OVERVIEW

Traditional desk spaces aren't the only places people work anymore. Comfortable, flexible work spaces with soft furniture have often replaced traditional conference rooms and desk chairs for connecting and collaboration. Tully tucks right into those comfortable spaces with you, to keep you powered no matter where or how you're working. Tully is capable of charging up laptops, phones, and tablets with tamper resistant power, USB and USB Type C.

SPECIFICATIONS

* Images below depict our "long tail" version, which bends and wraps around cushions for stability. Tully includes a **USB-C port**, and **two Tamper Resistant 15 Amp Simplexes**.
