

# How to: Find Revit Models

---

Instructions for searching and downloading Revit families.

# Method 1: Steelcase Revit Resources

The screenshot shows the Steelcase Revit Resources website. At the top, there is a navigation bar with links for New, Products, Ancillary Collection, Spaces, Design Resources, Research, and About. Below the navigation, the word "Revit" is prominently displayed. On the left, there is a sidebar with a search bar and a "REFINE RESULTS" section. The "REFINE RESULTS" section includes a "PRODUCT CATEGORY" dropdown and a list of categories with counts: Seating (181), Table (96), Miscellaneous (478), Worksurface (35), Panel (32), and Show More. Below this are links for Revit Material Library, Need help viewing the files?, Have a translation request?, and Contact [revit@steelcase.com](mailto:revit@steelcase.com). The main content area displays a product card for the "Moooi - Perch Light". The card features a small image of the light fixture, the product name "Moooi - Perch Light", and a "DOWNLOAD" button. Below the card, there is another image of the light fixture.

## Access Revit Resources Steelcase website

Click this Link to access:  
<https://www.steelcase.com/resources/revit/> .

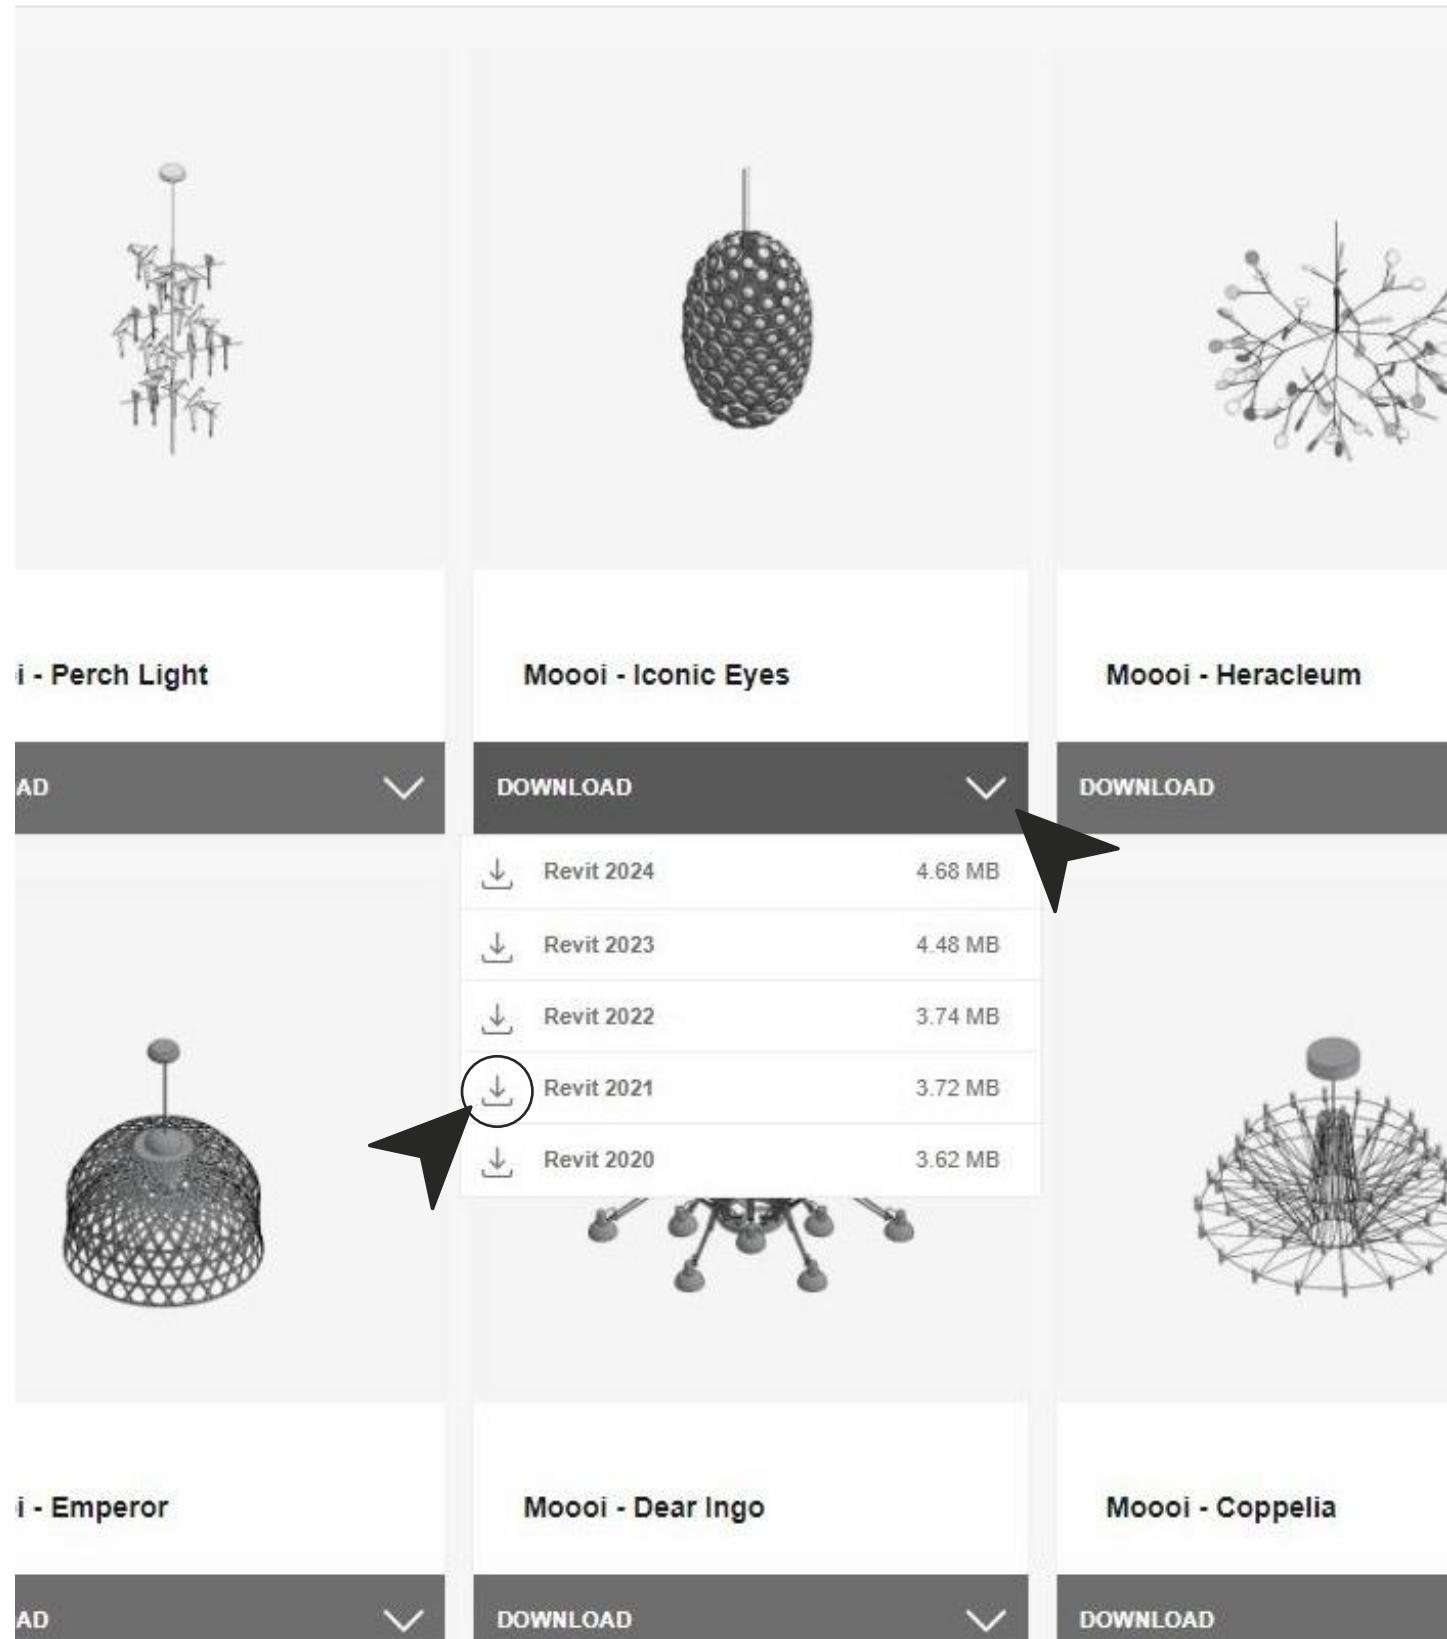

The screenshot shows the 'Design Resources' section of a website. On the left, there's a 'SEARCH' bar with the text 'qivi' and a 'REFINE RESULTS' section. Below these are 'PRODUCT CATEGORY' tags, each with a checkbox. The categories listed are: Seating (2), Table (2), Miscellaneous (3), Freestanding Storage (2), and Panel (2). There's also a 'Show More' link. At the bottom of this sidebar are links for 'Revit Material Library', 'Need help viewing the files?', 'Have a translation request?', and 'Contact [revit@steelcase.com](mailto:revit@steelcase.com)'. The main content area shows a search result for 'Steelcase QiVi 428 Series'. It features two images of the chair, the product name, and a 'DOWNLOAD' button. A large barcode is visible at the bottom of the page.

