

## Product Compliance Laboratory Confirmation of Product Compliance

5/27/2015

**Steelcase Currency** products have been designed, engineered, and manufactured, to meet or exceed all applicable **ANSI / BIFMA (American National Standards for Office Furnishings)** requirements for safety and performance.

Samples representative of current production have been tested and found to be in compliance with the following ANSI / BIFMA Test Requirements:

### **X5.5 Desk and Table Products Tests**

Desks, Single and Double Ped  
Returns  
Tables  
Worksurfaces

### **X5.9 Storage Product Tests**

Files  
Overhead Storage  
Mobile Carts  
Bookcases

### **S6.5 Small Office / Home Office Tests**

#### **ASTM F2057-04 Standard Safety Specification for Chests, Door Chests, and Dressers<sup>1</sup>**

#### **ASTM E84 Standard Method of Test for Surface Burning Characteristics of Building Materials.<sup>1</sup>**

Tackboards with Standard Steelcase fabrics of 100% Polyester

1. This specification is not included in the scope of accreditation.

Steelcase uses its own ISO 9001 registered and ISO 17025 accredited laboratories, and accredited independent laboratories, to verify compliance to the Standards and requirements listed. A list of accredited independent laboratories is available upon request.

Sincerely,

Jeff Musculus – Director, Global Testing, Codes & Approvals

#### **Note:**

This document may be reproduced in full only.

Steelcase products are designed and tested for code and standard compliance when installed and used as an integrated product solution in accordance with Steelcase application guidelines and assembly directions. The use of unauthorized non-Steelcase components, parts, or materials with integrated Steelcase product solutions **VOIDS** all Steelcase claims of product compliance to BIFMA, UL, CSA, LEED, and / or any office furniture safety or performance standards, including all building, fire, and electrical codes. This exclusion includes but is not limited to the use of non-Steelcase panel supported work surfaces, leg supports, panels, brackets, shelves, overhead bins, and other integral components. The use of non-Steelcase components in an integrated product solution not designed, tested, or supported, by Steelcase is an unauthorized modification of the original product which voids all Steelcase warranties, expressed or implied.
