Indoor Selection

UNITED STATES 2025 | V02

We manufacture contemporary furniture for singular collaborative spaces

Why Viccarbe

- Our warranty period is valid for 10 years
- Samples and mock-ups easily provided for success with projects
- Sustainable and environmentally respectful model of management approved by ISO 9.001 and 14.001
- Quality certificates (UNE / ANSI-BIFMA)

Quality, sustainability, affordability

Our products have successfully passed strict heavy-use tests, as sign of our highest commitment to quality and user's security. Additionally, our constant search for balance has made possible the inclusion of iconic, timeless, comfortable and affordable products on the collection. The experience and know-how of the industrial network where Viccarbe is framed, has allowed us to develop an economic model based on sustainability and a careful use of resources – designing and producing furniture pieces that could last in time.

Dear customer.

Below, you will find the updates to version 02 of 2025 Pricelist:

ADDITIONS

- **Cubow collection.** The Cubow collection marks Meike Harde's debut design with Viccarbe. A generously proportioned lounge chair and sofa featuring polyhedral forms where upholstery takes center stage. The strong contrast between tensioned panels and the seat area—with its intentional wrinkles—gives each piece unique character. Thanks to a technical fabric base, Cubow is durable enough for high-use environments, making it ideal for office or hospitality spaces, lounges, and active-rest settings. Its active, ergonomic comfort also makes it a perfect fit for residential use, where its curved volume harmonizes beautifully with natural materials like wood or aluminum.
- Burin collection with marble tabletop. The Burin table with a marble top is perfect for both offices and home spaces. Its wide base, contrasting with the marble, creates an elegant and timeless silhouette, adding a premium and distinctive touch to any environment. Available in various sizes and with different electrification options, this new top enhances the Burin collection, offering an exclusive and sophisticated piece that elevates any space, without compromising the functionality required for daily use.
- Polished aluminium finish on five casters aluminium base for Noha chair and Aleta Executive chair.
- **Global Edition Section.** The products in this section are currently only offered as an off-catalog special, please contact your local Viccarbe sales representative to place an order. This applies to the following collections: Cambio, Burin and Common.

DISCONTINUED

2.0

- Maarten chair with four upholstered legs base. Discontinued references: MAAPL4PTP, MAAPL4PTL, MAAPL4PTPC, MAAPL4PTLC, MAAL4PTP, MAAL4PTL, MAA4PTP and MAA4PTL. LOE March 28th, 2025.

- **Trestle table lacquered legs.** Discontinued only the lacquer finish of the references: *TRPM, TRPMH, TRPMB* and *TRPMR*. LOE November 3rd, 2025.

Lastly, the latest additions to our collaborative furniture collection:

- 1. **Noha collection.** Designed by Ludovica Serafini + Roberto Palomba, to humanize workspaces and transform them in inspiring hubs that foster interaction and wellbeing. Noha is available as a chair and a lounge chair and includes multiple bases and finishes, as well as a special piping detail that can be personalized in 5 colors.
- 2. **Aleta Executive collection.** Aleta Executive is a collection of executive chairs & lounge chairs designed by Jaime Hayon to transform corporative settings into kind and inviting environments to make users perform their best. Multiple options, finishes and bases shape the collection to equip workspaces and beyond.
- 3. **SCS Indoor Advantage Gold certification**. Viccarbe has obtained certifications that ensure our products comply with strict limits on volatile organic compound (VOC) emissions, contributing to a healthier indoor environment.

We would like to remind you that Viccarbe does not have printed prices as we are truly committed to the fact that taking care of our environment is taking care of our future. Please do not hesitate to contact our team if you have any questions or requirements regarding our latest news.

Thank you very much,

Viccarbe

INFORMATION AVAILABLE FOR EACH PRODUCT

Each product is accompanied by a table where you will have all the necessary information when choosing the finish, the corresponding price and its associated code, to reflect it correctly in the order.

- CODE

Short sequence of letters and numbers that identifies each model of the product and that will have to be indicated in the order. The far left code is the style number found in Hedberg and CET. The right code is the internal Viccarbe SKU.

- FINISH

All the possible finish options for both lacquered and upholstered finishes, which must be chosen and indicated together with the product code.

- PUBLIC PRICE

Final price of the chosen product, associated with code and finish, which will be expressed in Dollars \$. In case of upholstered product, it is always manufactured with CAL117 foam and fireproof upholstery.

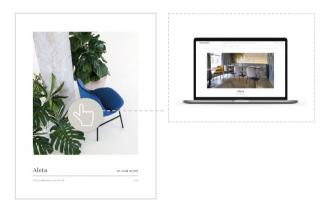

All specifications subject to change without notice. Reference the electronic catalog/Hedberg for current pricing.

CODE	FINISHES	PUBLIC PRICE	
Reference of each product to be indicated in the order.	It indicates for each product its possible finishes, from lacquered to upholstered. For all available finishes, see page 18.	Price of the CAL117+fireproof fabric product, expressed in Dollars \$.	