**Search box:** You can search by writing the brand, Product Line or Style number .

**Tags:** You can filter the options shown by checking the box with the desired category .

# Search the product line.

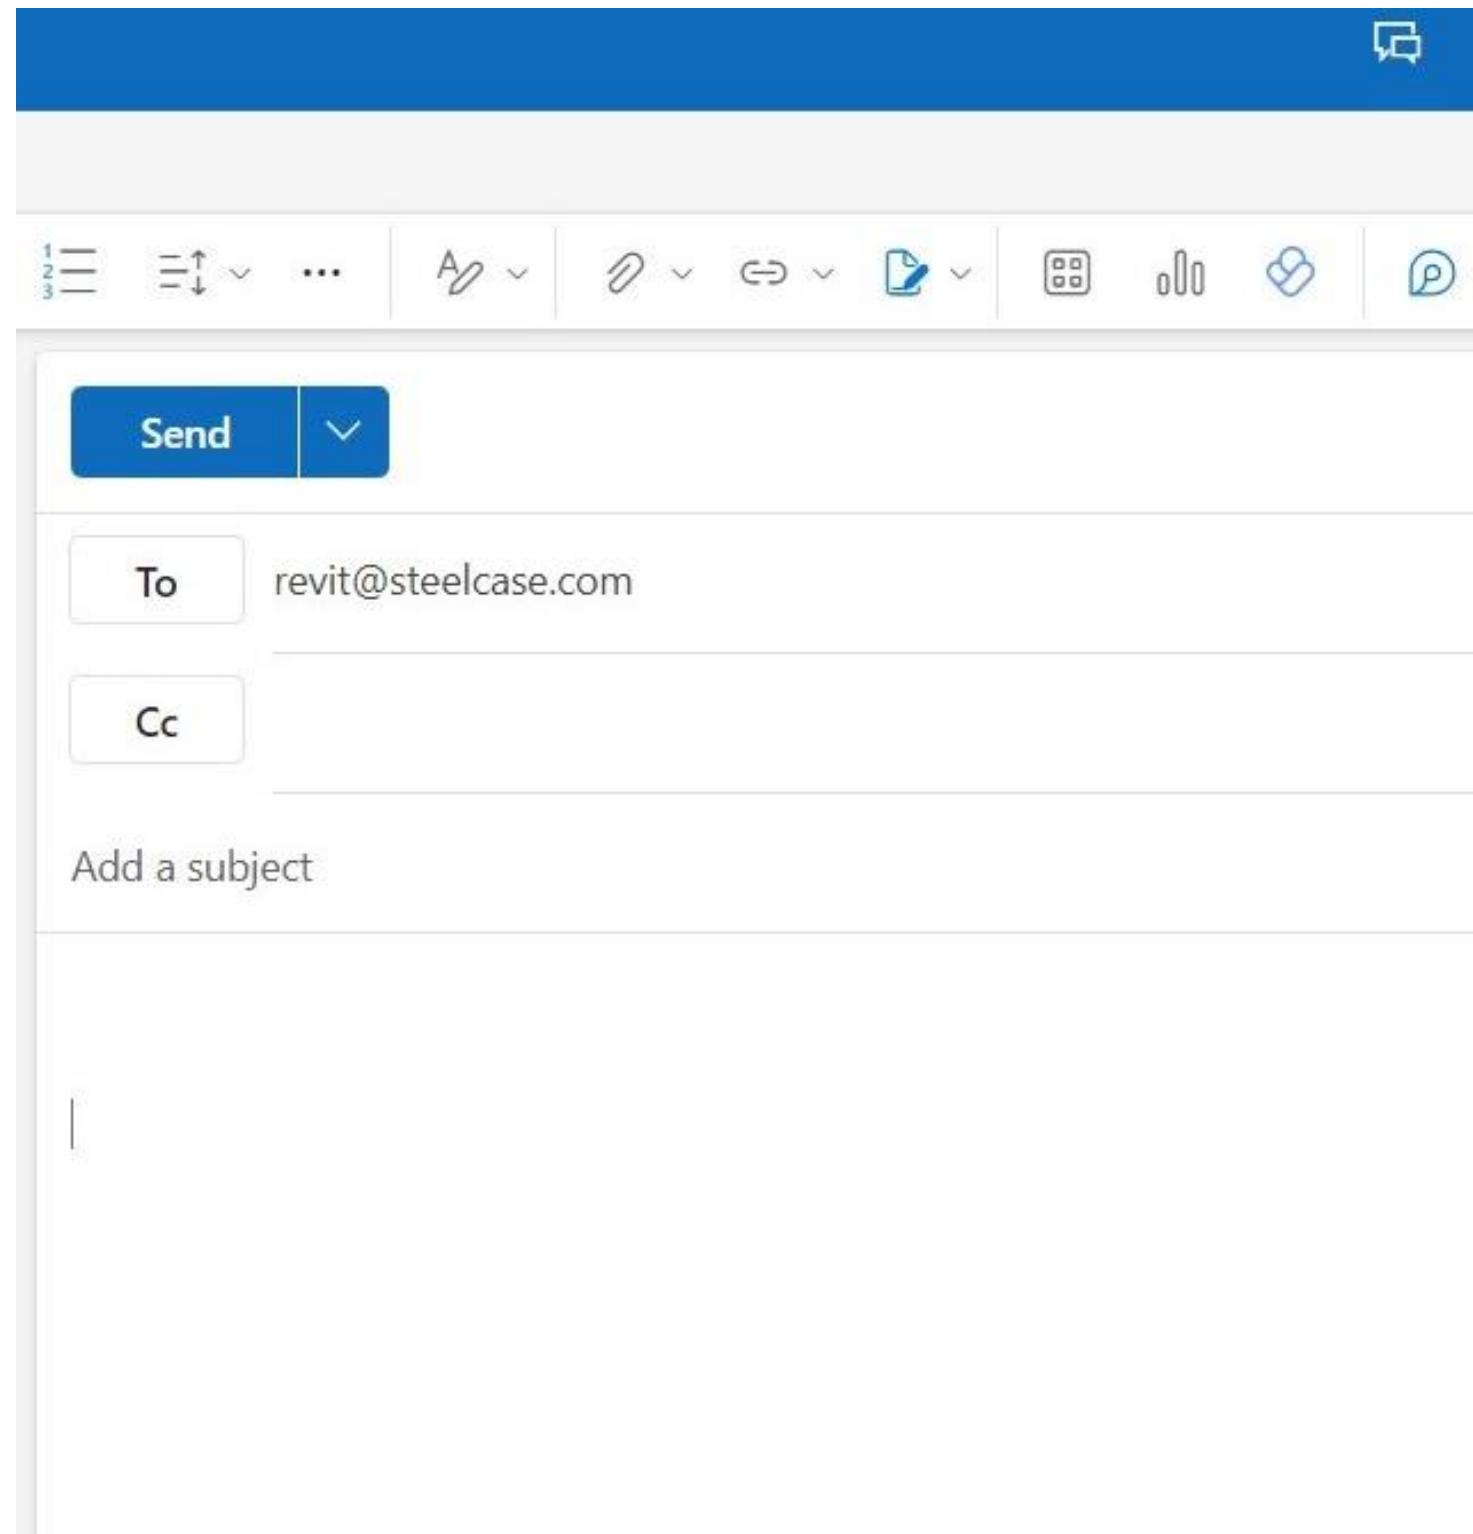

Scroll down, filter by tags or write the product's name in the search box to find the family

# Download

Once you find the family, click the “download” button to display the different Revit versions. Click the download symbol of the preferred Revit version. You must unzip the file to use the models.

# Method 2: Contact Revit Team

## Contact us!

If you cannot find the files or have any doubt, do not hesitate and send us an email at: [revit@steelcase.com](mailto:revit@steelcase.com).
