

PLUS PURIFIER & TRACKER

2020 Technical Specifications

Wynd Plus - Smart Personal Air Purifier

2-IN-1: Portable Purifier and Air Quality Tracker.

Wynd creates a 3-foot bubble of clean air around you by removing dust, allergens, bacteria, smoke, aerosols, airborne respiratory droplets and pollution from your personal space. It filters harmful particles and organisms out of the air around you to help you stay healthy.

Features

Key Features

Trap and kill germs.

Wynd removes 99% of particles over 0.3 microns, including pathogen-carrying mucus. Using anti-microbial silver, it kills the infectious bacteria it captures. Protect yourself and give your immune system the support it needs.

Knows the air quality - and magically adjusts itself.

Wynd isn't just an air purifier—it's an intelligent personal air quality system. It monitors your environment and automatically cleans as needed.

Protects your lungs on the go.

The Wynd Air Quality Tracker continuously monitors the air around you and alerts you when it becomes unhealthy. The tracker senses particulate matter, such as allergens, tobacco smoke, bacteria, mold spores and industrial pollution.

Geek out about your air.

Wynd gives you insights about the air around you so that you can make long-term improvements to your environment.

Breathe easy.

Wynd creates a bubble of clean air around you by removing dust, allergens, smoke and pollution from your personal space. The Wynd medical-grade filter eliminates harmful particles from the air around you to help you stay healthy.

