For Canadian Pricing
Candian factor can be found at steelcase.com/CADpricing.
Calculate in the following order to avoid rounding errors:

- Multiply the base price and each option by the Canadian factor.
- Round each to the nearest dollar.
- Add base and options for total list price.

What's New in Surface Materials

Visit the Finish Library at *https://finishlibrary.steelcase.com/all-surfaces/brand/coalesse.html* or view the finish matrices to see list of availability, by product line. Samples can be purchased via Steelcase Marketing Resources.

Coalesse Fabrics—June 2025
Coalesse fabric price grades 6-14 are moving to align with Steelcase price groups 1-10.

Coalesse Partners—June 2021
All Coalesse partners surface material information has been moved to the new *Coalesse Partners Specification Guide*. With EMU content being housed in one specification guide, finding information on these partner products is now easier than ever.

Steelcase Back-Painted Finishes—February 2020
We are enhancing our back-painted glass portfolio through the addition of color. The colors range from a harmonious pink to a new neutral blue. By refreshing these color palettes, we are providing added value through the range and depth of our material offering.

Foundation, Steelcase Surfaces—December 2019
New FR-free vinyl, Foundation launches. Free of harmful phthalates, Foundation is a non-woven, high-performing, bleach-cleanable material, and is perfect for our education and health environments. Foundation is available in 14 colors at Price Group 6.

New Accent Paints, Steelcase Surfaces—December 2019
Six new trend driven paints have been added to the Steelcase accent paint palette.

Coalesse Standard Color Paints—October 2019
Seven textured paints that draw from the Coalesse color point-of-view and its restorative tone of nature have been added as a Group 1 paint to many of our best-selling product lines.

Refreshed LessThanFive Color Palette—October 2019
Eight new matte finishes have been added to LessThanFive that align with the Coalesse color point-of-view and its biophilic tones from nature.

LessThanFive Essential—October 2019
Four new neutral matte finishes have been added to LessThanFive Essential, sold in multi-packs of two or four at a reduced price point per chair.

PerfectMatch, Custom Paint—October 2019
Coalesse Color empowers more personal expression by expanding color choices through our custom capabilities program. For select, preset Coalesse products, we have improved the process to make it even easier to order. Once the color match process is complete and the special paint finish code has been assigned, order with a Group 3 paint upcharge. For more information, review *Custom Paints* on page 60.

Lux Coatings, Steelcase Surfaces—October 2019
Steelcase Lux Coatings has been added to even more product lines and is now available as a Group 3 paint upcharge.

Accent Paints, Steelcase Surfaces—October 2019
Trend driven Steelcase accent paints have been added to many of our best-selling product lines. Accent paints are now offered as a Group 3 paint upcharge.

Coalesse Standard Glass Finishes—October 2019
Previously available on Potrero415 only, six back-painted glass finishes are now available as standard on all product lines with back-painted glass. Four nature inspired and two neutral finish additions complement the existing glass palette – bringing more choice.

In addition, new frosted glass finish 6511 Acid Etched is now available to order, replacing ACF Absolute Clear Frosted (culled in June 2020). For details, please refer to page 56.

What's New in Surface Materials

Upholstery Coalesse

Upholstery

All Coalesse textiles are priced by groups. Some Coalesse fabrics can be treated for flame retardancy; contact Customer Service. All Coalesse products are handcrafted, making each unique. Certain fabrics and leathers will appear loose and may differ from like products due to comfort wrinkles when upholstered.

A contrasting welt is available on some products. Consult Customer Service for yardage or square feet requirements and prices. All stripes will be applied vertically unless customer specifies otherwise. Loose cushions on Coalesse products are not fully upholstered (not reversible).

Coalesse offers select fabrics from the following manufacturers grouped in our pricing:

- Designtex
- Maharam
- Kvadrat
- Camira
- Gabriel
- Conneaut
- Moore & Giles
- Steelcase

Simply select one of the above manufacturers and available fabric finishes during specification. Coalesse does not stock graded-in fabrics and can only respond based on availability and lead times from the above manufacturers. For current groups, fabric families, and product availability, refer to the Coalesse fabric database: *fabric.coalesse.com*.

Special Fabric Applications*

Backing*

- Backing information is found on each product page in the Coalesse Specification Guides. Select this option when ordering your product to have backing applied. Price varies by product according to yardage it requires.

