any damage on the carrier bill of lading. If there is damage to the packaging material, inspect the furniture immediately. If concealed damage is found, contact the carrier within 10 days of delivery date. Save all packaging materials until after inspection.

Freight damage and claims must be reported by the purchaser to the carrier. Coalesse is not responsible for freight claims. Claims for loss or damage must not be deducted from our invoice, nor payment withheld awaiting adjustment of such claims. Do not return any merchandise to Coalesse without a Return Authorization number. By following these procedures carefully, Coalesse guarantees our full support of your claims to protect you against loss or damages. All claims against Coalesse for errors or shortages must be made by customer in writing within fifteen (15) days after delivery. Failure to make claims within fifteen (15) days constitutes acceptance of merchandise and waives claims. Cutting of textiles deems acceptance of yardage and waives all defects, errors, and shortages. Coalesse is not liable for subsequent damages.

SPECIAL / CUSTOM PRODUCTS

Coalesse prides itself on being responsive to our customer's needs. Contact our customer service team at 1.866.279.6216 to discuss a special opportunity. Due to product modifications and engineering time, special orders may not be cancelled. Charges will apply.

FOR MORE INFORMATION (on ordering our products)

Please contact Coalesse Customer Service at: 1.866.279.6216 .

ORDER CANCELLATIONS/CHANGES:

All order change/cancellation requests must be submitted using the Coalesse order change/cancellation request form. Late changes could jeopardize the committed delivery of an order.

Coalesse products:

- No charges will be assessed for change or cancellation 14 or more calendar days prior to the manufacturing completion date (excludes holidays and/or large quantity project size orders). For import products, charges may apply.
- No manufacturing changes are allowed 0-13 calendar days prior to the manufacturing completion date. Simple changes including shipping address changes are subject to approval but will be accommodated when possible.
- No cancellations or product changes will be accepted for quick ship or special/custom product orders including special laminates. A cancellation fee will be applicable for any custom product and/or change may jeopardize lead time.
- If COM/COL has been received at time of change or cancellation, it is the dealer's responsibility to advise disposition or return of materials. Coalesse will not store materials after 30 days.

ADDITIONAL CHARGES:

- Changes or cancellations that involve any of the following may be subject to a charge earlier and/or greater than shown above: Special engineering product, CSM, pre-ordered components, materials with extended lead times (e.g., veneers, special paint, etc.) or large quantities of standard materials.
- Use our Order Change/Cancellation Request Form for all order changes. It is Coalesse responsibility to accurately process change order requests. It is the dealer's responsibility to verify that we have accurately interpreted your change requests by checking the acknowledgement after the change has been made. If you do not use the web-based change order form process and an error occurs during our translation which cannot be corrected prior to ship, all costs will be shared on a 50/50 basis. Changing ship dates or adding product to your order is subject to the availability of manufacturing capacity.
- Cartoning changes and shipping address changes are subject to approval and to a change charge. Please consult your Customer Service for specific information pertaining to your order.

RESERVED FABRIC POLICY

Prior to order receipt, reserving textiles (COM/COL, Maharam, and DesignTex Select Surfaces) is the responsibility of the retailer. Coalesse cannot reserve textiles based on projected orders. Coalesse cannot guarantee Maharam or DesignTex fabric availability. If retailer reserves Maharam or DesignTex textiles, Coalesse will require the reserve number and zip code for locating purposes when ordering.

Ordering and Warranty

SCHEDULE ENHANCEMENTS

Coalesse will entertain schedule enhancements on a case-by-case basis; however, please understand that we must receive complete information such as installation date, opening date etc...to make informed scheduling decisions.

No order move-ups or move-outs are allowed on any order that falls within the 15-working day period of its manufacturing completion date. If it is within the 15-working day period, Coalesse will invoice at shipment but may offer storage options at a charge for manufactured product.

Surface Materials

ELMOTIQUE, ELMOSOFT, ELMORUSTICAL LEATHER CARE

Only the finest hides are used for Elmo leather. Expect some color variations from hide to hide due to the aniline state of the product. Color fading may occur if leather is exposed to direct or intense light. Care is required to allow this product to achieve the rich natural patina that beautiful natural leather develops. The hallmarks of this leather include some naturally occurring markings, such as healed scars, insect bites, stretch marks, and fat wrinkles. Dorado's leather treatment is very natural with little protection from spills or body oils. This rich leather will exhibit stains and oils through normal use. Coalesse is not responsible for discoloration, spotting, or staining on this leather.

