Understanding and Specifying Steelcase Series 2

Steelcase Series 2

Steelcase Series 2

Now available as a CarbonNeutral product, making sure our commitment to a more sustainable future helps yours too.

Steelcase Series 2 is the attainable, high-performing task chair that can be personalized with extensive style choices. Its backrest signals comfort and sophisticated support, while the slim profile and light scale look can help optimize any space. The back features an innovative geometric design that flexes in two dimensions to provide continuous support for the spine.

Back frame and seat shell are plastic. Fabric back cover and quilted back are available as options on fully upholstered versions.

Lumbar height adjusts 3¾".

Air LiveBack technology works through an innovative geometric design that flexes in two dimensions as the user moves to create responsive, personalized comfort and fit.

Arm width adjusts 2¼" in each direction.

Arm height can adjust independently within a 4" range to help relieve upper back and shoulder fatigue.

Five-star base is available in plastic or polished aluminum.

Seat height adjusts within a 5" range with a pneumatic adjustment mechanism. Short or tall range are available as options. Stools have a 7¾" range.

Comfort dial provides three settings for the user's personal preference and work style.

Casters have hard, dual-wheels that roll smoothly on carpets. They are 2½" for increased mobility. Soft, dual-wheel roll-control casters are available as an option for use on hard floors or chair mats. Glides are also available as an option. *Tip: Do not roll the chair across asphalt during installation as this may damage the casters.*

Arm depth can be adjusted approximately 3".

Arm caps can pivot 30° inwardly and outwardly.

Seat depth adjusts within a 2¾" range.

Product Details
Integrated LiveBack automatically creates the flexibility and movement in the backrest to ensure dynamic back support during recline. Height-adjustable lumbar comes standard on Steelcase Series 2.

Steelcase Series 2 is available in four back types: plastic air back, 3D Microknit, fully upholstered, and quilted upholstery. A fabric back cover is also available on fully upholstered versions.
Advanced weight-activated mechanism with a natural fluid motion keeps users oriented to their work.
Rectilinear arms with soft caps are standard.

Uncartoned request on your dealer purchase order means Steelcase Series 2 chairs will ship blanket wrapped and fully assembled.
Tip: Select cartoned if a box is preferred, cartoned chairs will ship unassembled.

Cartoned request on the dealer purchase order means Steelcase Series 2 chairs will ship knocked down in four pieces. This allows for shipment in a smaller carton. Assembly does not require tools. Assembly instructions are included.

Product Weight
- Series 2 upholstered chair: 37.4 pounds
- Series 2 3D Microknit chair: 36.1 pounds
- Series 2 AirBack chair: 35.8 pounds

CarbonNeutral.com

CarbonNeutral product Series 2 helps organizations achieve their carbon emissions goals. Add **CN** to the end of the style number to specify Series 2 with CarbonNeutral product certification.
Adjustment Features

Adjustability instructions are included with every chair.

Seat Adjustments

Seat height adjusts pneumatically. To lower, hold handle up while seated. To raise, hold handle up and keep your weight off the chair. Standard range of adjustability is 5" from 16½"H to 21½"H. A short 3¼" range of adjustability (14¾" to 18") and a tall 4¾" range of adjustability (17¼" to 22") is available as an option. A 7¾" range of adjustability (23" to 30¾") is available on stools.

Seat depth adjusts 2¾" by pulling handle up. Slide seat forward or back to accommodate various leg lengths. Release handle to lock. This feature is standard on Steelcase Series 2 work chairs and stools.

Back Adjustments
Lumbar height adjusts 3¾" (6¼" to 10" from seat) by grabbing exposed tabs and sliding the lumbar support up or down. This feature is standard on Steelcase Series 2 work chairs and stools.