NAVIGATE THROUGH THE PRICE LIST

SUSTAINABILITY

At Viccarbe we believe that sustainability is designing and producing furniture that will stay with us for the longest time possible. Furniture we won't want to throw out. Consequently, the concept of environmental sustainability becomes important for Viccarbe from the furniture's conception, right through its design until the end of its useful life cycle.

- Our aim when designing products is to create them with interchangeable parts, allowing for the seamless recycling of components at the end of their life cycle.
- We take environmental impact into account when selecting raw materials. 98% of our suppliers are European, allowing us to minimise the environmental impact caused by transport. The remaining 2% come from the U.S.
- For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- We use powder coating on all our metallic structures.
- We offer a variety of graded-in fabrics which are made of 100% recycled materials.
- We appropriately manage all our waste with authorised agents.
- We carefully analyse the packaging of our product, using the quantity of cardboard, plastic or foam strictly necessary to avoid the product being damaged in any way during transport.
- For the distribution of our products we use groupage transport companies, ensuring that the trucks are full. For inter-continental transport we always go by sea. We only use aerial transport in urgent cases.

SCS Indoor Advantage Gold Certification

Viccarbe has obtained the SCS Indoor Advantage Gold certification, both for seating (chairs, stools, armchairs, sofas & benches) and tables (tables & low tables).

This certification, granted by SCS Global Services, ensures that the products comply with strict limits on volatile organic compound (VOC) emissions, contributing to a healthier indoor environment.

QUALITY

Viccarbe is certified by SGS in ISO 14001 and ISO 9001 as well as with the SymbolC by the Furniture Institute of Technology (AIDIMME), which guarantees that the products have been tested.

RESOURCES FOR ARCHITECTS AND DESIGNERS

We have included 2D, 3D, REVIT, and BIM files of our products in the professionals area at **www.viccarbe.com** in order to facilitate your job and be able to include them effortlessly in your design proposals. You will be able to find these documents in the "Downloads" section on our website. Here you will also find our latest catalogue and sample cards for the finishes available (woods, metals, propylene, and fabrics). As a novelty, we have incorporated individual catalogues for each product which can be found on each product webpage listing. Each brochure includes multiple product and lifestyle pictures plus every specification, certificates, and technical data you may require. You will be able to download high-quality product pictures from our gallery, facilitating the incorporation of our pieces in any design.

pCon

We are deeply immersed in a digitalization project and therefore we have partnered with the platform pCon and its different modules, the tool for professionals to prepare layouts and 3D projects in a quick and easy way. Our collection is available here, enabling our products to be included rapidly in your project proposals.

We have also included a new online product configurator at **www.vic-carbe.com/configurator**, allowing to configure and visualize product compositions that match any specific project requests.

BIMobject®

Viccarbe is live on BIM Object, the global platform for the architecture and design industry where users can download technical product data such as BIM and Revit files of our furniture to configure projects and design proposals.

CET Commercial interiors

Viccarbe is also available in CET Commercial Interiors as a free extension in their Marketplace. Users can work with the latest graphical data to configure projects and design proposals.

General sales conditions

Public pricelist valid from August 18th, 2025.

To place an order implies to submit the following conditions that describe the process for proper ordering.

Price is per unit without taxes, unless any other information is stated. VICCARBE reserves the right to modify prices.

- SALES AND SIMILAR TAX

The Company's prices do not include sales, use, excise or similar taxes. Consequently, in addition to the price specified, the amount of any present or future sales, use excise or similar tax applicable to the sale of the goods shall be paid by the Purchaser, or in lieu thereof the Purchaser shall provide VICCARBE with a tax exemption certificate (resale number) acceptable to the taxing authorities.

- QUOTATIONS

Written quotations are subject to change without notice and become void unless accepted by the purchaser within 30 days. Quotations by any other means are given for estimating purposes only and are not valid unless confirmed in writing by VICCARBE.

- ORDER CANCELLATION

It is not possible to cancel or modify an order after 48 hours of the order confirmation.

It is not allowed to order spare references as frames, legs, casters...

- COMPOSITIONS

For orders that include the SAVINA, SISTEMA, SEASON SOFA or STEP sofa, it will be necessary to send a drawing of the desired composition.

— ABOUT THE FINISHES

Any model not shown in this price list is discontinued. To match the fabric or wood tonality of articles manufactured in different periods it will need to go through Specials process. The buyer accepts the tolerance when placing the order.

Viccarbe reserves the right to modify dimensions, assembling, materials or tonalities to improve the products without notice.

- SPECIAL CUT OUT

Viccarbe offers a series of preset positions for cut outs and power options based on the most demanded ones. If a different position were needed, please contact the sales department for assesment.

To arrange this cutting of tabletops, it is necessary to submit a drawing prepared by the Viccarbe technical department, with the signature of the customer accepting the position of the cut. No order will be put into production without signed drawings.

Along with the order confirmation, the specific lead time for this special request will be indicated, as it will differ from the standard lead time.

