

# The Modernized Canvas

## CeramicSteel Serif™

With a slim profile, clean edges and rounded corners, Serif delivers a blend of design, materiality and functionality for busy collaboration spaces in corporate and educational environments.

### Slim + Smooth

Designed to promote creativity and facilitate teamwork, Serif is a thin CeramicSteel panel mounted with standoff mounts in a satin chrome finish. Precision cut edges are sealed with a durable lacquer, while rounded corners provide a modern, premium look. Panels can be enhanced with digitally printed artwork and rich accented edges in a variety of colors to create one of a kind writing surfaces.

## Embellished Functionality

Available in three fixed panel sizes, Serif can be configured horizontally or vertically. Pre-drilled mounting holes and standoff mounts make it easy to install— and create an appearance of floating on the wall.

Combining the finest qualities of porcelain and steel, Serif panels are made with PolyVision a<sup>3</sup> CeramicSteel. The smooth, glasslike surface is easy to clean, magnetic and resistant to scratches, bacteria and graffiti. Available in our brightest white yet, this surface delivers crisp clarity with no shadowing effects, making reading and writing easier than ever.

Now your CeramicSteel surface is as modern and slim as ever.

## Standard Sizes

Dimensions	Thickness	Weight
47 in x 47 in / 1185 mm x 1185 mm	0.25 in / 6,5 mm	14,5 kg / 32 lbs
47 in x 72 in / 1185 mm x 1830 mm	0.25 in / 6,5 mm	22,5 kg / 50 lbs
47 in x 95 in / 1185 mm x 2420 mm	0.25 in / 6,5 mm	30 kg / 66 lbs

**Black**

**Truffle**

**Platinum**

## Hygienic Surface

CeramicSteel is a nonporous surface that is naturally resistant to bacteria and viruses. Coils, sheets, and panels with type U finish are also available in Polyvision's Hygienic CeramicSteel — a proprietary finish that incorporates an additive of silver micro particles formulated to create a self-sanitizing surface.

## Sustainable

Polyvision's e<sup>3</sup> CeramicSteel is Cradle to Cradle Certified™ Silver, highlighting the sustainable manufacturing process of the product. CeramicSteel is also 99.9% recyclable. CeramicSteel is also certified by SCS Global Services as Indoor Advantage Gold™, meeting strict indoor air quality (IAQ) chemical emission limits for volatile organic compounds (VOCs).

## Customizable

CeramicSteel type H and U can be customized to support specific sheet sizes, custom colors and digital printing. Incorporate our material into your whiteboard design for premium aesthetics and functionality.

## CeramicSteel Features and Benefits

- Smooth, inert surface
- Made from inorganic materials
- Magnetic
- Colorfast, will never fade
- Resistant to bacteria, graffiti, fire, scratches, stains, and chemicals
- Easy to clean
- Releases zero VOCs

# Corporate Responsibility

Polyvision believes that sustainability is an important business practice in today's global economy. In line with this belief, we strive for continuous improvement in all areas of environmental stewardship — responsible use of raw materials and natural resources, manufacturing processes and operation of all facilities — to reduce the impact of our activities on the environment. In the end, we believe we are all in this together, working to protect and cultivate the world we live in to make more sustainable choices.

## Manufacturing Excellence

All Polyvision facilities are compliant with international standards and certified for Quality, Environment, Health and Safety. Our environmental goals aim to reduce and manage our global environment footprint in the areas of VOC emission, water use, waste output and CO<sub>2</sub> emission.

- ISO 9001 Quality Management Systems Certification
- ISO 45001 Occupational Health & Safety Management Certification

## Ensuring A Sustainable Future

In addition to safe and sustainable manufacturing processes, Polyvision holds our products to the highest standards. We are third-party certified for our CeramicSteel surface by:

- Cradle to Cradle Certified — releases no harmful chemicals into the environment, safeguards clean water, materials are safe for humans and the environment
- Indoor Air Quality Certified to SCS.EC10.3-2014 v4.0
- ISO 14001 Environmental Management Certification