*Prices subject to change without notice and an additional two week lead time will apply for 54" wide fabrics. Wider fabrics will require four week additional lead time. *Check fabric database to determine if backing is required at *www.Coalesse.com*.

Coalesse Upholstery

Coalesse fabrics are priced by groups from 1 through 10 and leathers 1 and 2. Fabrics and leathers may be purchased separately as cut yardage, see page 20. All products are handcrafted, making each unique. Certain fabrics and leathers will appear loose and may differ from like products due to wrinkles when upholstered. A contrasting welt is available on some products. Consult Customer Service for yardage or square feet requirements for pricing.

All stripes will be applied vertically unless customer specifies otherwise. Loose cushions on Coalesse products are not fully upholstered (not reversible). Any Select Surface or COM textile should be reviewed with supplier to verify availability. In some cases a textile supplier may require minimums that exceed your furniture order requirements. In these situations, you will be contacted with an option to select a different textile or continue with your original textile selection as a COM-DTP. If you choose to continue with your textile selection as COM-DTP to allow you to order the minimum required, please ship only the textile needed to Coalesse for your furniture order.

Customer's Own Material

Customer's Own Material

Coalesse is pleased to cooperate with COM/COL selections. Prior to order placement for exact yardage requirements, a sample cutting of actual COM/COL must be submitted to Coalesse for approval only, if fabric approval is not found in Coalesse fabric database. Identify the name and number of units on which the fabric/leather is to be applied. If COM has a repeat, the sample should be large enough to show the entire repeat. Coalesse will not accept nor use any painted leathers. A painted leather is described as any suede or leather which is not aniline dyed with the same color throughout the thickness of the hide.

Even after preliminary approval, Coalesse reserves the right to reject COM/COL if necessary when the quality is not satisfactory for the item it is intended to be used on. Once COM/COL is accepted, Coalesse assumes no responsibility for its overall appearance, flammability, normal durability, colorfastness, or any other quality, after upholstered on a Coalesse product.

Coalesse Standard to Buy Program

The Customer's Own Material (COM) Program offers the opportunity for customers to select fabrics that are not offered through the standard Coalesse surface materials program for use on our products. Through the COM program, Coalesse will test your materials for application on Coalesse products. Once approved, you can place your order. Coalesse will facilitate the entire ordering process and give you a production schedule. Coalesse will order the COM fabric directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM fabrics and details regarding yardage requirements for most Seating lines, visit the fabric database at *www.coalesse.com*.

Customers to Buy Scheduling Policy/COM/COL Policy

COM/COL must be received at manufacturing location no later than 20 working days prior to the order scheduled delivery date. If COM/COL is not received in this time frame, scheduling will move the order's delivery date out to the best available ship date. Customer Service will notify the dealer via e-mail of the order's new scheduled delivery date. Project size order shipment may be affected due to size of order. If the COM/COL is received and the COM/COL requires backing, scheduling will move order out to best available ship date. Backing charges will apply. If COM/COL is received defective or short yardage/sq. ft., the replacement COM/COL order must be received within three days to maintain scheduled delivery date on order. It is the responsibility of the dealer to advise Coalesse on what to do with defective materials. In addition, customers may request Coalesse to order for COM/COL materials.

Square Footage/Yardage Requirements

COM and COL price includes application of Customer's Own Material or Leather to frames. All COM and COL should be shipped freight prepaid to designated manufacturing location. Labels will be provided by your Customer Service representative to ensure clear textile identification.

Please have customers send COM/COL and add TAG: COM/COL.

COM and COL must be identified as follows to prevent order delays:

1. Name and address (should match purchase order)
2. Your furniture purchase order number/sales order
3. Style number to which fabric is to be applied
4. Supplier name and fabric name, number, and color

COL hides must be rolled for shipment to manufacturing location in a neat manner, avoiding creases and excessive roll marks. All leathers will be rejected if sent in a folded manner.

To determine COL square footage, see COL requirements for each product. Square footage requirements are based on an average hide size of 45-50 square feet of clean, usable leather. If the COL has a smaller average hide size, please consult Customer Service for quotation. Please note, leather is a natural product and all square footage requirements are estimations. The shape of the COL hides supplied and the usable, clean square footage may make it necessary for us to request more leather after COL is received.

Yardage requirements shown are based on 54" width plain material. If fabric design requires vertical/top out, Customer Service should be consulted for additional yards required. If fabric is under 54"W, refer to fabric database at *www.coalesse.com*.

