

BRINGING
NEW LIFE TO WORK

Potrero415 Tables

THE NEW
CENTERPIECE
OF OFFICE
LIFE

Potrero415 Tables

Designed by the Coalesse Design Group

A better way to work together.

Meetings have been waiting for this. A refreshing antidote to the conventional conference-room table. Designed for creative collaborators, Potrero415 is an accessible gathering point, a centerpiece at the vanguard of a new standard of craft in today's office.

Potrero415 Tables

Potrero415 Tables

Potrero415 Tables

Right for anywhere.

This is a table that lets you make your mark. Create inspiring settings – from open-plan casual to conference-room formal – with a wide variety of materials, shapes, and sizes. Potrero415 supports all the ways your people work: inside or outside a meeting room, sitting or standing, for long sessions or short bursts of creative energy.

Seated Height Tables

Go to great lengths.

The patented Potrero415 framework and leg system supports tops that can span impressive lengths. Technology is quietly accommodated with tabletop connectivity options, an under-table central trough and hollow legs that make cables disappear. Beautiful, durable, relevant, Potrero415 is the new centerpiece of office life.

Standing and Seated
Height Tables

Details

Potrero415 Tables

—— **Adjustable glides.** Height-adjustment leg rings may be seamlessly painted to match or highlighted in one of three jewelry-like metal finishes.

—— **Profile and scale.** The table's lightness, strength and comfortable scale invite creative gatherings.

—— **Adaptive power.** Optional modules support connectivity anywhere along the tabletop into an under-table central trough and cables disappear through hollow legs.

—— **Limitless personalization.** Choose from a wide range of shapes, sizes and surface material options including customization programs for tops and painted bases.

—— **Bottom tray.** Conceals all cords and cables and creates a clean aesthetic on the underside of the table.

—— **Wire management.** Cables and infeed are seamlessly managed to the floor through the legs or with cable managers on the outside of the legs.