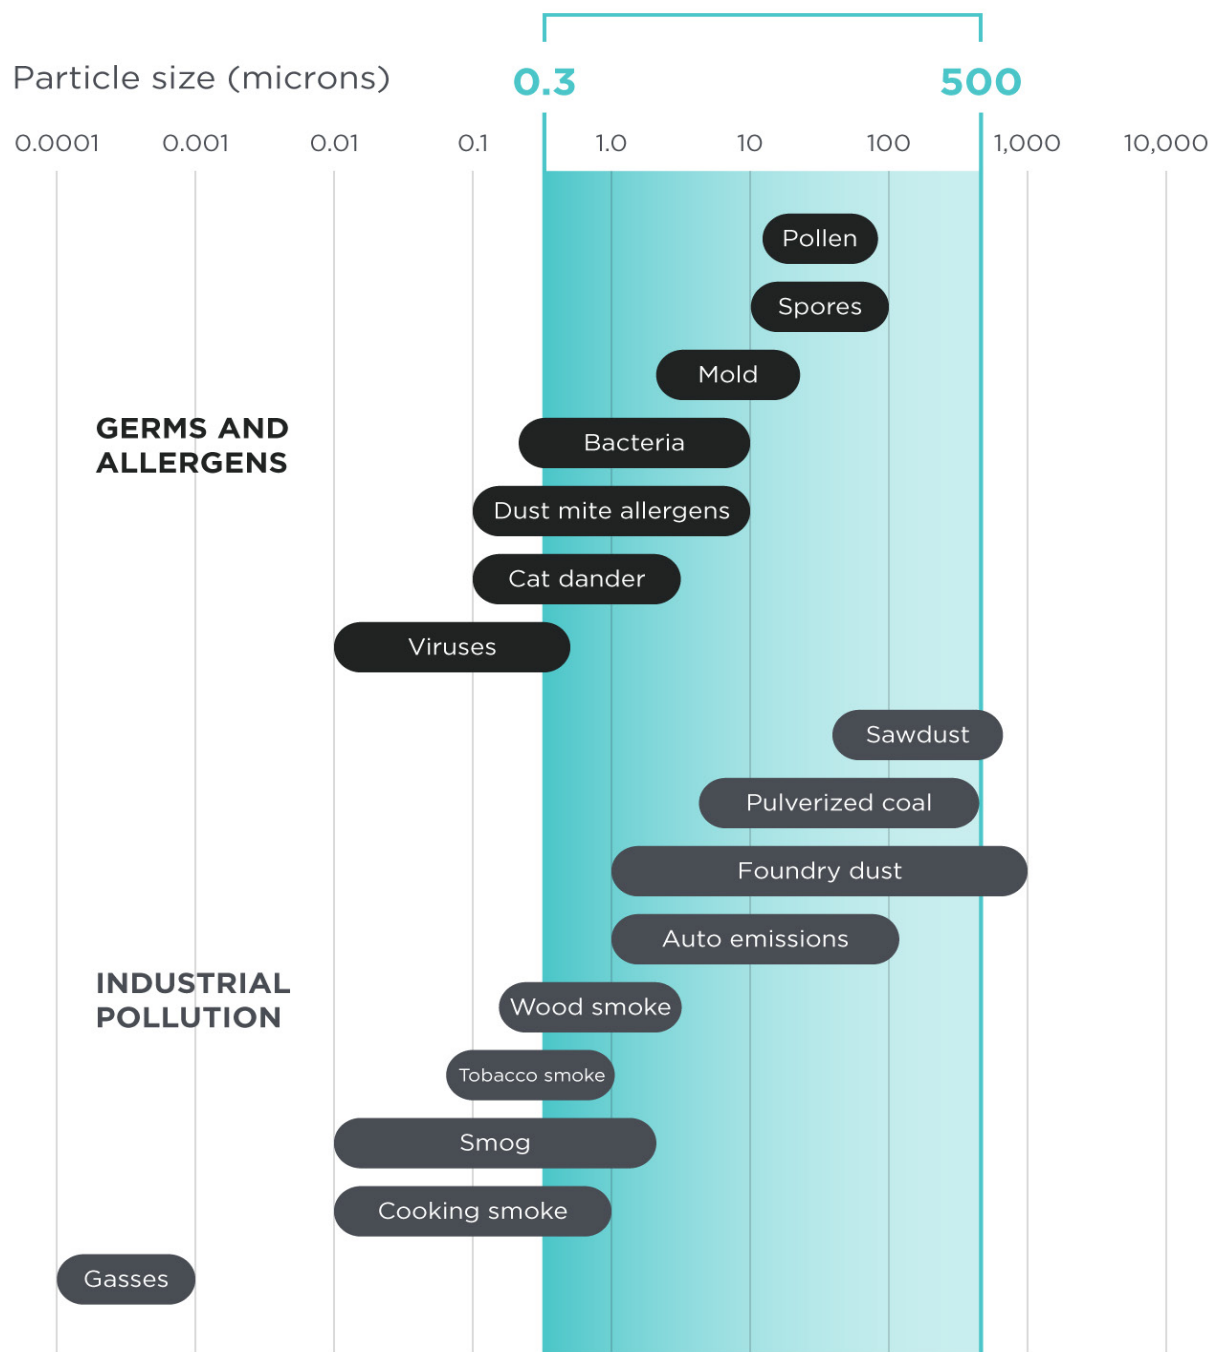

Goes where you go.

Wynd is the size of a water bottle and has an 8-hour battery life, so it's easy to use anywhere - in offices, hotels, cars, public transportation and more.

