HEALTH

A Critical Role

Steelcase knows that support for family and friends in the patient room is essential. Their engagement has been proven to decrease stress, encourage better health outcomes and yield higher hospital satisfaction scores.

Unfortunately, they aren't always well supported in the patient room, which can lead to discomfort and exhaustion for family and friends, obstacles and frustration for the clinician and compromised care for the patient.

IM#: 17-0081186 | SM: SURROUND 3-SEAT SLEEPER (AGGREGATE AQUA AND WINDOWPANE CRYPTON GREY FABRIC AND STERLING METALLIC FRAME)

Support for Those Who Support

So we created Surround—a series of versatile lounge seats and sleepers that support the family, friend and patient experience in every way, offering a place to spend time with one another, rest and relax, be productive, host guests and communicate with clinicians.

SUSTAINABILITY

At its heart, sustainability at Steelcase is about people. It's about creating and supporting the economic, environmental and social conditions that allow people and communities to reach their full potential.

Research and insights direct our path. It's not only about creating goods, it's about creating good. It's not only about creating value, it's about living our values. It's not just about reducing our footprint, it's about expanding our reach. It's about creating lasting and meaningful change to enable the long-term wellbeing of current and future generations.

Innovative products and solutions result. In the development of our products, we work to consider each stage of the life cycle: from materials extraction, production, transport, use and reuse, until the end of its life. We demonstrate performance through third-party verified certifications and voluntary product declarations.

Steelcase's sustainability promises, actions and results are communicated in an annual Corporate Sustainability Report.
