Legs & endcaps

Structured powder coating*

Materials	Key facts	Thickness	Layer thickness	Density	In/ outdoor	Water	UV colour fastness	Flame retarding
		inch	micron					
Coated fiberglass tabletop & benches	- Made with pultrusion technique: a non-stop process of fibre glass wires pulled through a bath of polyester - Strong - Lightweight	0,10	n.a.	0,11 10³lb/ft³	Outdoor & indoor	n.a.	Very good: color can fade to some extent when exposed to UV	/
Structured powder coated electro galva- nized steel legs	- Easy to clean - Electro galvanized (for extra protection against rust), then powder coated - More scratch-resistant than non structured powde -coat- ing	0,11	100	0,47 10³lb/ft³	Outdoor & indoor	n.a.	Very good: color can fade to some extent when exposed to UV	NEN- EN13501- 1 A1 *
Polyamide feet	- Injection-moulded nylon - Adjustable in height and surface	n.a.	n.a.	0,07 10³lb/ft³	Outdoor & indoor	n.a.	Very good	/

* NEN-EN13501-1 A1

Class A1 products will not contribute to fire in any stage, including fully developed fire. For this reason, they are assumed to be capable of satisfying all requirements of all lower classes as well.

Warnings

General

- Do not use any sharp tools to open the packaging.
- We strongly advise against using power tools.
- Tripping hazard, mind your step.
- Do not put out cigarettes on the table.
- Not graffiti proof.
- Do not leave children unattended whilst playing on the table.
- To avoid danger of suffocation, keep plastic bags away from babies and children.
- Colors can differ over years and from batch to batch.

Product

- Do not drag the table, but carry it with minimum 2

people.

- Anchoring the product has to be done by qualified people.
- For anchoring: use suitable bolts or screws from a specialized store depending on the material your terrace is made of.
- We strongly advise you against standing on top of the table! A concentrated load can cause small perceptible cracks in the profiles that might be visually annoying, although they do not affect the strength of the table in any way.
- For table with 3 legs or more, we recommend using trestles to attach the table leg assemblies to the tabletop, instead of keeping it upside down.

Coated fiberglass

- Do not use abrasive scouring powders or scourers as they will scratch the surface.
- Color can fade to some extent when exposed to UV.
- Dark colors can get very hot in sunny weather.

Applications

Residential: on terraces, patios, courtyards, shared gardens. Indoor or outdoor, as a dining table, ...

Project: hotel and catering industry, company terraces, public spaces, offices, meeting rooms, bars, ...

Good to know

- 21,65 inch bench space / person - 27,56 inch chair space / person.
- The average transport volume is 6,00 ft³ / person, which is really low.
- Fibre glass reinforced polyester resin material is made with the so-called pultrusion technique. Pultrusion is a non-stop process of pulling fibre glass wires through a bath of polyester resin and letting them harden in a matrix afterwards to get their final shape.
- Main advantages of this material are its strength and low weight.

Awards

Floor fastening

Marina combo comes with an optional floor fastening set.

Find more instructions in the manual.

F.a.q.

Q: What is the biggest size possible?

A: We have produced a 30m table, the only problem is transport. We can deliver tables up to 6m without extra costs.

Q: What about UV-resistance?

A: By adding special additives, the material of the Marina picnic has a much higher UV-resistance than other white synthetics. We don't have to tell you that that white will not stay brilliantly white.

Q: Are the legs corrosion-resistant?

A: The legs are first galvanised, and powder-coated afterwards. This way, we have a double protection layer.

Q: Can we make different combinations?

A: The combinations on the previous pages are only suggestions. The only limit is your own imagination.

Maintenance

Find maintenance instructions at the downloads section of extremis.com for:

POWDER COATED PARTS

- White powder-coating obviously requires more maintenance.
- Clean stains with a magic eraser.
