

## Migration™ Pro with Boost

### Height-Adjustable Desk

#### Uncompromising Speed

Part of the Migration Collection of height-adjustable desks, Migration Pro with Boost takes the beauty of Migration Pro and elevates the user experience with effortless speed—adjusting at over 3 inches per second for seamless transitions between sitting and standing. This high-performance solution sets a new standard for efficiency.

#### Captivating Design

A wide array of design options including premium finishes and worksurface shapes, along with an elevated leg and foot style ensures that it complements any workspace aesthetic.

#### Comprehensive Collection

Originally launched as a cost-effective solution focused on ergonomic design, Migration has evolved into a comprehensive collection of height-adjustable desks that offer an enhanced range of options for budget, aesthetics and performance.

Migration™ Pro  
with Boost  
Height-Adjustable Desk

Features

**High-Speed**  
Quick acceleration enables focus, even when changing postures.

**Leg Style**  
Elevated rectangular T-leg base with low-profile, rectangular feet.

**Edge Profiles**  
Optional thin profile knife edge or soft edge for worksurfaces.

**Height Range**  
Extended height provides the widest range of users with comfortable, ergonomic positions while seated and standing.

**Power + Cable Management**  
Integrated power and optional cable management solutions (grommet, tray, brackets and riser) keep cables and cords organized both horizontally and vertically.

**Controllers**  
Three different controller options—Active Touch, Simple Touch, and 3 Preset—provide a tailored sit-to-stand experience. Active touch is compatible with the Steelcase Rise app.

Statement of Line

**Rectangular**
