Coalesse Seating Specification Guide

Availability

Electronic price list updated with release 206.B (U.S.) and 159.B (Canada), dated October 19, 2026.

All specifications subject to change without notice. Reference the electronic catalog/Hedberg for current pricing.

Transitional products in this specification guide are **maintained for existing customers only** and are likely to be phased out over time. These products are indicated with a T. Products that are scheduled to be culled are indicated with an X, followed by the last order entry date.

▶For a list of all trademarks, refer to the last page of this specification guide. © 2026 Steelcase Inc.

For Canadian Pricing
Candian factor can be found at steelcase.com/CADpricing.
Calculate in the following order to avoid rounding errors:
- Multiply the base price and each option by the Canadian factor.
- Round each to the nearest dollar.
- Add base and options for total list price.

Ordering and Warranty

How to Order

Coalesse furniture is available through authorized dealers and retailers. Select products are available for order from our web site. The authorized dealer can help you with everything from surface material selection and order placement, to specialized services, such as space planning and design, delivery and installation. Best of all, they are part of your local community, providing expert advice with a thorough understanding of local needs. For more information and a listing of dealers and retailers, visit www.coalesse.com or call 1.800.627.6770.

Coalesse reserves the right to limit distribution of any or all models.

Credit, Prices, and Terms

Credit may be established upon acceptance of satisfactory references. For payment terms, contact Coalesse's Credit Department. Coalesse may cancel or change credit terms at its discretion and may request advance payment at any time.

The order confirmation will be deemed by the customer and by Coalesse, as the final expression of agreement and will be deemed the exclusive statement of terms. The order confirmation supersedes all prior writings and may not be modified or rescinded, except by a revised Coalesse order confirmation signed by the customer. No changes are binding on Coalesse until delivery of the order confirmation. Any storage charges and applicable sales taxes are in addition to the prices shown for merchandise. Inside delivery, uncartoning and installation are customer's responsibility unless separately quoted. All list pricing shown includes freight prepaid to one destination for delivery in the 48 contiguous United States. Hawaii and Alaska are not included. We reserve the right to increase prices without notice due to increases in labor and material costs. If timely payment is not made, customer is liable for reasonable collection costs, including attorney's fees.

Shipping and Storage

Coalesse reserves the right to select carrier and packaging method. Partial shipments may be delivered. Coalesse is not liable for delays or delivery failure due to strikes, lockouts, labor, or transportation difficulties, failure or delay of supply sources, accidents, fire, acts of God, or any other cause of like or unlike nature beyond Coalesse's control. Coalesse may transfer merchandise to storage if not accepted when shipment scheduled. Transfer and storage charges will be the customer's expense. Coalesse's invoice is payable upon transfer. If transfer is made prior to confirmed shipping date, storage expenses will be borne by customer.

Shipping charges MAY be calculated per order. Lead times vary by product. Coalesse reserves the right to select carrier. Partial shipments may be delivered. Coalesse will make every effort to provide current and accurate lead time information, however, Coalesse is not liable for delays or delivery failure due to strikes, lockouts, labor, or transportation difficulties, failure or delay of supply sources, accidents, fire, acts of God, or any other cause of like or unlike nature beyond Coalesse's control.

Freight is included on domestically manufactured products within the 48 contiguous states of the United States.

Claims

Merchandise shipped from Coalesse is thoroughly inspected and properly packed before leaving the factory. Responsibility of its safe delivery is assumed by the carrier at the time of shipment. Customer must match the freight delivered with the bill of lading. Customer must examine packaging material upon delivery and note any damage on the carrier bill of lading. If there is damage to the packaging material, inspect the furniture immediately. If concealed damage is found, contact the carrier within 10 days of delivery date. Save all packaging materials until after inspection.

Freight damage and claims must be reported by the purchaser to the carrier. Coalesse is not responsible for freight claims. Claims for loss or damage must not be deducted from our invoice, nor payment withheld awaiting adjustment of such claims. Do not return any merchandise to Coalesse without a Return Authorization number. By following these procedures carefully, Coalesse guarantees our full support of your claims to protect you against loss or damages. All claims against Coalesse for errors or shortages must be made by customer in writing within fifteen (15) days after delivery. Failure to make claims within fifteen (15) days constitutes acceptance of merchandise and waives claims. Cutting of textiles deems acceptance of yardage and waives all defects, errors, and shortages. Coalesse is not liable for subsequent damages.

Special/Custom Products

Coalesse prides itself on being responsive to our customer's needs. Contact our Customer Service team at 1.800.627.6770 to discuss a special opportunity. Due to product modifications and engineering time, special orders may not be cancelled. Charges will apply.

Please contact Coalesse Customer Service at:
1.800.627.6770.

Ordering and Warranty

Order Cancellations/ Changes

All order change/cancellation requests must be submitted using the Coalesse order change/cancellation request form. Late changes could jeopardize the committed delivery of an order.

Coalesse Rapid10 programs no change or cancellations allowed.

Coalesse Products:

• No charges will be assessed for change or cancellation 14 or more calendar days prior to the manufacturing completion date (excludes holidays and/ or large quantity project size orders). For import products, charges may apply.

• No manufacturing changes are allowed 0-13 calendar days prior to the manufacturing completion date. Simple changes including shipping address changes are subject to approval but will be accommodated when possible.

• No cancellations or product changes will be accepted for express or special/custom product orders including special laminates. A cancellation fee will be applicable for any custom product and/or change may jeopardize lead time.

• If COM/COL has been received at time of change or cancellation, it is the dealer's responsibility to advise disposition or return of materials. Coalesse will not store materials after 30 days.

Additional Charges

• Changes or cancellations that involve any of the following may be subject to a charge earlier and/or greater than shown above: Special engineering product, CSM, pre-ordered components, materials with extended lead times (e.g., veneers, special paint, etc.) or large quantities of standard materials.

• Use our Order Change/ Cancellation Request Form for all order changes. It is Coalesse responsibility to accurately process change order requests. It is the dealer's responsibility to verify that we have accurately interpreted your change requests by checking the acknowledgement after the change has been made. If you do not use the web-based change order form process and an error occurs during our translation which cannot be corrected prior to ship, all costs will be shared on a 50/50 basis. Changing ship dates or adding product to your order is subject to the availability of manufacturing capacity.

• Cartoning changes and shipping address changes are subject to approval and to a change charge. Please consult your Customer Service for specific information pertaining to your order.

Reserved Fabric Policy

Prior to order receipt, reserving textiles (COM/COL, Maharam, Designtex, and select Luna Select Surfaces) is the responsibility of the dealer. Coalesse cannot reserve textiles based on projected orders. Coalesse cannot guarantee Maharam or Designtex fabric availability. If dealer reserves Maharam or Designtex textiles, Coalesse will require the reserve number and zip code for locating purposes when ordering.

Schedule Enhancements

Coalesse will entertain schedule enhancements on a case-by-case basis; however, please understand that we must receive complete information such as installation date, opening date in order to make informed scheduling decisions.

No order move-ups or move-outs are allowed on any order that falls within the 15-working day period of its manufacturing completion date. If it is within the 15-working day period, Coalesse will invoice at shipment but may offer storage options at a charge for manufactured product.

Express Program Specification Guide

This specification guide describes all Steelcase and Coalesse products including the finishes and options that are available as Express orders - manufactured and shipped within 7 business days.

Warranty

For warranty information, please go to *http://www.coalesse.com/warranty/.*

Sustainability

Sustainability

At Steelcase, we believe business can be a force for good. We create long-lasting products that are better for people and better for the planet. Our products and operations use life cycle thinking to meet our commitment to reducing climate change. This commitment is reinforced by practices such as designing to minimize global warming and other life cycle impacts, ensuring material health, and enabling end-of-use strategies.

To learn more at a corporate level, visit: *https://www.steelcase.com/discover/steelcase/esg-overview/environmental/*

Product Environmental Profiles, which provide key environmental attributes such as recycled content, embodied carbon and recyclability, as well as product certifications can be found by searching for Steelcase at *Origin.build*.

Aspect

Aspect is a high back, semi-enclosed sofa line. Aspect sofas can be connected via a screen to create semi-private working booths with power and media capabilities.
▶ Specifying, pages 36–50

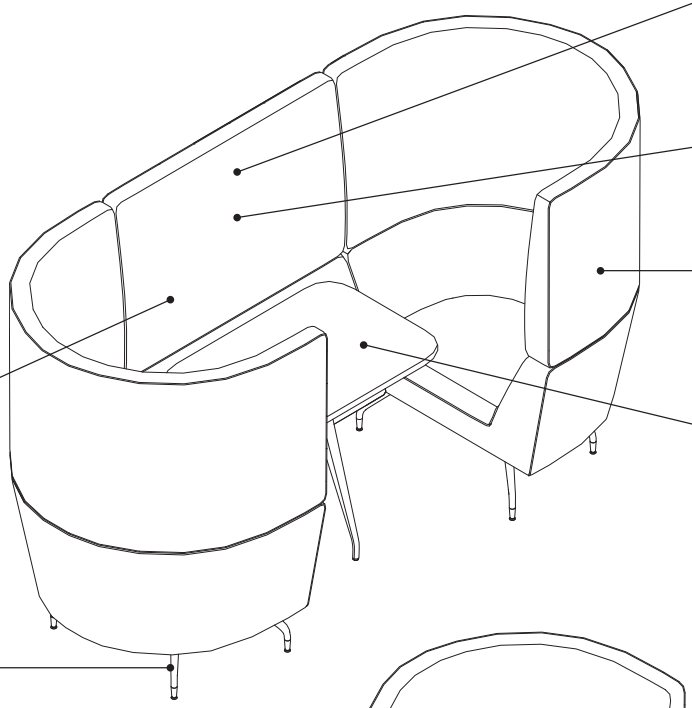

Aspect booths are available for two, four, and six person configurations.

This product does not use glue due to environmental impact. Because of this, occasional dressing of the upholstery may be required.

Optional hanging monitor bracket holds monitors up to 32".

Legs are 8" high with glide feet adjustable up to ½".

Aspect sofas are available in 1-seat, 2-seat or 3-seat configurations, ranging from 41" to 87" in length.

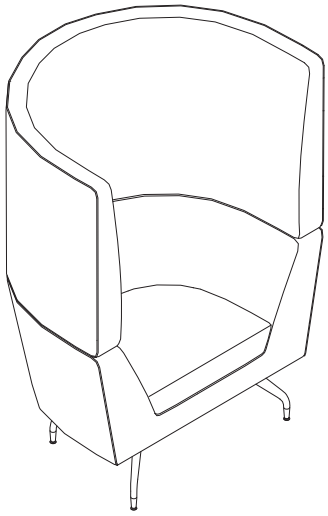

Wire channel and grommet are located in upper screen for cable management.

Optional power outlet is located here on all booths.

Upper surround is manufactured on lower unit and will not separate from lower surround.

Table tops are 1" thick laminate with 8 mm edge. The table is tapered on the four and six person units to allow ease in exiting and entering the booth.

Aspect

Product Details

Two-tone contrasting upholstery option is available through specifying inner and outer contrasting colorways.
Tip: Inner/outer selection must stay in the same fabric family.

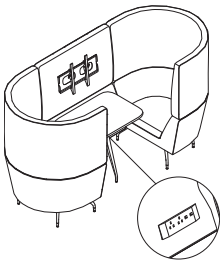

Patterned fabric works best when specified on the seat only. Patterns should be avoided on the upper and lower body due to predominant double stitch seams making pattern matching unachievable.

Reveal seam matches seat as standard but can match body finish or "other." Other allows specification to be independent of the seat and body finish selection.
Tip: Reveal seam not allowed to match seat when patterned.

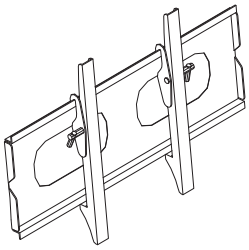

Tip: Reveal seam may only be vinyl if body is also vinyl.

Power and Media

Power integrated in lower screen when optioned on media den units.
- 4 power outlets
- 2 power, 1 CAT6 data, 1 dual USB-A outlets
- 2 power, 1 CAT6 data, 1 HDMI outlets
- 2 power, 2 CAT6 data outlets

72" cord length exits through bottom of lower screen and comes fitted with a standard NEMA 5–15 plug.

Tilting monitor brackets available as an option on media den units. Monitor bracket supports a single screen up to 32" and 44 pounds.

Wire channel and grommet are located in the upper screen for cable management.

Surface Materials

Upholstery
- Fabric
- Customer's Own Material (COM)

Tip: This product does not use glue due to the environmental impact. Because of this, occasional dressing of the upholstery may be required.

Tip: Check the COM database for approve fabrics; not all price groups may pass on Aspect.

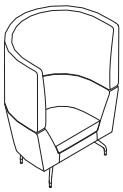

Table tops
- Fiber HPL
- Micro HPL
- Patina HPL
- Solid HPL
- Speckle HPL
- Textured Woodgrain HPL
- Woodgrain HPL
- Textured Industrail HPL
- Open Line laminate

Legs/feet paint
- Black
- Silver
- Polished chrome

Tip: For comparable finish, please reference Steelcase standard finishes 7207 Textured Black, 4799 Platinum Metallic, 9201/9207 Polished Trivalent Chrome.

Power
- 4118 Warm Platinum
- 7015 Silk Textured
- 7207 Black

Await Lounge System

DESIGN EOOS

The Await lounge system is the perfect solution for a variety of settings. Its staggered ganging capabilities offer versatility and functionality in transforming spaces.
Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.
▶See *Collections*, page 5.

Seat features multiple densities of polyurethane foam and spring packs for added comfort.

Upholstery features a topstitch detail.

Legs are black, high-density polyurethane resin with non-adjustable glides. Floor mount legs available.

Casters are standard on ottoman and are non-locking.

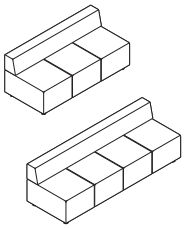

Connector tables attach to seating units with ¼" ganging plates. Power/data modules are also available.

Freestanding tables and connector tables feature a High-Pressure Laminate top with a 3 mm edge band. ½" thick glass top with radiused edges is also available.

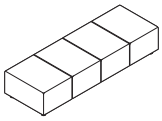

Await Lounge System

DESIGN EOOS

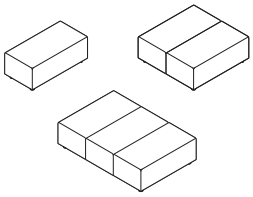

Product Details

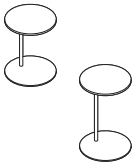

Lounge is available in 3- or 4-seat.

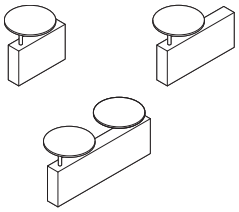

4-seat bench provides a backless seating option.

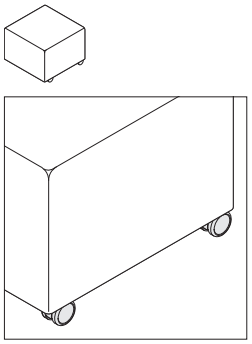

Connector benches are available in 1-, 2-, and 3-sections and feature a fixed seat with top and double needle stitching on seams. Ganging kit is available.

Freestanding tables are 15¾" diameter, and available in two heights: 19"H and 25"H. Standard with silver frame.
▶See *Coalesse Tables, Storage, and Accessories Specification Guide.*

Connector tables are 4½"W and comes in three diameters: 20"D, 28"D, and 42"D; and in two heights: 15¾"H and 25⅜"H. The tablet is 15¾" diameter and ¼" thick. Bottom connecting ganging plate is standard. Power/data module is available. Panels are available in black, white, or gray. *Tip: Connector tables are not made for ganging to Await mobile ottoman.*

Ottoman standard with non-locking casters.

460-3K 3-Seat Lounge

Away from the Desk

Away from the Desk is a soft upholstery seating system designed with comfort, work, and study.
▶Specifying, pages 66–126

Patterned fabric works best when specified on either the seat or inner back. Patterns should be avoided on the outer back and screen.

Three styles are available for most components: straight seat/bench, seat and back, and seat and back with screen.

Optional full screens offer visual privacy and space division. Left-or right-handed tapered screens are available on most components. Screen height is 58".

Linking brackets to secure configuration.

Inner back designed to provide proper lumbar support. Back height is 32".

Arms with tablet surfaces available as an option.

Optional power is available on the arm, table, or table base. Specific locations are preselected. Multiple power configurations choices are available.

Glides are black and adjustable from 1" to 2".

Seat height is 19" and optimized for working at standard height tables.

Integrated HPL tables are available to attach in the center of units or at the junctions between two units. 90 and 120 degree units utilize a table based in the inner corner and specialized tables with shaped tops for the corner. Tables heights are 29".

Upholstered arms attach at the end of configurations.

Away from the Desk

** **AD-61LA, AD-61RA, AD-62LC, AD-62RC, AD-71,** and **AD-72** tables are not available as standalone styles. Please refer to Away from the Desk specifying pages for styles that have **AD-71** and **AD-72** tables available as an option.*

Power and Media

Round power modules are available as an option on table tops, table bases, and arm:
- 2 power outlets
- 1 power, 1 dual USB-A outlets
- 1 power, 1 HDMI outlets
- 1 power, 1 CAT6 data outlets

Away from the Desk

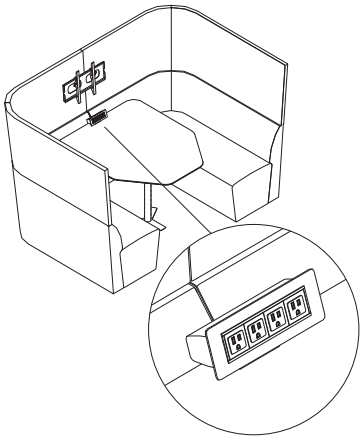

Table mounted power is available as an option for booth style numbers:
- 4 power outlets
- 2 power, 1 CAT6 data, 1 dual USB-A outlets
- 2 power, 1 CAT6 data, 1 HDMI outlets
- 2 power, 2 CAT6 data outlets

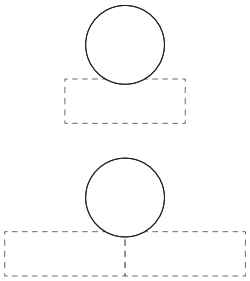

120" cord length exits through base of the tables and arms and comes fitted with a standard NEMA 5-15 plug.

Tilting monitor brackets available as an option on media den units. Monitor bracket supports a single screen up to 32" and 44 pounds.

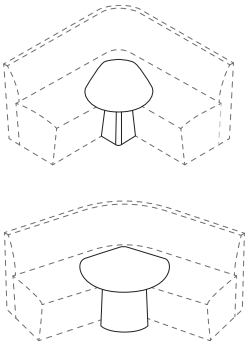

Application Topics

Handedness of units and connection points are determined based on the user sitting position.

Arms can only connect to the outer most ends of a configuration.

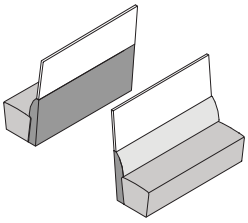

Tables can connect to the center of a single unit or at the junction between units.

Dedicated tables AD-71 and AD-72 can only be specified for use with 90˚ and 120˚ units respectively.

Surface Materials

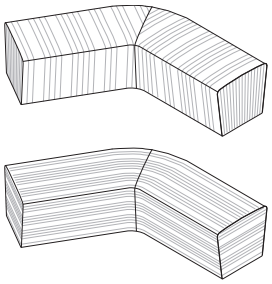

Contrasting upholstery option possible through specifying each surface independently.

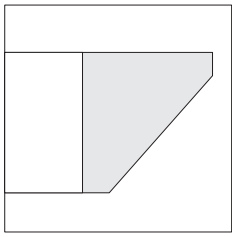

The four main upholstery surfaces are:
- Seat
- Backrest inner
- Backrest outer
- Screen

Patterned fabric works best when specified on the seat or inner back only. Patterns should be avoided on the outer back and screen due to predominant double stitch seams making pattern matching unachievable.

Away from the Desk is upholstered utilizing the width of fabric rolls. This mean when a pattern is specified it will always lie railroad.

The use of patterned fabrics on curved units may result in the "chevron effect". This effect is apparent at the seam of two fabric panels that run in different directions.

Edge profile is tapered as standard on tables and tablets.

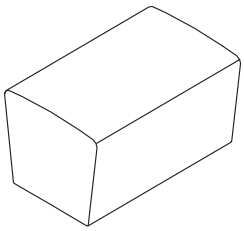

Table tops
- Fiber HPL
- Micro HPL
- Patina HPL
- Solid HPL
- Speckle HPL
- Textured Woodgrain HPL
- Woodgrain HPL
- Textured Industrial HPL
- Open Line laminate

Upholstery
- Fabric
- Customer's Own Material (COM)

Tip: This product does not use glue due to the environmental impact. Because of this, occasional dressing of the upholstery may be required.

Power
- 4118 Warm Platinum
- 7015 Silk Textured
- 7207 Black

Away from the Desk 31½"W Modular Straight Seat

Tip: Customer's Own Material (COM) is available at a price group 1.

Bob Lounge Chairs by Walter Knoll

DESIGN PEARSON LLOYD

Bob lounge chair is well-suited to any professional space with its flared arms, aluminum base (painted or polished), and a coordinating ottoman.
Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.
▶See *Collections,* page 5.

Adjustable headrest has a 2¾" range; also available without headrest.

Glides are a non-marring, black polymer. Optional soft felt glides can be used on non-carpeted surfaces.

4-leg base comes standard with a swivel mechanism. An optional return swivel mechanism is available.

Product Details

Bob Lounge is available without adjustable headrest.

Ottoman is available in matching upholstery.

Border

Border is an upholstered bench with an attached table that transforms small vestibules, landings, and hallways into places where people gather.
▶Specifying, pages 136–142

This product does not use glue due to environmental impact. Because of this, occasional dressing of the upholstery may be required.

Actual Dimensions

	Description	Depth with Table	Width	Height	Weight	Seat Depth	Seat Height	Table Height
OBBORDER01	Low Single, Centered Table	42½" or 50"	47"	30"	80 lb	16"	18"	30"
OBBORDER02	Low Double Table	42½" or 50"	94"	30"	111 lb	16"	18"	30"
OBBORDER03/ OBBORDER04	High Single, Left Table High Single, Right Table	42½" or 50"	47"	42"	106 lb	16"	30"	42"
OBBORDER05	High Double Table	42½" or 50"	94"	42"	146 lb	16"	30"	42"

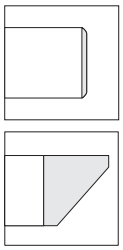

Border

Product Details

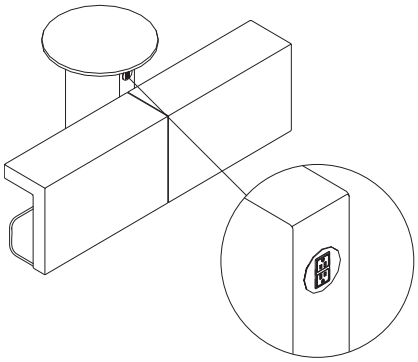

Border combines an upholstered bench and a worktable at both work (low) and café (high) heights. The single (one seat) units are available with a center, left, or a right sided table. The double (two seat) units have a centered table.

The chrome footrest on the high units is 11"H. The bent design attaches from the underside of the bench with added braces for stability. The footrest is not on the low height units.

Black glides provide protection for flooring and set the unit 7/10" from the floor.

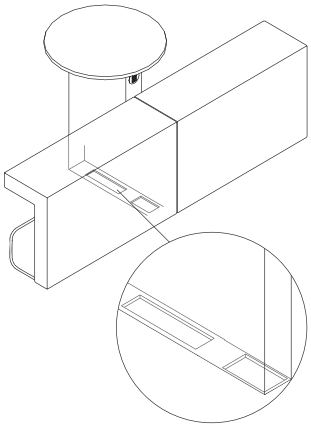

The rounded integrated table is available in 32" diameter (standard) or 40" diameter with two edge styles: square (standard) or tapered. The table surface is 1" thick HPL with a 3 mm matching edge band.

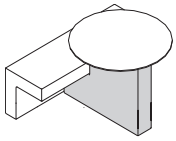

Optional power is embedded in the table base column with several module choices available. The power outlet is conveniently located on the bench side of the table base column providing easy access and is hidden from view. Power is not available in the tabletop due to the presence of a mounting plate.

