**Beauty and utility.**

Refined in design and versatile in application, the Enea Collection brings comfort and functionality to any café area or gathering space. Multiple heights and materials — in tables, stools and chairs — promote an easy mix of settings that will enliven collaborative and social environments.

As well-engineered as it is beautiful, the Enea Collection is casual furniture for touchdown meeting spaces and cafés.

Enea seating includes stacking chairs and stools, with and without arms. With a higher back height than most side chairs, Enea offers a greater level of comfort and support.