- VICCARBE CUSTOM

Our project management team works with architects, interior designers and customers to help develop the design and create products customised to fit particular requirements for specific projects. We are delighted to adapt our existing furniture to the needs and preferences of our customers. Because we have total control over the production chain, we can respond to customer needs.

In the case of special orders, VICCARBE provides a two-year warranty covering manufacturing defects under normal use conditions. If any structural or material flaw arises within this period, VICCARBE will evaluate the issue and determine an appropriate solution, which may include repair or replacement at its discretion. Special orders shall be understood to mean those products that differ from the forms, sizes, or finishes included in the VICCARBE catalogue in force at the time the order is placed.

By accepting this quote, the customer acknowledges that it is a special order, manufactured at their request, diverging from the forms, sizes, or finishes in the VICCARBE catalogue in force at the time of the order.

The delivery time will depend on the difficulty of manufacturing the piece and will be indicated in writing with the quote. Nonetheless, it should be noted that this timeframe will be approximate, as any complication or unforeseen circumstances encountered in the manufacturing process could delay delivery.

— PRODUCTION TIME

Between 5 and 6 weeks after order confirmation. In any case, this is a just indicative and is not a binding for the manufacturer.Loading date for special orders, large quantities or with C.O.M. needs to be confirmed case by case.

Orders with C.O.M. delivery time starts to run once the fabric is phisically in our Valencia warehouse.

VERY IMPORTANT NOTES:

In order to not delay the pick-up date, the client should notify the shipping option (sea or airfreight) at the moment of registering the order. Once the order is completed and the customer requests a change to air shipment not foreseen in the original registration, it may be delayed due to packaging (depending on the order size) at most in 2 weeks.

You are expressly warned that if you do not indicate on the delivery note "RECEIVED WITH RESERVATIONS", even if the packaging is not damaged, Viccarbe will not be responsible for possible damage to the product due to its transport.

- 10 YEAR WARRANTY

Viccarbe guarantees the product quality throughout all its manufacturing process and all products components when have had an adequate use for their specific characteristics.

Defects caused by negligence, knocks, inadequate cleaning products or climatic changes are not covered, neither changes caused by the environmental conditions.

Woods: All our polishes are protected against UV rays. However, prolonged exposure to direct sunlight can cause changes in the tone of wood. As wood is a natural material, this slight tone difference is part of its individuality and therefore may not be considered as a fault or returned for such reasons. To prevent any tone variation, we recommend avoiding leaving an object on the surface in a fixed position for a prolonged period. In addition, if products are purchased in different periods there might by a slight difference in wood tonality.

Marble: Due to the natural origin of the material, each piece exhibits unique color variations and grain patterns. As such, any discrepancies between the final product and the reference image shall not constitute valid grounds for claims. Strict adherence to the handling, assembly, and maintenance instructions provided in the official manuals is mandatory. Improper procedures may result in irreversible damage not covered by the warranty. In this way, installation must be carried out by a team of qualified professionals, following the detailed instructions provided in the user manual included in the packaging. Consulting this manual is essential to ensure proper setup and to maintain the validity of the product warranty. To maintain the product in optimal condition, it is essential to avoid placing glasses, cups, bottles, or any objects that may leave marks directly on the surface. The use of unsuitable cleaning products, dirty cloths, or acidic pH solutions is also discouraged, as these may damage the finish, cause surface burns, or alter the material's natural appearance. Likewise, the warranty does not cover damages such as impacts, dents, breakage, or cracks on the edges caused by improper use of the board.

The guarantee is valid for 10 years from the date of the invoice of Viccarbe, except for Custom orders, Outdoor products and the following list of products: Burin with marble tabletop, Trino, Burin Mini, Ryutaro, Tiers, Giro and Bamba; in which cases the warranty is 2 years.

During the term of the guarantee, the holder thereof shall be entitled to at least:

- a) Total repair free of charge of the manufacturing defects and of the damaged resulting therefore.
- b) In the event of unsatisfactory repairing and the object failed to be in optimum condition to fulfill the use on which it was indented, the holder of the guarantee shall be entitled to either the replacement of the object purchased by another product of identical characteristics or a full price refund.

ACCELERATED SHIP LEAD TIME

The following order process pertains to products crafted in North America, offering accelerated lead times.

The Trestle table, Trestle bench and Common bench are locally manufactured, ensuring faster delivery times compared to products made in Spain.

STANDARD & GRADED IN FABRICS

The fabrics used are of the highest quality and have been tested beforehand; however, they cannot be formally guaranteed, especially with regard to variations in shade that may exist with respect to the sample book or between products delivered at different times, and it is therefore impossible for us to guarantee a perfect match between the coating of an original composition and the elements added later.

The length indicated is indicative for a fabric width of 1.53 yd. In the case of skins (C.O.L), to calculate the square metres required please contact the Sales Team.