The power node is available with the following operations and in multiple cover plate finish colors.
- 2 power outlets.
- 1 power, 1 dual USB-A outlets.
- 1 power, 1 HDMI outlets.
- 1 power, 1 CAT6 data outlets.

120" power cord length exits through the bottom of the table base and comes fitted with a standard NEMA 5-15 plug.

Optional contrasting upholstery can be applied to the seat and table base. The table base and seat can be different price groups. If two-tone upholstery is selected, contrasting price groups are available. Total seat finish and table base finish price is driven by highest group selection.

Surface Materials

Table tops
- Fiber HPL
- Micro HPL

Circa Lounge System

DESIGN ALISON SPEAR, AIA

Circa lounge system offers a dramatic, creative palette for configuring signature spaces with a wide array of large and small application expressions, from straight to curvilinear modular lounges and ganging or freestanding tables.

Intermediate tables are available in laminate (with self-edge) or veneer. Tables come with ganging brackets to attach to seating units. Shared application is an option.

End-of-run tables are available in laminate (with self-edge) or veneer. Tables come with ganging brackets to attach to seating unit.

Freestanding round table is available in laminate (with self-edge) or veneer. Optional center inserts are available: green tinted glass or power/data module (available in black anodized aluminum or silver anodized aluminum).

Tapered legs are available in solid wood or metal. Solid wood legs are maple or walnut. Metal legs are offered in optional powder coat paint finishes. Tapered legs on lounge pieces support freestanding applications, allowing units to be easily rearranged.

Ganging kit is available to connect units together and maintain alignment.

DESIGN ALISON SPEAR, AIA

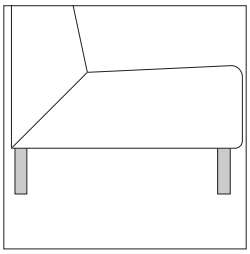

Product Details

Cylinder legs are solid oak. Legs can be specified to be shared between adjacent lounge units, minimizing leg locations and ganging units together, as shown. Legs can also be specified freestanding, supporting individual units that can be easily rearranged.

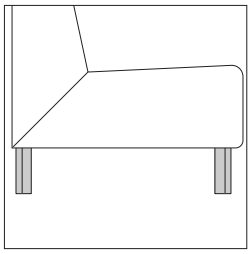

Modern metal legs are available in powder coat paints. Legs can be specified to be shared between adjacent lounge units, minimizing leg locations and ganging units together, as shown. Legs can also be specified freestanding, supporting individual units that can be easily rearranged.

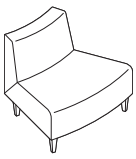

Tapered legs are available in solid maple or walnut, as well as optional metal in powder coat paints. Tapered legs on lounge units support freestanding applications, allowing units to be easily rearranged.

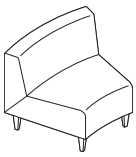

Cylinder legs are solid oak and are optional. Legs can be specified to be shared between adjacent lounge units or freestanding application, allowing units to be easily rearranged.

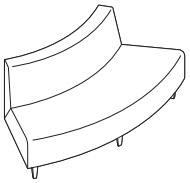

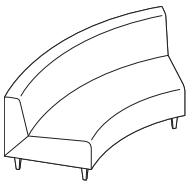

Modern metal legs are optional and are available in powder coat paints. Legs can be specified to be shared between adjacent lounge units or freestanding application, allowing units to be easily rearranged.

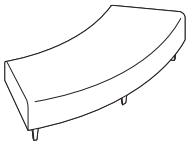

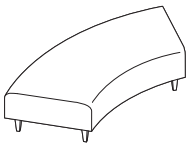

30˚ wedge seat is available outside facing or inside facing.

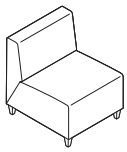

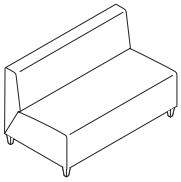

60˚ wedge seat is available outside facing or inside facing.

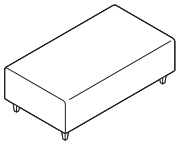

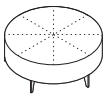

60˚ wedge bench is available and can be used in outside or inside facing applications.

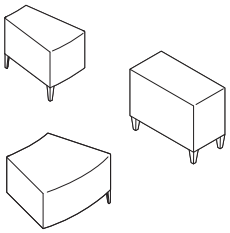

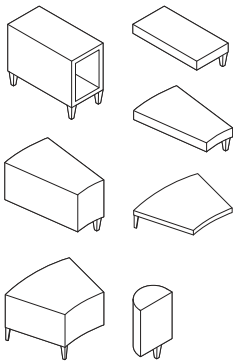

Straight seating available as 1-seat lounge, 2-seat lounge, or bench.

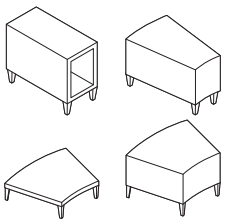

Round ottoman has five legs and is upholstered. Measures 42" diameter and 17"H. Tapered legs have a thin blade aesthetic and are available in solid maple and walnut, as well as optional metal in powder coat paints. Cylinder wood leg and modern metal leg are also available.

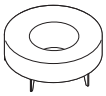

Straight, inside, or outside (15˚ or 30˚) armrests can be specified without legs (intermediate) and ganged to adjacent lounge units. Or in end-of-run position, on left or right side.

High and low ganging tables are available in three sizes: straight, 15˚ wedge, or 30˚ wedge. Tables can be specified without legs (intermediate) and ganged to adjacent lounge units or in end-of-run position, on left or right side.

High and low freestanding tables are available straight, 15˚ wedge, or 30˚ wedge.

Freestanding round table is available in one size, 42" diameter, 15¾"H. Power/data module option available in black anodized aluminum or silver anodized aluminum. The round plate that houses the power module is powder coated to complement the module. Glass insert is available as an option.

Surface Materials

▶See *Coalesse Surface Materials Reference Guide* for further information.

Uphlostery (contrasting fabric available)
- Fabric
- Leather

Table tops
- Laminate with self edge (option)
- Veneer
  - Maple veneer (quarter cut, high and low sheen)
  - Walnut veneer (quarter cut, high and low sheen)
  - Oak veneer (rift cut, high and low sheen)

Tapered legs
- Solid maple (quarter cut, high and low sheen)
- Solid walnut (quarter cut, high and low sheen)
- Painted steel

Tip: Group 3 paints are not available on tables.

Cylinder wood legs
- Solid oak (rift cut, high and low sheen)

Modern metal legs
- Painted steel

Tip: Group 3 paints are not available on tables.

Program and Services

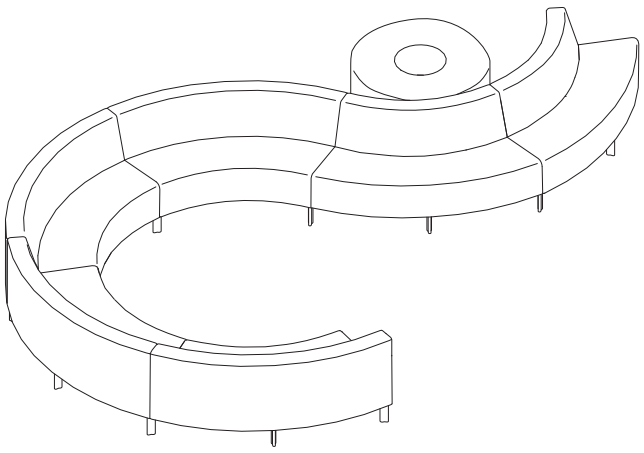

Customer's Own Material/ Leather (COM/COL) Program is available.

▶See *Coalesse Surface Materials Reference Guide* for additional information.

Circa Lounge System

Upholstered Individual Lounge Units

DESIGN ALISON SPEAR, AIA

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: For contrasting fabric, pricing is based on highest group textile specified.

Tip: For Customer's Own Material or Leather, see necessary requirements, important processing instructions, and ordering information
▶See *Coalesse Surface Materials Reference Guide.*

Tip: Benches are flat and 1-seat and 2-seat lounges are angled; therefore, seat angles will not be aligned when placed next to each other. A table is recommended between the units to minimize the difference.

Tip: All legs measure 6½" in height.

Tip: The 60˚ inside and outside wedge lounges and benches have five legs (if not sharing legs). If metal legs are selected, the upcharge is per leg.

	Standard Includes	Required to Specify

Circa Lounge System Multi-Fabric Diagram

DESIGN ALISON SPEAR, AIA

Coalesse Ensemble General Overview

DESIGN COALESSE DESIGN GROUP

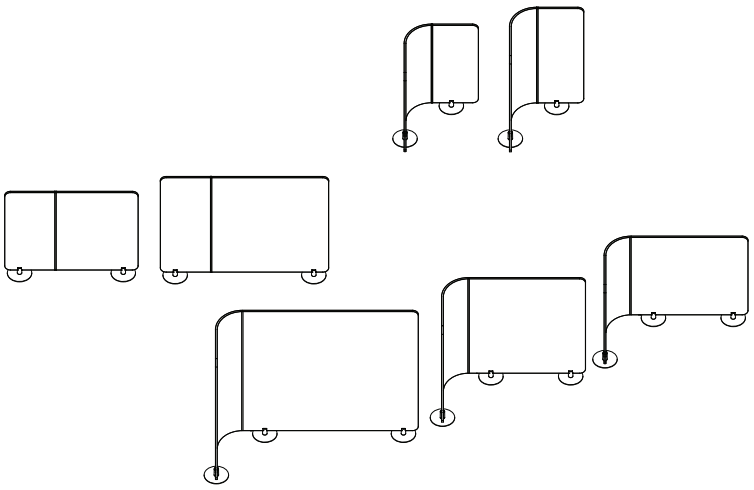

Designed for gathering that really works. Coalesse Ensemble is a fluid, modular lounge system featuring an ingenious, intuitive performance back, proximity to power and companion screens for privacy, and infinite design expression with color, materials, and organic shapes.

Individual modular lounges are available as 1- and 2-seat units that can be ganged together for endless straight-run configurations by using the lounge connector kit. Personalize the lounge with an end of run armrest, metal or wood feet, varying in-line tables and planters, and power.

Standalone lounges are available as 1- and 2-seat units and come preassembled with choice of metal or wood feet. These styles can be specified armless, right or left arm, or with two arms.

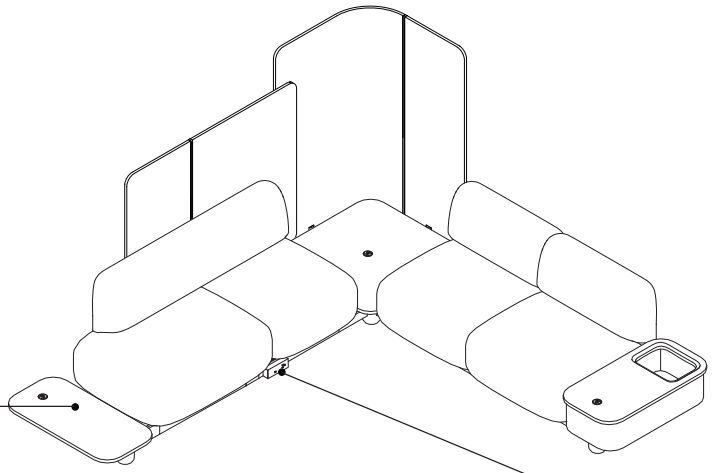

Freestanding screens are available in three heights. Low screens are 51⅖"H, medium screens are 62⅞"H, and high screens are 78½"H. Screens are available in straight, corner, and J shapes.

Coalesse Ensemble General Overview

DESIGN COALESSE DESIGN GROUP

Modular design allows individual components to be easily reconfigured by an installer.

Modular lounges can be specified armless, right or left arm, or with two arms.

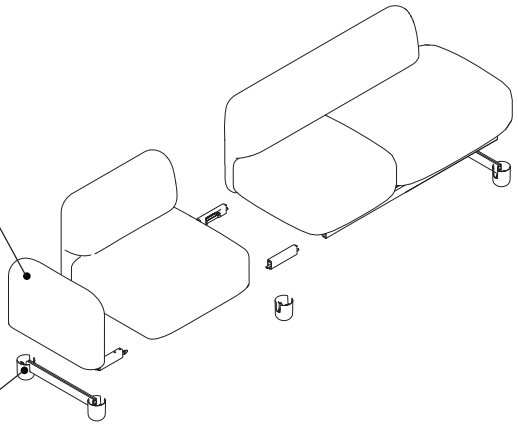

Contrasting fabric is available on seat and back cushions. If armrest(s) are selected, they will match the seat cushion. Note, to have the armrest(s) to match the seat back, or contrast the lounge unit all together, order the end armrest separately (**COENLEA**).

In-line tables are offered in two shapes: rectangular and square. Tables are standard in High-Pressure Laminate with 3/10 mm plastic edge and veneer. Optional power module can be specified as a one power or one USB A/C configuration.

Lounge power module is ordered separately and can be positioned anywhere along the attachment rail underneath the front lounge seat.

Armrest can be specified in end positions only, when next to a lounge unit. An exception is made for an in-line table or planter, which may be specified on the outside of an armrest. An armrest cannot be specified between two lounge units.

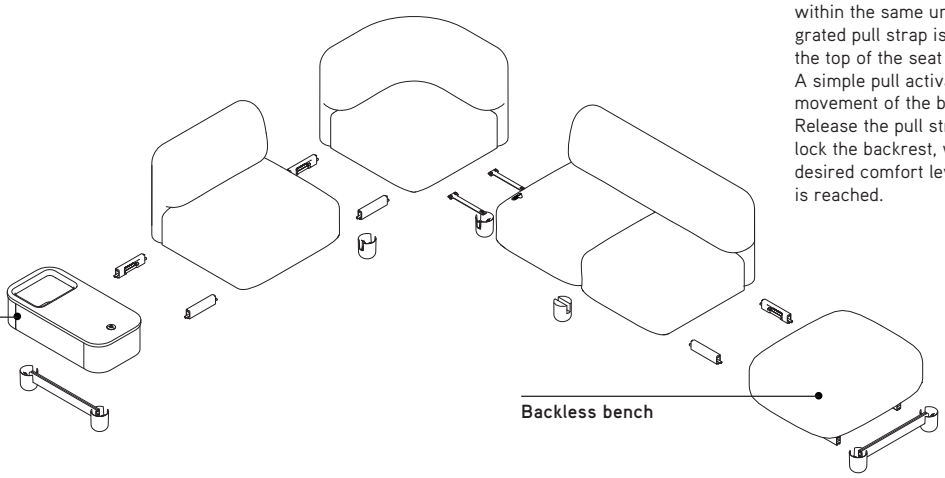

Armrests are fully upholstered and 23 1/4"H, from floor to top of armrest.

Feet are available in metal or wood choices. Feet are not included in the modular lounge styles and must be ordered separately.

Adjustable glides are standard on the lounge units. Each glide adjusts ½".

Performance lounge seat back allows user to change from a lounge position to a more upright task position within the same unit. An integrated pull strap is located on the top of the seat cushion. A simple pull activates the movement of the backrest. Release the pull strap to lock the backrest, when your desired comfort level is reached.

Planter is available with two liner inserts for hosting plants, or with one liner insert set within a laminate or veneer surface. Optional power module can be specified as a one power or one USB A/C configuration.

Backless bench

Coalesse Ensemble General Overview *continued*

DESIGN COALESSE DESIGN GROUP

Standalone lounges are available as 1- and 2-seat units and come pre-assembled with choice of metal or wood feet.

Lounges can be specified armless, right or left arm, or with two arms.

Armrests are fully upholstered and 23¼"H, from floor to top of armrest.

Adjustable glides are standard on lounge units. Each glide can adjust ½" for uneven floors.

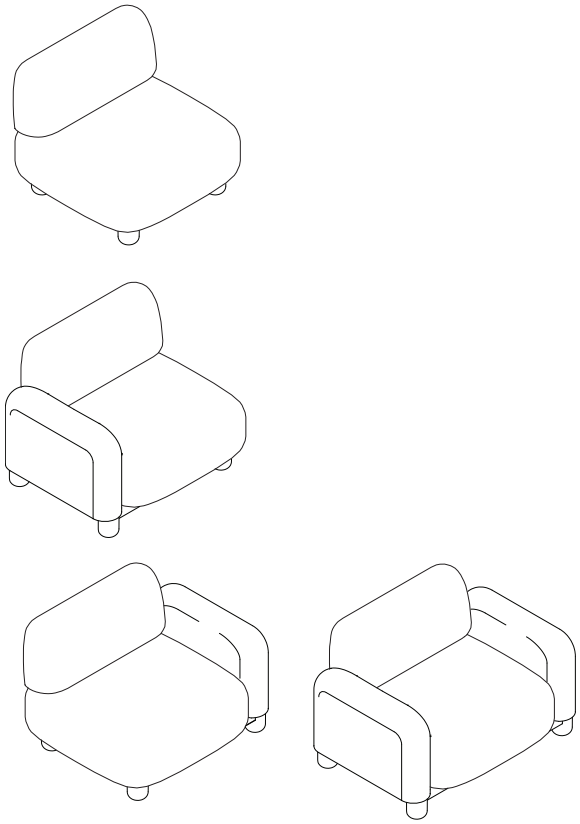

Performance lounge seat back allows user to change from a lounge position to a more upright task position within the same unit. An integrated pull strap is located on the top of the seat cushion. A simple pull activates the movement of the backrest. Release the pull strap to lock the backrest when desired comfort level is reached.

Power module is ordered separately and can be positioned anywhere along the attachment rail beneath the lounge seat.

Contrasting fabric is available on seat and back cushions. If arms are specified, they will match the seat cushion.

Connectors (ganging kit) are available and work on both modular lounge and standalone styles. Specify the modular lounge styles when looking to connect more than one module together.

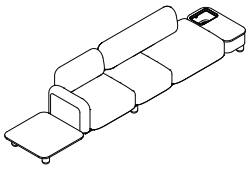

Feet are available in metal or wood choices.

Coalesse Ensemble General Overview

DESIGN COALESSE DESIGN GROUP

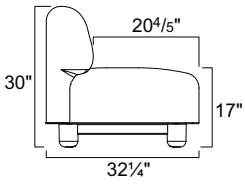

Product Details

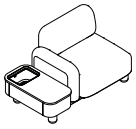

Modular design allows each component to be personalized with varying lounge and table choices. Create endless straight runs and gang them to create non-linear configurations. Individual components are assembled to a steel frame and connect to one another using steel connectors.

Overall depth of each lounge unit, in-line table, and planter is the same due to its modular design, allowing units to easily be reconfigured. Overall depth is 32¼".

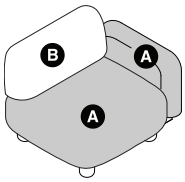

17" seat height is standard on all seating and benches and pairs with the Lagunitas 26"H work table height.

Armrest can be specified in end positions only, when next to a lounge unit. An exception is made for an in-line table or planter, which may be specified on the outside of an armrest. The armrest extends the overall width of the lounge by 6".

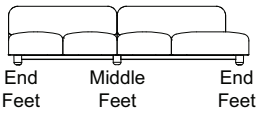

Comfort wrinkles are intended to occur over time to increase the comfort of Ensemble. Very little maintenance is required to reduce the definition; smooth the cushion fabric with a spreading/wiping motion.

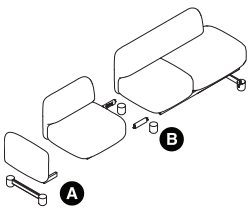

Contrasting fabric is available on seat, back, and arm cushions. When selecting contrasting fabric on a single unit with an armrest, the armrest will match the seat. Note, to have the armrest(s) match the seat back, or contrast the lounge unit all together, order the end armrest separately (**COENLEA**).

Corner and chaise lounge units are handed. Handedness is determined while in the seated position.

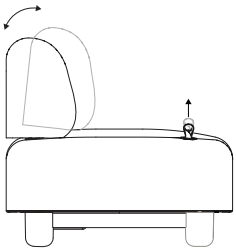

Feet are available in solid oak or painted and are specified separately based on desired configuration. Feet are required every 78". It is highly recommended to use CET SmartTools to confirm feet location before ordering.

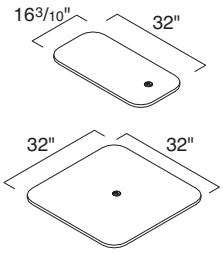

End feet (A) are specified at the end positions of each configuration.

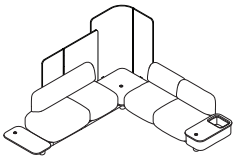

Middle feet (B) are required for runs that span more than 78".

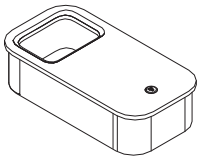

Performance lounge seat is activated by pulling up on the nylon pull strap. This strap is not specifiable and available only in black nylon.

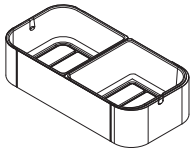

In-line tables are available in two sizes, 16³/₁₀"D x 32"W and 32"D x 32"W. The table surface comes standard in laminate with matching 0.6 mm flat edge band profile or wood veneer with matching 1 mm flat wood edge band.

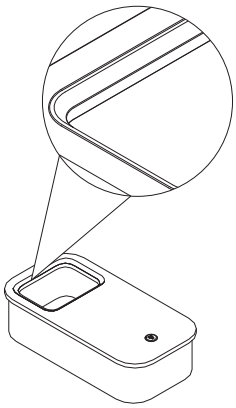

The square in-line table can be specified as a corner module in an "L" configuration. To achieve this, one (1) connector kit and one (1) corner ganging kit is needed.

Planters are available and must be specified with one or two liner inserts. An optional top, available in laminate or veneer, is available with or without power.

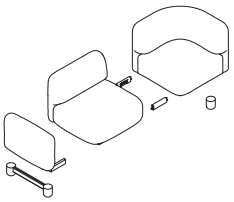

The bezel is found on the planter lid when specifying one insert. The bezel is available in milk, black, or graphite.

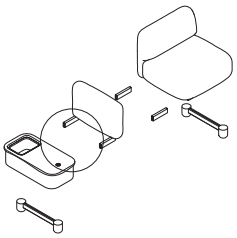

Planters and in-line tables can be specified at end of run, or in-line to create purposeful separation between lounge units.

Clearance between the floor and rail is 3".

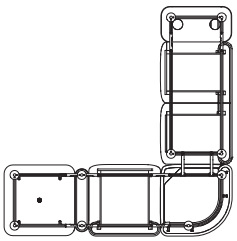

Connections

The connector kit gangs individual lounge, lounge to table, and lounge to planter units together.

Armrest end connector is required only when connecting an in-line table or planter to an armrest. When connecting an armrest to a lounge unit, no additional connectors are needed.

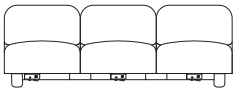

Corner ganging kit is required to create an "L" shaped configuration.

Coalesse Ensemble General Overview *continued*

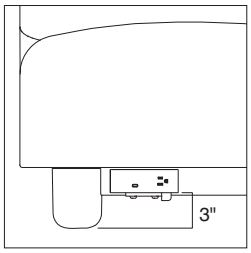

DESIGN COALESSE DESIGN GROUP

Wiring & Cabling

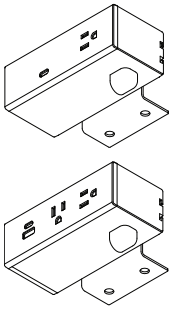

Lounge power modules are ordered separately and can be positioned anywhere along the attachment rail underneath the front of the lounge seat. Configurations available:
- 2 power, (1) USB A + (1) USB-C
- 1 power, (1) USB C single 60W

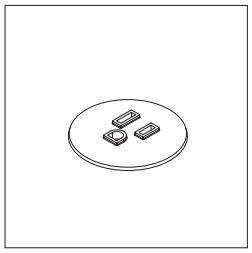

Lounge power module is available in black.

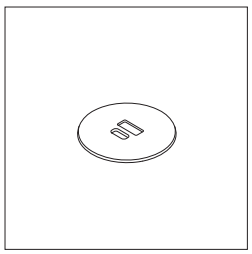

The power and USB power module options are located 3" from the floor.