Tracks and displays air quality trends over time	✓			

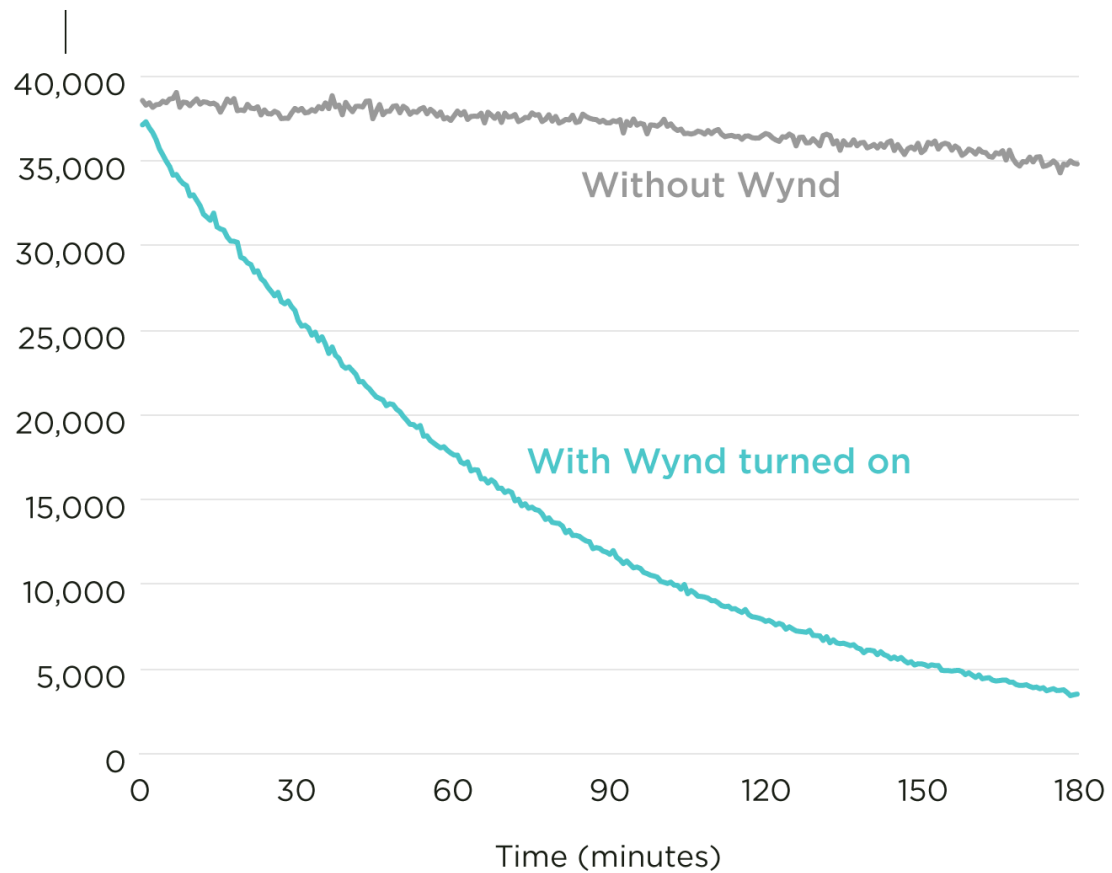

What Wynd Removes

Purification testing

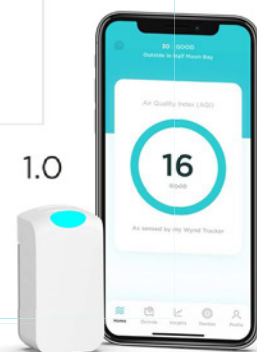

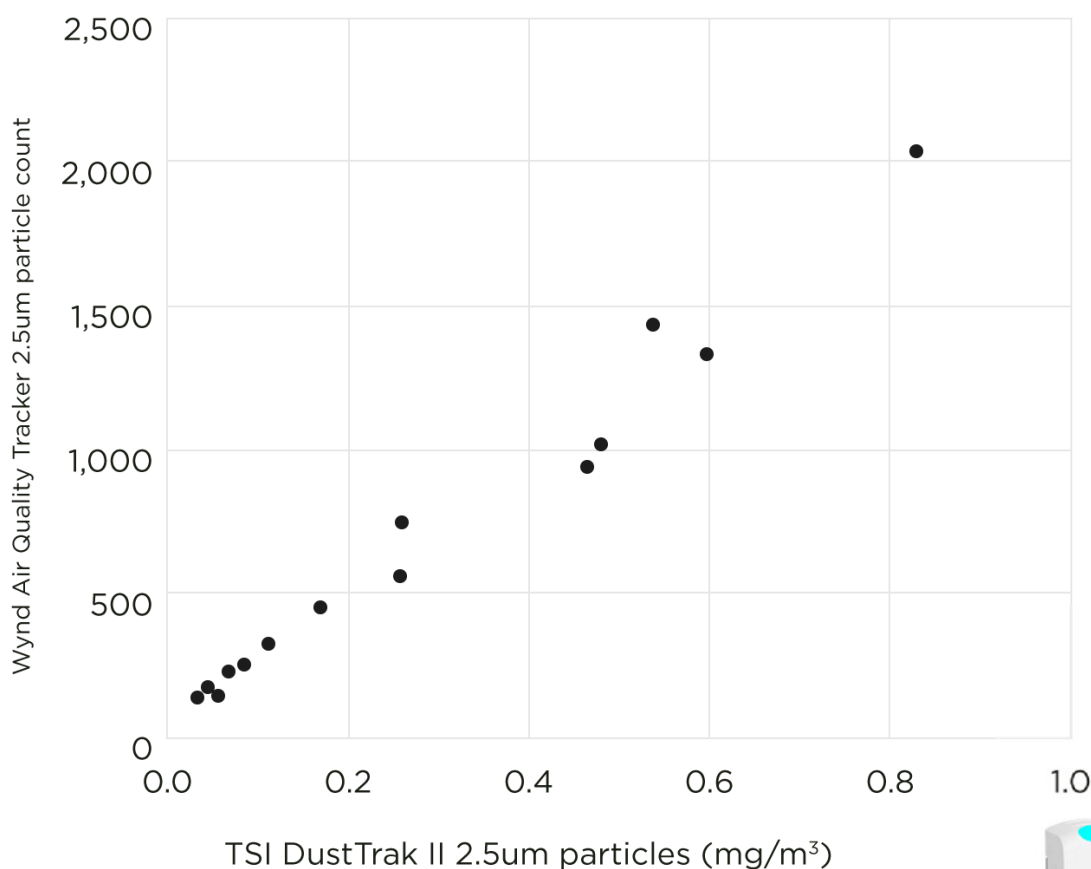

Particulate level

(number of particles [0.3 - 0.4 μm] per 0.1 cubic feet)

Accuracy testing

Wynd Air Quality Tracker vs. TSI DustTrak

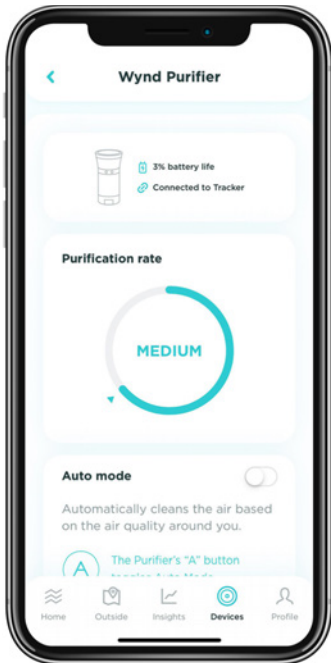

The Tracker has a very high correlation (0.99 on 1.00 scale) with high-end, professional air quality sensors such as the TSI DustTrak (MSRP \$5,000).