SPECIAL COLOR MATCH LEATHER

Coalesse can provide a special color match in its leather to any supplier's leather color, paint color, carpet color, wallpaper color, etc. Sample to match must be submitted to Coalesse with purchase order. Sample for approval can be supplied if requested.

Note: – Minimum order 2,500 sq. ft.

UPHOLSTERY

All Coalesse textiles are priced by grades. Some Coalesse fabrics can be treated for flame retardancy, contact Customer Service. All Coalesse products are handcrafted making each unique. Certain fabrics and leathers will appear loose and may differ from like products due to comfort wrinkles when upholstered.

A contrasting welt is available on some products. Consult Customer Service for yardage or square feet requirements and prices. All stripes will be applied vertically unless customer specifies otherwise. Loose cushions on Coalesse products are not fully upholstered (not reversible).

Designtex and Maharam fabrics are graded in our pricing. Simply order Coalesse products with Designtex and Maharam specified. Designtex and Maharam fabrics are graded in on Coalesse products; however, Coalesse does not stock fabrics and can only respond based on Designtex and Maharam lead times. For current grades, refer to Coalesse website: www.coalesse.com.

Pre-approved CAL 133 Textiles

Designtex and Maharam textiles have been graded into our pricing; however, not all textiles are recommended on all seating. For current grade and approval information, please visit our website and click on FABRIC EVALUATIONS to obtain grade pricing for a specific pattern.

WOOD AND FINISH SPECIFICATIONS

Solid hardwood is a renewable natural resource, and each section of a tree is unique. The color and grain pattern will vary emphasizing the natural beauty of each product built. Wood is a natural material and will accept stain differently. Coalesse cannot guarantee finished products to be an exact match to finish samples due to the natural characteristics of wood. Light finishes will exhibit some mineral streaks and dark graining due to the natural wood.

The finish used by Coalesse on hardwood frames and occasional tables is pre-catalyzed lacquer which can be easily repaired in the field if damage occurs. Veneer is sanded prior to finish application, and sanded between coats. The lacquer top coat is then polished after final application with wool wax. 4 to 6 layers of finish are applied during the process. The CH process varies from our internal processes.

Coalesse Tables and Caseworks

Coalesse's primary wood finish, Clarity, is a water-borne UV topcoat, which protects the environment while providing exceptional durability and resistance to water and chemical stains. contoured products, such as wood side chairs & occasional tables, are finished with post-catalyzed vinyl, which provides similar properties and matches the sheen and color of Clarity. due to natural variations in wood, finished products may vary from samples in color, texture, and grain.

STAIN-TO-MATCH PROGRAM

Coalesse will offer a stain to match program at no additional upcharge for all products with wood finish options.

Customer must supply Coalesse Customer Service with sample to be matched. (internal note - CSR's will have samples of bare wood to compare and define species when applicable that will be used to accomplish the closest stain to match).

Standard Coalesse sheen will be standard unless specified by customer.

Sheen to match is available as part of the stain/sheen to match program at no upcharge.

Species to match is considered a special and requires to special request to Coalesse Customer Service. Species to match may require an upcharge.

Rapid10

The Coalesse Rapid10 program provides a broad selection of our most popular seating, outdoor furniture, and tables with expedited manufacturing. To view and specify products that are included in the Coalesse Rapid10 program, please refer to the *Quick Ship Guide*. The comprehensive Coalesse offering in this program can easily provide a range of solutions for any setting. Coalesse Rapid10 is designed for clients whose needs require fast delivery of products. All products are made-to-order and ship in 10 business days and typically deliver within 15 business days.

Warranty

For warranty information, please go to <http://www.coalesse.com/warranty/>.

Sustainability

As our understanding of sustainability evolves in the contract furniture business, Coalesse is being launched on three important fronts: responsibly harvested woods, better ways of plating metal, and manufacturing for the highest level of durability. To ensure all new products are socially responsible, we have engaged the "cradle-to-cradle" design consultancy, MBDC, to advise us and provide third-party analysis of the materials and processes we use to create our products. As Coalesse grows, social responsibility will be an essential part of our decision-making, from design to disposal. We believe that our success on the environmental front will be built on the accumulation of a multitude of small steps and the occasional big leap. We are starting with a green outlook and we have every intention of growing greener.