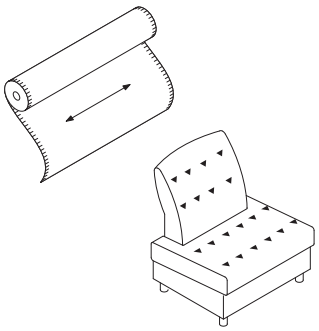

Excess COM/COL Policy

All excess COM/COL will be disposed of after order is completed unless prior arrangements have been made with Coalesse Customer Service. Fedex account number and address to ship to must be referenced. Excess WILL NOT be returned with shipment of furniture.

Customer's Own Material

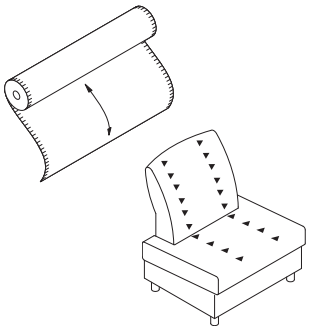

Cutting Direction Guidelines

Cutting direction is based on the fabric width and the way the fabric is cut from the roll and applied to Coalesse products. There are two cutting directions: railroaded or horizontal.

Tip: Arrows on the above drawings indicate fabric direction.

Horizontal or railroaded (across roll, warp horizontal) means fabric is cut across the roll; selvages are on the top and bottom.

Tip: Arrows on the above drawings indicate fabric direction.

Vertical or top out (down roll, warp vertical) means fabric is cut in the same direction it is woven; selvages are on the left and right sides.

Fabric Matrix Steelcase Standard Fabrics

Note: Coalesse reserves the right to reject fabrics when necessary if the quality or construction is not satisfactory for intended use. For most up to date information on fabric usage please check the fabric database on www.coalesse.com.

The above Steelcase fabrics are available as standard without a backer on select Coalesse product lines. For those product lines that are noted as unavailable, it may be specifiable with a backer as a Select Surface fabric. Additional Steelcase fabrics are available through the Select Surface program. Please consult the Coalesse Fabric Database for availability.

Disclaimer: Coalesse is pleased to provide this information. However, even after preliminary approval, Coalesse reserves the right to reject fabrics/leathers when necessary if the quality or construction is not satisfactory for the item it is intended for use on. Coalesse reserves the right to evaluate data daily and make any necessary changes or improvements to the information provided. Textile recommendations do not imply a warranty for the textiles. The textile manufacturer provides all warranties for textiles. All trademarks and trade names are the property of the different manufacturers. All pricing quotes for product should be obtained from your local Sales Representative or a Coalesse Customer Service Representative. Recommendations such as backing and CAL 133 will require additional cost and may require additional lead-time. All specifications are subject to change without notice.

Leather

Elmosoft and Elmorustical Leather Care

Only the finest hides are used for Elmo leather. Expect some color variations from hide to hide due to the aniline state of the product. Color fading may occur if leather is exposed to direct or intense light. Care is required to allow this product to achieve the rich natural patina that beautiful natural leather develops. The hallmarks of this leather include some naturally occurring markings, such as healed scars, insect bites, stretch marks, and fat wrinkles. Elmorustical's leather treatment is very natural with little protection from spills or body oils. This rich leather will exhibit stains and oils through normal use. Coalesse is not responsible for discoloration, spotting, or staining on this leather.

Special Color Match Leather

Coalesse can provide a special color match in its leather to any supplier's leather color, paint color, carpet color, wallpaper color, etc. Sample to match must be submitted to Coalesse with purchase order. Sample for approval can be supplied if requested.

Note: Minimum order 2,500 sq. ft.

Special Fabric Applications*

Backing*

- Backing information is found on each product page in the Coalesse Specification Guides. Select this option when ordering your product to have backing applied. Price varies by product according to yardage it requires.

*Prices subject to change without notice and an additional two week lead time will apply for 54" wide fabrics. Wider fabrics will require four weeks additional lead time.

Elmo Leather

Coalesse uses leathers that are provided by Elmo of Sweden. Elmosoft is a full grain, aniline dyed, semi-aniline finish. With Elmosoft leather, now recyclable and chromium-free, you have the opportunity to bid on green projects when requested. Elmosoft leathers are never corrected, buffed, or altered in any way. Coalesse purchases only original full grain leathers. The quality of this genuine leather can be felt in the hand immediately. Other leathers are often stiff because of the amount of pigment needed to cover the imperfections of an inferior hide. Using leather of a low quality affects the overall quality of the furniture it is upholstered on. You can feel confident in leather purchased from Coalesse.

