

Avi

A classic low or high back armchair

Part of the Smartworking landscape of upholstery products, the Avi reflects a core Orangebox belief: that contemporary offices call out for great design, realised with clarity and finesse.

Avi is available in two back options, low and high, the latter offering workers in open plan spaces a higher degree of privacy to provide more variety and design choice, Avi low and Avi high can be used individually or together, specified with either a wire frame or a flat, four-star base.

Avi is complemented by a number of occasional tables in a variety of standard finishes.

Product Range