WOODS: FSC CERTIFICATION

Our policy with wood sourced from outside North America and our approved European partners is that they must be certified by The Forestry Stewardship Council (FSC) to ensure these woods have been responsibly harvested from sustainable forests, and that the rights and welfare of workers and local communities are being respected. Through an FSC label, wood can be traced back to its original source of supply.

Our Grand Prairie, TX and Geneva, NY manufacturing locations have chain of custody certification for working with FSC certified woods.

TRIVALENT CHROME: A NEW ALTERNATIVE

Chromed steel is a mainstay of the contract furniture industry because it is considered a premium finish with high durability. But depending on the type of chrome processing used, it can have a detrimental impact on human and environmental health. The most common method of chrome plating uses hexavalent chrome, a known carcinogen and considered by MBDC in their color-coded rating system (green, yellow, red), to be a "hard-red" chemical. There are no health hazards associated with chrome once it has been applied, but the hexavalent chrome electroplating process can be hazardous.

Is there an alternative? Coalesse is opting for a safer method of plating and has partnered with a domestic supplier who uses only "trivalent" chrome, a non-carcinogenic form of the metal. Few, if any, metal finishing processes are without environmental challenges, and chrome is no exception. Working with the best technology currently available, we will continue to seek new and better alternatives.

BUILDING TO LAST

Building longevity into products is an important sustainability strategy. A chair or table that lasts for 50 or 100 years or more will not have to be replaced, saving the materials and finishes and embodied energy from being duplicated in another form. Coalesse is quality furniture designed to outlast its buyers. Our hope is that every piece in our collection appreciates in value over the years, so it will be passed on.

ONGOING AUDITS

As the Coalesse collection grows, our intention is to live by the cradle-to-cradle (C2C) philosophy described by MBDC this way: "Instead of designing cradle-to-grave products, dumped in landfills at the end of their 'life,' the goal is create products for cradle-to-cradle cycles, whose materials are perpetually circulated in closed loops. Maintaining materials in closed loops maximizes material value without damaging ecosystems." Coalesse has contracted MBDC to audit the materials used in the majority of our existing products, and to advise us as we develop new products. We intend to achieve Cradle to Cradle certification on the highest percentage of products possible. As Coalesse grows, social responsibility will be an essential part of our decision-making, from design to disposal. We believe that our success on the environmental front will be built on the accumulation of a multitude of small steps and the occasional big leap. We are starting with a green outlook and we have every intention of growing greener.

Designers

Brian Kane—USA

Bindu

Brian Kane graduated from the University of Bridgeport, Connecticut, in 1970 with a Bachelor of Science degree in Industrial Design. He worked for several New York City design studios and spent a year in Milan, Italy, working for Architect Silvio Coppola. His projects included the design of seating and casegoods for such companies as Mobil Italia Spa. and Bernini Spa.

After returning to the U.S., he worked in New York for Atelier International (A.I.). Work involved special contract furniture design projects, showroom design, and the startup of U.S. production of Italian designs by Cassina, B&B, and Tecno.

Kane joined the design staff at Metropolitan Furniture Corporation (Coalesse) in January, 1977. Less than three years later, he became one of four partners assuming ownership of the firm, and took on the responsibilities of Vice President of Design and Product Development.

In 1987, Metropolitan was acquired by Steelcase. For the next two years, Kane maintained his position as Vice President and was responsible for all aspects of Coalesse's design, including products, showrooms, and graphics.

In March of 1989, Kane established Kane Design Studio in San Francisco.

Kane's designs have won over 80 design awards and have been exhibited at the Whitney and Brooklyn Museums in New York and the Museum of Modern Art in San Francisco.

Lievore Altherr Molina

Enea Lottus

Lievore Altherr Molina was created in 1991 by the merging of its three partners: Alberto Lievore, Jeannette Altherr, and Manel Molina. Since its founding, the studio has been devoted to product design, consulting, and the art direction of various companies, always offering individualized solutions.

Throughout the years the studio has been recognized for its furniture design, its interior design projects, its products, and packaging. Simultaneously, the studio has developed an intense teaching practice, giving seminars, and training courses to new professionals at various Spanish universities and other organizations.

The studio has been awarded many national and international awards, including Spain's National Design Award in 1999. Lievore Altherr Molina has exhibited their work in Barcelona, Cologne, Chicago, Stockholm, Helsinki, Lisbon, London, Louisiana, Madrid, Malmö, Milan, New York, Paris, and Tokyo. Their ideas and projects are regularly published in the most prestigious design magazines around the world.