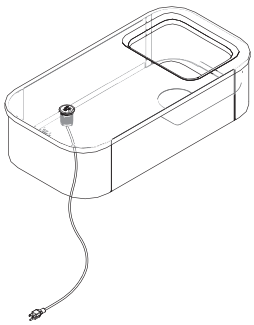

Lounge power modules have a 72"L cord with a 15-amp plug and contain wire manager clips to route cord under seat when desired. USB C single 60W can charge tablets and laptops.

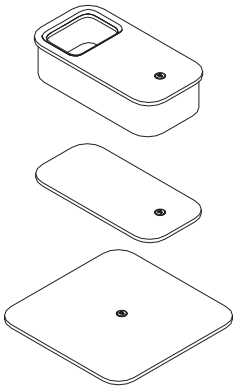

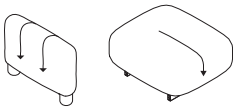

Single power or USB power module are available and can be specified with in-line tables and the planter. It comes with a 120"L power cord with 15-amp plug. The USB module has one USB A and one USB C 5V charging port. If a single USB module is specified, the 15-amp plug includes a built-in transformer measuring 2 1/8"D x 1 1/4"W x 3 1/2"H. The power modules are available in milk, black, or graphite.

Planters route cables and cords from the table surface through the metal structure, and out through the planter base. Cords can be concealed in the planter base.

Power location on the rectangular in-line table and planter is 7 1/2" from the front edge of the table surface. When power is specified on the square in-line table, the power module is located in the center of the table.

The direction of the fabric or pattern always cuts in the across roll (horizontal) direction. The exception is the armrest, which is always upholstered in a down roll (vertical) direction.

Coalesse Ensemble General Overview

DESIGN COALESSE DESIGN GROUP

Coalesse Ensemble Freestanding Screens

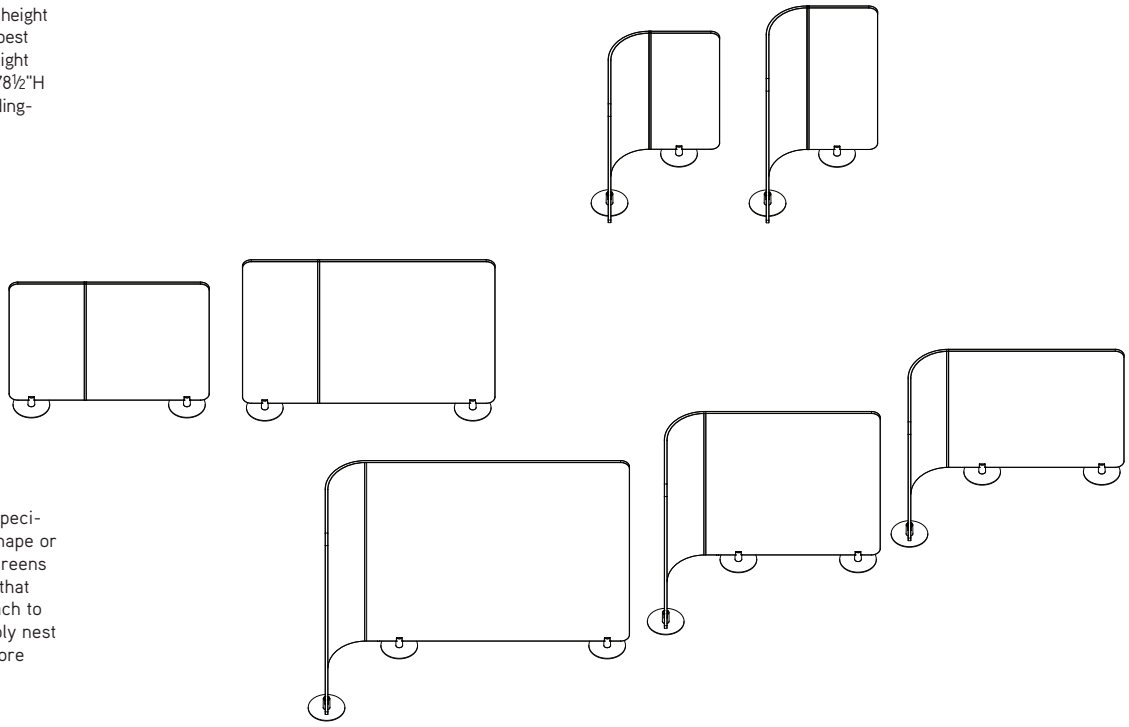

DESIGN COALESSE DESIGN GROUP

Freestanding screens are available in three heights, 51 2/5"H, 62 7/10"H, and 78 1/2"H. Screens offer privacy, reduce visual distraction, and provide purposeful space division and shielding in the open plan.

Screens ara available in straight, corner, and J shapes.

Screens are are sized to work best when paired with Ensemble Lounge, but can be paired with other products.

Screen heights are optimized for various applications: 51 2/5"H works best with lounge-height seating, 62 7/10"H works best with standard seated-height tables and seating, and 78½"H is best paired with standing-height tables and stools.

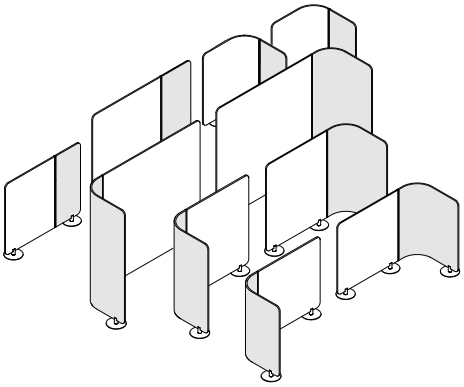

Nesting base can be specified with any screen shape or size and allows two screens to nest together. Note that the bases DO NOT attach to one another; they simply nest together to create a more streamlined look.

Glides on bottom of freestanding screen are non-adjustable.

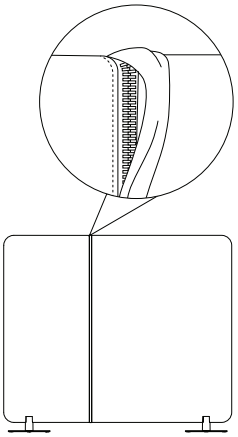

Coalesse Ensemble Freestanding Screens

DESIGN COALESSE DESIGN GROUP

Product Details

Contrasting fabric is available. The primary panel is identified as the larger panel; the secondary panel is identified as the smaller panel. On the J and corner screens, the primary panel will always be the straight section of the screen.

Fabric panels are joined together by a zipper, concealed behind fabric. This zipper color is not specifiable and is available only in black.

Fabric is applied in an across roll/vertical direction. Due to the size of the screens, fabric is unable to be applied in a down roll/horizontal direction.

Ensemble screens were designed for stationary use. The screens may be moved when lifted and carried; they are not designed to be dragged. Excessive handling may result in the fabric panel(s) becoming loose around the frame, resulting in wrinkles.

Surface Materials

Screen
- Fabric

Approved fabrics include:
- Designtex Billiard Panel
- Designtex Mateo
- Designtex Rocket
- Steelcase Billiard Multi-Use by Designtex
- Steelcase Dovetail by Designtex
- Steelcase SoftNext

Fabrics can mix and match with the exception of Designtex Mateo. If specifying Designtex Mateo for the primary or secondary panel, the opposite panel must also be specified Designtex Mateo. Do note that a change in colorway is acceptable.

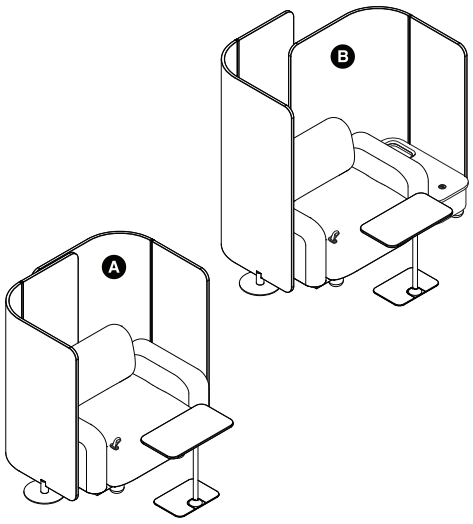

Base
- Metal, painted steel

Zipper
- Black

Tip: The primary panel is identified as the larger panel; the secondary panel is identified as the smaller panel. On the J and corner screens, the primary panel will always be the straight section of the screen.

Tip: All screens are shown with standalone base. Additional standalone or nested bases can be ordered separately.

Tip: Handedness is determined from the seated position, assuming the screen behind you.

Coupe/Coupe Grande/Mobile Lounge Seating

DESIGN DENNIE PIMENTAL / JOHN DUFFY

Coupe offers versatile lounge seating that is adaptable to multiple environments and spatial needs.

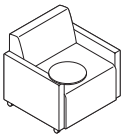

Arms are fully upholstered and 22"H from floor.

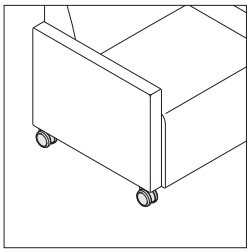

Frame is a unibody construction of hardwood and plywood.

Fully upholstered seat is constructed using multiple densities of laminated polyurethane foam and polyester fiber, featuring a top stitch detail.

4-leg base includes non-marring, non-adjustable glides. Standard solid beech wood legs, also available in brushed aluminum, powder coat, or clear acrylic as options.

Product Details

Coupe Grande's mobile chair is available with swivel hard casters with locking and non-locking wheels, or soft casters for use on hard floors. Optional tablet arm available in laminate 13 1/2" diameter.

Surface Materials

▶See *Coalesse Surface Materials Reference Guide* for further information.

Davos Lounge Seating by Viccarbe

DESIGN JEFFREY BERNETT

Elegantly contemporary, Davos is a natural for social spaces. Configure the lounge with benches in a lobby, lounge, or living room setting.

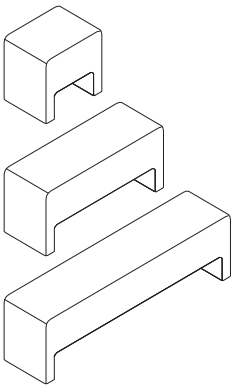

Seating is fully upholstered with a top-stitch detail and has an option for contrasting upholstery on the underside.

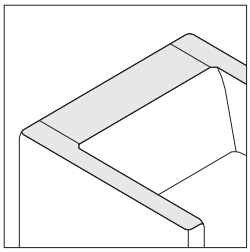

Metal glides are non-adjustable.

Frame is constructed of hardwood.

Product Details

Benches are available in three sizes: the small bench measures 18"W, the medium bench measures 38"W, and the large bench measures 59½"W. All benches are fully upholstered with the option for contrasting upholstery on the underside.

Top-stitch detail is featured on the back cushion and arm of chair.

Hosu Lounge Seating

DESIGN PATRICIA URQUIOLA

Hosu lounge seating offers a comforting, personal space to relax and get things done.

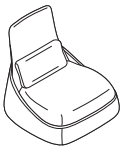

Fully upholstered with contoured backrest cushion and frame which allows back to flex to support user's back shape.

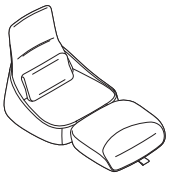

Attached lumbar pillow is 3" thick in coordinating upholstery.

Pockets on side and rear for additional storage are standard.

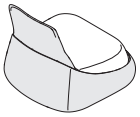

Glides are non-adjustable.

Product Details

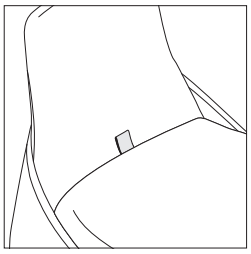

Lounge seating is available as a fixed single seat lounge or with a convertible chaise foldout.

Storage pockets are located where the seat, backrest, and base wrap come together. Large pockets in the rear are ideal for holding magazines, and smaller pockets on the sides are sized appropriately for handheld devices. Cable pass-through holes are in the rear of the seat.

Convertible lounge converts to an extended low lounge with chaise ottoman using a webbed pull tab. The pull tab is available in red, blue, or black. The footbed surface is leather.

Surface Materials

Hosu Lounge Seating

DESIGN PATRICIA URQUIOLA

Hosu Lounge Seating

DESIGN PATRICIA URQUIOLA

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: Vinyls will produce more wrinkles than other textiles.

Tip: Recommended leathers are Elmosoft group 1 and Elmorustical group 2.

Tip: Frame design allows back to flex to support occupants back shape.

Tip: Due to the design and construction techniques of Hosu lounge seating only certain textiles can be successfully applied, therefore all COM fabrics must be submitted to Coalesse for approval prior to order acceptance.

Tip: Hexa fabrics (fabric group 10) were specifically designed by Patricia Urquiola for Hosu lounge seating.

▶See *Coalesse Surface Materials Reference Guide* for complete listing of Hexa fabrics.

▶Need help? Product details, page 210

Standard Includes

DESIGN PATRICIA URQUIOLA

Jean Nouvel Seating Collection

DESIGN JEAN NOUVEL

Elegantly proportioned and comfortable lounge seating by renown architect Jean Nouvel for social and collaborative spaces. Three seating elements: a sofa, a lounge chair, and a tête-à-tête, plus an ottoman comprise the collection.

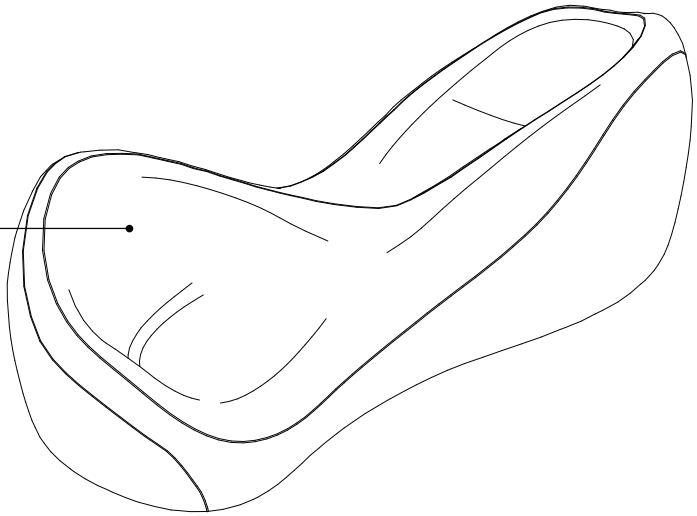

All Jean Nouvel seating collection components are upholstered.

Glides are black plastic feet and non-adjustable.

A swivel return option is available on the lounge chair. Glides are black plastic non-adjustable.

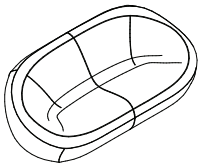

Jean Nouvel tête-à-tête allows two users to collaborate or work individually.

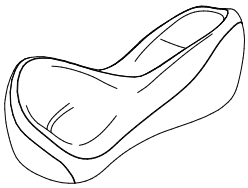

Product Details

Designed to work well with all three Jean Nouvel seating products, the ottoman provides additional support in lounge posture.

The sofa comfortably sits two people.

The tête-à-tête lounge sits two users in individual seats but within the same lounge piece.

The swivel-return cylinder option on the lounge has a built in memory and will return to the fixed position when the user leaves the chair.

Joel Lounge Chair by Walter Knoll

DESIGN EOOS

The Joel lounge chair is a new take on the classic club chair - refined, modern, and comfortable.

Arms are integral to backrest with no seams for added comfort.

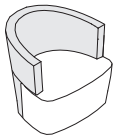

Swivel-return base with auto-return mechanism returns chair to front-facing alignment.

Frame is a two-piece construction. The seat is plywood and the back is steel for increased durability.

Disc base is 5/16" thick, with a chrome plated steel cover with plastic glides.

Product Details

Integral arms provide added comfort for a range of postures.

Lagunitas Lounge System

DESIGN TOAN NGUYEN

The Lagunitas lounge system offers a wide range of highly customizable settings, bringing a new level of versatility to all the ways we work. Lagunitas adapts to changing work styles and shifting postures. Lagunitas utilizes a full range of design expressions with benches, lounge pieces, and tables. Fabric and knit, combined with high and low panels, allow for a full range of aesthetic and functional possibilities. Benches complement the range of lounge pieces. Work, occasional, and personal tables are curated to work specifically with Lagunitas lounges and benches. Integrated power options for the lounges, benches, and tables are available. Lagunitas supports existing and emerging work activities in an endless number of social, collaborative, and personal settings. *Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or* Coalesse Tables, Storage, and Accessories Specification Guide.

▶See *Collections,* page 5.

Lounges and benches are offered in 1-, 2-, and 3-seat models. The chaise is offered in 2- and 3-seat models. The corresponding table offering works with the seating dimensions for complete systematic compatibility.

Screens are available in two heights for lounges and chaises. Low-back screens are 26¾"H and high-back screens are 50"H. Overall height of low-back units is 32⅜".

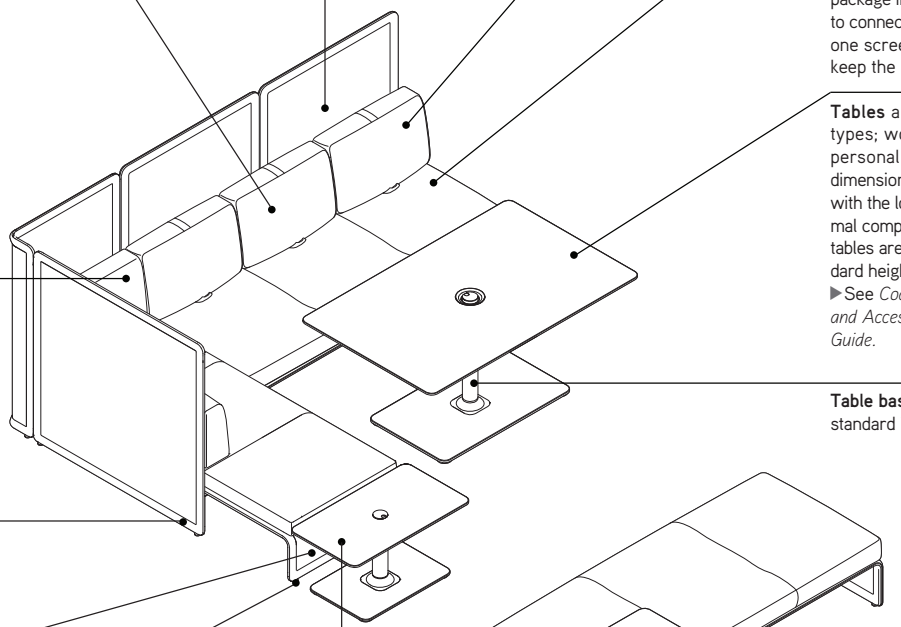

Screens are available in knit or fabric.

Articulating back is standard on lounges and chaises which allow user to change from a lounge position to a task position within the same unit. An integrated pull at the top and bottom intuitively identifies the back and aids in the function of the back.

Lounge units can be connected together to create permanent connections for L- and U-configurations. The alignment connector bracket package includes two brackets to connect the seat decks and one screen alignment clip to keep the screens aligned.

Tables are offered in three types; work, occasional, and personal tables. 26"H table dimensions are curated to work with the lounge pieces for optimal compatibility. 28½"H work tables are compatible with standard height seating.

▶See *Coalesse Tables, Storage, and Accessories Specification Guide.*

All corners are standard with a stationary corner cushion for all 2- and 3-seat lounges and chaises. Arm cushions are optional on units with left- and right-hand screens to allow for articulating backs on all back cushions.

Table bases and columns are standard in powder coat paint.

Welt cord is standard on fabric screens and will match the outside screen fabric selection if contrasting is selected.

Seat deck is available in knit or fabric and must be same material as the screen.

Lounges and chaises are standard with two glides per screen section or seat deck. Each glide can adjust ½" for uneven floors.

Work and occasional table tops are standard in High-Pressure Laminate with a 3 mm plastic edge or wood veneer with a 3 mm matching edge profile.

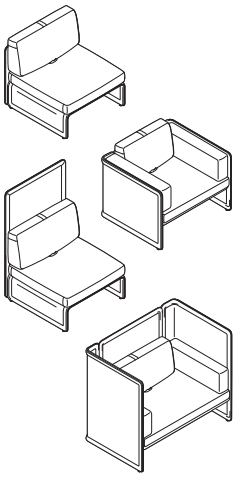

Table glides are non-adjustable and are clear plastic.

Personal table tops are standard in High-Pressure Laminate with 3 mm plastic edge.

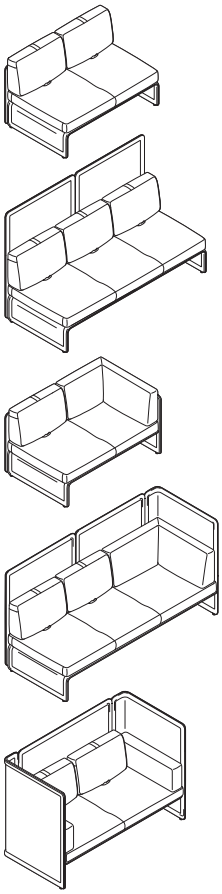

Lagunitas Lounge System

DESIGN TOAN NGUYEN

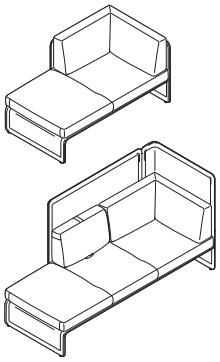

Product Details

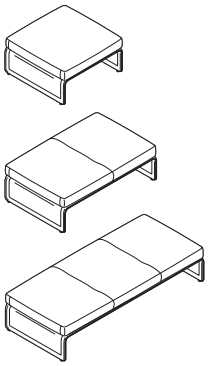

1-seat lounges are available in low- and high-back screens. Screens can be back only or back and left- and right-hand screens. 1-seat lounges are standard with upholstered fabric or knit screen(s), fabric or knit seat deck, fabric or leather seat cushion, and articulating back cushions. Fabric or leather end arm cushions are available.

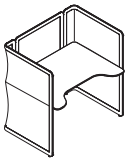

2- and 3-seat lounges are available in low- and high-back screens. Screens can be back only or back with left- or right-hand screens, or back and left- and right-hand screens. 2- and 3-seat lounges are standard with upholstered fabric or knit screen(s), fabric or knit seat deck, fabric or leather seat cushions, fabric or leather articulating back(s) and or corner cushion(s). Fabric or leather end arm cushions are available.
Tip: Handedness is noted by seated position.

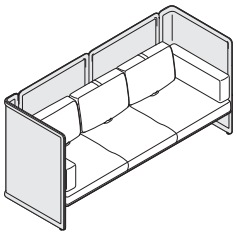

2- and 3-seat chaises are available in low- and high-back screens. Screens are back and left- or right-handed. 2- and 3-seat chaises are standard with upholstered fabric or knit screens, fabric or knit seat deck, fabric or leather seat and corner cushion.
Tip: Handedness is determined while in the seated position.

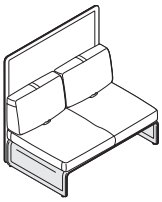

Benches are available in 1-, 2-, or 3-seat models. Benches are standard with an upholstered knit or fabric seat deck and a fabric or leather seat cushion.

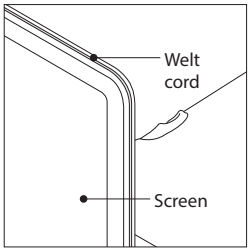

Lagunitas focus nook is available with 50"H high-back screens and is offered in two types of materials, knit and fabric. The worksurface is 28½"H and is compatible with standard height seating. Worksurface is available in laminate with matching or complementing 3 mm flat edge band profile; or wood veneer with matching 3 mm flat wood edge band. Optional lighting grommet and power are specifiable on the left or right side of the worksurface.
▶See page 274.

Screens are offered in two types of materials, knit and fabric. The knit panels allow for some transparency and light to pass though the panels. The fabric panels can be either monolithic (non-contrasting) or can be specified in differing finishes (contrasting) for the inside and outside of the screen.
Tip: If a contrasting screen is specified, the fabric must be chosen from the same fabric family.