Elmorustical and Elmotique Leather

Elmorustical and Elmotique are a full-top grain, aniline dyed leather.

Elmorustical has a grain which varies in structure and offers outstanding comfort. It is an aniline leather with all the distinct features of the natural hide.

Elmotique is a thinner aniline leather with a batique-effect and displays all the features possessed by the original hide.

Only the finest hides are used for Elmorustical and Elmotique leathers. Expect some color variations from hide to hide due to the aniline state of the product. Color fading may occur if leather is exposed to direct or intense light. Care is required to allow this product to achieve the rich natural patine that beautiful leather develops. The hallmarks of this leather include some naturally occurring markings such as healed scars, insect bites, stretch marks, and fat wrinkles. Elmorustical and Elmotique's leather treatment is very natural with little protection from spills or body oils. This rich leather will exhibit stains and oils through normal use. Coalesse is not responsible for discoloration, spotting, or staining on this leather.

Ordering Information

- Minimum Order Requirement
- Fabric: 1 yd. - ⅛ yd. increments.
- Leather: 1 full hide (avg. sq. ft./hide - 50).
- All orders will be filled in full hides only.
- Overage will be invoiced accordingly.
- Cancelled textile orders are subject to a 30% restocking fee. Order must be cancelled 5 days before ship date.
- Special match leather: 2,500 sq. ft. minimum (Check delivery date)
- The embossing techniques used on Novasuede Perforated, to achieve these looks involve very high temperatures. Color and shade may vary slightly based on the fiber density being embossed.

  Due to the natural processes of dying, sanding and embossing necessary to achieve these special looks, actual production may vary slightly in appearance from the swatches shown.

Coalesse Textile Warranty

Coalesse textile merchandise is produced in accordance with Coalesse high standards. Coalesse does not guarantee, warrant or accept any responsibility whatsoever by reason of its fabrics or leathers fading, wearing, cracking, shrinking, stretching, tearing, seam slippage, alteration in color due to any finish treatment (flameproofing, stain repellent, etc.) or discoloration from liquid contact. Printed textiles are not warranted against irregularity in register. Coalesse is not responsible for dye lot differences or discrepancies in widths of fabrics. Coalesse does not guarantee, warrant or represent an exact color match to cuttings, tabs, memos or sample cards. Coalesse does not warrant exact matching of color or grain of leather. Leather hides may contain certain natural marks, scars, scratches, wrinkles and shade variations within hides, etc., considered by leather tanneries and Coalesse to be inherent characteristics part of the natural beauty of leather and the size or location of such markings cannot be controlled. In any event, upon inspection, Coalesse's responsibility shall be limited to either replacement of merchandise or refund of purchase price at Coalesse's option. The foregoing constitutes the sole and exclusive remedy of the customer. Coalesse is not responsible for the application or installation of our products. In no event shall Coalesse be responsible for any consequential damages or any charges, costs, expenses, or obligations other than as expressly herein set forth. Coalesse makes no other warranties, expressed or implied, as to any product sold by Coalesse. All other warranties (including any warranty of merchantability or fitness for any particular purpose) are hereby excluded.

For Canadian Pricing
Multiply U.S. Price by the Canadian price factor.

Wood

Wood

Standard Wood Finishes

Coalesse's primary wood finish, Clarity, is a water-borne UV topcoat, which protects the environment while providing exceptional durability and resistance to water and chemical stains. Contoured products, such as wood guest chairs and occasional tables, are finished with post-catalyzed vinyl, which provides similar properties and matches the sheen and color of Clarity. Due to natural variations in wood, finished products may vary from samples in color, texture, and grain.

Wood will develop a deep, rich patina over time as the wood ages. Mineral streaks, gum pockets, and pin knots are some of the unique characteristics that are visible in veneers and solids.

All wood products will darken with age and exposure to ultraviolet light. This is especially apparent with cherry and maple veneer.

When storing your wood furniture, please follow the following guidelines:
- Do not store products in trailers
- Store products in areas that simulate office temperatures (60°F to 90°F)
- Store products in areas that maintain constant, office-like humidity levels
- Keep product away from light. Cover products to make sure they are not exposed to light.

Steelcase Wood Finishes

Coalesse will match current Steelcase wood finishes at no upcharge. Finish matches are for color only and do not match the Steelcase finish in sheen.