The tolerance in the measurements of the upholstered elements may he +/- 1 18"

— CAMIRA STAY SAFE

As a new feature, we now offer the option to include Camira Stay Safe treatment on certain fabrics. This is an advanced textile treatment that reduces the potential for viral transmission from fabric surfaces in commercial spaces and any interior. When applied to a fabric, this textile technology destroys viruses and kills bacteria, ensuring the upholstery does not act as a potential source of transmission.

In a world where hygiene and health are today's top priorities, Camira StaySafe can help create safer indoor spaces by providing a higher level of protection against viruses and bacteria. It is perfect for multi-purpose furniture: in waiting areas, public transport vehicles, breakout spaces, restaurants, hotels, educational environments, residences and many more. The treatment can be applied to the following fabrics:

ERA, AQUARIUS and BLAZER

Please contact our sales department for a quotation and further information.

- UPHOLSTERED WITH CUSTOMER'S FABRIC

They may be supplied at the price indicated in the customer fabric category (G1), but the fabrics must arrive at our factory in Valencia carriage paid. Any costs incurred by the customer fabric will be charged on the invoice. Customer fabric warning:

- The customer fabric must be validated by Viccarbe's technical department before being put into production. For this purpose, a 7.9"x7.9" sample of each of the customer fabrics must be sent.
- Please indicate the order reference number and the product to which the customer fabrics correspond.
- The order will not be put into production until the fabric has been received by Viccarbe in Spain.
- Viccarbe will not be responsible in any case for any incidence on the product derived directly or indirectly from the selection of a client's fabric. The client will assume the responsibility and guarantee of a good selection of fabric that meets the minimum requirements of quality, resistance, abrasion, colour change, pilling, fire resistance regulations or any other characteristic of the fabric that may cause an incident or complaint about the product.

HARD SURFACE MATERIALS

Viccarbe presents a refined range of hard surface finishes, including lacquered metals, lacquered woods, polypropylenes, stained woods, laminated tabletops, and marbles.

- WOOD

Viccarbe carefully selects veneer and solid wood for consistent color and grain structure. Wood is a natural material and variations will occur in color, grain and texture. These variations are part of the inherent natural beauty of wood and are not considered defects.

All wood products will darken with age and exposure to ultraviolet light. We recommend that desk accessories be rearranged periodically to ensure even aging of wood surfaces.

When storing your wood furniture, please follow the following guidelines:

- Do not store products in trailers.
- Store products in areas hat simulate office temperatures (60°F to 90°F) or areas that maintain constant, office-like humidity levels and keep product away from light. Cover products to make sure they are not exposed to light.

Veneers are matched for proper balance and consistency. Veneers are available flat cut or quarter cut, except for Oak, which is rift cut. Refer to the Concierge team for descriptions of each cut.

Open-pore finish is a medium gloss finish that leaves the wood grain texture visible to the eye and distinguishable to the touch.

— CUSTOMIZ STAIN

Customiz stain is a service that allows you to create your own stain colors and finishes on standard veneer. Customiz stain color is available on Trestle collections.

A \$500 stain-matching fee applies on CUSTOMIZ requests (Exception: The \$500 fee does not apply on matches to Viccarbe standard finishes or for a low-gloss finish request on a standard color). The \$500 fee covers the cost of formulating the Customiz color finish and applies regardless of whether or not an order for product is placed.

In addition, an approval form must be signed to indicate customer acceptance of Customiz match. A \$1,500 initiation fee will be charged prior to first order entry. This initiation fee activates the finish for unlimited use on any standard 4-6 week lead time Viccarbe product for an 18 month time period. After the 18 month time period has lapsed, the Customiz finish may be reactivated for another 18 months for a \$1,000 fee at any point within five years after the \$1,500 initiation fee was paid. If the finish is not reactivated within five years after the \$1,500 initiation fee was paid, the finish will be culled and the customer will need to pay the \$1,500 initiation fee again. All style number related Customiz charges products are no cost as of April 2014. The matching and initiation fees are not discountable.

Customiz stain takes 10 days to formulate. Consult the Concierge team for more information. Custom veneers are also available and must be quoted by the Concierge team. Customiz stain on custom veneers takes 2 to 4 weeks to formulate.

Standard Fabrics selection

A curated selection of fabrics available as standards, stocked in Spain, for the fastest delivery under our fast track program. Now available a collection of fabrics in stock that guarantee a shorter lead time on all upholstery products and provides guidance of the best-performing ranges.

For large-scale projects please contact the Sales Team to confirm stock availability.

Graded In Fabrics

The selection of *Graded-In* fabrics has been meticulously approved by our upholstery experts, guaranteeing optimal performance across all our upholstered products. These fabrics represent the highest standards of quality and performance, supported by the industry's leading upholstery textile manufacturers.

We offer the complete color palette from each collection, allowing seamless adaptation to every project's unique requirements.

For convenience, a curated selection of colors is available in our *Standard Fabrics catalog*, offering shorter delivery times compared to the *Graded-In catalog*.