Coalesse is excited to introduce the Enea Lottus collection, designed by Lievore Altherr Molina. The Lottus collection of stacking chairs, stools, and tables offers a simple, clean aesthetic to most live/work settings. Easy to store, easy to clean, and user-friendly, the Enea Lottus collection is a logical solution for any environment.

Jean-Marie—Massaud—France

Holy Day Tables, EMU

In 2000, Jean-Marie Massaud formed Studio Massaud with Daniel Pouzet. Together, they have designed the Tanabé House (Fukuoka, Japan), Renault's displays at international motor shows, the Modern Object concept store (Columbus, Ohio), the HIP spa (Nice, France), and the brand and architectural image of Lancôme (cosmetics) and Poltrona Frau (furniture) worldwide. Studio Massaud is also working on a 50,000-seat football stadium and two condominium towers (Guadalajara, Mexico), luxury hotel (Paris, France), and a condominium building (Tribeca, New York).

A graduate of Les Ateliers, Ecole Nationale Supérieure de Création Industrielle, Massaud's work, while "humanistic," is rooted in the applied sciences and clearly influenced by his training as an engineer.

Victor Carrasco, General Manager of Viccarbe, says of Massaud: "His unmistakable 'Human Nature Style' has allowed him to become, in few years, one of the top designers at international level.

"Who other than Massaud," says Carrasco, "would be able to reinterpret Mies Van Der Rohe in such an elegant and sophisticated way? Only someone with a special sensitivity can develop a landmark collection like Holy Day. It is already a great international bestseller and part of the contemporary history of design."

Massaud's furniture designs are displayed in design museums in Amsterdam, Chicago, London, Lisbon, Paris, and Zurich.

Patricia Urquiola—Spain

Hosu and Last Minute

Patricia Urquiola began training as a student in architecture at Facultad de Arquitectura de Madri before graduating in design from Politecnico di Milano in 1989, where she studied under Achille Castiglione.

In 1991, as head of the product development team at De Padova, Urquiola designed her first commercial furniture pieces (in collaboration with Vico Magistretti). They were highly imaginative yet functionally pragmatic, an appealing combination that has defined her work since.

From 1993 to 1996, Urquiola owned a studio with two friends, accepting commissions in architecture, interiors, showrooms, and restaurants. From 1996 to 2000 she managed the design group Lissoni Associati, then opened her own studio in Milan, focusing on product design, displays, and architecture.

Best known for her many designs for Moroso, Urquiola has also worked for De Padova, Agape, B&B, Alessi, Diadi, Foscarini, Kartell, Flos, Molteni, and Artelano among other well-known furniture houses. She has won numerous design awards and is sought after as a speaker at conferences and universities.

Scott Wilson & MINIMAL—USA

SW_1 Collection

In 2007, Scott Wilson founded Chicago-based MINIMAL, a studio whose diverse work spans industries ranging from technology, interaction, and consumer products to fashion, furniture and environments. A former Global Creative Director at Nike, Wilson has led design organizations such as IDEO, Thomson Consumer Electronics, Fortune Brands, and Motorola and created some of the most recognized consumer design icons.

Currently partnering with top Fortune 500 companies such as Google, Dell, Microsoft, Nike, and Xbox as well as exciting start-ups, MINIMAL is working on the some of the most anticipated new devices and experiences in the industry. Balancing consulting for design-centric brands with his intense passion for self-manufacturing and entrepreneurial ventures, Wilson is constantly looking for the next consumer connection. In January of 2010 he successfully incubated, developed, raised funding, and launched a revolutionary new customization platform brand, Uncommon, which took the existing industry giants by surprise.

One of the most respected hands-on designers in the industry, Wilson has the elusive ability to consistently deliver products to market that speak rationally and emotionally to the consumer, ultimately ensuring a higher probability of market success and endurance.

His work has been exhibited in museums and competitions including the Cooper-Hewitt National Design Triennial, MoMA, MCA, and Chicago Athenaeum and has been recognized with over 50 international design awards in the last decade including ID Magazine's Top 40, FastCompany's Master of Design, and TIME Magazine's Style+Design 100.