Natural veneers celebrate the natural beauty of wood with neutral tones.

Plank veneers were intentionally designed to enhance the unique characteristics of wood with natural variations that include grain pattern, color, and texture that are meant to be celebrated.

Steelcase Select Surfaces

In addition to the standard Steelcase veneer palette, Coalesse offers Steelcase Select Surfaces.

Composite veneers are engineered veneer intended to create consistent grain patterns and characteristics with minimal inconsistency within an order. Please note that because these finishes are part of Steelcase Select Surfaces, they may have additional lead times.

Painted MDF

The painted medium density fiberboard (MDF) is utilizing molding grade MDF, therefore, the 45 lb density is consistent throughout the entire thickness of the board. This allows for a smooth edge when painted. Three coats of water reducible finish is applied to the board in a milk or black. The painted MDF has durability and care properties like a wood veneer, thus, must be treated as such.

Wood Veneer Specifications

Cherry
- American Black Cherry
- Flat-cut, plain sliced/book matched
- Quarter-cut/book matched
- Narrow cathedrals, mild grain, minimal pitch
- 5-10" wide leaves of 1/42" thick veneer, balanced on panel
- No gaps between leaves
- PB (particle board) core
- Low sheen 15 or high sheen 35

Maple
- Eastern Hard White Maple
- Flat-cut, plain sliced/slip matched
- Quarter-cut/book matched
- Narrow cathedrals, mild grain, minimal pitch
- 5-10" wide leaves of 1/42" thick veneer, balanced on panel
- No gaps between leaves
- PB (particle board) core
- Low sheen 15 or high sheen 35

Oak
- White Oak
- Rift-cut
- Slip match
- Mild grain
- 4-8" wide leaves of 1/42" thick veneer, balanced on panel
- No gaps between leaves
- PB (particle board) core
- Low sheen 15 or high sheen 35

Walnut
- American Black Walnut
- Flat-cut, plain sliced/book matched
- Quarter-cut/book matched
- Narrow cathedrals, mild grain
- 5-10" wide leaves of 1/42" thick veneer, balanced on panel
- No gaps between leaves
- PB (particle board) core
- Low sheen 15 or high sheen 35

Exclusive (by product)

Teak
- Quarter-cut/book match
- 15 sheen

Ash (Grey)
- Quarter-cut/book match
- 15 sheen

Laminate

Laminate

Coalesse's grouped laminate program includes our standard laminates, Steelcase High-Pressure Laminates, and standard High-Pressure Laminates from Nevamar, Wilsonart, Formica, and Pionite.

Standard Coalesse Laminate

Group 1
Coalesse High-Pressure Laminates are priced as Group 1.

High-Pressure Laminates listed below are not available on all products, check laminate matrix for availability.

2730 Arctic White
2746 Black
2826 White Nebula
2829 Poppyseed
2830 Charcoal
2884 Milk
2886 Maple
2887 Amber Cherry
2890 Folkstone BMV
2891 Ingot
2892 Ash
2895 Natural Walnut
2896 Dark Cork
2897 Desert Oak
2898 Satin Stainless

Standard Steelcase Laminate

Group 1
All Steelcase High-Pressure Laminates may be specified on Coalesse products with exception (must be ordered as Special): Await tables and Enea Lottus tables. The use of Steelcase High-Pressure Laminate may be subject to extended lead times.

Fiber Laminate
2850 Vanadium Fiber
2852 Tungsten Fiber (E)
2854 Vellum Fiber (E)
2860 Granite Fiber
2862 Stucco Fiber (E)

Micro Laminate
2920 Marl Micro
2921 Gypsum Micro
2922 Clay Micro

Patina Laminate
2870 Blonde Bronze Patina
2873 Instant Iron Patina

Solid Laminate
2722 Cream (E)
2730 Arctic White
2746 Black
2759 Warm White
2811 Mist (E)
2883 Seagull
2884 Milk
2885 Dune
2HAA Persian Salt
2HAB Rose
2HAC Indigo
2HAD Green Citrine (E)
2HAE Dark Olivine
2HAF Cloudy
2HMG Merle

Speckle Laminate
2820 Coffee Speckle (E)
2823 Driftwood Speckle
2824 Smoke Speckle
2825 Vanadium Speckle

