## Specifying

### Work Chairs

3D Knit Back with Upholstery on Seat	100
Upholstered Back with Upholstery on Seat	102
Quilted Upholstered Back with Upholstery on Seat	106

### Stools

3D Knit Back with Upholstery on Seat	110
Upholstered Back with Upholstery on Seat	112
Quilted Upholstered Back with Upholstery on Seat	116

## Work Chairs

**Highly adjustable task seating** offers maximum personalization for fit and comfort for a range of duration and use. By making a series of simple adjustments, you can customize the chair to your body, preferences, and tasks. These chairs provide continuous, stable, comfort, and can be quickly adjusted to support you in upright, and reclining work postures.

# Think 465 Series

**Now available as a CarbonNeutral product,** making sure our commitment to a more sustainable future helps yours too.

**Think's** award-winning design re-imagined what an office chair could do, and how sustainable it could be. Designed for hybrid workers and their unique needs, it's smart and simple, weight activated, controls allow anyone, anywhere to get comfortable and to get to work. With beauty to match brains, this icon of sustainable design serves up a breadth of style choice that is warm, tailored, and sophisticated.

**Back style choice:**

- 3D Knit
- Upholstered
- Quilted upholstered

**Lumbar height** adjusts over 4¼" to provide additional lower back support and is available as an option.

**Arm caps** can pivot independently 30° in and 30° out to accommodate individual user preferences.

**Back frame and seat shell** are plastic.

**Comfort dial back control** provides four settings for the user's personal preference and work style.

**Seat height** adjusts within a 5" range with a pneumatic adjustment mechanism. A 3" or 7" range is available as an option. Stools have a 10" range.

**Seat depth** adjusts within a 2½" range to accommodate users of varying leg lengths.

**Casters** have hard, dual-wheels that roll smoothly on carpets. They are 2½" for increased mobility. Soft, dark grey treaded, dual-wheel roll-control casters are available for use on hard floors or mats. Glides are also available as an option.

*Tip: Do not roll the chair across asphalt during installation as this may damage the casters.*

**LiveBack Flexor System**

conforms to your spine to provide flexibility and support.

**Arm width** adjusts 4½" overall to support forearms in neutral position.

**Arm height** can adjust independently within a 4" range to help relieve upper back and shoulder fatigue.

**Arm depth** can retract 3" to allow user to get closer to the worksurface and into tight corners.

**Passive seat edge angle** allows the front edge of the seat to flex 1½" to relieve pressure under the user's thighs.

**Five-star base** is available in plastic or polished aluminum.

**Product Details**

**LiveBack Flexor System** conforms to your spine to provide flexibility and support.

**Advanced weight-activated mechanism with a natural fluid motion** keeps users oriented to their work.

**Comfort dial** has four settings that allow for the user's personal preference and work style.

**Rectilinear arms with soft caps** are standard.

**Cartoned** request on your dealer purchase order means Think chairs will ship knocked down with the chair base and pneumatic cylinder separated from the rest of the chair. This allows for shipment in a smaller carton. Assembly by a qualified dealer installer is required. *Tip: Assembly instructions are included.*

**Uncartoned** request on your dealer purchase order means Think chairs will ship fully assembled.

**Product Weight**

- Think upholstered chair: 34.5 pounds
- Think 3D Microknit chair: 35.6 pounds

CarbonNeutral.com

**CarbonNeutral product**

Think helps organizations achieve their carbon emissions goals. Add **CN** to the end of the style number to specify Think with CarbonNeutral product certification.

**Adjustment Features**

**Adjustability instructions** are included with every chair.

**Seat Adjustments**

**Seat height** adjusts pneumatically. To lower, hold handle up while seated. To raise, hold handle up and keep your weight off the chair. Standard range of adjustability is 5" from 16 1/2"H to 21 1/2"H. A 3" range of adjustability (15"H to 18"H), and a 7" range of adjustability (18"H to 25"H) is available as an option. A 10" range of adjustability (22 1/2"H to 32 1/2"H) is available on stools.

**Passive seat edge angle** relieves pressure under the user's thighs. The passive front seat edge helps properly support the angle of the user's leg and thigh without compromising pelvic support. The front seat edge angle flexes 1 1/2".

**Seat depth** adjusts 2 1/2" (15 1/2"-18") by pulling handle up. Slide seat forward or back to accommodate various leg lengths. Release handle to lock.