All available sample collections and colours can be consulted on **page 522** or in the Professional Area in our web **pro.viccarbe.com**

Perxa BY PIERO LISSONI

CHAIRS AND STOOLS 2024, BY PIERO LISSONI

Test certificates: UNE-EN 16139:2013vc2015 & ANSI/BIFMA X6.4-2021

The Perxa collection, designed by Piero Lissoni for Viccarbe, embodies a refined wooden aesthetic that seamlessly integrates into any collaborative interior. This modern classic, meticulously crafted from sustainably sourced timber, brings a touch of warmth to working, living and dining environments. Its visually light outline offers robust back support, ensuring all-day comfort without compromising on design.

- 1- Calibrated steel structure powder coated in thermoreinforced polyester in black or white. Plastic glides with or without felt.*
- 2- Curved oak plywood seat stained in the finishes of our collection or upholstered in any fabric of Viccarbe selection.
- 3- Backrest and armrest made of solid ash wood stained in the finishes of our collection.

CHAIRS AND STOOLS 2024, BY PIERO LISSONI

ACCESSORIES

Trolley

CODE		FINISHES	PUBLIC PRICE
VCBPERCT	PERCT	black	\$1.033

Available to transport stackable chairs. Trolley lacquered in black.

x4 The transport is possible for a maximum of 4 chairs simultaneously for stackable models with upholstered seat and 4 chairs for stackable models without upholstered seat.

Noha

BY LUDOVICA SERAFINI + ROBERTO PALOMBA

Noha is a simple gesture, a pillow folded in the act of providing a comfortable seat, highly versatile, perfectly fitting into both workspaces and beyond. A collection designed by Ludovica + Roberto Palomba aimed at bringing the pleasure of living into the office, so that this space can achieve the levels of hospitality, kindness, and refinement found in a domestic environment.

In its chair version, Noha stands out for the sophisticated smooth lines of its backrest and its cleverly balanced seat. With or without armrests, with executive or standard backrest, the chair is a great addition to workspaces, meeting rooms and lounge areas that seek friendlier shapes to make their teams feel comfortable and cared for.

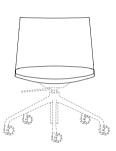

BACKREST OPTIONS

Standard

Seat and backrest made in non-deformable fireproof expanded polyurethane, foam moulded on a steel structure.

Seat and backrest made in non-deformable fireproof expanded polyurethane, foam moulded on a steel structure.

ARMREST OPTIONS

Metal armrest

Armrests made in calibrated tubular steel, lacquered in thermosetting polyester in black, white or taupe. Available for all bases and seats.

Upholstered armrest

Armrests in non-deformable fireproof expanded polyurethane foam moulded on a steel structure. Available for all bases and seats.

2023, BY LUDOVICA SERAFINI + ROBERTO PALOMBA

BASE OPTIONS

Four metal legs

Calibrated steel structure powder coated in thermoreinforced polyester in the colors of our collection. Black or white plastic glides with or without felt.

Five casters nylon base with height adjustment

Black nylon swivel base. Gas height adjustment and soft casters in black. Available tilting mechanism with locking device.

Five casters aluminium base with height adjustment

Aluminium swivel base powder coated in black or white microtexturized or polished aluminium. Gas height adjustment and soft casters in white or black. Available tilting mechanism with locking device.

Flat swivel

Injected aluminium swivel base, white or black lacquered with microtextured finish. Translucent or black plastic glides with or without felt. Available with tilting and/or self-return mechanism.

Wooden swivel

Wooden swivel structure in stained beech wood with the finishes of our collection. Plastic glides with or without felt. Available with tilting and/or self-return mechanism.

OPTIONAL MECHANISMS

Tilting

A tilting mechanism option is available for all bases except four leg base. For the base with casters, tilting mechanism can be locked by the user.

Self-returning swivel system that returns the chair to its original position after use. Available in flat swivel chair base, wooden swivel base and in the lounge chair version.

PIPING OPTIONS

Piping available in the following finishes*: All colors can be combined with all the upholstery options of our collection.

129 Linen

29 Burgundy

95 Anthracite

59 Forest Green

^{*} NOTE: New piping finishes are available upon request. Please contact our sales department for more information.

Aleta Executive

BY JAIME HAYON

CHAIRS AND STOOLS

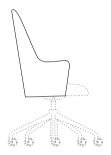

Aleta Executive represents how we bond with the designers of each collection, expanding the families, maturing hand in hand to create new pieces based on new behaviors and solid creative concepts. The collection is a natural transition that leads to new ways of working, collaborating and promoting inclusive habits between users in the workspace environment. It is here to make gatherings more comfortable, pleasant and sophisticated.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

CHAIR BACK BACKREST OPTIONS

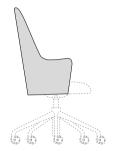

Standard backrest

Back of backrest upholstered in the same finish as the rest of the chair.

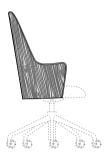

Back in leather or ecoleather

Back of backrest upholstered in leather or eco-leather for an extra charge.

Back in wood

Back of backrest in stained oak veneer in matt oak, cognac, ash, bleached oak or walnut.

