

# Aspect

## A high back sofa system

Aspect is a succinct sofa system available in high-back configurations and designed to facilitate the creation of exciting, workable, sociable clusters and landscapes of soft seating. The elegant Aspect sofa makes a dynamic architectural statement:

**Aspect High** has become an essential Orangebox product thanks to its ability to create working privacy within even the largest open-plan spaces easily. The fact that Aspect High is fully upholstered creates opportunities to enrich any

interior space visually through texture and color blocking.

**Aspect Media** is an enclosed, semi-private working booth. Configurable as a 1+1 unit, a 2+2 unit, or a 3+3 unit, it can be specified with power/data capability and a monitor mounted onto the fixed upholstered panel.