Included in the Box

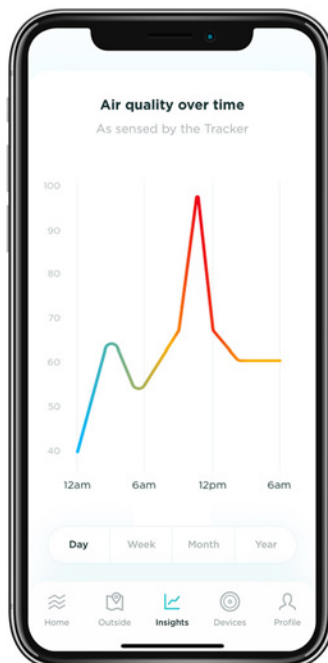

1. Purifier
2. USB - A to USB-C charging cable
3. Charging adapter
4. Desktop kickstand accessory
5. Air Quality Tracker
6. Microfiber carrying case
7. Quickstart guide (instruction manual)

Wynd Air Tracker and Purifier App

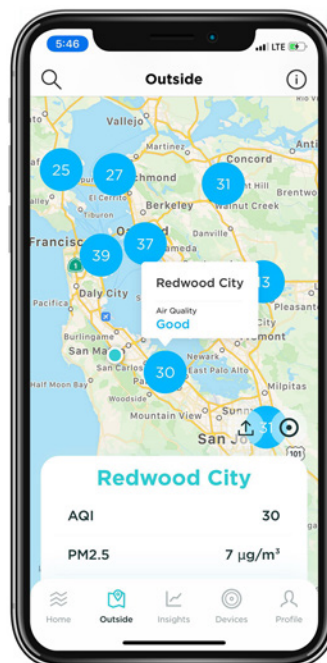

Effective Solutions

- Connect your Plus Purifier to control the purification level remotely.
- Enable automatic purification based on your personal air quality to create a bubble of clean air around you at all times.
- Monitor filter levels for optimal purification performance and get a notification when your filter needs to be replaced.

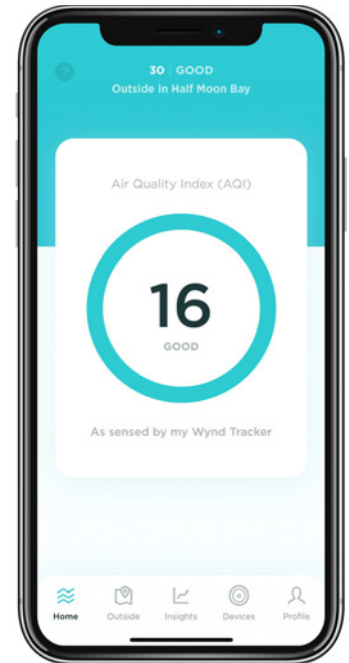

Personal Air Quality

- Pair your Tracker to receive personalized, real-time air quality readings and track your personal exposure.
- Track your air quality over time – view your exposure over hours, days, weeks, months and years.
- Export historical levels of personal air quality exposure in CSV.

Outdoor Air Quality

- Understand what your outdoor air quality levels are – real-time data on AQI, PM2.5, Ozone, CO, and NO2.
- Wynd sources data from certified institutions and governmental air quality stations.

Indoor Air Quality

- Understand your environmental air quality with real-time on your Wynd Score and airborne particulate levels.

Technical Specifications

Dimensions

Height	6.65 in. (169 mm)
Diameter (Top)	3.30 in. (84 mm)
Diameter (Bottom)	2.75 in. (70 mm)

Appearance

Mass	434 g. (15.3 oz.)
Colors	Matte White and Black
Material	PC - ABS

Charging

Port	USB-C
Input Voltage (to Adapter)	100 to 240 V
	0.35 A (max)
Output Voltage (from Adapter)	5V
	2.5 A
Battery Life	8 Hours (normal usage)
Recharging Time (full depletion to max)	4.5 Hours
Cable Length	1m

Connectivity

Wireless	WiFi (802.11b/g/n), BLE
Mobile Apps Supported	iOS and Android

Includes Power Adaptor

Yes