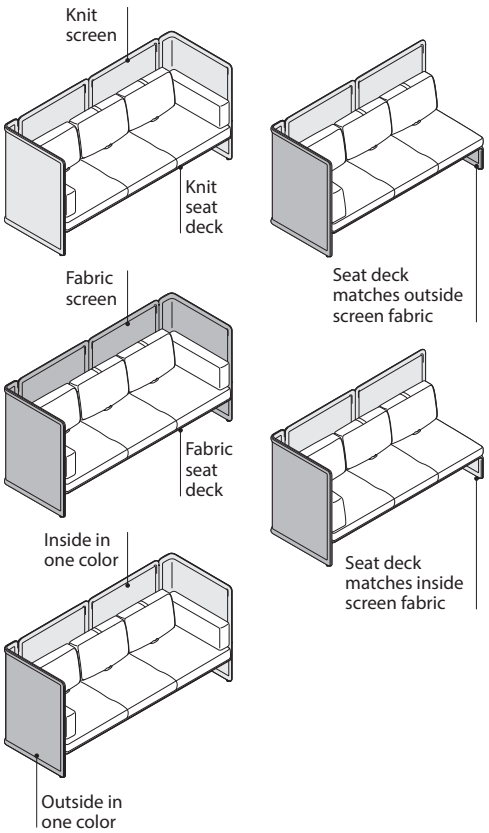

Seat deck is offered in two types of materials, knit and fabric. The seat deck material must match the screen material. If knit is specified on the screen, the seat deck will be applied automatically to the screen choice. If fabric is specified, seat deck must match either the inside or outside screen finish if contrasting is selected. When non-contrasting fabric screen is selected, seat deck will match screen fabric.

A welt cord is standard on all fabric specified screens and seat decks. The welt cord finish is non-specifiable and is the same fabric finish as the outside screen specification when contrasting screens are specified. For non-contrasting screens the welt cord matches the screen specification. The knit screen and seat deck does not require a welt cord.

Lagunitas Lounge System *continued*

DESIGN TOAN NGUYEN

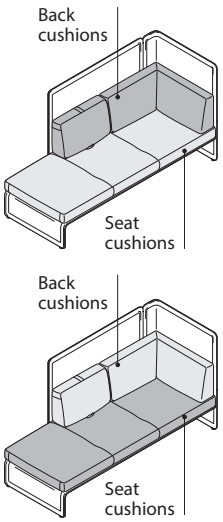

Screens and seat deck can be specified in:

- Knit
- Fabric (one fabric choice)
- Contrasting fabric (must be from fabric family)
  - Inside screen
  - Outside screen
  - Seat deck must match either the inside or outside fabric choice

Tip: Leather and vinyl are not approved for the screen(s) and seat deck. Consult the fabric database for fabric approvals.

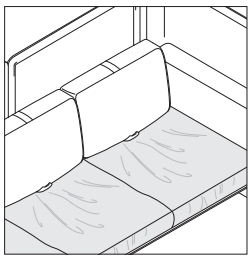

Tip: It is important to understand the seat deck implication for contrasting fabric selection when two or more pieces are attached or adjacent to each other. The seat deck for contrasting fabric specification is either the outside screen (top example) or inside screen (bottom example).

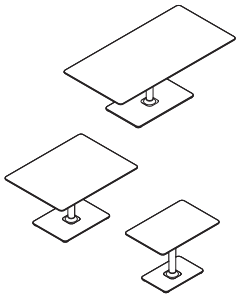

Seat back and seat cushions can be specified in:

- Fabric or leather (one fabric choice)
- Contrasting fabric or leather
  - Seat backs
  - Seat cushion
  - Top and bottom pulls on articulating back cushion(s)

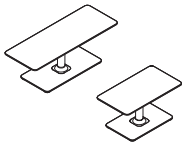

The seat back, seat cushion, as well as, top and bottom pulls on the articulating back can be specified in fabric or leather. It can be specified as non-contrasting, one finish; or contrasting, finish for back cushions(s) and finish for seat cushion. Specification of back cushion is for all back cushions for that style number. Specification of seat cushion is for all seat cushions for the style number.

Comfort wrinkles are intended to occur over the time to increase the comfort of Lagunitas. Very little maintenance is required to reduce the definition: smooth the cushion fabric with a spreading/wiping motion.

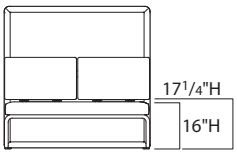

Work tables are available in six differing sizes, ranging from 30"W to 72"W that coordinate with the lounge dimensions to create a variety of social, collaborative, and personal applications. The work tables are available in two heights: 26"H and 28½"H. The work tables are comprised of a single column rectangular base in powder coat paint and a rectangular table top in laminate with matching or complementing 3 mm flat edge band profile or wood veneer with matching 3 mm flat wood edge band.

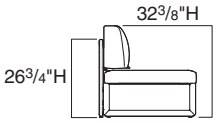

Occasional tables are available in two sizes, 32"W and 48"W, that coordinate with the lounge, chaise, and bench dimensions. The occasional tables are comprised of a single column with rectangular base available in powder coat paint and a rectangular table top in laminate with matching or complementing 3 mm flat edge band profile or wood veneer with matching 3 mm flat wood edge band.

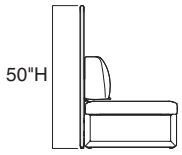

Personal table is available in one size. It can easily be moved to your desired location for short term laptop work or simply used to set your coffee. The personal table is comprised of a single column with rectangular base available in powder coat paint and a rectangular table top in laminate with matching or complementing 3 mm flat edge band profile.

16" seat height is standard on all seating and benches. The 16"H seat height integrates specifically with the heights of all Lagunitas tables. There is an additional 1¼" crown of the seat cushion, which makes it 17¼" to work with the 26" work table height.

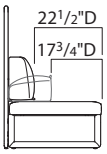

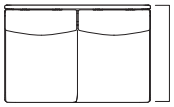

Two screen heights are available, 26¾"H for the low-back screen and 50"H for the high-back screen. Seat back cushions extend above the low-back screen, therefore, the overall height of low-back units is 32⅜"H. Low-back screens are designed to provide an open environment. High-back screens are designed to provide privacy.

Lagunitas Lounge System

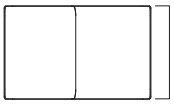

DESIGN TOAN NGUYEN

Seat depth accommodates two depths due to the articulated back design. In the lounge position, the seat depth is 22½"D and in the task position, the seat depth is 17¾"D.

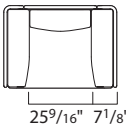

Lounge

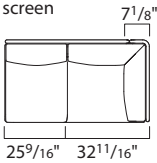

Bench

The overall seat depth on benches is 32⅝"D. The overall depth for lounge seating is 34"D.

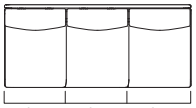

1-seat lounge, left- and right-hand screens

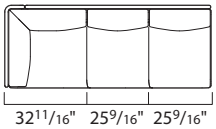

2-seat lounge, left-hand screen

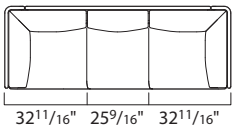

3-seat lounge

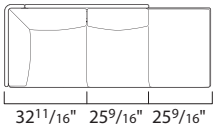

3-seat lounge, right-hand screen

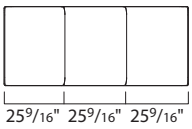

3-seat lounge, left- and right-hand screens

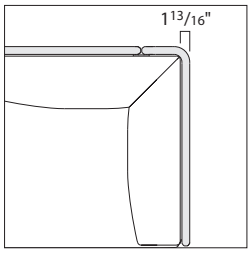

3-seat chaise, right-hand configuration

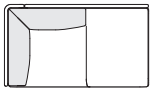

3-seat bench

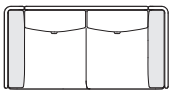

Two seat widths are available, 25 9/16"W and 32 11/16"W. When specifying corner or end cushions, the 32 11/16"W module is used. The corner cushion and end cushion account for 7⅛" of the 32 11/16" width, equating to the same seating space as the 25 9/16"W module.
Exception: 1-seat lounge with three screens has an overall width of 46 7/8" allowing for a seating space of 32 11/16"W.

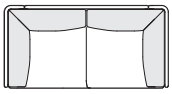

An additional 1 13/16" thickness for each end screen or corner is added to the seating width to obtain the overall width of the product.

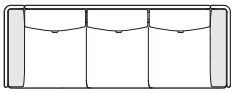

Corner cushions are standard when specifying two or three screens with closed end(s). Corner cushion are fixed and do not articulate.

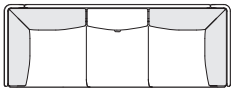

Two end cushions with two articulating backs

Two corner cushions

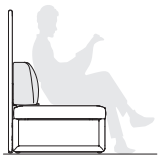

Two end cushions with three articulating backs

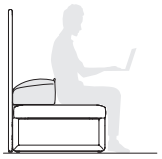

Two corner cushions with middle articulating back

Two corner cushions or two end cushions are available on all 2- and 3-seat lounges when back, left- and right-hand screens are specified. If articulating backs are specified, end cushions are required.

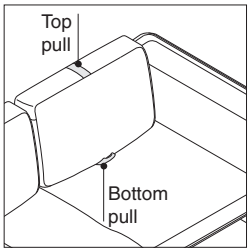

Lounge position

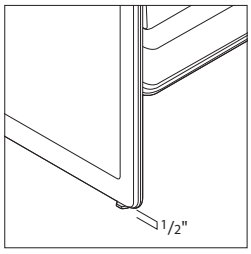

Task position

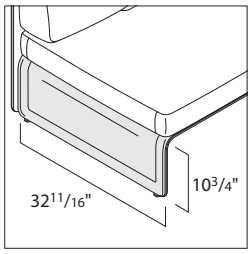

The articulating back is standard on all lounges and 3-seat chaises (2-seat chaises are only available with a corner cushion). The articulating back allows the user to easily change postures from a lounge position, when the back cushion is fully upright, to a task position, when the seat back is articulated down. Simply use the integrated pulls, one at the top and one at the bottom, to position the seat back to the desired position. The articulating mechanism is completely hidden behind the back cushion, and attaches the cushion to the seat frame.

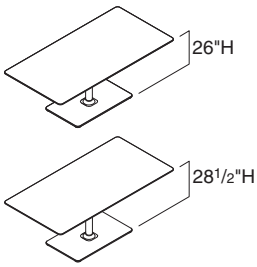

Pulls at top and bottom of all articulating backs aid the user to change from a lounge position to a task position and back to the lounge position.

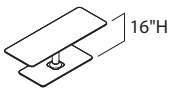

Glides adjust ½" for uneven floors. There are two glides per screen and/or seat deck. Glides have a metal rounded foot.

Space is available under the seat deck of all Lagunitas seating to provide a place to temporarily store personal items. The clearance height, without power module(s), is 10¾" and the depth is 32 11/16".

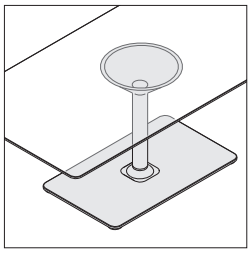

Work tables are available in two heights: 26"H tables are optimized to work with the lounge seat height, while 28½"H tables work with standard height seating.

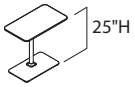

Occasional tables are available in one optimized height, 16"H, to work with the lounge seat height.

Lagunitas Lounge System *continued*

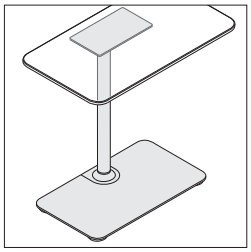

DESIGN TOAN NGUYEN

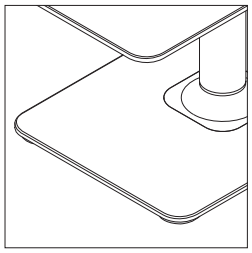

All work and occasional tables have a rectangular metal base with a centered column. The 3" column includes a cone at the top that attaches to the worksurface. There are five rectangular base dimensions:
16"D x 23⅝"W x ⅜"H for 18"D x 32"W, 24"D X 30"W, and 24"D X 36"W work tables;
16"D x 31⅝"W x ⅜"H for 18"D x 48"W occasional table;
21"D x 28½"W x ⅜"H for 36"D x 40"W and 36"D x 48"W work tables;
21"D x 35"W x ⅜"H for 36"D x 57"W x work table; and
21"D x 35"W x ½"H for 36"D x 72"W x work table

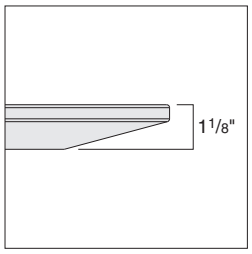

The personal table is available in one height, 25"H, to work with the lounge seat height.

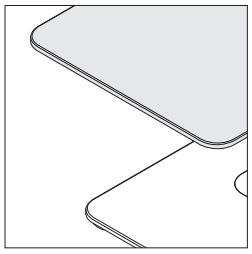

The personal table has a rectangular metal base with the column centered at the back of the base. The 1¼" column includes a flat plate at the top that attaches to the underside of the top. The base plate dimension is 10¾"D x 15¾"W x ⅜"H.

Non-adjustable 3" diameter plastic glides are standard on all tables. Glides are ⅜" thick for the 36"D x 72"W table; ½" thick for all other work and occasional tables; and ¼" thick for the personal table. For all work and occasional tables the glide height is needed to route cords.

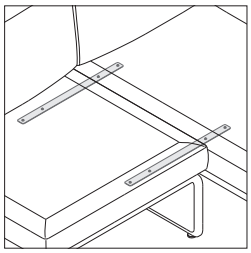

Tables are standard with a knife edge profile, that has the appearance of a ½" thick top that tapers to an overall top thickness of 1⅛".

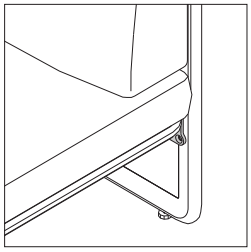

High-Pressure Laminate tables are standard with a matching or complementing 3 mm flat edge band. Wood veneer tables are standard with a matching wood 3 mm flat edge band. The underside of the table top is finished in black.

Specials are possible with Lagunitas. To confirm practicality and obtain a quotation, contact Customer Service at 1.800.627.6770.

Connections

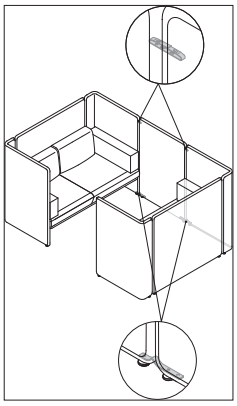

Alignment connector bracket package includes two seat attachment brackets and one screen alignment clip. The alignment connector bracket package is used when permanent connection is needed for L-, U-, and straight configurations of two or more pieces. The screen alignment clip is not needed for any bench connections, only the two seat attachment brackets would be utilized. The alignment connector bracket package should not be used if reconfigurations of the furniture pieces are required.

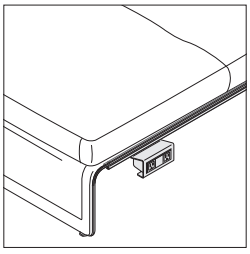

Attachment brackets for screen connection to seat deck must be specified in either platinum matte or low gloss black. Along with the brackets, the entire frame underneath will be painted to match the bracket finish specified.

Brackets can be specified in:
- 4710 Low Gloss Black paint (for dark color fabrics)
- 4141 Platinum Matte paint (for light color fabrics)

Lounge booth connector screen comes with two bottom brackets and two screen ganging alignment clips. The bottom brackets can be specified in either 4710 Low Gloss Black Paint or 4141 Platinum Matte Paint. The paint should match the bracket specification of the lounge.

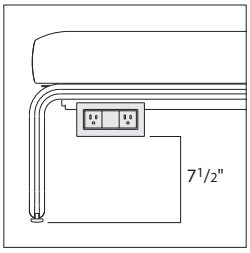

Power, Data, Wiring & Cabling

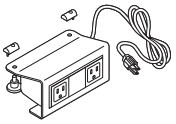

Optional power can be specified on all seating components (lounge, chaise, and bench):
- The power module consists of two power outlets.
- The USB power module consists of one USB A+C 20W port and one power outlet.

Power modules can be positioned anywhere along the attachment rail underneath the front lounge seat.

Power modules are available in black. One optional power module is available on 1-seat lounges. One or two optional power modules are available on 2- and 3-seat lounges.

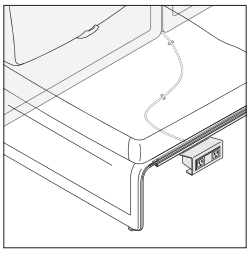

The power and USB power module options are located 7½" from the floor.

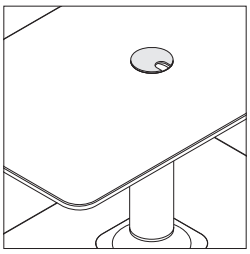

The power module has a 72"L cord and contains wire manager clips to route the cord underneath the seat deck when desired.

Lagunitas Lounge System

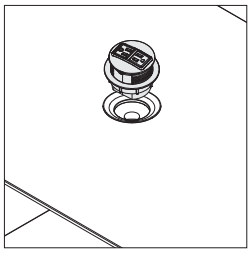

DESIGN TOAN NGUYEN

The power module cord is routed to the back utilizing clips attached to the underside of the lounge. The cord is then routed between the gap where the two screens meet when wall plug in access is needed.

A metal grommet is an option on all work and occasional tables. The 3" grommet is flush-mounted and located in the center of the table top over the cone and column. The metal grommet is available in anodized silver only.

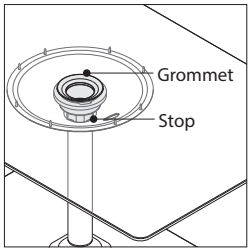

Round power modules are available on the focus nook, and all work and occasional tables. On the focus nook worksurface, the power module is specifiable on the back right or left side. On the tables, the power module is located in the center of the table top over the cone/column. The 3" power module features tamper resistant power simplexes, an 8'L power cord with 15-amp plug, and is available in four colors.

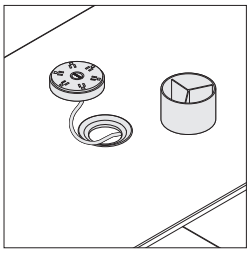

The round power modules are available in three configurations:

- Two TR simplex receptacles
- One TR simplex receptacle and two USB A charging ports
- One TR simplex receptacle, one USB A charging port, and one USB C charging port

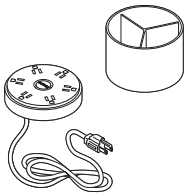

Tip: USB receptacles conveniently charge a range of electronic devices. Some devices may not be compatible.

PowerPod grommet and stop is an option on all work and occasional tables. The grommet is located in the center of the table top over the cone/column. The stop attaches to the column to help hold and route cords and cables through the column. The grommet and stop cap are available in black or milk.

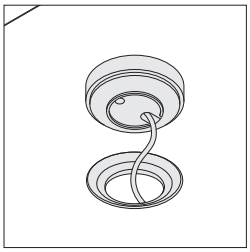

The grommet allows for pass through of cords and cables at the desktop. The grommet is open to allow for the PowerPod to be housed over or stored on the table. The grommet inside dimension is 3½" and outside dimension is 5$^{11}/_{16}$".

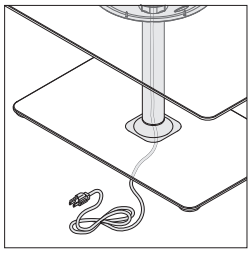

PowerPod includes six 15 amp outlets with an energy saving illuminated on/off switch. It comes with a 6' cord with three prong plug. The top tray is milk and the power source is silver with a milk face. It is UL and CSA listed.

Tip: PowerPod is sold separately.

The contour of the PowerPod bottom cradle is designed to work in conjuction with the grommet for a snug fit or can be used independently without a grommet.

Work and occasional tables route cables and cords from the desktop through the column out through the base. Cords can be concealed in the cone.

Tip: A powerstrip cannot fit inside the cone.

Tip: If a desktop device is desired, other than the standard PowerPod or power module, consult Specials engineering for capability.

Surface Materials

Screen(s) and seat deck:
- Knit
- Fabric (contrasting and non-contrasting - contrasting must be same fabric family)

Seat and back cushion(s), contrasting and non-contrasting:
- Fabric
- Leather

DESIGN TOAN NGUYEN

Laminates are available in two standard groups. Additional laminates from any manufacturer may also be practical—see *Other laminates* below.

Group 1 laminates include:

- Coalesse standard laminates

▶See *Coalesse Surface Materials Reference Guide.*

- Steelcase standard laminates (code 290A)

▶See Steelcase *Surface Materials Reference Manual.*

- Any standard-grade Wilsonart laminate in solid color, woodgrain, or pattern finish (code 290A)

Group 2 laminates (code 290B) include any standard-grade, solid color, woodgrain, or patterned laminate from Nevamar (includes Matrix), Formica, or Pionite. Group 2 laminates may have extended lead times. For details, contact Customer Service at 1.800.627.6770.

Other laminates that are not included in the Group 1 or Group 2 offerings may also be available, such as Abet Laminati and Laminart. To determine availability and pricing, contact Customer Service at 1.800.627.6770, with the laminate manufacturer's name and the name and number of the laminate you want.

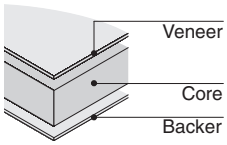

Laminate swatches are reproduced in the Surface Materials Color Palettes.

▶See *Coalesse Surface Materials Reference Guide* for a list.

Swatch cards and actual samples of Coalesse standard laminates are available from your Coalesse Customer Service representative. For samples of laminates from other manufacturers, contact them directly:

Wilsonart
1.800.433.3222
Nevamar
1.800.638.4380
Formica
1.800.FORMICA
Pionite
1.800.285.5161

Tip: Laminate manufacturers change their offerings frequently. Always check availability before ordering.

Wood veneer table tops are fabricated with Architectural Grade AA hand-selected hardwood veneer, plain sliced, book matched, and bonded to the core with a backing sheet for balance. Coalesse's primary wood finish, Clarity, is a water-borne UV topcoat, which protects the environment while providing exceptional durability and resistance to water and chemical stains. Due to natural variations in wood, finished products may vary from samples in color, texture, and grain.

Wood is a natural material; slight variations occur in veneer texture, color, grain configuration, and stain acceptance. Coalesse stains are all applied with an exacting regard for consistency and are well within traditional tolerances for wood products.

Tip: You should know that finished tops may vary slightly in tone or character from each other or from the samples Coalesse produces. No guarantee can be made of an absolutely exact match.

Wood veneer swatches are reproduced in the Surface Materials Color Palettes.

▶See *Coalesse Surface Materials Reference Guide* for a list.

Swatch cards and actual samples of Coalesse standard wood veneers are available from your Coalesse Customer Service representative.

Additional wood veneer species are available. To confirm availability and to determine pricing, contact Customer Service at 1.800.627.6770.

Stains applied to Coalesse wood veneer table tops are standard with the same stain color applied to both the top and the solid hardwood edge profile. Coalesse strives to produce a consistently high quality product and some natural variation in color is to be expected. This is especially apparent on natural woods which have no stain applied, for example 3525 Natural Maple. This color variation is normal and reflects the unique and natural properties of wood. This should not be considered a defect.

Stain swatches are reproduced in the Surface Materials Color Palettes.

▶See *Coalesse Surface Materials Reference Guide* for a list.

Swatch cards and actual samples of standard wood veneers are available from your Customer Service representative.

Programs & Services

Customer's Own Material/ Leather (COM/COL) Program is available.