Woodgrain Laminate
2406 Clear Cherry (E)
2409 Clear Maple
2410 Graphite Walnut
2412 Natural Cherry
2422 Medium Cherry (E)
2511 Winter on Maple (E)
2535 Virginia Walnut
2536 Blackwood
2538 Clear Walnut
2592 Blonde on Maple (E)
2714 Natural Walnut (E)
2HAK Clear Oak
2HAN Ash Noce
2HAT Acacia
2HAW Ash Wenge
2HBN Bisque Noce
2HBW Bisque Wenge
2HCN Clay Noce
2HCW Clay Wenge
2HSN Storm Noce
2HSW Storm Wenge
2HWA Grey Kingswood
2HWB Planked Walnut
2HWD Resolute Walnut
2HWE Natural Recon
2HWF Smoked Walnut (E)
2HWU Clay
2HWV Chalk
2HZA Waxed Maple
2HZB Natural Ash
2HZC Aged Ash
2HZD Ashwood Oak
2HZE Ashwood Beige
2HZF White Washed Birchply

(E) = Excluded

Group 2
Textured Laminate
2TH2 Fawn Cypress
2TH4 Saddle Oak
2TH5 Veranda Teak
2TH7 Walnut Heights
2UH1 Reclaimed Aggregate
2UH2 Reclaimed Gravel
2UH4 Cement*
2UH6 Sheetrock

*2UH4 Cement has limited availability, determined by product sizing and/or options.

Group 3
Solid Laminate
24H1 Satin White
24H2 Satin Black
24H3 Satin Stone
24H4 Satin Mocha

Cugino Soft Exclusive Laminate

Burgundy (RAL 4154)
Pistachio (RAL 4183)
Powder (RAL 4185)
Orange Blast (RAL 4186)

Open Line Laminates

Customers can select laminates that are not offered as standard from select suppliers. Standard grade High-Pressure laminates can be specified in Group 1 (290A) or Group 2 (290B) as indicated below (subject to availability). Group 2 laminates will have extended lead times. Select from any Coalesse or Steelcase standard edge band finish. **Contact Customer Service at 1.800.627.6770 to verify that your laminate selection falls within the categories noted below.**

Directional patterns and woodgrains may be used on freestanding systems products, but will not be patterned matched.

Some standard High-Pressure Laminates, may not be available in the appropriate size to produce large products.

Wilsonart (Group 1)
Standards (matte finish)
Exceptions: High definition which must be quoted as a special. Marker board which is group 2.

Nevamar (Group 2)
Solids (textured finish)
Patterns (textured finish)

Formica (Group 2)
Color portfolio (matte finish)
Patterns (matte finish)
Formations (matte finish)

Pionite (Group 2)
Decorative surfaces (suede finish)

Non-Standard Laminates
Coalesse can supply additional laminates for an upcharge. Contact your Coalesse sales consultant for a custom quotation. Custom upcharges will vary based upon the cost of the material specified and additional labor required to manufacture the products. Some non-standard laminates will not be available in the appropriate size to produce large Coalesse products. A sample of the laminate may be requested for approval. Some non-standard laminates may be subject to extended lead times.

Metal/Paint

Metal/Paint

Coalesse powder coats all painted metal components for an exceptionally durable, environmentally responsible finish — eliminating VOC's (volatile organic compounds) from being released into the environment. Electrostatically charged powder coat material is applied to an exacting thickness and then temperature baked, resulting in a smooth, flawless finish that is abrasion and impact resistant. The following Coalesse metal finishes are available:

Paint

Coalesse Standard Paint—Neutrals

Group 1
4138 Graphite Gloss
4140 Arctic White Gloss
4141 Platinum Matte
4142 Platinum Gloss
4144 Black Gloss (formerly anthracite gloss)

7397 Maple Red

Carbon Weave

LessThanFive Woven Carbon Fiber

4233 Carbon Weave*
*4233 Carbon Weave has a clear coat finish over woven carbon fiber.

Custom Paint

PerfectMatch

Group 3
Custom Capabilities
PerfectMatch Custom Color empowers more personal expression by expanding your color choices through our custom capabilities. Choose any standard paint color or any color to match on select, preset Coalesse products, through a Group 3 paint upcharge. Consult the paint matrix for eligible products and the Coalesse specification guides for pricing.
Tip: Other Coalesse product lines can be quoted through Specials.

Gloss Levels
Custom color requests can be matched in a smooth, non-metallic finish with a gloss (40% gloss level) or matte (12% gloss level) finish. Metallic paints are not available through the custom color program, but can be matched in an opaque, non-metallic finish.