**Back Adjustments**

**Lumbar height** adjusts 4 1/4" (6" to 10 1/4" from seat) by grabbing exposed tabs and sliding the lumbar support up or down. Fixed lumbar height is available as an option on work chairs and stools. The fixed lumbar is positioned 8" from the seat. The adjustment handles are replaced with inserts that fill the lumbar slot in the back frame.

Weight-activated setting Boosted setting

Mid-back stop recline setting Upright back stop setting

**Comfort dial** has four settings that allow for the user's personal preference and work style: (1) weight-activated setting; (2) boosted setting that has approximately 20% more resistance than your body is providing; (3) mid-stop recline setting; and (4) an upright setting.

**Arm Adjustments**

**Rectilinear height-, width-, pivot-, and depth-adjustable arms** come standard on all arm models of chairs and stools.

**Arm height** adjusts independently within a range of 4" (7"-11" from the seat). Push button on outside and under arm cap in while moving arms up or down. Releasing buttons locks arms in position.

**Foot ring height on stools** adjusts by rotating it counterclockwise to unlock. Then raise or lower ring to desired position before rotating it clockwise to lock. The foot ring has a diameter of 20".

**Arm width** can be adjusted 2 1/4" each, 4 1/2" overall. Grasp arm cap and move in or out.

Think 465 Series

Think 465 Series, continued

**Arms** pivot independently, 30° inward and outward. Grasp arm and push front to left or right.

**Arm depth** adjusts by sliding arm caps back 3". Friction-fit mechanism keeps arms in position.

**Other Features**

**Height-only adjustable arm** is also available and adjusts 4".

**Fixed arm** available.

**Armless models** are also available.

**Headrest (option)** adjusts 4" vertically and 2 1/2" horizontally (front-to-back) to support the head and neck of the user in both upright and recline postures. The plastic stalk and underside of the headrest will coordinate to match the frame color specified: black, platinum, or seagull. The foam pad of the headrest will always be black. Headrest is not available on stools. Whether ordered initially or at a later date, the headrest ships in its own carton and must be field installed.

**Think headrest frame** will match frame color specified. Headrest cushion is always black and made of a self skinning urethane.

**Coat hanger (option)** is field installed. The color will coordinate with the frame of the chair, but will not match the frame exactly. The coat hanger supports up to 10 pounds and is not intended to hold bags or backpacks. This option is not available on stools.

*Note: Merle monochromatic color scheme receives 6205 black coat hanger.*

**Foot ring height on stools** adjusts by rotating it counterclockwise to unlock. Then raise or lower ring to desired position before rotating it clockwise to lock. The foot ring has a diameter of 20".

**Soft dual-wheel roll-control casters** feature an internal brake that activates when the chair is not under load to reduce shifting when user stands up.

**All seat cushions** have a unique sewn construction that is included in the price of the chair.

**Stitch detail** across the lumbar region of the back cushion is required on some models with an upholstered backrest. To ensure optimum performance of the Integrated LiveBack System, all Steelcase Select Surfaces, COMs, Leathers, Vinyls, and some standard fabrics will require this sewn detail. The stitch detail is included in the price of the chair.

**Fabric outer back cover** is available on quilted upholstered and upholstered back styles. The fabric back cover conceals the horizontal flexors while keeping the lumbar visible.

**Outer back cover fabric** defaults to match the specified seat back fabric.

**All Steelcase seating with standard upholstery fabrics** complies with requirements of the State of California Technical Bulletin 117-2013. All standard seating is labeled to be in compliance with California 117-2013.

**Programs & Services**

► See *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

**The Customer's Own Material (COM)**

**Program** offers the opportunity for customers to select fabrics that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Through the COM program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM fabric directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM fabrics and details regarding yardage requirements for most seating lines, visit the COM website. To locate the COM website:

- Visit [www.steelcase.com](http://www.steelcase.com)

**Soil retardants** are treatments that provide long-term soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil-retardant option for these fabrics and incur the upcharge.)

- Jacks
- Link

For information on soil retardant fabrics on Select Surfaces, please refer to the *Surface Materials Reference Manual*.

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories."

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an email to [line-one@steelcase.com](mailto:line-one@steelcase.com).

**Local codes** may have special requirements for upholstery.
