250 lb. Weight Capacity

Versatile Design

Migration SE caters to a broad range of applications. Optional 90-degree or 120-degree corners optimize space and foster individual focus, while integrated storage pieces provide a home for tools and work materials. Remarkably versatile for creating the perfect work environment.

Performance Features

Basic + Extended Height Range

Range of Controllers

Round or Rectangular Leg

Power + Cable Management

360 lb. Weight Capacity

Migration Pro

Elevated Beauty

Migration Pro provides beauty that breaks the mold for height-adjustable desking. Choose from a variety of luxurious finishes and worksurface shapes, along with optional rounded legs and feet that offer a soft organic look. Tailor this high-performance desk to match any aesthetic—from subtle elegance to bold and expressive statements.

Quiet Achiever

The quietest desk with standard speed adjustment in the Migration Collection, Migration Pro offers impressive width options—reaching up to 96 inches for expansive workspaces—and a weight capacity of 360 pounds for heavy technology users.

Migration Pro with Boost

Captivating Design

A wide array of design options including premium finishes and worksurface shapes, along with an elevated leg and foot style ensures that Migration Pro with Boost complements any workspace aesthetic.

Uncompromising Speed

Migration Pro with Boost takes the beauty of Migration Pro and elevates the user experience with effortless speed—adjusting at over 3 inches per second for seamless transitions between sitting and standing. This high-performance solution sets a new standard for efficiency.