Lagunitas Lounge System 1-Seat Lounges

DESIGN TOAN NGUYEN

▶ Need help? Product details, page 224

Standard Includes

- Screen: group 1 knit
- Seat deck: group 1 knit to match screen
- Non-contrasting seat cushion, articulating back cushion and pulls, back corner cushion, and end arm cushions: fabric or leather
- Bracket: paint
- Six adjustable glides
- Ships assembled

Required to Specify

1 Style number
2 Knit color number for screen
3 Fabric or leather color number for non-contrasting seat cushion, articulating back cushion and pulls, and end arm cushions, if selected
4 Paint color number for bracket:
4141 Platinum Matte
4710 Low Gloss Black
5 Options, if selected (see below)
▶ See *Coalesse Surface Materials Reference Guide.*

Options	U.S. Price	Required to Specify
Surface Materials		
Fabric screen		
• 1-seat lounge with low-back screen	+$294	Specify *with screen type fabric.*
• 1-seat lounge with low-back screen and two side screens	+$545	Specify *with screen type fabric.*
• 1-seat lounge with high-back screen	+$337	Specify *with screen type fabric.*
• 1-seat lounge with high-back screen and two side screens	+$671	Specify *with screen type fabric.*
• Contrasting fabric for screen	+$200	Specify *with contrasting fabric* and select fabric or leather color number.
• Contrasting fabric for cushion	+$200	Specify *with contrasting fabric* and select fabric or leather color number.
• Contrasting fabric for top and bottom articulating back pulls	+$200	Specify *with contrasting fabric* and select fabric or leather color number.
• Fabric upcharges	Prices at right	Specify fabric color number.
Knit screen		
• Group 1 knit screen	No cost	Specify *with screen type knit* and select knit color number.
• Group 2 knit screen		
– 1-seat lounge with low-back screen	+$302	Specify *with screen type knit* and select knit color number.
– 1-seat lounge with low-back screen and two side screens	+$647	Specify *with screen type knit* and select knit color number.
– 1-seat lounge with high-back screen	+$344	Specify *with screen type knit* and select knit color number.
– 1-seat lounge with high-back screen and two side screens	+$778	Specify *with screen type knit* and select knit color number.
Acrylic backer		
• 1-seat lounge with low-back screen	+$ 54	Specify *with acrylic backer.*
• 1-seat lounge with low-back screen and two side screens	+$112	Specify *with acrylic backer.*
• 1-seat lounge with high-back screen	+$ 88	Specify *with acrylic backer.*
• 1-seat lounge with high-back screen and two side screens	+$146	Specify *with acrylic backer.* ▶ See *Coalesse Surface Materials Reference Guide.*
• COM	No cost	Specify *with COM* and select fabric color number. ▶ See *Coalesse Surface Materials Reference Guide.*
• COL	+$450	Specify *with COL* and select leather color number. ▶ See *Coalesse Surface Materials Reference Guide.*

Tip: If contrasting screen is selected, it is required to specify whether seat deck finish will match inner screen or outer screen.

Tip: Contrasting fabric for articulating back pulls upcharge is applied one time per style number.

Tip: When contrasting fabric for articulating back pulls is selected, only one contrasting fabric can be specified and will apply to all pulls.

Tip: For Customer's Own Material or Leather, see necessary requirements, important processing instructions and ordering information.
▶ *See* Coalesse Surface Materials Reference Guide.

Tip: For any portion of the product that requires a COM, the additional upcharge is a one time charge per product.

Tip: For any portion of the product that requires a COL, the additional upcharge is a one time charge per product.

Lagunitas Focus Nook

Lagunitas focus nook is a cozy, touch-down destination that offers users a traditional work posture and responds to the demand for privacy and focus throughout the open workspace. The Lagunitas focus nook is infused with the same Lagunitas design aesthetic and surface materials. It is available in a breadth of materials and finishes, inviting expression while optimizing space.

50"H screens are offered in two material types: knit and fabric.

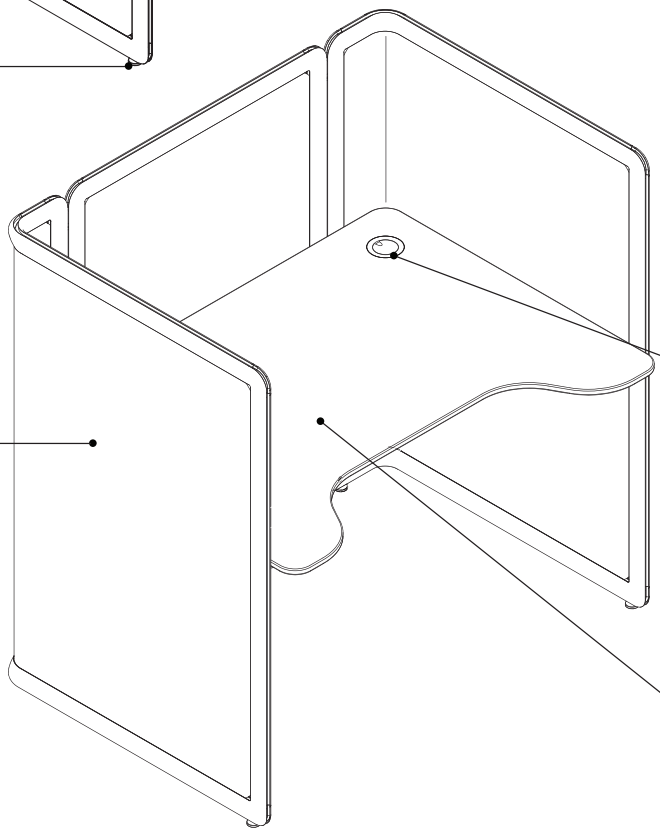

Power modules are available for easy access to power.

Knit screens allow for some transparency and light to pass through the panels. Available in 17 colors.

Cable management tray keeps below surface cords hidden.

Adjustable leveling glides have a range of 1/2" to accommodate uneven floors.

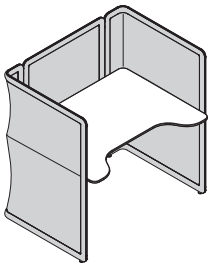

Light grommet is available to route on-surface light to the below-surface power source.

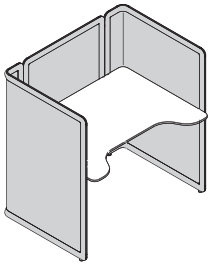

Fabric screens are available with non-contrasting or contrasting (inside and outside of the screen) fabric.

Worksurface is 28 1/2"H and is available in laminate and wood veneer in a wide variety of finishes.

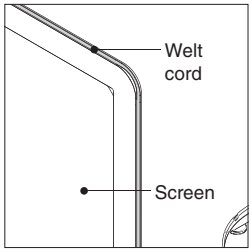

Lagunitas Focus Nook

Product Details

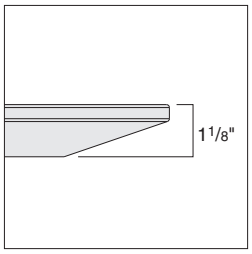

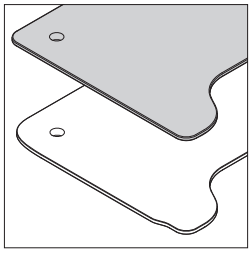

Screens are offered in two types of materials: knit and fabric. The knit panels allow for some transparency and light to pass through. The fabric panels can either be monolithic (non-contrasting) or specified in differing finishes (contrasting) for the inside and outside of the screen.
Tip: If a contrasting screen is specified, the fabric must be chosen from the same fabric family.

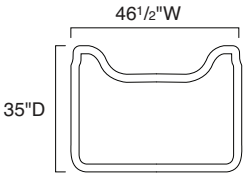

A welt cord is standard on all fabric specified screens. The welt cord finish is non-specifiable and is the same fabric finish as the outside screen when contrasting screens are specified. For non-contrasting screens, the welt cord matches the screen specification. The knit screen does not require a welt cord.

Laminate or wood veneer worksurface is standard with a knife edge profile that has the appearance of a 5/8" thick top, which tapers to an overall top thickness of 1 1/8".

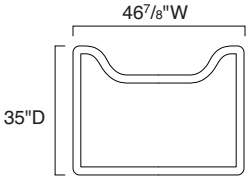

High-Pressure Laminate worksurface is standard with a matching or complementing 3 mm flat edge band. Wood veneer tables are standard with a matching wood 3 mm flat edge band. The underside of the table top is finished in black.

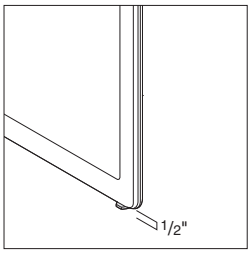

Knit Screen Surface

Knit screen worksurface measures 35"D x 46½"W.

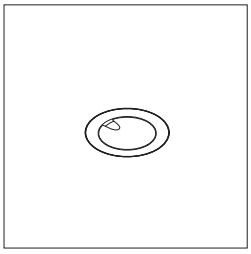

Fabric Screen Surface

Fabric screen worksurface measures 35"D x 46 7/8"W.

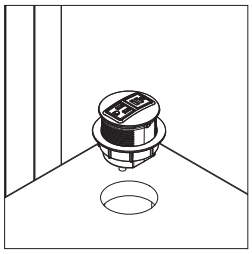

Glides adjust ½" for uneven floors. There are two glides per screen. Glides have a metal rounded foot.

Power, Data, Wiring & Cabling

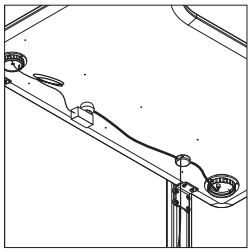

2" light grommet is available to accommodate an on-surface light by routing the on-surface light plug to the below-surface power source. Grommet is specifiable on the left or right side of worksurface and is available in three color options.

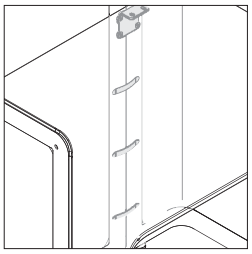

Round power modules are specifiable on the back right or back left side of the worksurface. The 3" power module features tamper resistant power simplexes, an 8'L power cord with 15-amp plug. Plug includes a built-in circuit breaker measuring 2 1/4"D x 1 1/2"W x 1 1/2"H. Round power module is available in four color options, and three configurations:
- Two TR simplex receptacles
- One TR simplex receptacle and two USB A charging ports
- One TR simplex receptacle, one USB A charging port, and one USB C charging port

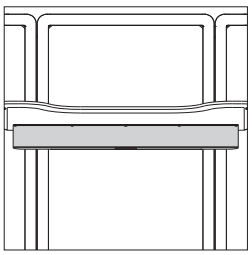

Tip: USB receptacles conveniently charge a range of electronic devices. Some devices may not be compatible.

Power package is available when light grommet is specified. Power package includes power module with a below worksurface convenience outlet to power the available on-surface light and retain a single power cord out. Specifiable on the back right or back left side of the worksurface.

Magnetic wire management brackets are black and come standard with the power module and power package to neatly manage the cord to the floor.

Cable management tray neatly conceals below surface cords to the underside of the worksurface.

Surface Materials

Screens:
- Knit
- Fabric

Screen attachment brackets:
- 4710 Low Gloss Black

Worksurface:
- Laminate with matching or complementing 3 mm plastic edge band
- Wood veneer with matching 3 mm wood edge

Glides:
- Non-specifiable plated metal

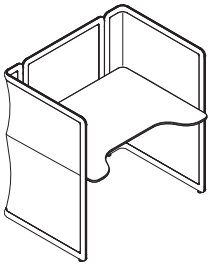

Power module and power package (options):
- 4013 Silver/Black
- 4180 Graphite Matte
- 4242 Milk Matte
- 4710 Low Gloss Black

Light grommet (option):
- 6000 Black
- 6052 Milk
- 6D03 Graphite

Cable management tray (option):
- 4710 Low Gloss Black paint

▶See *Coalesse Surface Materials Reference Guide* for more information.

Lagunitas Focus Nook

Tip: If a contrasting screen is specified, the fabric must be chosen from the same fabric family.

Tip: Grommets and power devices are specifiable on either the right or left side.

Tip: Power package must be specified when power and lighting grommet is specified.

Tip: Power simplex receptacles are tamper resistant.

Tip: When power module or power package in 4242 Milk Matte is specified, the 8' infeed cord will be white. When any other finish is specified, the infeed cord will be black.

Tip: Power/USB configuration upcharges are in addition to the power module or power package upcharge.

Marien152 Lounge Seating

DESIGN COALESSE DESIGN GROUP AND ARIK LEVY

Marien152 is a richly tailored seating experience that's inspired by the home and designed for the workday. Design personalization is built into the collection through a wide range of upholstery, color, base, and materiality choices. Thoughtful proportions and a signature cushioned back create a comfortable lounge chair that can support work. Available with a wood or metal base.

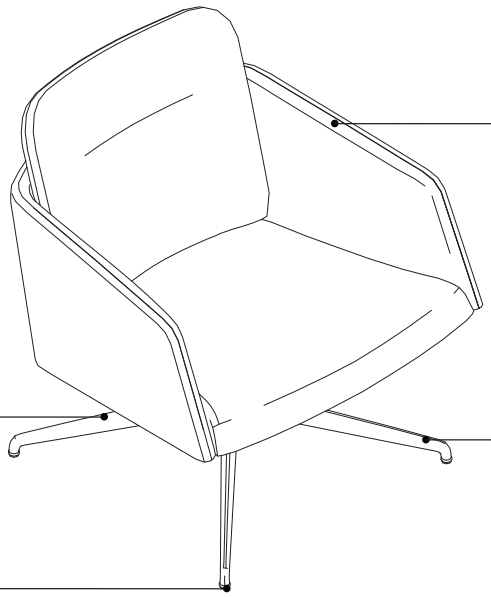

Leather may be specified with a contrasting back cushion only.

Black glides are available in hard and soft options.

Back cushion gives the appearance of a soft, loose pillow. Intentionally relaxed upholstery on the back cushion adds to the welcoming appeal.

Contrasting fabric is available on seat, surround, and back cushion.

Solid white oak frame has a chamfered edge profile.

360˚ swivel base provides full range of motion.

Black glides are available in hard and soft options.

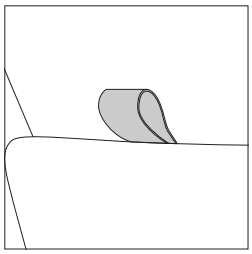

Gently sloping arms are subtle yet supportive.

Base is standard in powder coat paint and polished aluminum.

Marien152 Lounge Seating

Massaud Lounge Seating

DESIGN JEAN-MARIE MASSAUD

Massaud lounge seating is designed for relaxed postures and connecting with technology at the office or at home.
Tip: This product line is a collection and will be found in multiple locations in this specification guide.
▶See *Collections,* page 5.

Inner seat back features a duvet stitching technique accented with comfort wrinkles.

Backrest features an articulating headrest with removable pillow.

Wire management through seat cushion.

Swivel-return base with auto-return mechanism returns chair to front-facing alignment.

Flat base is 3/8" thick and allows users to rotate 95° left or right to prevent cords from wrapping around base of a fully rotating seat.

Plastic glides are 11/32" thick to allow cords to pass safely underneath without causing damage to the floor.

Massaud Lounge Seating

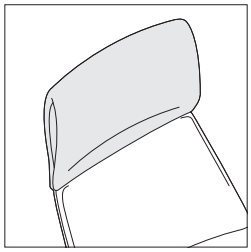

DESIGN JEAN-MARIE MASSAUD

Product Details

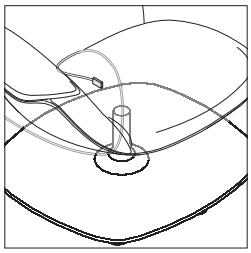

Lounge seating includes the standard lounge chair and a work lounge chair with swiveling tablet.

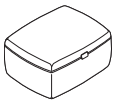

Backrest features an articulating headrest which contains a removable, teardrop-shaped pillow to allow for optimal user comfort. Headrest pillow resides inside an upholstered pocket, permanently attached to the backrest.

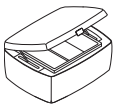

Wire management is concealed with seat hinges that open to reveal a passage to the floor. Base support features a hollow passageway of 3/4" diameter to allow clearance for cords.

Tablet on work lounge offers 180 square inches of surface area with a depth adjustment of 2 3/4" to accommodate a wide range of users.

Matching ottoman is 20 1/2"D x 26"W x 14"H, and features 10 5/8" rectangular storage space. It is standard with one space divider and bottom insert in charcoal. Lid features pull-tab opening with dampened, dual, four-bar hinge mechanism. Left and right storage pockets are standard with felt glides or integral molded feet.

Montara650 Lounge Chair

DESIGN LIEVORE ALTHERR MOLINA

Montara650 lounge chair is infused with comfort and craft, with its refined upholstery and customizable details. This simple lounge solution brings warmth, materiality, and posture to in-between spaces.
Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.
▶See *Collections*, page 5.

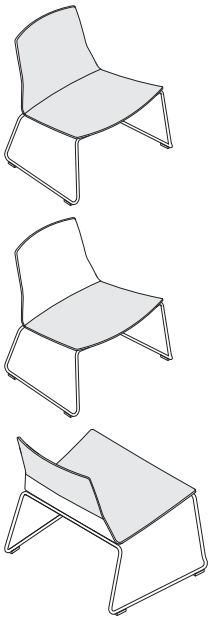

Shell is a durable, one-piece plywood with oak veneer and is offered fully upholstered, 3/4 upholstered back, or upholstered seat.

Frame is standard in powder coat paint. Polished trivalent chrome is optional.

Glides are polyethylene for superior durability on carpeted and hard floors.

Stools and guest chairs are also available.
▶See page 480 and 536

Product Details

Upholstery choices include: fully upholstered, wood shell with upholstered seat, and wood shell with 3/4 upholstered back.

Passerelle Lounge Seating

DESIGN STUDIO B

Passerelle lounge seating is a rich tradition of fine craftsmanship. It is exemplified in a button-tufted, double needle stitch detail, while the defined edges of the internal frame allow for a tightly upholstered appearance.
Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.
▶See *Collections*, page 5.

Occasional tables are available in three sizes. All have a veneer top and a solid maple frame. An optional interport power module is available.
▶See *Coalesse Tables, Storage, and Accessories Specification Guide.*

Benches with tufted button detail are available in three sizes.

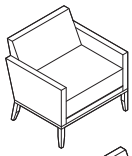

Lounge seating is available in 1-, 2-, or 3-seat lounge. Arm bolsters are available with optional attachment straps.

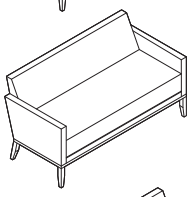

4-leg base is standard in solid maple with non-adjustable glides.

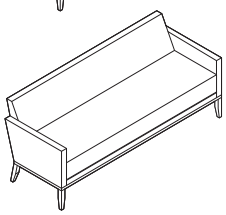

Passerelle Lounge Seating

DESIGN STUDIO B

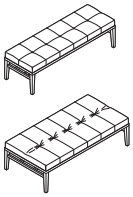

Product Details

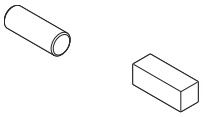

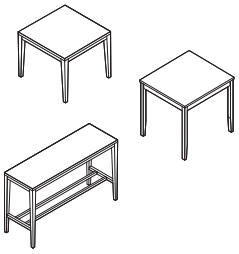

Lounge seating is available in 1-, 2-, and 3-seat with crisply tucked upholstery. 4-leg base is standard in solid maple, with 27 finishes available. Custom match wood finish option is also available on base.

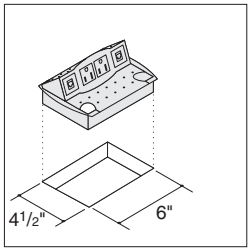

Benches are available in two sizes. The frame is constructed of solid maple. The upholstery is hand-tailored with a button-tufted, double needle stitched detail.

Arm bolster pillows are available with optional attachment rings.

Occasional tables with solid hardwood frame are available with any Coalesse standard finish. Custom match wood finishes are also available. Veneer top is 1" thick with optional contrasting finish.
▶See *Coalesse Tables, Storage, and Accessories Specification Guide*

Interport power/data module is an available option for the 17"H table and the 21"H table, and is available for center location only.

Ripple Benches

DESIGN LAURINDA SPEAR, FAIA

Ripple benches are sculptured and fully upholstered in two orientations for flat or wave seating.

Flat seat style has waved sides with a flat seat surface.

Frame has a unibody construction utilizing hardwood panels.

Double needle stitching is reinforced with nylon material for additional strength at stress points.

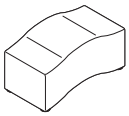

Wave seat style features flat sides with a wave seat area.

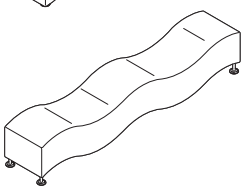

Height-adjustable glides are stainless steel.

Ripple Benches

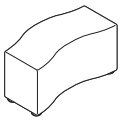

DESIGN LAURINDA SPEAR, FAIA

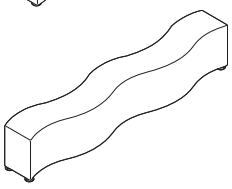

Product Details

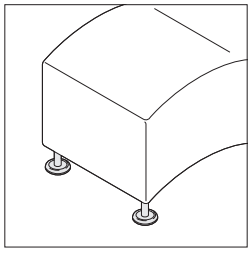

Wave seat is available in two sizes. The 1-seat is 35¾"W and the 3-seat is 96"W. Both are fully upholstered with a top stitch detail. The bottom of the seats are covered with fabric.

Flat seat is available in two sizes. The 1-seat is 35½"W and the 3-seat is 96"W. Both are fully upholstered with a top stitch detail. The bottom of the seats are covered with fabric.

Height-adjustable glides are stainless steel.

Rockford Chair Accent

The Rockford chair is a reintroduction of a classic design found in many Frank Lloyd Wright homes. The frame is constructed of solid oak with a secured seat pad and a loose back cushion that can be moved for comfort.

Arms are standard.

Seat height is 16" from the floor.

Chair frame is constructed of solid oak.

The Rockford chair has adjustable glides to accommodate uneven floor surfaces.

Product Details

All product in the Rockford product line ships fully assembled in one package.

Sidewalk Lounge Seating

DESIGN STUDIO B

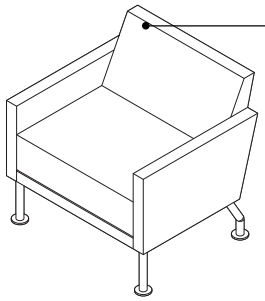

Sidewalk lounge seating is a crisp, lightly scaled, and portable collection for comfort and mobility, allowing a workspace to become a social space.

Upholstery is hand-tailored, featuring a horizontally tucked upholstery detail and double needle topstitched seams.

Frame is a unibody construction with finger jointed plywood.

4-leg steel base is standard in powder coat paint with easy gliding "go" glides.

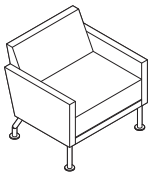

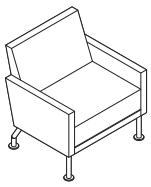

Lounge chairs are available in a low back (shown here), or a high back.

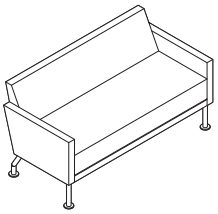

Sidewalk Lounge Seating

DESIGN STUDIO B

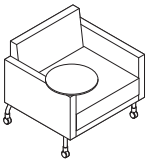

Product Details

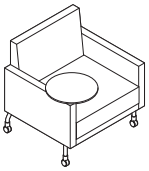

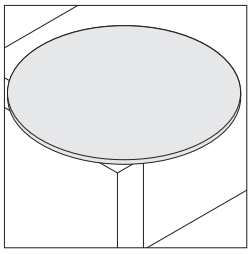

Lounge seating is available in three styles: low-back chair, high-back chair, and a 2-seat lounge. Seat height from floor is 17½"H.

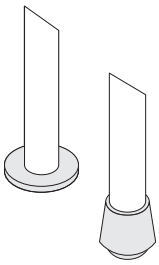

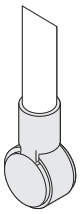

Mobile lounge seating is available in a low back or high back with casters and a pivoting tablet arm. Extra tablet pivoter and cupholder available.

Tablet is 13½" and is standard in laminate. Extra tablet pivoter is available, allowing tablet to be moved side to side.

"Go" glides are standard. "No go" glides are optional.

Casters on mobile model are dual-wheel, swivel, and non-locking. Locking casters are optional.

Arm bolster in coordinating fabric is available (5½"D x 17½"H).

Sistema Lounge System General Overview

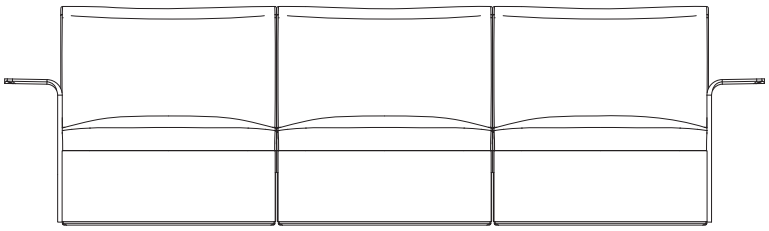

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

Sistema lounge system is an innovative modular system of fully customizable arms, backrest heights, base options, and accessories in the spirit of the modern sofa. With Sistema, build anything from a classic, high-back sofa to a sleek bench, a social sectional in any length, to a quiet niche for one or two.

