Features + Benefits

Simply smart

Steelcase Powerstrip Intro is available in white and merle – classic, neutral finishes that work well with others. It's part of a family of Intro accessories, including CF Series Intro Monitor Arm, LED Intro Task Light and SOTO Intro Bundle, that make it easy to complete your Steelcase workspace.

Power and USB convenience

Four convenient UL listed configurations meet today's trending technology needs. Power outlets paired with USB-A and USB-C ports are a must have for charging phones, headphones, smart watches and more.

Also available with Powerstrip Intro desktop power is UL-listed Under Worksurface Utility Power with a choice of 4 or 7 outlets. Ideal for powering multiple monitors, computer, task light, Steelcase Flex Dock, height-adjustable desks and more.
