

# Workplace Research

## ***Want more Informal Environments***

Create spaces that are welcoming, restorative, and energetic.

## ***51% of Time Spent Collaborating***

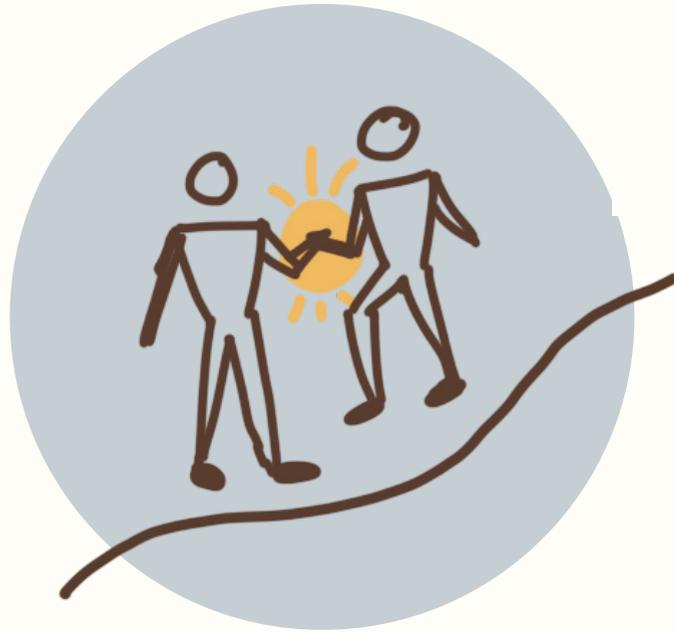

Create variety in collaborative spaces in scale & formality.

## ***Value Connection, Focus, & Technology***

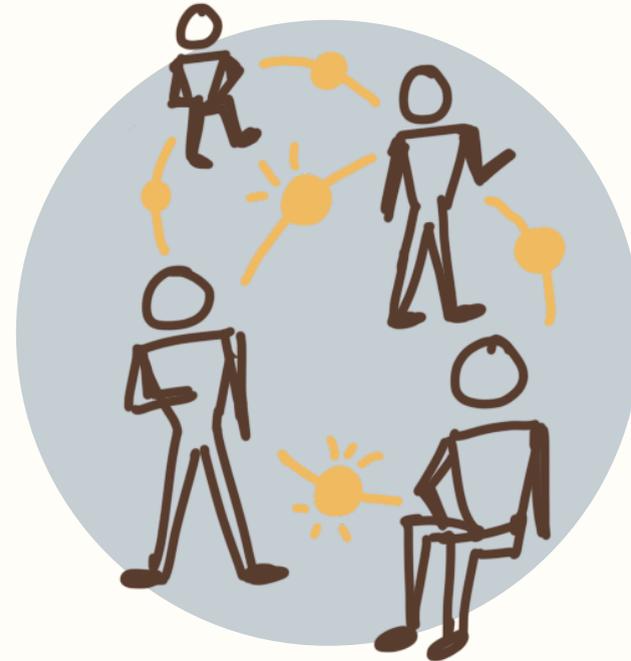

Create innovative spaces that allow for focus & collaboration.

# Design Values

## Include

Create integrated team spaces promoting collaboration & conversation.

## Connect

Create opportunities to build professional relationships and foster mentorship.

## Innovate

Create adaptable and tech-infused spaces to allow for fresh new ideas.