Lounges with leg bases are available as 2- and 3-seat units that can be used on their own or together, for endless straight-run configurations. There is an ability to personalize with varying lounge, table, and leg choices.

Individual modular lounge components with fully-upholstered base are available in a range of back height and arm choices. Integrated ganging device keeps units aligned.

Sistema Lounge System General Overview

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

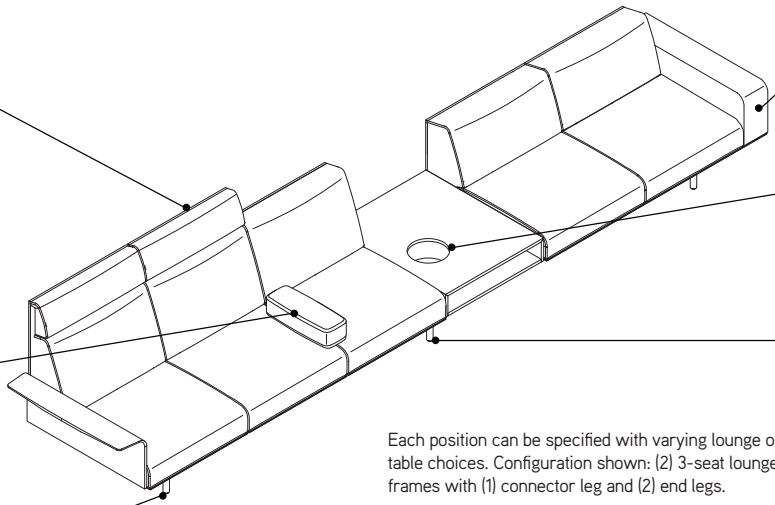

Sistema Lounge System Leg Base

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

Lounge choices include backless bench, low-, mid-, or high-back lounge components.

Arm bolster is user movable and can be positioned anywhere between lounge units. It provides arm support, boundary, or a landing place for mobile technology. Arm bolster is specified separately

End legs are available in metal or wood choices. One set per each end is required. Legs are not included and must be ordered separately.

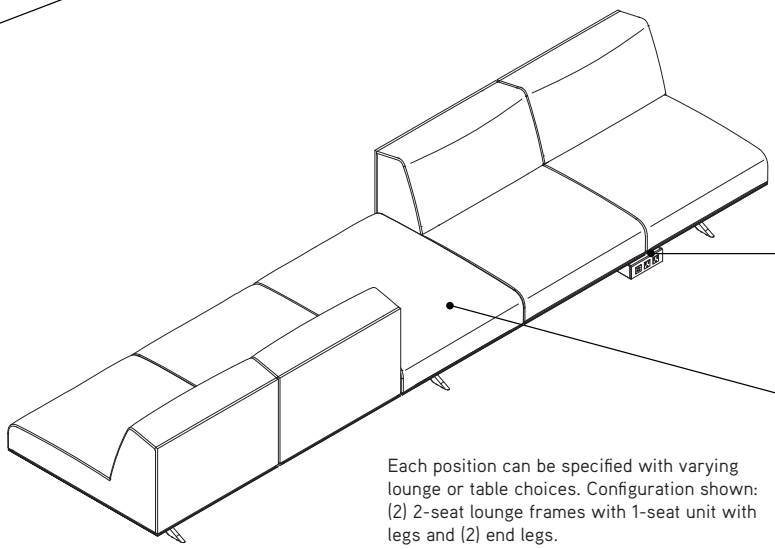

Each position can be specified with varying lounge or table choices. Configuration shown: (2) 3-seat lounge frames with (1) connector leg and (2) end legs.

Upholstered and plywood arm options are available. Arms can be specified at end locations only.

In-line box table includes cylinder cutout for storage. Cylinder can be specified in black or milk finishes. Slim table option is also available.

Connector legs gang 2- and 3-seat frames together. They are available in metal or wood options. Legs are not included and must be ordered separately.

Modular design allows individual components to be easily repositioned or reconfigured on the frame by an installer.

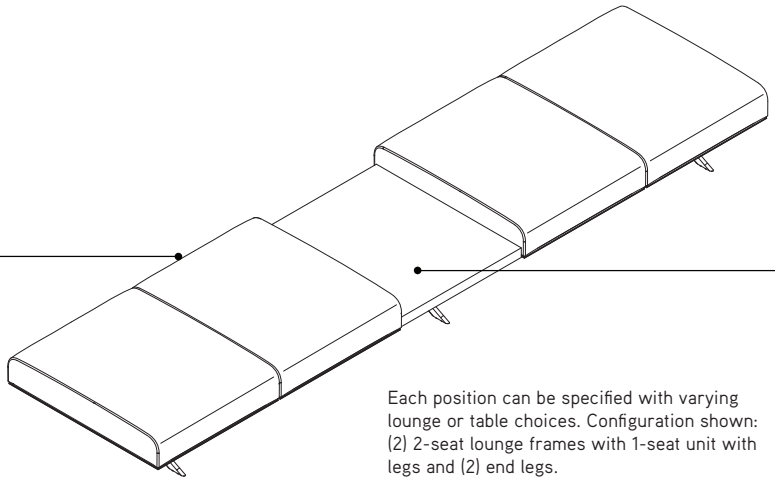

Each position can be specified with varying lounge or table choices. Configuration shown: (2) 2-seat lounge frames with 1-seat unit with legs and (2) end legs.

Power module is ordered separately and can be installed in the end positions on individual lounge units or centered between two units (as shown).

1-seat connector lounge, leg base is specified with a 5-seat configuration only. This unit connects (2) 2-seat frames together and positions the leg in a centered location. It can be specified with table or lounge and includes a connector frame and legs.

Backless bench

Each position can be specified with varying lounge or table choices. Configuration shown: (2) 2-seat lounge frames with 1-seat unit with legs and (2) end legs.

Sistema Lounge System

Leg Base

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

Product Details

Modular design allows each component to be personalized with varying lounge and table choices. Create 2- and 3- seat lounges, or gang together to create endless straight configurations. Individual components are assembled to a welded steel frame. Lounge units ship installed to frame. Tables ship separately and are assembled in the field with four bolts. Lounge units ship facing same direction and can be easily flipped in the field to support yin-yang applications. Legs are ordered and shipped separately.

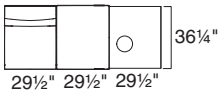

Connector legs gang 2- and 3- seat frames together.

End legs are specified at the end positions of each configuration.

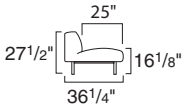

Legs are available in wood or metal finishes and are specified separately based on desired configuration.

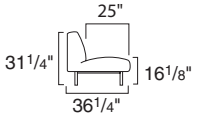

1-seat connector lounge, leg base is specified with a 5-seat configuration only. This unit connects two 2-seat lounge frames together and positions the leg in a centered location. It can be specified with table or lounge and includes a connector frame and legs.

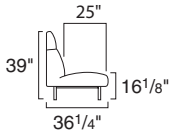

Overall depth and width of each lounge and in-line table component is the same due to its modular design, allowing units to be reconfigured. Overall depth is 36¼". Overall width of each unit is 29½".

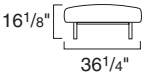

Low-back lounge

Mid-back lounge

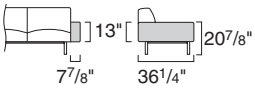

High-back lounge

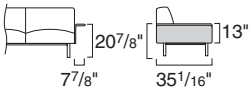

Backless bench

Three backrest height options unit are available (low, mid, or high back). A backless bench is also available. Seat depth on lounge chairs measures 25". Bench units have an overall depth of 36¼". Seat height is 16⅛".

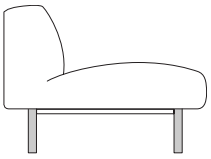

Upholstered Arm

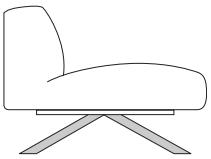

Wood Arm

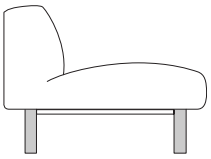

Upholstered and wood arms are available. Arms can be specified in end positions only. Arms extend the overall width of the lounge unit by 7⅞". Wood arms are one piece plywood with oak veneer.

Cylinder legs, metal

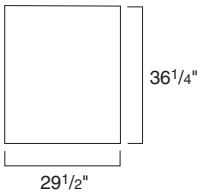

Scissor legs

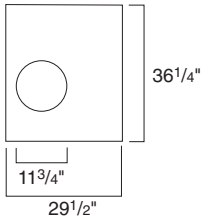

Cylinder legs, wood

End and connector legs are available in metal and wood choices; metal cylinder and scissor legs are available in painted finishes, and wood cylinder legs are solid oak. Cylinder legs offer ½" of adjustment. Legs are specified separately.

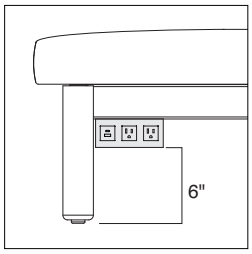

Slim table

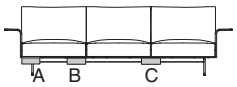

Box table

In-line slim and box tables are available. Tables are oak veneer with plywood core and exposed, stained edges. Box table has an 11¾" diameter cylinder cutout for storage. Cylinder is available in 6000 Black and 6052 Milk.

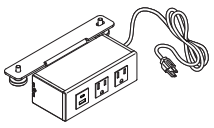

Power modules are ordered separately and installed in set positions under upholstered units only. USB C single 60W can charge tablets and laptops. Configurations available:

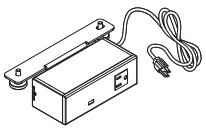

- (2) power, (1) USB A+C 20W port
- (1) power, (1) USB C single 60W

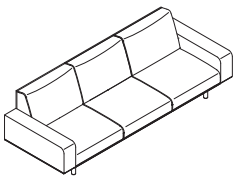

Power modules can be installed in set positions under upholstered units only.

- (A) Right position on individual lounge units.
- (B) Left position on individual lounge units.
- (C) Shared position between two lounge units facing the same direction.

Power modules have a 72"L cord and contain wire manager clips to route cord under seat when desired.

Each component is specified and can be ordered in contrasting fabrics, if desired.

Surface Materials

Seat and back on lounge

- Fabric
- Leather

Arms on lounge

- Upholstered in fabric or leather
- Oak veneered plywood

Legs

- Metal cylinder and painted steel legs
- Wood cylinder leg - solid oak
- Steel frame - painted in black

Slim and box tables

- Oak veneered plywood
- Box table cylinder cutout
  - 6000 Black

Arm bolster

- Upholstered in fabric or leather
- Metal fin is painted black

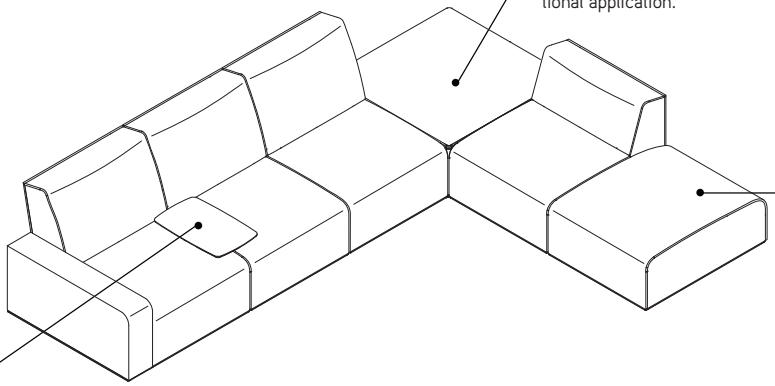

Sistema Lounge System Fully-Upholstered Base

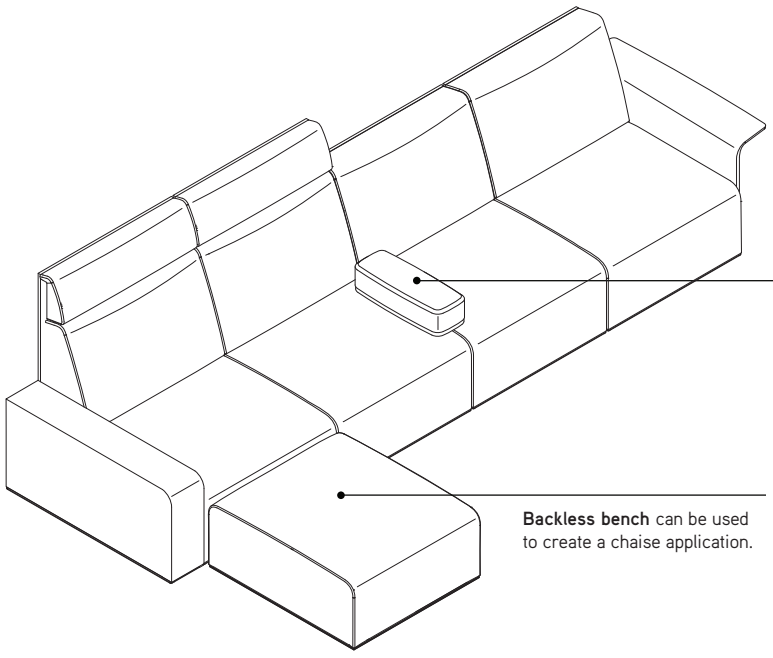

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

Individual modular lounge components with fully upholstered base are specified separately and include integrated ganging device to keep units aligned.

Lounges are available with three backrest height options: low, mid, or high back. Backless bench lounge is also available.

Lounges can be specified armless (bench), right or left arm, or with arms. Narrow and wide upholstered arm or wood arm is available.

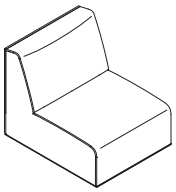

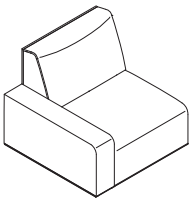

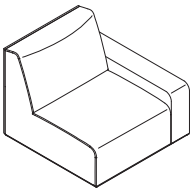

Sistema Lounge System Fully-Upholstered Base

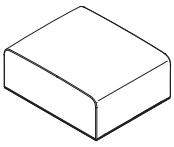

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

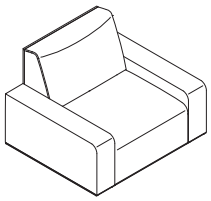

Product Details

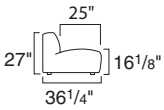

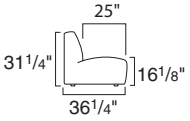

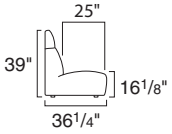

Individual modular lounge components with fully upholstered base are specified separately and include integrated ganging device to keep units aligned. Three backrest height and three arm options are available. A backless bench is also available.

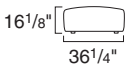

Low-back lounge

Mid-back lounge

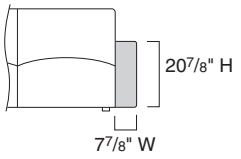

High-back lounge

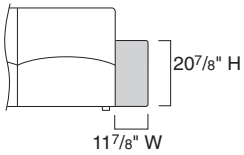

Backless bench

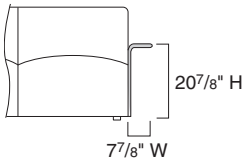

Three backrest height options are available: low, mid, or high back. A backless bench is also available. Seat depth on lounge chairs measures 25". Bench units have an overall depth of 36¼". Seat height is 16⅛".

Upholstered narrow arm

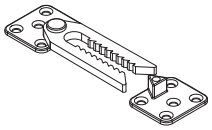

Upholstered wide arm

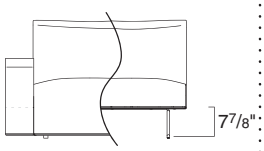

Wood Arm

Upholstered and wood arms are available. Arms can be specified on individual arm units on left or right side, or with two arms. Upholstered arms are available in narrow or wide options. Wood arms are one piece of plywood with oak veneer.

Integrated ganging device is included and keeps units aligned.

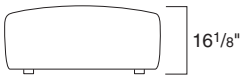

Lounges can be specified in contrasting upholstery, if desired.

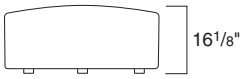

Additional seam will be included on arms when fabric is in horizontal/cross direction. The seam location aligns with the height of Sistema lounge with legs for visual connection.

Ottomans and Accessories

Accessories and ottomans can be used across the entire Sistema product line to add a decorative touch and function.

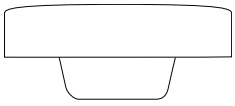

Round and square ottomans are available. Round ottoman is 36¼" in diameter. Square ottoman measures 36¼" x 36¼".

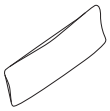

Moveable table is user movable and can be positioned anywhere between lounge units. Table measures 13"D x 20½"L.

Arm bolster is user movable and can be positioned anywhere between lounge units. The upholstered unit provides arm support, boundary, or a landing place for mobile technology. Arm bolster measures 8⅔"D x 20½"L.

Pillows are a great way to elevate the design and comfort of any lounge setting. Square pillow measures 17¾"L x 17¾"H. The lumbar pillow is more firm to provide support and measures 20⅔"L x 9⅝"H.

SW_1 Lounge Seating

DESIGN SCOTT WILSON & MINIMAL

Three inches lower than conventional seating and with a more relaxed posture, the SW_1 lounge chair is a conference/lounge hybrid that creates a more intimate and comfortable environment for collaboration.
Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.
▶See *Collections*, page 5.

Backrest reclines at an angle of approximately 102˚ to the seat.

Seat back is available in two heights: a low back 36¾"H or a high back 41¾"H.

Knit back provides back support and breathability.

Lumbar pillow enhances comfort. It is available in coordinating or contrasting upholstery.

Aluminum arm supports and base are available in polished or painted finishes.

4-star swivel base features an automatic return-to-center mechanism, returning the chair to a forward-facing position when the user leaves. Optional 360˚ swivel available.

Glides are aluminum with a non-marring, plastic insert.

SW_1 collection features collaboration seating, collaborative and conference tables, and occasional tables.
▶For collaboration seating, see page 428.
▶For tables, see *Coalesse Tables, Storage, and Accessories Specification Guide.*

SW_1 Lounge Seating

DESIGN SCOTT WILSON & MINIMAL

Product Details

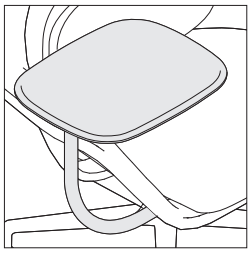

SW_1 lounge seating is available in a low back or high back; the low back overall height is 36¾"H, the high back overall height is 41¾"H.

Swiveling tablet arm option is available in left- and right-hand models. Tubular steel support arm allows tablet to freely swivel 110° for easy user ingress and egress.

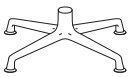

Tablet arm is 12$^{5}/_{32}$" x 15" x $^{5}/_{8}$" thick. Tablet worksurface is available in black or milk.

Tablet arm finish matches the base finish selected.

Lumbar pillow in coordinating or contrasting upholstery is available, 4$^{1}/_{4}$"D x 16$^{1}/_{2}$"W x 10$^{1}/_{2}$"H. Lumbar pillow is relocatable for optimal comfort.

4-star aluminum base includes non-marring, easy-gliding nylon feet.

Swivel return-to-center mechanism is standard, returning the chair to a forward-facing position when the user leaves. Optional 360° swivel provides a full range of motion.

Surface Materials

▶See *Coalesse Surface Materials Reference Guide* for further information.

Upholstery (contrasting fabric available)
- Knit
- Fabric
- Leather

Base and arm supports
- Polished aluminum
- Paint

Switch Lounge Seating

DESIGN EOOS

Switch lounge seating combines comfort and elegant design, featuring double needle stitch detail and satin finish steel legs.
Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.
▶See *Collections*, page 5.

Upholstery features multiple densities of polyurethane foam and polyester fiber on seat back and arms.

Arm bolster pillows are available with optional attachment straps.

Frame is solid hardwood and wood veneer.

Base features four tubular steel legs with adjustable glides.

Loose back and seat cushions are standard. Attachment straps are available.

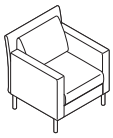

Occasional tables are available in three sizes, with a 5/8" thick, green tinted, tempered glass top. Legs are visually compatible with seating with adjustable glides.
▶See *Coalesse Tables, Storage, and Accessories Specification Guide*

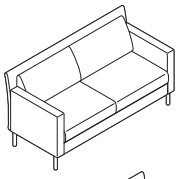

Switch collection features guest seating and stools.
▶Pages 490 and 541

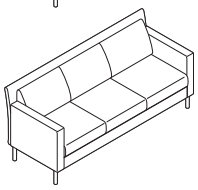

Switch Lounge Seating

DESIGN EOOS

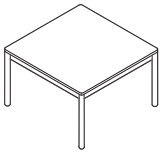

Product Details

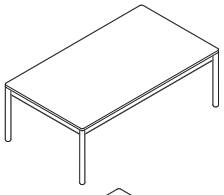

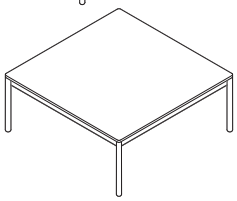

Standard lounge seating is available as a 1-, 2-, or 3-seat model.

Occasional tables are available in three sizes: square 24 3/8"D x 24 3/8"W x 15"H, rectangle 24 3/8"D x 43 1/4"W x 15"H, and square 36"D x 36"W x 15"H.

Arm bolster in coordinating fabric is available (17 1/2"D x 5 3/4" diameter).

DESIGN EOOS

Thoughtful Lounge Seating

DESIGN PAMELA LIGHT, FIIDA SHIELDS

Thoughtful lounge seating features a slightly winged back for comfort, while double needle stitching and upholstery detail provides effortless style.

Frame is a unibody construction with finger jointed plywood.

Backrest embraces the user with a sweeping, concave design and side wings.

Base features four solid hardwood legs with subtle curve design; non-adjustable glides standard.

Upholstery features double needle stitching detail on the seams.

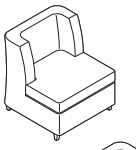

Contrast welting around base is available.

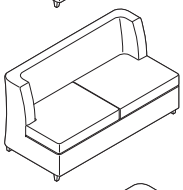

Matching ottoman is also available.

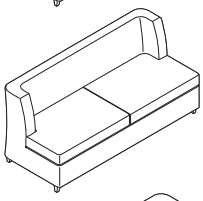

Thoughtful Lounge Seating

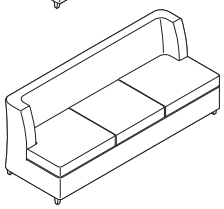

DESIGN PAMELA LIGHT, FIIDA SHIELDS

Product Details

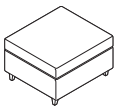

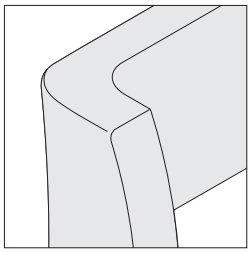

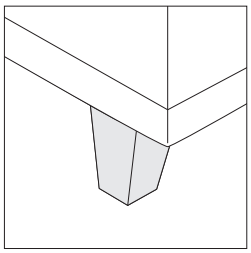

Lounge seating is available in four styles: lounge chair, small lounge, medium lounge, and long lounge; ranging in widths from 28 3/4"W to 80 3/4"W. All styles are fully upholstered with four solid hardwood maple or walnut legs. The base features a two-tiered welt design which wraps around the entire lounge chair/lounge.

Matching ottoman carries the design signature of the lounge seating and features the same four legs and two-tiered base welting; 26 1/4"D x 28 1/2"W x 17 3/4"H.

Side wings and sweeping concave design of the backrest provide the user with the feeling of being embraced.

Base features four solid hardwood legs; non-adjustable glides are standard. Two-tiered welt design on base is available in contrasting welting to create a unique aesthetic.

DESIGN PAMELA LIGHT, FIIDA SHIELDS

Together Benches by Walter Knoll

DESIGN EOOS

Together elevates the upholstered bench to an impressive new height while reinventing the corner seat. Corner shapes define space and create rooms within rooms; straight benches offer open seating.