Weight-activated setting

Boosted tension setting
Upright setting

Comfort dial has three settings: (1) weight-activated setting; (2) boosted tension setting that has more resistance than your body is providing; and (3) an upright back lock setting.
Headrest adjusts 3¼" vertically to support the head and neck of the user in both upright and recline postures. The plastic stalk and underside of the headrest will coordinate to match the frame color specified: black, seagull, or sterling dark. The foam pad of the headrest is available in all upholstery currently approved on seat and back.

Arm Adjustments

Rectilinear height-, width-, pivot-, and depth-adjustable arms come standard on all arm models of chairs and stools.
Arm height adjusts independently within a range of 4" (7½"–11½" from the seat). Push button on outside and under arm cap in while moving arms up or down. Releasing buttons locks arms in position.
Arm width adjusts 2¼" in each direction.

Steelcase Series 2, continued
Arm depth adjusts approximately 3" to enable user to get closer to worksurface.
Arms pivot independently, 30° inward and outward. Grasp arm and push front to left or right.

Other Features
Height-only adjustable arm is also available and adjusts 4½".
Armless models are also available.
Foot ring height on stools adjusts by rotating it counterclockwise to unlock. Then raise or lower ring to desired position before rotating it clockwise to lock. The foot ring has a diameter of 20".

Hard, dual-wheeled casters are standard. Soft, dual-wheel roll-control casters are available as an option. Glides are also available as an option.

Soft dual-wheel roll-control casters feature an internal brake that activates when the chair is not under load to reduce shifting when user stands up.

Coat hanger (option) is field installed. The color will coordinate with the frame of the chair but will not match the frame exactly. The coat hanger is not intended to hold bags or backpacks.

All Steelcase seating with standard upholstery fabrics complies with requirements of the State of California Technical Bulletin 117-2013. All standard seating is labeled to be in compliance with California 117-2013.

Programs & Services

▶ See *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

The Customer's Own Material (COM) Program offers the opportunity for customers to select fabrics that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Through the COM program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM fabric directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM fabrics and details regarding yardage requirements for most seating lines, visit the COM website. To locate the COM website:
· Visit *www.steelcase.com*

Soil retardants are treatments that provide long-term soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil-retardant option for these fabrics and incur the upcharge.)
· Jacks
· Link

For information on soil retardant fabrics on Select Surfaces, please refer to the *Surface Materials Reference Manual.*

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories."

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an email to lineone@steelcase.com.

Frame Package Color Scheme Matrix

Tip: Polished aluminum is available on base for all color schemes with an upcharge.

Steelcase Series 2 Upholstery

Fabric, leather, or vinyl-covered back and seat, 3D Microknit back

Fabric, Leather, and Vinyl

Back

Seat
Stitched seams will be included on all upholstery types, except for select fabrics.

Pattern alignment at the lumbar seam cannot be guaranteed.
Tip: Headrest will include stitched seams in fabrics, leather, and vinyl.

Cogent: Connect and Select Fabrics

Back

Seat
Cogent: Connect and select Customer's Own Material (COM) do not have stitched seams.
Tip: Headrest will include stitched seams in Cogent: Connect.

Microknit Back

Back

Seat

3D Microknit back upholstery is applied directly over plastic air back. A Cogent: Connect fabric can be specified on the seat to color match the 3D Microknit, except seagull. The 3D Microknit can be specified to match or contrast the air back.
Tip: 3D Microknit back has no stitched seams. Upholstery seams on seat are driven by specified seat fabric.

Tip: Headrest will include stitched seams in 3D Microknit.

Quilted Back

Back

Seat

Quilted back is available as an option on fully upholstered versions. Quilted back option features horizontal stitching detail.
Tip: Stitched seams are included on all upholstery types when "quilted back" is selected.

Tip: Headrest will include stitched seams in fabrics, leather, and vinyl.

Plastic Air LiveBack is fully visible and available in several colors.

Fabric back cover is available as an option on fully upholstered styles.
Tip: Fabric back cover is only available in Cogent: Connect and Era.

Seat and back cushions can be removed and replaced if damaged.
