Migration™
height-adjustable desk

Steelcase

An all-the-essentials ergonomic desk

Migration™ has everything you need, delivering on performance, value and user wellbeing. This height-adjustable desking option supports movement, as people shift postures from standing to sitting and back again.

+AESTHETICS

Migration is a natural choice for customers seeking a great range of options. Its clean worksurface is a canvas for your choice of any Steelcase laminate or veneer finish.

+VALUE

Details matter. Cable management options help keep unsightly cord clutter out of the way. A vertical cable riser connects to the Migration leg or Answer fence, while horizontal cable brackets neatly manage cords and wires beneath the worksurface.

+ERGONOMICS

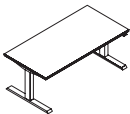

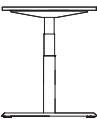

Comfort matters. Migration meets BIFMA ergonomic guidelines, accommodating the widest range of user needs. Two controller options make changing desk height and feeling well at work easy.

+QUALITY

Migration meets high Steelcase standards for quality and user convenience – at an affordable price point. Combining everything you need in a trustworthy desk and integrating seamlessly with the Steelcase portfolio, Migration delivers.