Backrest is 12½" above seat to also function as an armrest.

Backrest is offered with 8" offset back (shown) or 1½" offset back. No back available on straight benches only.

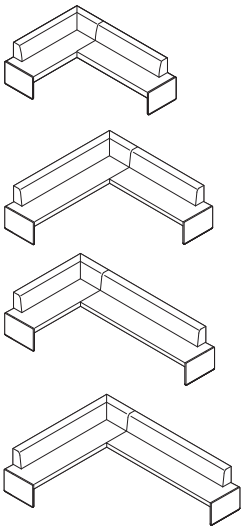

End and corner legs are fully upholstered panels featuring fixed glides.

Together features straight benches and corner benches, available in varying dimensions.

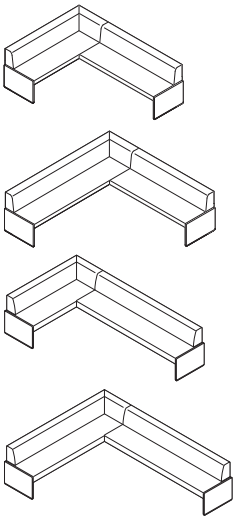

Together Benches by Walter Knoll

DESIGN EOOS

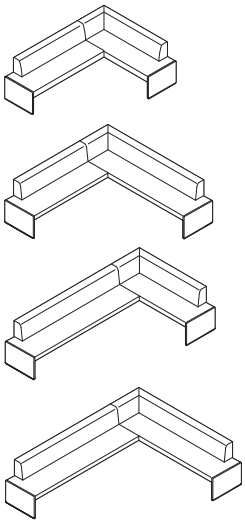

Product Details

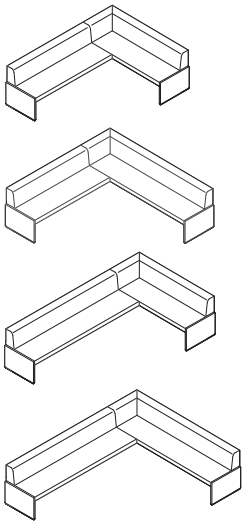

Left corner with back, 8" offset styles are 31"H and are available in four overall sizes: 70½"D x 96¼"W, 97¼"D x 96¼"W, 70½"D x 123"W, and 97¼"D x 123"W.

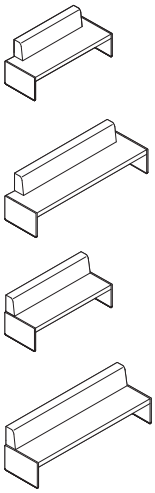

Left corner with back, 1½" offset styles are 31"H and are available in four overall sizes: 70½"D x 96¼"W, 97¼"D x 96¼"W, 70½"D x 123"W, and 97¼"D x 123"W.

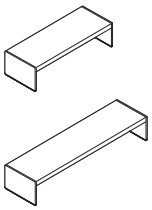

Right corner with back, 8" offset styles are 31"H and are available in four overall sizes: 70½"D x 96¼"W, 97¼"D x 96¼"W, 70½"D x 123"W, and 97¼"D x 123"W.

Right corner with back, 1½" offset styles are 31"H and are available in four overall sizes: 70½"D x 96¼"W, 97¼"D x 96¼"W, 70½"D x 123"W, and 97¼"D x 123"W.

Straight with back styles are available with 8" offset or 1½" offset; all with 26¾"D and 31"H.

Straight without back styles are available with 26¾"D and 18½"H. Available in two sizes: 71"W and 97¾"W.

Visalia Lounge Seating

DESIGN COALESSE DESIGN GROUP

Visalia lounge seating is a range of soft seating efficiently scaled and designed to be grouped to promote collaboration. It can also be arranged for relaxed reflection in offices, lobbies, or hospitality environments.

Upholstery features topstitched upper and lower facets that can be upholstered in one material or two, for an attractive contrasting effect.

Seat and back cushions are attached.

Frame is a unibody construction with finger jointed plywood.

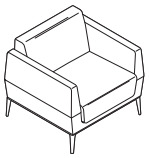

4-leg base in cast aluminum is standard in powder coat paint.

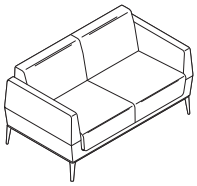

Visalia lounge seating features a lounge chair, 2-seat lounge, 3-seat lounge, ottoman, and bench.

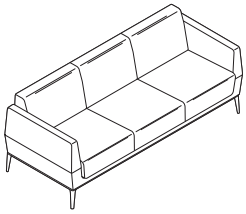

Visalia Lounge Seating

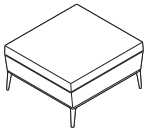

DESIGN COALESSE DESIGN GROUP

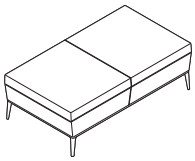

Product Details

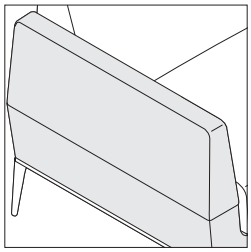

Lounge seating features five fully upholstered, complementary models: lounge chair, 2-seat lounge, 3-seat lounge, ottoman, and bench. All models feature a 4-leg, cast aluminum base with a powder coat painted finish. Upholstery is hand tailored. Double needle top stitching detail on upper and lower upholstery seams is available.

Faceted arm features a top-stitched detail on its upper and lower facets.

Bindu Conference Seating

DESIGN BRIAN KANE

Bindu conference seating combines the comfort and craft of an upholstered lounge with the performance needs of a work task chair.

Flex back allows smooth posture adjustments for users.

Seat height adjustment allows users to change seat height within a 4 1/2" range with a pneumatic adjustment mechanism.

Back tension adjustment allows users to control the amount of resistance needed for reclining.

Upright back lock allows users to lock the backrest in a full, upright position. To unlock for free tilting, push handle back towards seat.

5-star base is black resin. A polished aluminum base is available as an option.

Casters are standard with hard, dual-wheels that roll smoothly on carpets. Optional soft casters are available for use on hard floors and chair mats.

Bindu Conference Seating

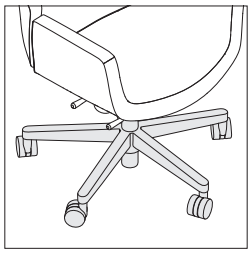

DESIGN BRIAN KANE

Product Details

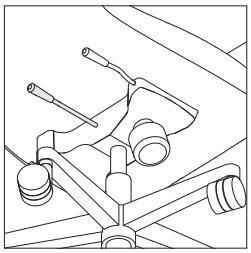

Bindu conference seating is offered in mid back and high back.

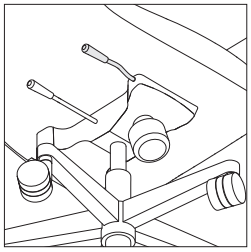

5-star base is available in black or optional polished aluminum.

Casters are standard with hard, dual-wheels that roll smoothly on carpets. Soft casters for use on hard floors are an available option.

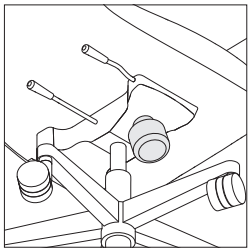

Adjustment Features

Seat height adjusts pneumatically. Lift lever to activate cylinder for desired height. To raise height, stand slightly while lifting lever; to lower, sit while lifting lever and weight pressure will lower seat height. Range of adjustability is 4 1/2" with a maximum seat height of 20 1/2".

Upright back lock allows users to lock the backrest in a full, upright position. To unlock for free tilting, push handle back towards seat.

Back tension control knob turns clockwise to increase tension and counter-clockwise to decrease tension, allowing free tilt.

Bindu Conference Seating

DESIGN BRIAN KANE

Chord Conference Seating

DESIGN MICHAEL SHIELDS

Chord conference seating offers built-in, passive ergonomic curvature of the back, making this design well-suited for long-term conferencing.

Back and pillow top option wraps over the seat edge.

Conference chair upholstery features a double-needle stitching technique and an accent welt that flows across the back and down the arms.

Seat height adjustment allows users to change seat height within a 3" range with a pneumatic adjustment mechanism.

Casters are standard with black-hooded, hard, dual wheels that roll smoothly on carpets. Optional soft casters are available for use on hard floors and chair mats.

Fixed lumbar support.

Tilt tension adjustment allows users to control the amount of resistance needed for reclining.

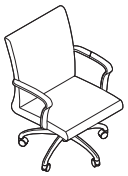

Swivel-tilt mechanism swivels 360°. Seat and back stay in a fixed position (no recline).

5-star base is black resin. A polished aluminum base is available as an option.

Chord Conference Seating

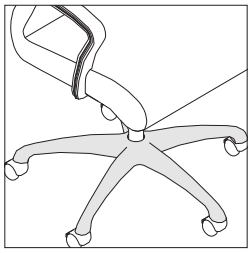

DESIGN MICHAEL SHIELDS

Product Details

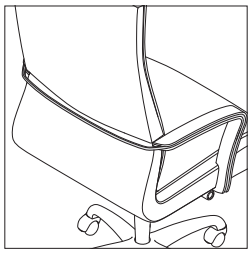

Chord conference seating is offered in mid back or high back.

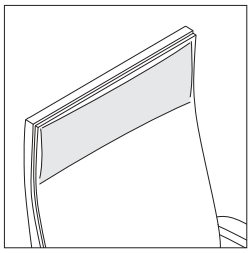

5-star base is standard in black resin or optional polished aluminum.

Casters are standard with hard, dual-wheels that roll smoothly on carpets. Soft casters for use on hard floors are an available option.

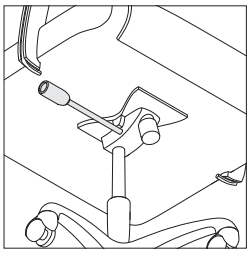

Accent welt flows across the back and down the arms (contrasting fabric option).

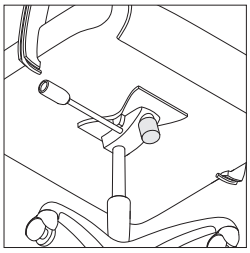

Pillowback versions are available on mid-back and high-back chairs for added comfort.

Adjustment Features

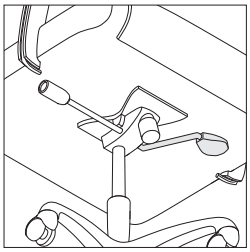

Seat height adjusts pneumatically. Lift lever to activate cylinder for desired height. To raise height, slightly stand while lifting lever; to lower, sit while lifting and weight pressure will lower seat height. Range of adjustability is 3" with a maximum seat height of 22".

Upright back lock allows users to lock the backrest in a full, upright position. To unlock for free tilting, push handle back towards seat.

Tension control knob allows the user to increase tension (will require more force to tilt chair back), by turning the knob clockwise. For reduced tension and more responsive tilt adjustment, turn knob counter-clockwise.

Knee tilt control (optional) minimizes the rise of the front of the chair when the chair is in a reclined position, allowing the user's feet to remain on the floor. Push handle up to lock and down to free tilting.

Marien152 Conference Seating

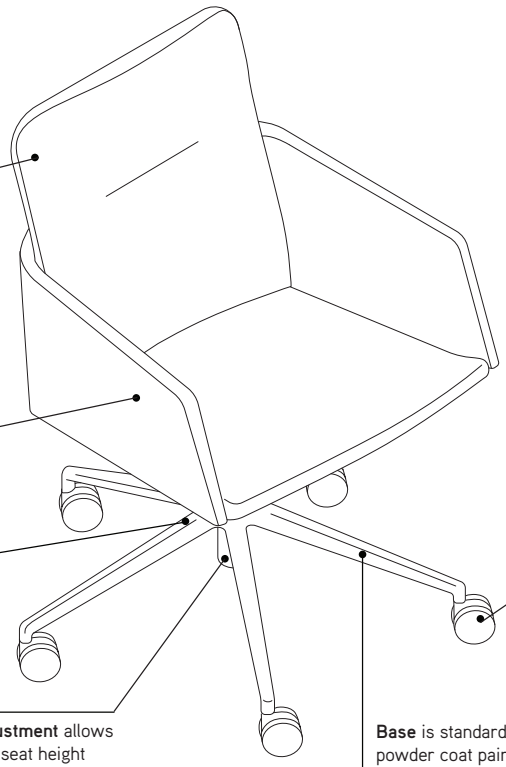

DESIGN COALESSE DESIGN GROUP AND ARIK LEVY

Marien152 is a richly tailored seating experience that's inspired by the home and designed for the workday. An innovative back cushion provides support with soft, residential style. Easy personalization is built into the collection through a wide range of color, form, and materiality choices.

Back cushion gives the appearance of a soft, loose pillow while built-in flex allows the cushion to move with the user. Intentionally relaxed upholstery on the back cushion adds to the welcoming appeal.

Contrasting fabric is available on seat, surround, and back cushion.

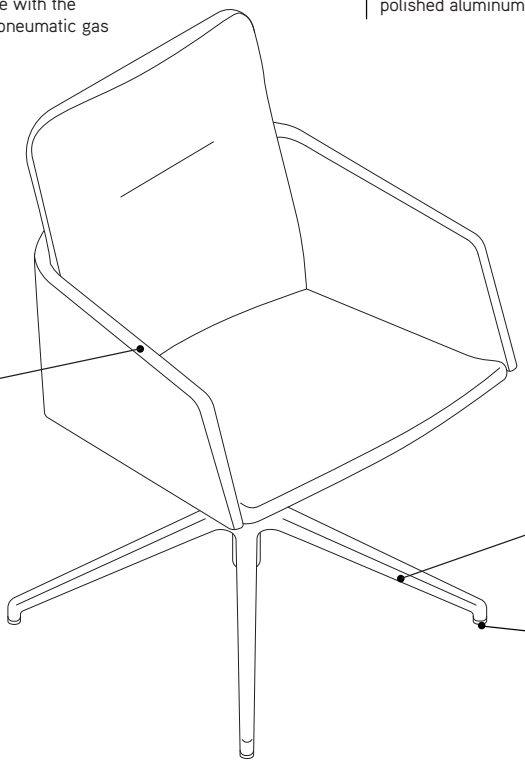

360˚ swivel base provides full range of motion.

Black casters have hard, dual wheels that roll smoothly on carpet. Soft casters are designed to roll quietly and are available for use on hard floors and chair mats.

Seat height adjustment allows users to change seat height within a 5" range with the assistance of a pneumatic gas cylinder.

Base is standard in powder coat paint and polished aluminum.

Gently sloping arms are subtle yet supportive.

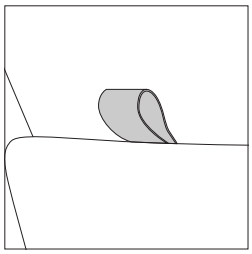

Base is standard in powder coat paint and polished aluminum. It is a fixed height with 360˚ swivel only.

Black glides are available in hard and soft options.

Marien152 Conference Seating

DESIGN COALESSE DESIGN GROUP AND ARIK LEVY

Product Details

Standard leather pull, located behind the back cushion, allows users to easily move the chair. Leather in the color coal only. Option to specify without pull if desired.

Massaud Conference Seating

DESIGN COALESSE DESIGN GROUP AND JEAN-MARIE MASSAUD

Conference and duvet conference chairs feature different upholstery techniques expressed through the unique geometry on each chair's inner back.
Tip: These techniques apply to mid- and low-back chairs with both loop and integrated arms.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide.

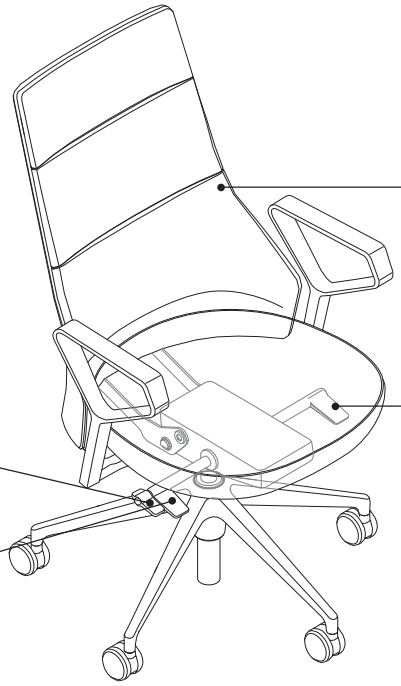

Conference chair upholstery features a horizontal, single needle stitching technique on the chair's inner back.

Aluminum loop arm, available in painted or polished finishes, is contoured for comfort and is available on mid-back chairs only. Optional upholstered arm caps are available.

5-star base is standard on mid-back chair with loop arm.

Casters have hard, dual-wheels that roll smoothly on carpets. Soft casters with roll control have been designed to roll quietly and are available for use on hard floors and chair mats.

Duvet conference chair upholstery features a duvet stitching technique accented with comfort wrinkles on the chair's inner back.

Back tension adjustment offers two settings to allow the user to adjust the rate of increase or decrease in force as the user reclines. Turn lever forward to increase tension. Turn lever back to decrease.

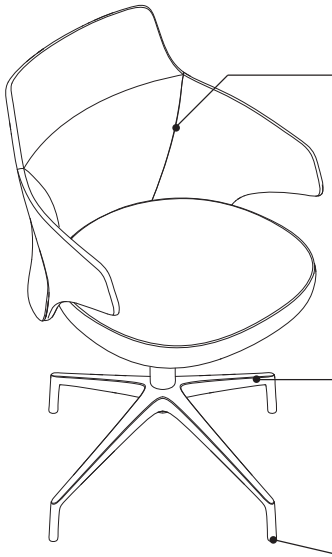

Recline adjustment allows user to choose from three recline positions: full-tilt, mid-stop, and full upright positions.

Synchro-tilt mechanism is weight activated and automatically responds to recline resistance proportionate to the user's weight. The chair and back move in a 3:1 ratio.

Seat height adjustment allows users to change seat height within a 5" range with the assistance of a pneumatic gas cylinder.

Massaud Conference Seating

DESIGN COALESSE DESIGN GROUP AND JEAN-MARIE MASSAUD

Inner back vertical seam is standard on chairs with integrated arms.

4-star base is standard on low and mid-back chairs with integrated arm. Aluminum base, available in painted or polished finishes, comes standard with glides. Seat is fixed height with a swivel only mechanism.

Non-adjustable glide is standard on low- and mid-back chairs. Easy slide glide is optional and features a wide surface, allowing a smooth slide on carpet and soft flooring.

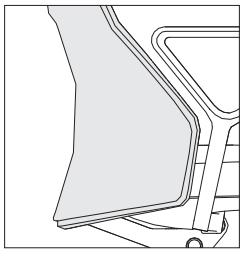

Integrated arm follows the elegant curve and profile of the chair and is available on low and mid-back chairs.

5-star base is optional on chairs with integrated arm. Includes synchro-tilt mechanism with pneumatic height, tension, and recline adjustments.

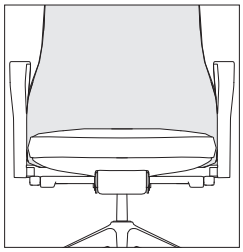

Product Details

Tip: Upholstery details apply to mid- and low-back chairs with both loop and integrated arms.

Seamless Upholstery

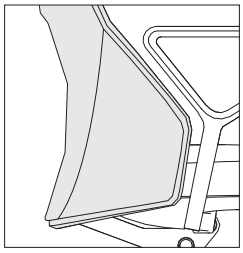

Outer back seams are not required on conference and duvet conference chairs with seamless upholstery selection.

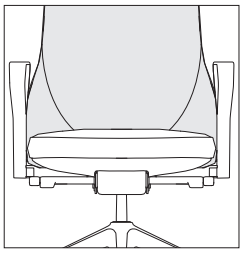

Inner back vertical seams are not required on conference chairs with seamless upholstery selection.

Seamed Upholstery

Outer back seams are required on conference and duvet conference chairs with seamed upholstery selection.

Inner back vertical seams are required on conference chairs with seamed upholstery selection.

Tip: Duvet conference chairs with loop arms always have horizontal inner back seams, but vertical seams are not required. Conference and duvet conference chairs with integrated arms always have vertical inner back seams.

Surface Materials

Seamless Upholstery:

- Designtex Chromatic
- Designtex Heather
- Designtex Billiard Cloth
- Designtex Pigment
- Designtex Melrose
- Maharam Hallingdal
- Maharam Messenger
- Steelcase Cogent: Connect
- Steelcase Billiard Multi-Use by Designtex

Seamed Upholstery:

- Any upholstery not listed above will require seams.

Base and arms

- Aluminum matte polished
- Paint

Easy slide glides (option):

- Paint

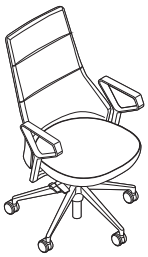

Programs & Services

Customer's Own Material/ Leather (COM/COL) Program is available.

▶See *Coalesse Surface Materials Reference Guide* for additional information.

Massaud Conference Seating

DESIGN COALESSE DESIGN GROUP AND JEAN-MARIE MASSAUD

Tip: For duvet conference chairs, fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: For Customer's Own Material or Leather, see necessary requirements, important processing instructions, and ordering information.
▶*See Coalesse Surface Materials Reference Guide and online fabric database at http://fabric.coalesse.com*

Tip: Pneumatic height adjustment allows user to change seat height, with the assistance of a pneumatic gas cylinder. Synchro-tilt mechanism has three recline positions and two tension positions.

Tip: Faux leathers and vinyls are not recommended on arm cap upholstery.

Tip: Loop arms can be adjusted out 1" on either side. Requires tools and must be done by a facility manager.

Tip: Easy slide glides are to be used on carpet and soft flooring.

SW_1 Conference Seating

DESIGN SCOTT WILSON & MINIMAL

SW_1 conference seating offers a wide range of expressive possibilities with the use of knit mixed with fabric or leather upholstery. *Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or* Coalesse Tables, Storage, *and* Accessories Specification Guide.

▶See Collections, page 5.

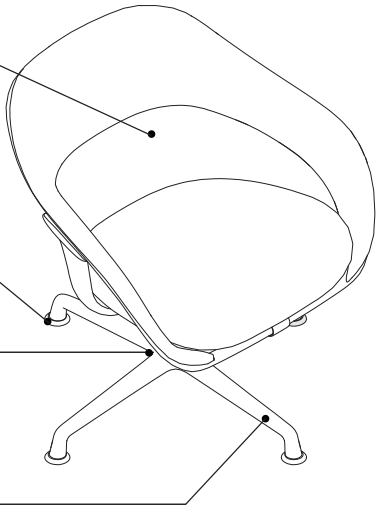

Knit back provides back support and breathability.

5-star base features a 360-degree swivel mechanism, providing a full range of motion.

Casters are standard with hard, dual-wheels in black that roll smoothly on carpets. Soft casters are available in black for use on hard floors and chair mats.

Aluminum arm supports and base are available in polished or painted finishes.

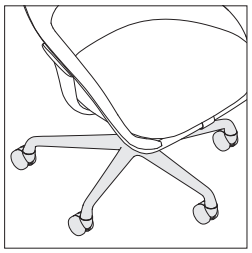

Knit back provides back support and breathability.

Glides are standard in aluminum with non-marring plastic insert.

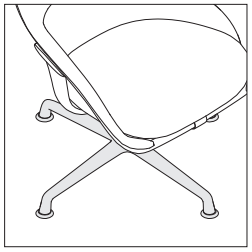

Swivel return mechanism has a built in memory and will return to the fixed position when the user leaves the chair.

4-star base features an automatric return-to-center mechanism, returning the chair to a forward-facing position when the user leaves. Optional 360˚ swivel mechanism is available.

Product Details

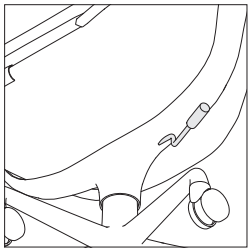

Conference chair with 5-star base is standard with black, dual-wheel casters. Polished aluminum casters are available as an option.

Conference chair with 4-star base is available for guest seating. Seat height is 18".

Adjustment Features

Seat height adjusts pneumatically. Lift lever to activate cylinder for desired height. To raise height, slightly stand while lifting lever; to lower, sit while lifting lever and weight pressure will adjust seat height. Range of adjustability is 3 1/2" with a maximum height of 19 3/4".

