

2026 April Culling Announcement

Table of Contents

In a continued effort to make Steelcase easier to do business with, you will be notified of our culling activities in April and October.

We realize some deletions require 12 months customer notification before last ship, while other lower volume items with minimal customer impact need 6 months notification.

The 2026 April Culling Announcement contains two last order entry dates and two production dates:

- Last order entry October 18, 2026 (LOE)
- Last production December 13, 2026 (MAD)
- Last order entry April 18, 2027 (LOE)
- Last production June 13, 2027 (MAD)

See the Table of Contents for products and surface materials impacted by each deletion date.

Contact your Steelcase sales representatives for customer impact reports so you can notify your customers in a timely manner and transition them to new products.