Strike-off Sample
Strike-off samples are not required for standard Coalesse or Steelcase finishes. Pantone® color matches do not require approval, but may be requested at the cost listed below. All other color match requests require a strike-off and customer approval of the strike-off. Strike-offs are produced within 2 weeks and are $500 net per color matched. A dealer PO number is required to initiate the process. We have the following Pantone color books to reference: solid colors (coated and uncoated), home interiors (lacquered on paper), neon/pastel (coated and uncoated), and metallic (coated). For all other matches, a 2" x 2" representation of the color to be matched is needed. A color card/chip is recommended, but fabrics, carpets, accessories, or other samples can be used.

Commercially Accepted Tolerances
The color match from the custom color sample to actual production will be within commercially accepted tolerances. Custom paint colors are formulated to minimize shifts under different lighting conditions. Particular care should be taken if high-intensity discharge light is used at the installation because it can give the appearance of a mismatch between color sample and product.

Custom Color Request Process

1. Initiate a custom color request through our Concierge Specials team:
   1.800.627.6770
   specialsorders@coalesse.com
   - Include Pantone reference number
   - If sending in a physical sample to be matched, please contact our Concierge Specials team for the ship-to address.
   - If strike-off is required or requested, include dealer PO number to charge $500 net fee.
   - Color match requests are processed within two weeks of request, or receipt of physical samples.

2. Upon completion of match or strike-off approval, a special paint finish code will be made available for order entry.

3. Use the custom color finish code to place your order:
   - Group 3 paint upcharge will apply
   - Select custom paint finish 4990 (Group 3 paint) and then enter custom color finish code that has been provided.
   - If a Steelcase PerfectMatch paint has already been approved with ID number, this code can be used to place an order.
   - Additional lead time of 20 working days added to standard published lead time after order is received.

Care and Maintenance

Chrome
Use commercial cleanser and polish, according to manufacturer's directions.

Fabric
Under normal use, clean with soft cloth dampened with water. For spots and spills, we recommend professional cleaning. For COM, refer to the specific cleaning instructions recommended by the fabric supplier.

SW_1 Knit:
Clean with warm water and soap. Wet sponge and wipe fabric. Household cleaners such as Windex may be used. Do NOT use cleaners containing bleach.

Laminate and solid phenolic should be cleaned with soap and water. For stubborn stains, use a non-abrasive household cleaner.

Cleaning Laminate Markerboard Surface
Use dry erase markers only. Remove dry-erase markings with a markerboard eraser or soft cloth as often as possible. Change erasers, as they become dirty. Dirty erasers will leave ink residue on the surface.

For daily cleaning, or as needed, use a dry erase cleaner, or a non-abrasive household cleaner, such as glass cleaner. This may be done with a soft cloth or sponge. Dry the surface with a soft cloth prior to writing. All markings should be removed weekly.

Caution:
- Do not use permanent markers on markerboard surfaces. In the event a permanent marker is used, removal of markings may be attempted by using dry erase cleaner, or by writing over the marking with a dry erase marker and erasing with a markerboard eraser or soft cloth.
- Do not use abrasive cleaners or solvent type cleaning solutions, such as Ketones (Acetone, MEK, etc.) lacquer thinner, nail polish remover, etc. because they may remove the finish from the markerboard surface.

Cleaning e^3 CeramicSteel Markerboard Surface
- Wipe board with a clean cloth moistened by a liquid markerboard cleaner or a solution of 50% water and 50% isopropyl alcohol.
- Rinse with clear water.
- Wipe dry with a clean cloth
  If your board is used daily, the cleaning should be performed at least 2-3 times a week.

More thorough cleaning may be required if writing is left on the board for more than two days.

Markers
Use any high-quality dry erase marker.

CAUTION! The use of Low Odor markers may cause ghosting to occur. If Low Odor markers have been used, the surface can be completely cleaned by following the cleaning instructions above. Remember to discard eraser if used with Low Odor markers.

Removing Permanent Marker
Option 1:
- Write over the top of the permanent marker ink with a dry-erase marker
- Simply erase

Option 2:
- Moisten a clean, dry cloth with isopropyl alcohol
- Wipe the board in a circular motion to loosen marker residue
- Rinse with clear water
- Dry the board with a clean cloth
- Repeat these steps as necessary

Installer's Instructions for Initial Cleaning at Time of Installation
NOTE: These initial cleaning instructions are shipped with every board.

