Universal
storage

Steelcase

MORE THAN FILING

Storage should do more than hold files. It should augment your work processes: provide easy access to materials, maximize real estate, act as a forum for collaboration, and contribute to a unified workplace aesthetic.

Universal storage, our most versatile and extensive storage offering, expands what storage can do, while working seamlessly with a broad range of freestanding and panel systems.

35%

In an age of increased mobility, over one-third of workers (35%) work in the same space over long periods and require permanent storage solutions.

CONTENT CREATION AND STORAGE

Steelcase research of workers across industries reveals key insights about the role of content storage:

- Nearly 100% of workers need quick, relevant information in order to do their job.
- The need for collaboration gives rise to more project teams and group work that requires ready access to stored materials.
- Mobile workers need both short-term storage for project materials and personal items, as well as long-term archival storage.

CONTENT FOR COLLABORATION

Effective storage can make collaboration more spontaneous and productive. Universal lateral files with cushion top welcome guests for impromptu conversations, while also allowing users quick access to their personal possessions. Adjacent Universal lateral files in a team space provide storage for supplies and project artifacts, such as samples and swatches, reducing clutter on the worksurface.

IM#: 11-0003105 | SM: UNIVERSAL STORAGE (9201 POLISHED CHROME), UNIVERSAL STORAGE (5S19 CONCORD), UNIVERSAL WORKSURFACE (2730 ARCTIC WHITE)

MAXIMIZING REAL ESTATE

To save workplace real estate, storage should be integrated in innovative ways and do more than simply hold materials. With its unified design aesthetic, Universal storage elegantly defines the workspace. Lateral files, towers, cabinets, bookcases and bins create boundaries, add visual privacy and effective storage. With a consistent aesthetic and comprehensive storage choices, Universal helps maximize your work environment.

UNIFIED AESTHETICS

Universal storage integrates seamlessly with other Steelcase systems. A natural fit with our most popular lines, such as c:scape, FrameOne and Answer, Universal works in freestanding and panel applications and on- or off-module configurations. For a consistent design aesthetic, the clear choice is Universal.

SUSTAINABILITY

People. Planet. Profit.

By rethinking our business systems and designing our products to avoid negative impacts on humans and the environment, we contribute to a sustainable future for people and the planet. We commit to advance our practices through continuous learning and building partnerships with our customers, business partners and environmental thought leaders to optimize our performance and contribute to the science and practice of sustainability. Learn more at www.steelcase.com/sustainability

Universal Storage

- SCS Indoor Advantage™ Gold certified for indoor air quality, excluding wood veneer options, which are SCS Indoor Advantage™ certified.
- level™ 1 certified to the BIFMA e3 sustainability standard, excluding wood or laminate fronts.
- MBDC Silver Cradle to Cradle™ Certified. The U.S. Green Building Council awards LEED points based on the use of C2C certified products.

Recycling & Reuse. We select materials that can be recycled at the end of a product's use, minimize co-mingled components and fasteners, and design for easy disassembly and separation of materials.

Dimensions listed are nominal.