Designers

WilliamsSorel—USA

Denizen

WilliamsSorel is a California-based design studio established by Otto Williams and Jess Sorel in 2007. Prior to launching their own firm, Otto and Jess were the creative force behind Coalesse, by Steelcase. Their designs for Coalesse won more than 20 awards, most notably for Bix and Topo, two systems, which defied conventional office furniture categories. During their tenure at Coalesse, Otto and Jess developed a passion and reputation for exploring the boundaries between work and life in an effort to humanize the modern workplace.

The designers have said “we are thinking less about categorizing office furniture and residential furniture, and thinking more about the experiences of working and living in spaces, and the artifacts you need to support both narratives simultaneously. There’s really a move to allow furniture to be furniture again, as opposed to equipment. In a sense, the office is being dismantled.”

Together they hold numerous design and utility patents and their work has been published in Abitare, Azure, Contract, Fast Company, I.D. Magazine, Interior Design, and Metropolis. Otto holds a BFA in Industrial Design from Rhode Island School of Design. Jess holds a BFA in Industrial Design from The California College of the Arts.

Surface Materials—Upholstery

Upholstery

All Coalesse textiles are priced by grades. Some Coalesse fabrics can be treated for flame retardancy, contact Customer Service. All Coalesse products are handcrafted making each unique. Certain fabrics and leathers will appear loose and may differ from like products due to comfort wrinkles when upholstered.

A contrasting welt is available on some products. Consult Customer Service for yardage or square feet requirements and prices. All stripes will be applied vertically unless customer specifies otherwise. Loose cushions on Coalesse products are not fully upholstered (not reversible).

DesignTex and Maharam are graded in our pricing. Simply order Coalesse products with DesignTex and Maharam specified. DesignTex and Maharam fabrics are graded in on Coalesse products; however, Coalesse does not stock fabrics and can only respond based on DesignTex and Maharam lead times. For current grades, refer to Coalesse website: www.Coalesse.com.

Pre-approved CAL 133 Textiles DesignTex and Maharam textiles have been graded into our pricing; however, not all textiles are recommended on all seating. For current grade and approval information, please visit our website and click on FABRIC EVALUATIONS to obtain grade pricing for a specific pattern.

Seating Upholstery

Coalesse fabrics are priced by grades from 6 through 14 and leathers C and E. Fabrics and leathers may be purchased separately, see page 48. Some fabrics can be treated for flame retardancy, please contact customer service. All products are handcrafted, making each unique. Certain fabrics and leathers will appear loose and may differ from like products due to wrinkles when upholstered. A contrasting welt is available on some products. Consult Customer Service for yardage or square feet requirements for prices.

All stripes will be applied vertically unless customer specifies otherwise. Loose cushions on Coalesse products are not fully upholstered (not reversible).

Flammability Information

California Technical Bulletin 133

Definition: California Technical Bulletin 133 (CAL 133) is a flammability test procedure for seating furniture specified in public occupancies. Specifications, test procedures and requirements pertaining to flammability regulations are changing rapidly. Coalesse will make every effort to keep our information and services pertaining to flammability specifications up-to-date.

Coalesse reserves the right to make deletions and additions and cannot guarantee fabric manufacturer materials nor its specifications will not change. A new evaluation will be necessary if materials are altered by manufacturer. This approval information on our website is subject to change without notice. Coalesse is not responsible for textile manufacturer's changes. Contact fabric manufacturer for availability.

For fabrics not pre-approved, please submit the fabric supplier name, fabric name, style number, content, weight, Coalesse product number, and fabric name to be applied to customer service at 1.800.627.6770 or fax to 888.413.5161. Our customer service representative will contact you within 48 hours of your request with information on the fabric's CAL 133 compliance. Actual fabric sample may be required. **If not approved, a burn test may be required at a fee. Contact Customer Service for a quote.**

UFAC – All upholstered seating is constructed to conform to UFAC (Upholstered Furniture Action Council) specifications. This is comparable to NFPA 260. All Coalesse fabrics and leathers meet UFAC specifications and NFPA 260 requirements.

California Bureau of Home Furnishings Technical Bulletin 117

– All Coalesse upholstered seating, fabrics, and leathers meet California Technical Bulletin 117. All products manufactured after May 1, 1993 have CAL 117 label attached.