BASE OPTIONS

Five casters nylon base with height adjustment

Black nylon swivel base. Gas height adjustment and soft casters in black. Available tilting mechanism with locking device.

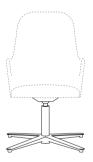

Five casters aluminium base with height adjustment

Aluminium swivel base powder coated in black or white microtexturized. Gas height adjustment and soft casters in white or black. Available tilting mechanism with locking device.

Flat swivel

White or black lacquered swivel aluminium base with microtextured finish. Black or translucent plastic glides with or without felt. Available with tilting and self-return mechanism.

2023. BY JAIME HAYON

OPTIONAL MECHANISM

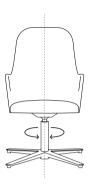

Tilting

A tilting mechanism option is available for all bases. In the case of the wheeled base, the tilting mechanism can be locked by the user.

Self-return

Self-return system that brings the chair back to its original position after use. Only available on the flat base of chair and armchair.

Ears BY PIERO LISSONI

The chair by the versatile Piero Lissoni joins the collection with the soul of a true icon. Ears is as light in terms of materials as it is resistant to aging. Its sinuous shapes keep intact a style capable of taking us bac k in time to the contemporary classics of the 70s.

Its balanced arrangement (as reduced as it is comfortable) makes Ears a perfect option for different collective and private areas: meeting points, cafeterias, auditoriums, waiting rooms, educational spaces, work areas in libraries or lounges.

It is possible to choose oak wood finishes for the entire product, as well as combining its oak seat and metal structure. Both versions of the chair can be complemented with distinctive armrests, designed to embrace the user.

This chair designed by the Italian architect means going back to the roots of industrial design, a tribute to the shapes and mat erials that so inspired Viccarbe's beginnings in the furniture industry.

SEAT OPTIONS

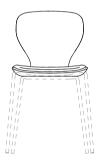

Stained

Stained curved oak plywood seat.

Combined

Stained curved oak plywood seat with cushion.

Smooth upholstery

Smooth upholstered plywood seat covered with expanded polyuretane foam.

CHAIR BASE OPTIONS

Four metal legs

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Plastic glides in black or white with or without felt.

Four wooden legs

Curved legs in natural oak plywood with the finishes of our collection and white (open pore). Plastic glides in white or black.

2020, BY PIERO LISSONI

STOOL BASE OPTIONS

Four metal legs Counter stool

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Plastic glides in black or white with or without felt.

Four metal legs Bar stool

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Plastic glides in black or white with or without felt.

ACCESSORIES

Writing tablet

HPL Writing tablet with aluminium mechanism and anti-panic system. Left or right versions. Available only for four metal legs base.

ARM OPTIONS

Metal armrest

Calibrated steel arms powder coated in thermoreinforced polyester in black or white. Available for all bases and seats. Not stackable with arms.

Metal with solid wood armrest

Calibrated steel arms powder coated in thermoreinforced polyester in black or white with natural wood armrests stained with the finishes of our collection and white (open pore). Available for all bases and seats.

Not stackable with arms.

Upholstered metal armrest

Calibrated steel arms powder coated in thermoreinforced polyester in black or white pholstered with leather or ecoleather. Available for all bases and seats. Not stackable with arms.

Funda BY STEFAN DIEZ

CHAIRS AND STOOLS 2020, BY STEFAN DIEZ

The commitment to maximum sustainability and comfort shapes Funda, a range of seats conceived by the outstanding designer Stefan Diez under the umbrella of creating an innovative and light chair. Funda means "cover" in Spanish.

This collection is presented as a construction made up of t wo differentiated pieces that, thanks to its shape, simulate the gesture of two hands which embrace the user. The development of Funda has been based on combining a metal structure designed to last over time, and an upholstered seat that can be replaced after years of use or severe wear and tear.

In this case we simplify the usual components of a chair (structure, seat, fabrics) to structure and upholstery, without losing it resistance and comfort.

Test certificates: ANSI BIFMA X5.4-2020 and UNE EN 16139:2013vc2015

Four legs base of calibrated steel tube powder coated in thermoreinforced polyester in white and black. Internal frame for the seat and back of calibrated steel tube powder coated in thermoreinforced polyester covered with shape-holding expanded polyurethane foam.

Fabric or leather upholstery with the finishes of our collection. Plastic glides.

Funda represents the balance between precision and the humancentered approach of Stefan Diez. His constant search for both industrial innovation and visual appeal has achieved in this collection a curved and friendly shape, combined with an upholstery known for its wrinkles

In this way, Funda manages to evoke the maximum expression of comfort and makes available the different pieces of the range to all types of environments: restoration projects, homes, intermediate spaces and office

Quadra

BY MARIO FERRARINI

Test certificates: UNE-EN 16139:2013vc2015

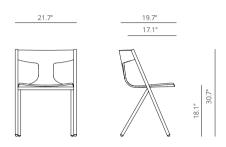

Quadra has been originated as a tribute to the delicate details, lines, and tools of architectural drawing.