- For initial cleaning, wipe your board with a clean cloth moistened by a mild, alcohol-based cleaner.
- Rinse with clear water. This step is simple, but very important.
- Wipe dry with a clean cloth.

Leather
Under normal use, regular dusting and vacuum cleaning are all that is necessary. For spots and spills, wipe excess liquid immediately. If necessary, use lukewarm water cleaning the entire area where spot occurred and air dry. For stubborn spots or stains, use a solution of mild non-detergent soap and air dry. For butter, oil, or grease, wipe excess with dry cloth and then leave alone. The spot will dissipate into the leather. Do not apply water.

Faux Leather
Under normal use, clean with soft cloth dampened with water. For spots and stains, use the recommended mixture of Woolite and water. Rinse with clean water and air dry.

Granite/Glass
Under normal use, clean with Windex and soft cotton cloth.

Powder coat finishes on chairs and table bases should be cleaned with a liquid detergent and water. Remove stubborn stains with liquid cleanser, such as Formula 409.

Polished Aluminum finishes on table bases and chair arms should be cleaned with a commercial powder, liquid, or paste metal cleaner and polish. Follow the manufacturer's directions.

Veneers and painted MDF should be cleaned regularly with mild soap and water and dried with a soft cloth.
Tip: Never use ammonia-based cleaners or wax on wood surfaces.

Protecting Wood Surfaces
Use desk pads and coasters to help protect the finish against dents, scratches, moisture and hot and cold liquids. Do not use desk pads that have plastic backing. Use felt or leather pads on the bottoms of office equipment and accessories.

Periodically move desk accessories and other objects kept on the worksurface to ensure even aging.

Lift objects when you move them, instead of pulling or pushing them across the surface, to avoid scratching the surface. Avoid leaving vinyl binders on worksurface for long periods.

If you use a protective glass top, insert felt pads between the glass and the worksurface, to create an air space and allow the wood to breathe.

Keep your furniture away from direct sunlight. Avoid extreme temperatures and humidity. Maintain temperatures between 60 and 80 degrees Fahrenheit and humidity levels between 30 and 50 percent.

Cleaning Wood Surfaces
Keep a supply of soft, clean, absorbent cloths handy for wiping up spills and regular dusting.

To dust, wipe with a slightly damp, soft cloth, using another soft cloth to dry. Always wipe the surface in the direction of the woodgrain.

Use a quality cleaner or flax soap formulated especially for use on wood surfaces. Do not use oils or ammonia. Dilute the cleaner as directed by the manufacturer. Dampen but do not saturate a soft cloth with the diluted cleaning solution. Wipe the surface in the direction of the woodgrain to remove dirt and fingerprints. Wipe the surface clean with a soft, dry cloth.

Care and Maintenance

For LessThanFive Chair Finishes:

- To clean a chair, start with water and a soft cloth, like microfiber (do not use abrasive cleaners or materials like paper towel)
- If water does not clean the chair, use a common solution, like Formula 409 or window cleaner, with a soft cloth
- For removal of indigo from denim, use isopropyl alcohol (rubbing alcohol) with a soft cloth
- To remove small scratches on the high gloss Carbon Weave chair, only wax-based paste, like SC Johnson Paste Wax or Trewax Clear Paste Wax, can be used. Waxing is not recommended for matte chairs, as this will change the matte finish of the chair.

For Fusion Fabric:

Following these guidelines will help to extend the life of the fabric:

- Clean regularly with soap and water
- Wipe up spills as soon as they occur
- Use alcohol based cleaners, such as Fantastik® and Formula 409®
- Sanitize using disinfectants such as: bleach (20%) water solution, hydrogen peroxide based, or quaternary based
- For stubborn stains, wipe the stain off with isopropyl alcohol (rubbing alcohol) as soon as possible
- Thoroughly rinse all solution residue with clean water
- Air dry

For Free Stand:

- Clean the aluminum frame and worksurface frequently by applying a household cleaner (such as Formula 409 or Green Works®), and wiping dry with a clean, soft cloth.
- Avoid using Clorox disinfecting wipes, hand sanitizer, Mr. Clean Magic Erasers, or ethyl alcohol, as these can lead to severe staining, discoloration, or peeling of paint.
- Exercise caution with the worksurface in proximity to sharp objects and when setting a unit down on an abrasive surface, such as pavement or concrete. Contact with sharp objects or abrasive surfaces can cause scuffing and scratching of the work surface.