California Bureau of Home Furnishings Technical Bulletin 133

– On March 1, 1992 Technical Bulletin 133 (TB 133), a fire test for seating furniture in public buildings, became law in California. On and after March 1, 1992 all seating furniture sold in California for use in the public buildings specified in the regulations, must be in compliance with the requirements of TB 133, and each product must be labeled stating that the furniture meets TB 133. If a building is fully sprinklered, compliance with TB 133 becomes discretionary, however, even in sprinklered buildings all furniture must meet the minimum fire standards of the bureau's Technical Bulletin 117.

California Technical Bulletin 133 requires special construction procedures and is based on fabric and product design. For applicable CAL 133 upcharge, refer to up-charge, refer to individual product pages in the specification guide or the fabric database at www.coalesse.com.

Pre-Approved Fabrics – www.coalesse.com
If a model or fabric is not listed, consult Customer Service for details at 800.627.6770.

***Note** – California Technical Bulletin 133 is a unit test and requires specific product testing of unit for certification. If certification is required the test of a unit constructed exactly as the unit(s) to be specified in the installation, the cost of the test unit plus the cost of testing (\$500 U.S. net per test) must be added to obtain certification. Coalesse is not responsible for any charges for COM/COL purchased prior to evaluation if unit fails. Textile and unit cannot be returned.

Please consult Customer Service at 1.800.627.6770 or Fax 888.413.5161 for suggested fabrics/leathers, upcharges and minimums required for meeting California Technical Bulletin 133.

General Information – Specifications, test procedures and requirements pertaining to flammability regulations are changing rapidly. Coalesse will make every effort to keep our information and services pertaining to flame specifications up-to-date. However, we do reserve the right to alter the products, fabrics/leathers or upcharges associated with any of the above or any other flame specifications.

Leather

ELMOSOFT, ELMORUSTICAL LEATHER CARE

Only the finest hides are used for Elmo leather. Expect some color variations from hide to hide due to the aniline state of the product. Color fading may occur if leather is exposed to direct or intense light. Care is required to allow this product to achieve the rich natural patina that beautiful natural leather develops. The hallmarks of this leather include some naturally occurring markings, such as healed scars, insect bites, stretch marks, and fat wrinkles. Elmorustical's leather treatment is very natural with little protection from spills or body oils. This rich leather will exhibit stains and oils through normal use. Coalesse is not responsible for discoloration, spotting, or staining on this leather.

Elmo Leather

Coalesse uses leathers that are provided by Elmo of Sweden. Elmosoft is a full grain, aniline dyed, semi-aniline finish. With Elmosoft leather, now recyclable and chromium-free, you have the opportunity to bid on green projects when requested. Elmosoft leathers are never corrected, buffed, or altered in any way. Coalesse purchases only original full grain leathers. The quality of this genuine leather can be felt in the hand immediately. Other leathers are often stiff because of the amount of pigment needed to cover the imperfections of an inferior hide. Using leather of a low quality affects the overall quality of the furniture it is upholstered on. You can feel confident in leather purchased from Coalesse.

Surface Materials—Wood

Wood

Standard Wood Finishes

Coalesse's primary wood finish, Clarity, is a water-borne UV topcoat, which protects the environment while providing exceptional durability and resistance to water and chemical stains. Contoured products, such as wood side chairs and occasional tables, are finished with post-catalyzed vinyl, which provides similar properties and matches the sheen and color of Clarity. Due to natural variations in wood, finished products may vary from samples in color, texture, and grain.

Surface Materials—Metal/Paints

Metal/Paint

Coalesse powder coats all painted metal components for an exceptionally durable, environmentally responsible finish — eliminating VOC's (volatile organic compounds) from being released into the environment. Electrostatically charged powder coat material is applied to an exacting thickness and then temperature baked, resulting in a smooth, flawless finish that is abrasion and impact resistant. The following Coalesse metal finishes are available:

Enea paint colors:

- 4016 White Gloss
- 4017 Black Gloss
- 4018 Silver Metallic

Enea Lottus paint colors:

- 4062 Anthracite Grey Textured
- 4063 Cool Grey Textured
- 4064 Sand Textured
- 4218 Platinum Silver
- 7207 Black Textured

Plastic

Applies to:

- Enea Shell
- 003 White
- 0400 Black
- 0405 Periwinkle
- 0406 Alabaster
- 0409 Red
- 0421 Blue

Applies to:

- Enea Lottus Shell and Insert
- 003 White
- 0013 Sunset Orange
- 0014 Clover Green
- 0015 Sand
- 0016 Walnut Brown
- 0017 Cool Grey
- 0400 Black Grey
- 0409 Red Grey
- 0414 Anthracite Grey
- 0421 Blue

Applies to:

- Enea Lottus
- 003 White
- 0015 Sand
- 0017 Cool Grey
- 0400 Black
- 0414 Anthracite Grey
- 0422 Blue Ink
- 0423 Ocean
- 0424 Ice
- 0425 Olive
- 0426 Honey
- 0427 Currant
- 0428 Saffron

Applies to:

- SW_1 tablets, grommet, barrier, wire manager, sub-structure, lounge tablet, and Sebastopol grommet
- 6000 Black
- 6052 Milk

Locks

Applies to:

- Denizen
- 9211 Nickel
- 9250 Ember Chrome

Solid

Applies to:

- CG_1
- 2010 Black
- 2011 Midnight Black
- 2012 Blue
- 2013 Red
- 2801 Glacier White

Glossy Laminate

Applies to:

- Sebastopol
- 2001 Smoky White Glossy
- 2003 Wrought Iron Glossy
- 2005 Liberty Red Glossy

Care and Maintenance

Chrome

Use commercial cleanser and polish, according to manufacturer's directions.

Fabric

Under normal use, clean with soft cloth dampened with water. For spots and spills, we recommend professional cleaning. For COM, refer to the specific cleaning instructions recommended by the fabric supplier.

For stubborn stains use mixture of one gallon cold water, ½ cup bleach and ¼ cup mild soap for one hour.

Detergents can be used without harm, though they may remove some of the water and stain resistant properties in the fabric.

Laminate and solid phenolic should be cleaned with soap and water. For stubborn stains, use a non-abrasive household cleaner.

Leather

Under normal use, regular dusting and vacuum cleaning are all that is necessary. For spots and spills, wipe excess liquid immediately. If necessary, use lukewarm water cleaning the entire area where spot occurred and air dry. For stubborn spots or stains, use a solution of mild non-detergent soap and air dry. For butter, oil, or grease, wipe excess with dry cloth and then leave alone. The spot will dissipate into the leather. Do not apply water.

Granite/Glass

Under normal use, clean with Windex and soft cotton cloth.

Powder coat finishes on

chairs and table bases should be cleaned with a liquid detergent and water. Remove stubborn stains with liquid cleanser, such as Formula 409.

Polished Aluminum finishes

on table bases should be cleaned with a commercial powder, liquid, or paste metal cleaner and polish. Follow the manufacturer's directions.

Veneers should be cleaned regularly with mild soap and water and dried with a soft cloth.

Tip: Never use ammonia-based cleaners or wax on wood surfaces.

Protecting Wood Surfaces

Use desk pads and coasters to help protect the finish against dents, scratches, moisture and hot and cold liquids. Do not use desk pads that have plastic backing. Use felt or leather pads on the bottoms of office equipment and accessories.

Periodically move desk accessories and other objects kept on the worksurface to ensure even aging.

Lift objects when you move them, instead of pulling or pushing them across the surface, to avoid scratching the surface. Avoid leaving vinyl binders on worksurface for long periods.

If you use a protective glass top, insert felt pads between the glass and the worksurface, to create an air space and allow the wood to breathe.

Keep your furniture away from direct sunlight. Avoid extreme temperatures and humidity. Maintain temperatures between 60 and 80 degrees Fahrenheit and humidity levels between 30 and 50 percent.

Cleaning Wood Surfaces

Keep a supply of soft, clean, absorbent cloths handy for wiping up spills and regular dusting.

To dust, wipe with a slightly damp, soft cloth, using another soft cloth to dry. Always wipe the surface in the direction of the woodgrain.

Use a quality cleaner or flax soap formulated especially for use on wood surfaces. Do not use oils or ammonia. Dilute the cleaner as directed by the manufacturer. Dampen but do not saturate a soft cloth with the diluted cleaning solution. Wipe the surface in the direction of the woodgrain to remove dirt and fingerprints. Wipe the surface clean with a soft, dry cloth.

Vinyl

Under normal use, clean with soft cloth dampened with mild soap solution. For stubborn stains and spills, a sponge or soft brush may be used with mild non-abrasive cleaner.

Tables should be inspected and maintained regularly by tightening screws and bolts, inspecting casters and glides for damage, and inspecting all moving parts for damage and wear.