It is a convenient option for projects that require excellent functionality and durability over time (educational spaces, coffee shops, meeting rooms, homes...), and can additionally be stacked in large quantities.

Calibrated steel structure powder coated in thermoreinforced polyester in black or white.

Curved oak plywood stained in the finishes of our collection and white open pore. Black plastic glides with or whitout felt* or white plastic glides.

Copa BY RAMOS & BASSOLS

CHAIRS AND STOOLS 2019, BY RAMOS & BASSOLS

Copa is the result of Viccarbe's tireless search for extraordinary comfort. Presenting a backrest with sinuous and particularly enveloping lines, this chair joins the collection with a wide: range of bases. The silhouette, inspired by the shapes of an elegant crystal glass, encapsulate the perfection of David Ramos and Jordi Bassols's idea of contemporary design.

Seat and backrest made of plywood covered with non-deformable expanded polyurethane of different densities.

CHAIR SEAT OPTIONS

Smooth upholstery

Wooden seat and plywood backrest with padding and smooth upholstery.

Soft upholstery

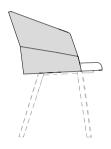

Wooden seat and plywood backrest with padding and soft upholstery.

CHAIR BACKREST OPTIONS

BASE OPTIONS

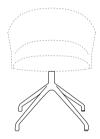

Four metal legs

Calibrated steel structure powder coated in thermoreinforced polyester in black or white. Black or white plastic glides with or without felt.

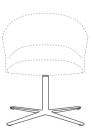

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides with or without felt.

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides with or without felt.

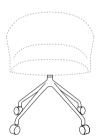

Four wooden legs

Four solid oak wood legs stained with the finishes of our collection. Black or white plastic glides with or without felt.

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white soft casters for hard floors.

Cantilever

Calibrated steel structure powder coated in thermoreinforced polyester in black or white. Black or white plastic glides or black without felt or transparent plastic glides with felt.*

Five casters

Aluminium swivel base powder coated in black or white, height adjustment system and black or white soft casters for hard floors*.

*The manufacturing lead time for this base is one week longer than the standard production time.

STOOL BASE OPTIONS

Fixed counter stool

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

Four wooden legs counter stool

Four solid oak wood legs stained with the finishes of our collection. Footrest in calibrated steel powder coated in thermoreinforced polyester in black Black or white plastic glides with or without felt.

Fixed bar stool

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

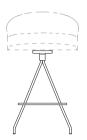

Four wooden legs bar stool

Four solid oak wood legs stained with the finishes of our collection. Footrest in calibrated steel powder coated in thermoreinforced polyester in black Black or white plastic glides with or without felt.

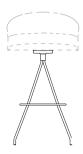

Swivel counter stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

Swivel bar stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

Aleta BY JAIME HAYON

2017, BY JAIME HAYON

CHAIRS AND STOOLS 2017, B

Inspired by the physiognomy and movement of sharks, Jaime Hayon has created the Aleta collection for Viccarbe. The collection is designed and created for use in public spaces like restaurants, hotels or offices as well as residential spaces. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

SEAT OPTIONS

High backrest

Moulded plywood seat and backrest covered with expanded non-deformable polyuretane foam.

High backrest with armrest

Moulded plywood seat and backrest covered with expanded non-deformable polyuretane foam.

SEAT OPTIONS

Low backrest

Moulded plywood seat and backrest covered with expanded polyuretane foam.

* Only available for stools.

2017, BY JAIME HAYON

CHAIRS AND STOOLS

CHAIR BASE OPTIONS

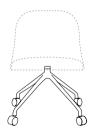

Four metal legs

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white glides with or without felt.

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white soft casters for hard floors.

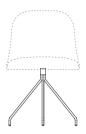

Four wooden legs

Structure in solid oak wood stained with the finishes of our collection. Black or white plastic glides with or without felt.

Swivel

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white glides with or without felt.

Five casters

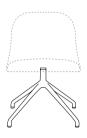

Aluminium swivel base powder coated in black or white (high gloss), height adjustment system and black or white soft casters for hard floors.*

*The manufacturing lead time for this base is one week longer than the standard production time.

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent glides with or without felt.

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized.Black or translucent plastic glides with or without felt.

STOOL BASE OPTIONS

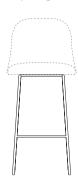

Fixed counter stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

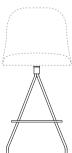

Fixed bar stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

Swivel counter stool

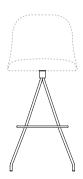

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

Swivel bar stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

Test certificates: ANSI BIFMA X5.4:2012 and UNE-EN 16139:2013vc2015

Maarten Chair

BY VICTOR CARRASCO

CHAIRS AND STOOLS

The powder coated steel tube structure and the carefully made, elegant, upholstered seat of the Maarten chair recall the classics of the '70s. Maarten is available in a wide: variety of base and seat finishes to fit with all kind of environments. Fixed upholstery covering available in the soft and smooth versions.

