# Understanding and Specifying Kart Series Multi-Use Seating

## Product Details

Kart Series	230
Dimensions	232

## Specifying

Nesting Chairs	234
Stools	238

# Kart Series

**Kart seating collection**

offers solutions for classrooms, cafeterias, training rooms, and multipurpose rooms.

**Seat height** adjusts within a 5" range with a pneumatic adjustment mechanism.

**Casters** have hard, dual wheels that roll smoothly on carpets. Soft, dark grey treaded, dual-wheel roll-control casters are available for use on hard floors or mats.

*Tip: Do not roll the chair across asphalt during installation as this may damage the casters.*

**Arms, glides, and back-seat connection** will always be black.

**Flip** the seat on the nesting chairs and eight Kart chairs can nest in the space of two and a half.

**Tilt tension adjustment** allows you to control the amount of resistance needed for reclining.

**Four-arm base** is standard on nesting chairs.

**Back lock mechanism** allow users to lock the back in an upright position.

**Stools** do not nest.

**Adjustable 19" diameter chrome foot ring.**

**The stool** has a five-star base.

**Product Details**

**Nesting chairs and stools with casters** are available with or without arms.

**Kart** is available non-upholstered, upholstered seat only, or upholstered seat and back.

**360° swivel motion** is locked when in nesting mode (seat up and engaged with base).

**Nesting chairs** have the ability to nest five chairs in a space of 4'6", or 54". Each additional chair adds 7" to the overall nesting length.

**Kart chairs and stools** come standard uncartoned. There is an option to have Kart cartoned.

## Adjustment Features

**Adjustability instructions** are included with every swivel-base chair. Instructions can also be found at [www.steelcase.com](http://www.steelcase.com).

## Seat Adjustments

**Seat height** adjusts pneumatically. To lower, hold handle up while seated. To raise, hold handle up and keep your weight off the chair. Range of adjustability is 5".

**Seat** flips on nesting chairs. Pull the lever under the seat toward the front of the chair and tip the seat up. As the seat releases, the pneumatic lift activates and pushes the chair to its full height position. To lock, spin the chair until the seat engages with the base tooth.

**Tilt Tension.** To loosen, turn control knob counter-clockwise. To tighten, turn control knob clockwise.

## Back Adjustments

**Forward back lock** on nesting and stool with casters. Lean forward, pull triangular knob out until it stops.

## Foot Ring Adjustments

**19" chrome foot ring** adjusts 8½"H to 15½"H by rotating it left or right.

## Other Features

**Hard dual-wheel casters for use on soft floors** come standard on nesting chairs as well as stools with casters.

**Soft dual-wheel casters for hard floors on nesting or five-arm base stools** are available for specific applications.

## Surface Materials

▶ See surface materials on page 634 for specific availability or refer to the *Surface Materials Reference Manual* for further information.

**Fabric and leathers** will appear loose with comfort wrinkles when upholstered.

**Back frame and seat shell** are plastic on all Kart models.

## Upholstery

- Fabric
- Leather
- Elmosoft Leather

## Hard Components

(Base, back supports, and arm support bar)

- Aluminum with paint

(Rub strips, yoke strips, non-upholstered seat, and back)

- Plastic

(Café stool steel frame)

- Paint

## Arm Caps

- Black plastic

## Foot Ring

- Chrome

## Casters

- Black only

## Glides

- Standard on café stool and optional on nesting and stools with casters.

## Extra Foam

- Available on nesting and stools with casters.

## Programs & Services

▶ See the *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

## The Customer's Own Material (COM) Program

offers the opportunity for customers to select fabrics that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Through the COM program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM fabric directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM fabrics and details regarding yardage requirements for most Seating lines, visit the COM website. To locate the COM website:

- Visit [www.steelcase.com](http://www.steelcase.com)
