Features + Adjustability

Seat

With a back cut-out that allows for increased flexibility, wide seat and optional cushion, Shortcut with Tripod Base provides comfort for the whole day. An adjustable worksurface and abbreviated elbow rests support a range of postures and enable the user to move closer to their work.

Tripod Base

Shortcut's Tripod Base provides easy storage for personal items, freeing the floor of clutter. This storage solution allows students to keep their belongings with them for easier transitions between teaching modes.

Personal Worksurface

Large enough to support laptops and mobile devices, Shortcut's Personal Worksurface provides a sturdy and flexible surface for student materials. The rotating arm accommodates both left and right-handed users. Customize Shortcut's Personal Worksurface with a cup holder and tech stand to provide more solutions.
