

Verb Active Media Table

# Dynamic Media Support for Active Learning

With a mobile monitor lift, technology can be raised and lowered to meet the changing needs of learning environments. The Verb™ Active Media Table supports seamless transitions as students move between discussion, presentation and group modes in today's learning spaces.

## VERSATILE AND ADAPTABLE

The Verb Active Media Table complements the existing Verb classroom collection with versatile, intuitive and unobstructed media support. Integrated whiteboard storage and displays promote analog content sharing and brainstorming, while the adjustable lift offers digital idea-sharing and clear sight lines throughout the classroom.

### WHITEBOARD STORAGE AND DISPLAY INTEGRATION

Encourages continuous collaboration and idea-sharing among students and educators.

### EFFICIENT USE OF SPACE

Seats four students comfortably with a clear view of the monitor.

### MONITOR LIFT

Eliminates the need to mount media to a wall or column, improving sight lines and enhancing collaboration.

### ACCESS TO POWER

Power outlets and USB ports allow students to charge various devices with ease.

### MEDIA CASE

Accommodate a range of technology to support institutions' existing platforms.

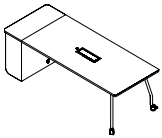

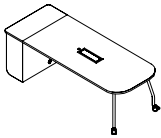

## TECHNOLOGY AGNOSTIC

Tables accommodate a range of technology that can be securely mounted to the media case and powered by power receptacles within the case. Customers are responsible for bringing and integrating technology and audiovisual components with the table and monitor lift.