360˚ swivel mechanism is standard on the 5-star base, providing a full range of motion.

Swivel return-to-center mechanism is standard on the 4-star base, returning the chair to a forward-facing position when the user leaves. A 360˚ swivel mechanism is available as an option.

Adjustment Feature Definitions

Active mechanism (AM+) allows the seat and back angle to be adjusted independently of each other. The seat can be locked at various angles, and the back can free tilt with adjustable tension or lock in four positions.

Arms, height adjustable allow the user to independently move each arm up and down.

Arms, width-adjustable allows the arm rests to be adjusted in and out.

Arms, folding allows the user to independently fold each arm up or down for total freedom of leg movement and posture accommodation.

Back, height adjustable allows the user to raise or lower the chair back within a given range.

Back lock, forward allows the user to lock the backrest in a full upright position or release it to recline.

Back stop, selective allows the user to lock and unlock the backrest in any position within the tilt range.

Back tilt tension adjustment regulates the ease of tilt movement of the back only.

Back and seat tilt (Your Power mechanism) automatically responds to the weight and seating position of the user with an individual back resistance.

Base, free swivel allows chair to swivel 360˚.

Base, memory-return swivel allows a chair to swivel 360˚, but return to the forward-facing position when released.

Base, nesting four-prong has two front legs that are lower than the two rear legs, allowing chairs to nest for storage. A nylon tooth on the base engages a notch in the seat when folded. This engagement properly aligns the seat and base for nesting.

Folding seat allows the seat to flip up, while the chair automatically rises for nesting and storage.

Knee tilt control (low front rise) minimizes the rise of the front of the seat when the chair is in a reclined position, allowing the users' feet to remain on the floor. This feature reduces pressure under the thighs, allowing for continuous blood circulation.

Lumbar support, adjustable provides additional lower back comfort by allowing the user to move the lumbar support up or down, as well as increase or decrease the amount of support.

Passive mechanism (PM) allows the seat and back to move in synchronization without manual adjustment.

Pneumatic height allows the user to change the seat height assisted by a pneumatic gas cylinder.

Seat angle adjustment allows the user to change and lock the seat angle in various positions.

Seat depth, adjustable allows the user to slide the seat forward or back within a set range.

Seat tilt control allows the seat and back to rotate as a unit backward one position and forward two positions.

Seat, zero front rise allows the user to tilt back in the chair while feet remain on the floor because the seat front remains level.

Swivel-tilt mechanism control allows the chair to swivel 360˚ and the fixed seat and back to tilt in unison when the user leans back.

Synchro-tilt mechanism synchronizes the tilting movement of the seat and back in a set ratio.

Tilt tension adjustment allows the user to vary the amount of recline resistance. Your Power mechanism allows the back and seat tilt to adjust automatically to the weight and seating position of the user.

Your Preference control allows the user to adjust the back tilt by selecting one of four settings: weight activated, weight activated with 20% resistance boost, mid-stop recline, and upright back lock.

Capa Chairs

DESIGN EOOS

Capa adds contemporary style with practical comfort. Capa has a unique shape, fully upholstered body, and double-needle topstitching.

Upholstery is molded around frame components.

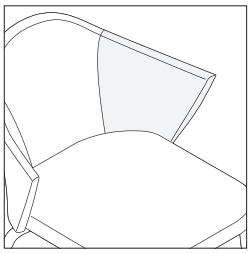

Flex back design forms to match user's back shape.

Side panels are recessed.

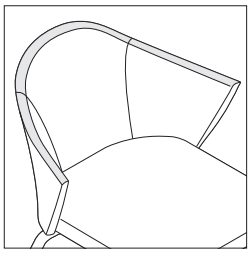

4-leg base allows for stacking up to five high with stacking dolly and three high on floor.

Glides are black and non-marring.

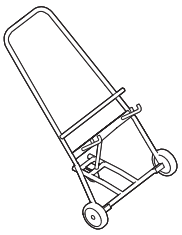

Product Details

Recessed side panel creates arm rest without restricting user postures.

Topstitching design features a double-needle technique.

Stacking dolly is available to stack, move, and store up to five chairs. Dolly measures 34"D x 26"W x 34"H.

Capa Chairs

DESIGN EOOS

Overall: 24¾"D 23¾"W 31½"H
Inside: 18"D 16½"W 15"H
Seat: 18"H
Arm: 28"H

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: Frame design allows back to flex to match occupant's back shape.

Tip: Due to the design and construction techniques of the Capa Chair only certain textiles can be successfully applied, therefore all COM fabrics must be submitted to Coalesse for approval prior to order acceptance.

Tip: Recommended leathers are Elmosoft group 1 and Elmorustical group 2.

Tip: Special color match, consult Customer Service.

Tip: For Customer's Own Material or Leather, see necessary requirements, important processing instructions, and ordering information
▶See *Coalesse Surface Materials Reference Guide.*

Tip: Chair stacks five high with stacking dolly and three high on floor.

Capa Chairs

DESIGN EOOS

Cubb Seating

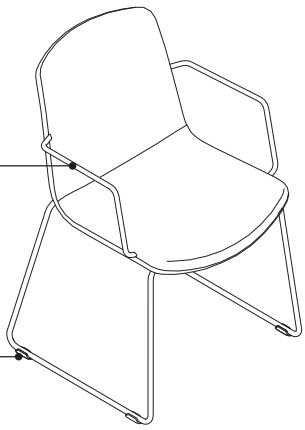

Cubb seating is available in four bases with a single unified upholstered seat and three arm options.
▶Specifying, pages 446–499

Upholstered arms are 7.4" above the seat.

Wood legs made of solid white oak with glides.

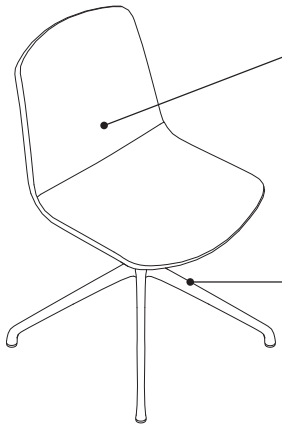

Metal chassis secure legs to each other as well as seat shell.

Wire arms designed to complement wire frame base. Wire frame arms are 7.2" (183 mm) above the seat.

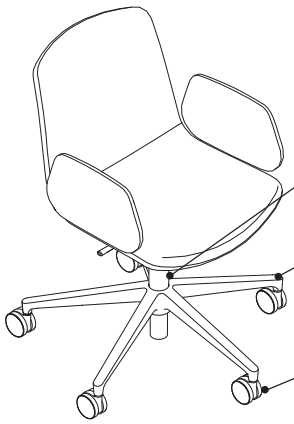

Wire frame arms are ½" tubular steel.

Wire frame sled base is ½" tubular steel with plastic glides suitable for all surfaces. Available in both chair and stool heights.

Seat shell is gently curved, offering integrated lumbar support.

4-star trestle base swivels 360˚ with hard glides as standard. Soft glides available.

Gas lift allows for travel up to 5" of seat height adjustment.

5-arm base swivels 360˚ with hard casters for use on carpet are standard. Soft casters are available.

Casters are 2½" in diameter. Hard casters for use on carpet as standard.

Cubb Seating

Product Details

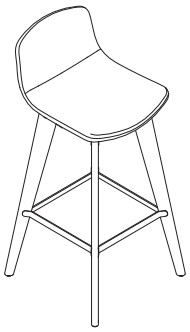

Cubb seating utilizes the same core seat with a combination of two arm options and four base styles.

Cubb seating comes fully assembled and does not stack.

All chair seating has a seat height of 19" optimized to work with standard height tables.

Stools have a seat height of 30".

Both the trestle and five-star base options swivel 360˚.

Featuring a modified back and seat without arms, the fully upholstered Cubb Stools are available in both the wood leg and wire frame base.

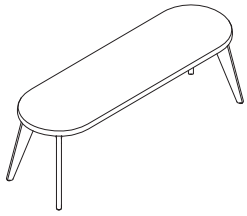

Cubb stools are have a 30" seat height from the floor and are 39" tall overall.

A foot rail cover is available as an option on wire base stool. The foot rail cover is made of black PVC.

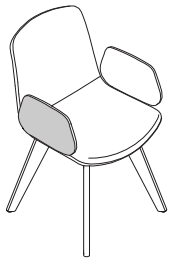

On the wood stool, the foot rail finish will match that of under seat chassis.

The occasional stool features three tapered solid oak wood legs with an upholstered cushion top. It has a seated height of 19".

The two-seat bench has four tapered solid oak wood legs with an upholstered oval shaped top. It has a seated height of 19".

Two-tone contrasting upholstery option is available.
Tip: If two-tone upholstered option is selected, contrasting price groups are available. Total seat finish and outer seat finish price is driven by highest price group selection.

Enea Lottus Chairs

DESIGN LIEVORE ALTHERR MOLINA

Enea Lottus is sculpted for comfort with just the right amount of flex. Chairs are available in armless, loop arm, and cantilevered arm versions. *Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or* Coalesse Tables, Storage, and Accessories Specification Guide.
▶See *Collections*, page 5.

Shell is polypropylene with a flex back.

Frame is constructed of steel tubing for added stability.

4-leg base allows for stacking (stacking dolly available).

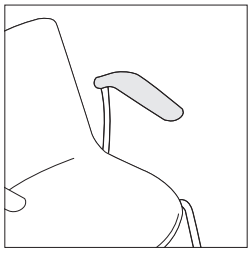

Seat is available with no insert, upholstered insert, or polypropylene insert.

Glides are black polypropylene. Felt glides are optional, for use on non-carpeted surfaces.

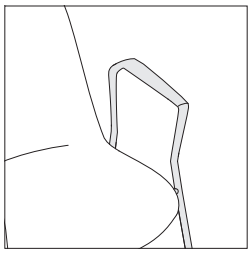

Product Details

Chairs are available in armless, cantilever arm, or loop arm versions.

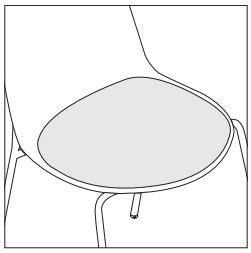

Cantilever arm comes standard with polypropylene arm cap.

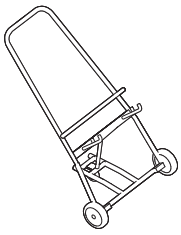

Aluminum loop arm chairs are available.

Enea Lottus Chairs

DESIGN LIEVORE ALTHERR MOLINA

Upholstered and polypropylene insert seat detail is available.

Stacking dolly is available to stack, move, and store chairs. Armless chairs are able to stack 10 high on dolly. Cantilever and loop arm chairs stack six high on dolly.

Enea Altzo943 Chairs

DESIGN: ESTUDI MANEL MOLINA DESIGN ORIGIN: SPAIN

Enea Altzo943 seating collection brings residential warmth and soul to the workplace. Answering the demand for mixed materials, Altzo943 combines a precision-molded seat shell with solid oak legs. The special oval profile of the legs follows the pure curvature of the shell for a complete, harmonious design statement.
Tip: This product line is part of a collection and will be found in multiple locations in this specification guide.
▶See *Collections*, page 5.

Seat and back are polypropylene with a slight flex and rounded edges for optimal comfort; available in 12 colors.

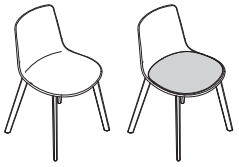

Wood legs are solid wood oak; available in six finishes.

Glides are polyethylene for superior durability on carpeted and hard floors.

Casting under the seat is painted in textured finishes to match polypropylene seat shell.

Upholstered seat cushion insert is available and is ½" thick.

Product Details

Upholstered seat cushion insert is available.

Marien152 Guest Seating

DESIGN COALESSE DESIGN GROUP AND ARIK LEVY

Marien152 is a richly tailored seating experience that's inspired by the home and designed for the workday. An innovative back cushion provides support with soft, residential style. Easy personalization is built into the collection through a wide range of color, form, and materiality choices.

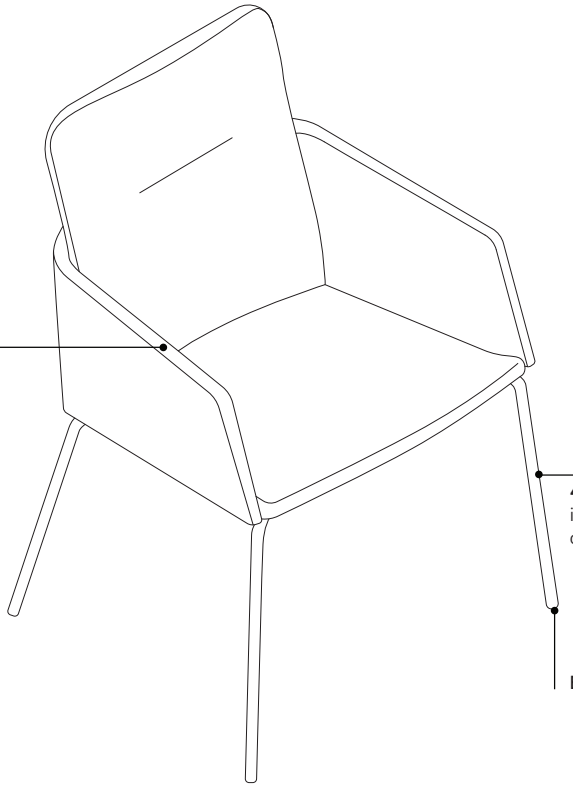

Back cushion gives the appearance of a soft, loose pillow while built-in flex allows the cushion to move with the user. Intentionally relaxed upholstery on the back cushion adds to the welcoming appeal.

Contrasting fabric is available on seat, surround, and back cushion.

Solid white oak frame with chamfered edge profile.

Black glides are available in hard and soft options.

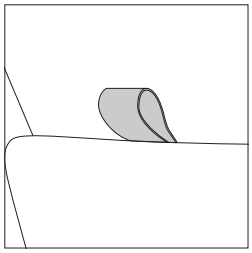

Gently sloping arms are subtle yet supportive.

4-leg metal base is standard in powder coat paint. Trivalent chrome optional.

Black hard glides are standard.

Product Details

Standard leather pull, located behind the back cushion, allows users to easily move the chair. Leather in the color coal only. Option to specify without pull if desired.

Montara650 Chairs

DESIGN LIEVORE ALTHERR MOLINA

Montara650 seating is infused with comfort and craft, with its refined upholstery and customizable details. The sculpted seating pairs with simple pedestal tables to provide an inspired social solution for today's mobile workforce.
Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.
▶See *Collections*, page 5.

Shell is a durable, one-piece plywood with oak veneer.

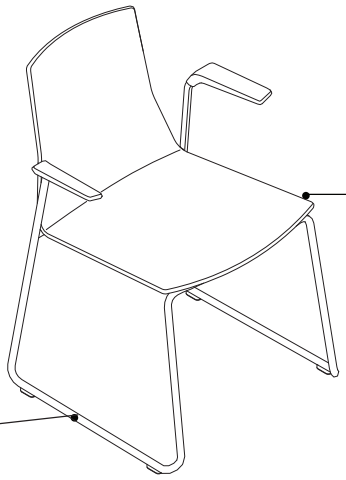

Frame is standard in powder coat paint. Polished trivalent chrome is optional.

Glides are polyethylene for superior durability on carpeted and hard floors.

Upholstery choices include: wood shell, wood shell with upholstered seat, wood shell with ¾ upholstery, or fully upholstered.

4-leg base is standard. Available with loop arms or armless. Arms are aluminum and match the frame finish.

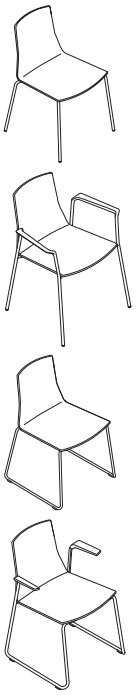

Stools are also available.
▶See page 536

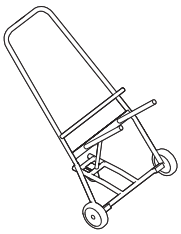

Chairs are stackable. The stack pad is standard and protects upholstery from damage. Chairs stack to six high.

Optional sled base is available with cantilever arms or armless. Arms are aluminum and match the frame finish.

Product Details

Chairs are available with a 4-leg base (armless or with loop arms) and with a sled base (armless or with cantilever arms).

The Enea lottus dolly can be used for storage or easy transport. Chairs stack to six high on the dolly.

Enea Café Wood Stools

DESIGN JOSEP LLUSCA

The warm, modern design of the Enea café wood stool makes a statement with a residential design character. The Enea café wood stool is available in two heights (counter or bar) and has solid wood oak legs.
Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.
▶See Collections, page 5.

Seat is available in molded polypropylene, wood, or upholstery.

Casting under the seat is offered in textured paints.

Wood legs are solid wood oak, with a natural finish.

Glides are non-adjustable and available in black polyethylene, for superior durability on carpeted and hard floors.

Footring in trivalent chrome is standard on all wood leg stools.

Enea collection features bar and café stools, guest seating, café tables, and occasional tables.
▶For guest seating, see page 458.
▶For tables, see *Coalesse Tables, Storage, and Accessories Specification Guide.*

Surface Materials

▶See *Coalesse Surface Materials Reference Guide* for further information.

Seat
- Polypropylene
- Rift-cut oak plywood
- Fabric or leather upholstery

Frame/legs
- Solid oak

Programs & Services

Customer's Own Material/Leather (COM/COL) Program is available.

Enea Lottus Post Stools Post Base

DESIGN LIEVORE ALTHERR MOLINA

Enea Lottus is a flexible, multi-height collection of seating and tables that integrates simply and cleanly with any space. Sculpted for comfort with just the right flex, the elegant shell of the Lottus stool can be used alone or customized with a colored insert or upholstered cushion.
Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.
▶See Collections, page 5.

Post stool is available in counter height or bar height.

Seat and backrest is one-piece, injection-molded polypropylene construction with rounded edges for comfort.

Base and frame are constructed of steel. Standard in powder coat paint.

Post base allows seat to freely swivel 360°. Base is a steel plate with four plastic glides.

Seat insert is available in polypropylene or upholstered insert. Polypropylene insert is flush with seat and attached. Upholstered insert is ½" thick foam pad and attached.

Tubular steel foot ring is fixed at 9" from the floor.

Enea Lottus collection features post and sled base stools, guest seating, café tables, and occasional tables.

Enea Altzo943 Stools

DESIGN: ESTUDI MANEL MOLINA DESIGN ORIGIN: SPAIN

Enea Altzo943 seating collection brings residential warmth and soul to the workplace. Answering the demand for mixed materials, Altzo943 combines a precision-molded seat shell with solid oak legs. The special oval profile of the legs follows the pure curvature of the shell for a complete, harmonious design statement.
Tip: This product line is part of a collection and will be found in multiple locations in this specification guide.
▶See Collections, page 5.

Seat and back is polypropylene with a slight flex and rounded edges for optimal comfort; available in 12 colors.

Wood legs are solid wood oak; available in six finishes.

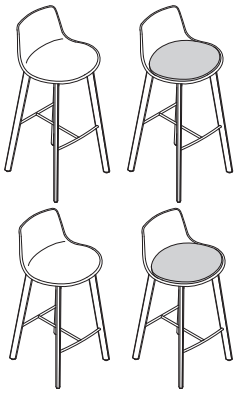

Glides are polyethylene for superior durability on carpeted and hard floors.

Casting under the seat is painted in textured finishes to match polypropylene seat shell.

Upholstered seat cushion insert is available and is ½" thick.

Footring in trivalent chrome comes standard.

Product Details

Altzo943 stools are available in two heights (to the seat): counter height (26"H) and bar height (30"H).

Upholstered seat cushion insert is available.

Marien152 Stools Seating

DESIGN COALESSE DESIGN GROUP AND ARIK LEVY

Marien152 is a richly tailored seating experience that's inspired by the home and designed for the workday. Design personalization is built into the collection through a wide range of upholstery, color, base, and materiality choices. Thoughtful proportions and a signature cushioned back create a comfortable stool that can support work. Available in bar- or counter-height, and with a wood or metal base.

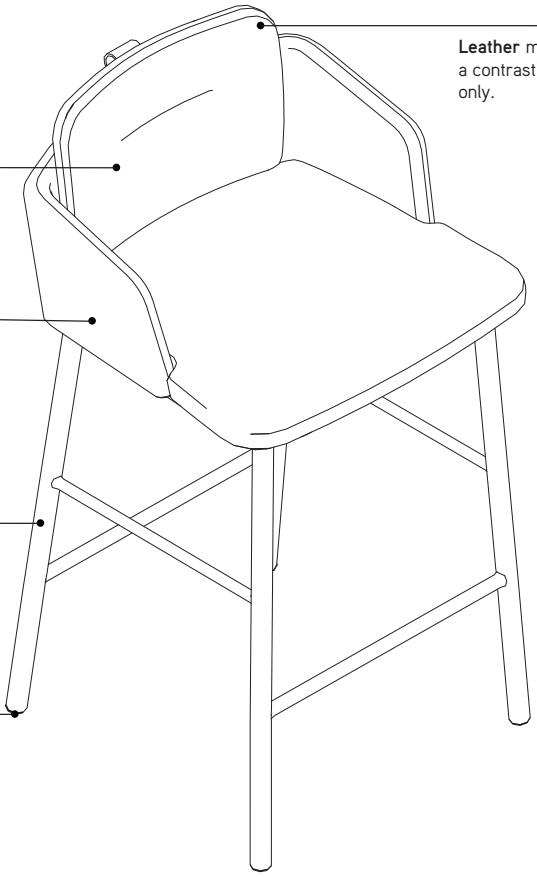

Back cushion gives the appearance of a soft, loose pillow. Intentionally relaxed upholstery on the back cushion adds to the welcoming appeal.

Contrasting fabric is available on seat, surround, and back cushion.

Footrest has protective metal top.

Black glides are available in hard and soft options.

Solid white oak frame has a chamfered edge profile.

Leather may be specified with a contrasting back cushion only.

Back cushion gives the appearance of a soft, loose pillow. Intentionally relaxed upholstery on the back cushion adds to the welcoming appeal.

Contrasting fabric is available on seat, surround, and back cushion.

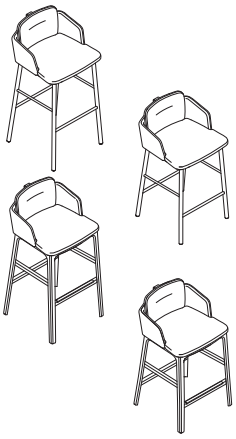

Base is standard in powder coat paint and polished aluminum.

Black hard glides are standard.

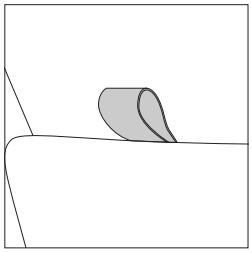

Marien152 Stools Seating

Switch stool shares the clean lines and flared back of the Switch lounge and chair. *Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or* Coalesse Tables, Storage, and Accessories Specification Guide.
▶See Collections, page 5.

Switch stool is available in counter height or bar height.

Seat and back cushions are constructed of molded foam with comfort pockets for optimal comfort.

Adjustable glides are standard to accommodate uneven floors.

Legs feature four tubular steel legs with integrated steel footrests at the front and sides.

The Switch collection features chairs, stools, lounge seating, and occasional tables.
▶For chairs, see page 489
▶For lounge seating, see page 374
▶For tables, see *Coalesse Tables, Storage, and Accessories Specification Guide.*

Surface Materials

▶See *Coalesse Surface Materials Reference Guide* for further information.

Upholstery
- Fabric
- Leather

Legs
- Matte chrome
- Polished chrome

Programs & Services

Customer's Own Material/Leather (COM/COL) Program is available.
▶See *Coalesse Surface Materials Reference Guide* for additional information.

Switch Stools

DESIGN EOOS

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: Recommended leathers are Elmosoft group 1 and Elmorustical group 2.

Tip: Special color match, consult Customer Service.

Tip: Pricing based on highest group textile specified.

Tip: For Customer's Own Material or Leather, see necessary requirements, important processing instructions, and ordering information
▶See *Coalesse Surface Materials Reference Guide.*

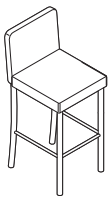

▶Need help? Product details, page 540