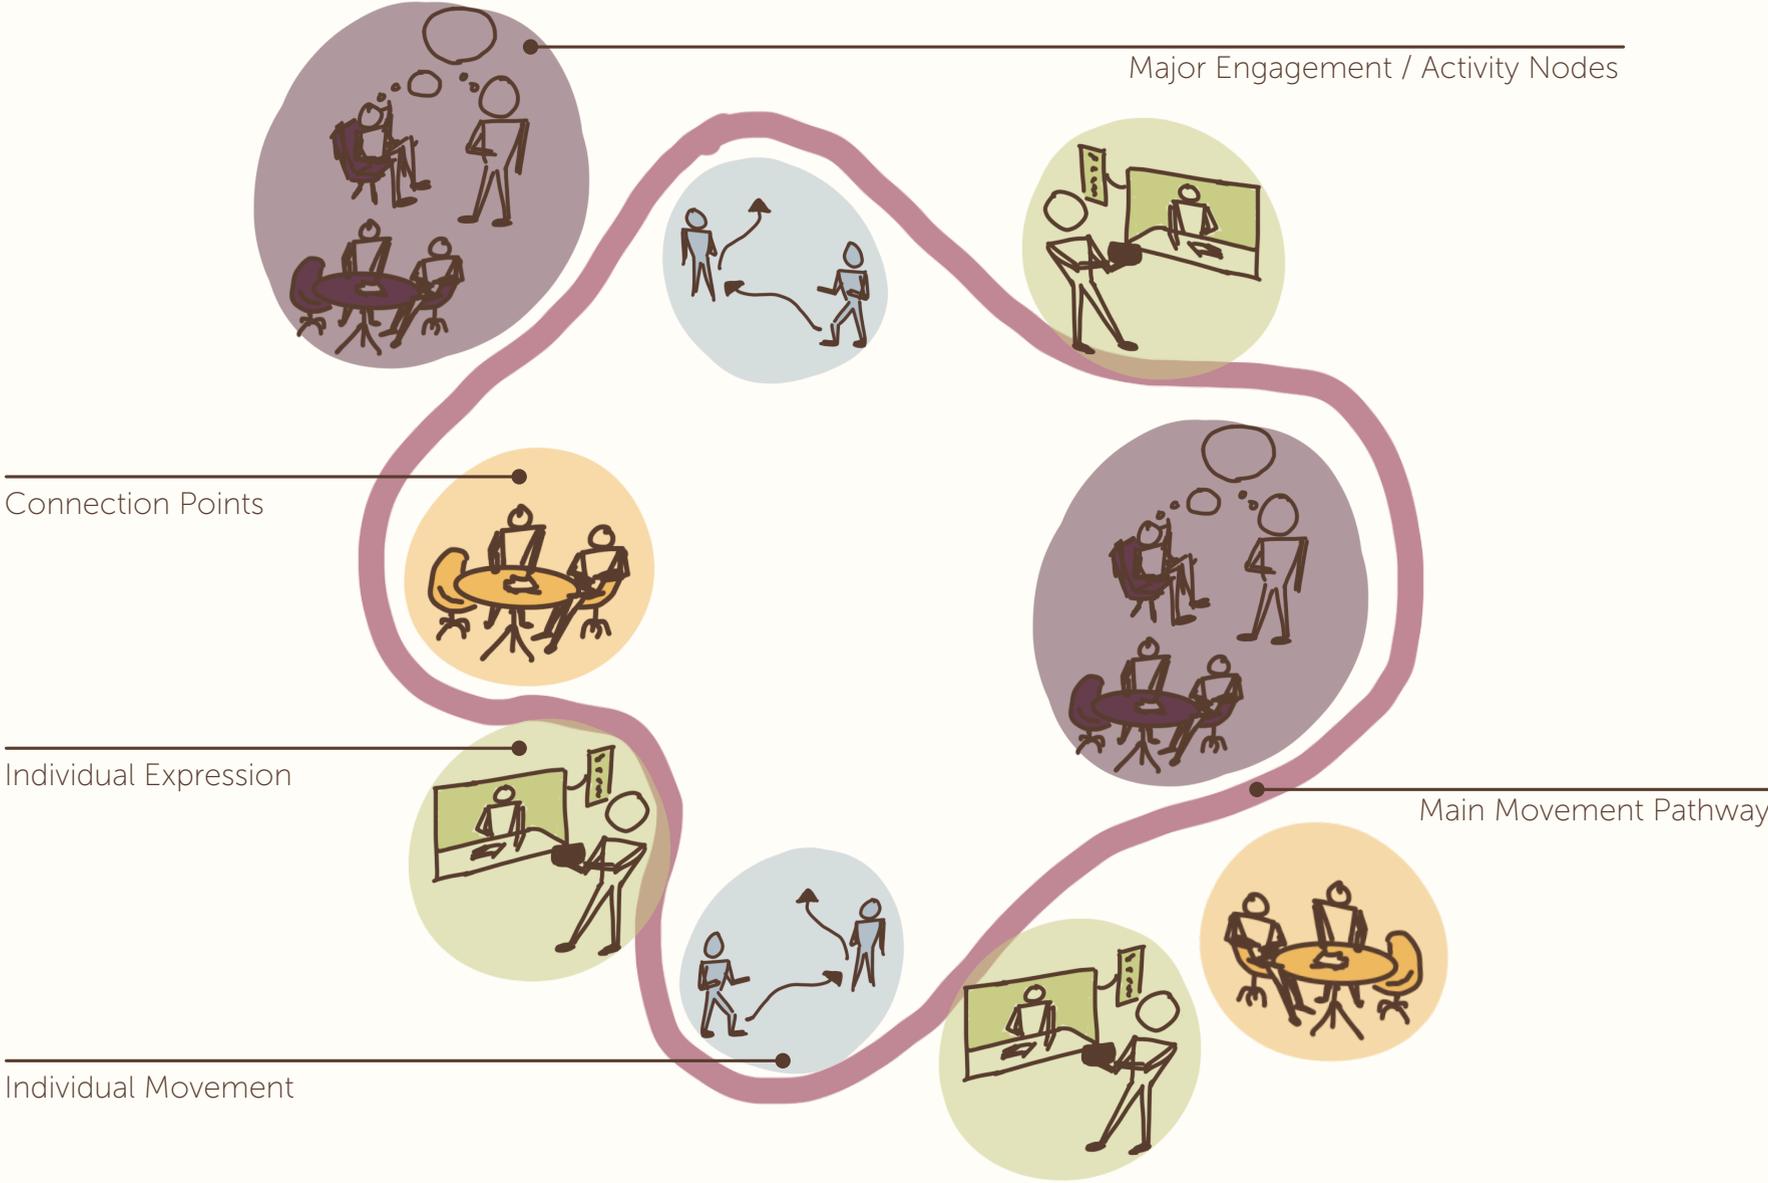

## Belong

Create a variety of spaces incorporating different sensory experiences & biophilia.

**Coming together to form one larger community...**

# Local Context - Produce Markets

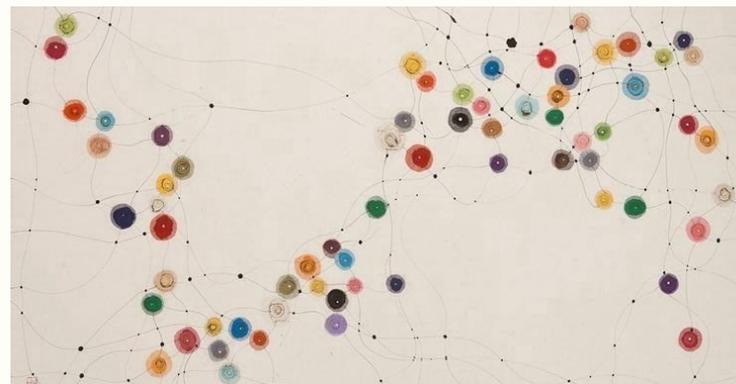

# Building Community in the Workplace

Concept Development

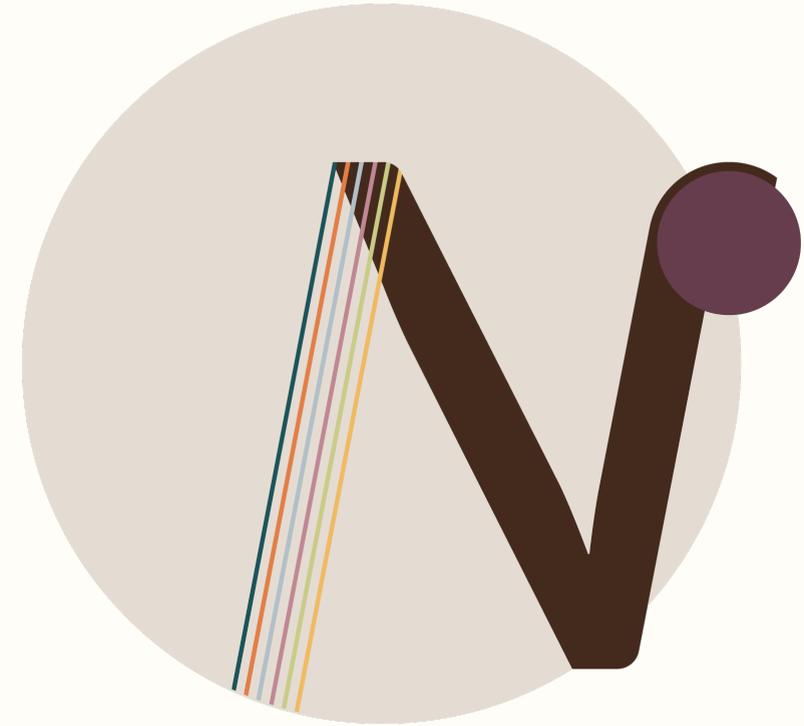

NEXT Law's Los Angeles office aims to *innovate* by referencing their active local context. Referencing the many local produce markets, NEXT creates community by promoting connection at every scale.

From individual zones to social engagement hubs.

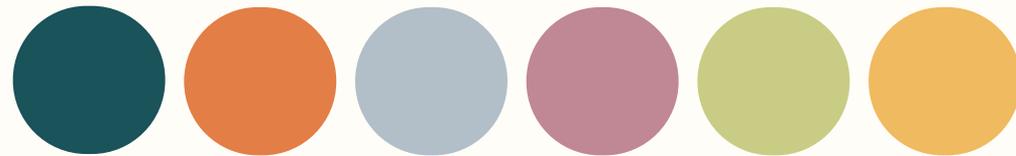

Creating spaces that bring us together as one office...one community!

# Brand Expression

6 Individual Strands...

Create one collective community

# Spatial Typologies

Market connection strategies define the use and openness of spaces

- Edges are dedicated to the individual expression of ideas
- Small connection points are dispersed throughout
- Major activity zones acting as central nodes

Reference to Local Produce Markets