Plastic chairs with four metal legs or sled base can be stacked up to 10 units and up to 4 units for the upholstered chairs. We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

HIGH BACKREST SEAT OPTIONS

Plastic

Injected polypropylene seat in white, black, dusty green, yellow ochre or brick.

Plastic with cushion

Injected polypropylene seat in white, black, dusty green, yellow ochre or brick with upholstered seat cushion.

Smooth upholstery

Injected polypropylene seat with smooth upholstery.

Soft upholstery

Injected polypropylene seat with soft upholstery.

LOW BACKREST SEAT OPTIONS*

*Only available for stools.

Plastic

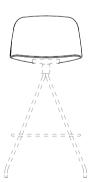

Injected polypropylene seat in white, black, dusty green, yellow ochre or brick.

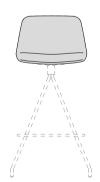

Smooth upholstery

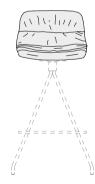

Injected polypropylene seat with smooth upholstery in the finishes of our collection.

Soft upholstery

Injected polypropylene seat with soft upholstery in the finishes of our collection.

Maarten Chair

2012, BY VICTOR CARRASCO

CHAIR BASE OPTIONS

Four metal legs

Calibrated steel structure powder coated in thermoreinforced polyester in white or black.
Black or white plastic glides with or without felt.

Sled

Calibrated steel structure powder coated in thermoreinforced polyester in white, or black.
Black or white plastic glides or black without felt or transparent plastic glides with felt.

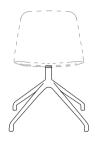

Swivel

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white or black.
Clear polypropylene injection glides.

Pyramid swivel

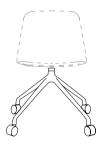

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or white plastic glides.

Pyramid swivel with casters

stackable up to 4 units

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white soft casters for hard floors.

Five casters

Aluminium swivel base powder coated in black or white (high gloss), height adjustment system and black or white soft casters for hard floors*.

*The manufacturing lead time for this base is one week longer than the standard production time.

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides.

Wooden swivel

Calibrated steel swivel structure with solid oak legs, stained with the finishes of our collection.
Black or white plastic glides with or without felt.

Four wooden legs

Four solid oak wood legs stained with the finishes of our collection. Plastic glides with or without felt.

CHAIRS AND STOOLS

STOOL BASE OPTIONS

Sled counter stool

Calibrated steel structure and footrest powder coated in thermoreinforced polyester in white, or black.
Black or white plastic glides or black without felt or transparent plastic glides with felt.

Four wooden legs counter stool

Four solid oak wood legs stained with the finishes for our collection. Calibrated steel footrest powder coated in black thermoreinforced polyester.

Plastic glides with or withour felt.

Sled bar stool

Calibrated steel structure and footrest powder coated in thermoreinforced polyester in white, or black.
Black or white plastic glides or black without felt or transparent plastic glides with felt.

Four wooden legs bar stool

Four solid oak wood legs stained with the finishes for our collection. Calibrated steel footrest powder coated in black thermoreinforced polyester.

Plastic glides with or withour felt.

Swivel counter stool

Calibrated steel swivel structure and footrest powder coated in thermoreinforced polyester in white, black.

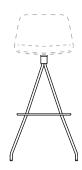

Black or white plastic glides wit or without felt.

Swivel bar stool

Calibrated steel swivel structure and footrest powder coated in thermoreinforced polyester in white, black.

Black or white plastic glides wit or without felt.

CHAIRS AND STOOLS

AUDITORIUM SEAT OPTIONS

Plastic

Injected polypropylene seat in white, black, dusty green, yellow ochre or brick. Screws or anchoring system not included.

Plastic with cushion

Injected polypropylene seat in white, black, dusty green, yellow ochre or brick and seat cushion. Screws or anchoring system not included.

Smooth upholstery

Injected polypropylene seat in smooth upholstery. Screws or anchoring system not included.

Soft upholstery

Injected polypropylene seat in soft upholstery. Screws or anchoring system not included.

ARMREST OPTIONS

Armrest

Calibrated steel armrest powder coated in thermoreinforced polyester in black or white.

Available for all bases and seats but the auditorium base.

Not available for low backrest stools.

Wooden armrest

Calibrated steel armrest powder coated in thermoreinforced polyester in black or white, with natural oak armrests stained with the finishes of our collection. Available for all bases and seats but the auditorium base. Not available for low backrest stools.

Upholstered armrest

Calibrated steel armrest powder coated in thermoreinforced polyester in black, white and upholstered with leather or ecoleather armrest. Available for all bases and seats but the auditorium base.

Not available for low backrest stools.

ACCESORIES

Writing tablet

HPL Writing tablet with aluminium mechanism and anti-panic system. Left or right versions. Available for four metal legs base and sled base.

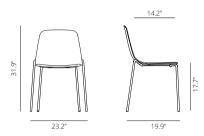

Test certificates: ANSI BIFMA X5.4:2012 and UNE-EN 16139:2013vc2015

Calibrated steel structure powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange. Black or white plastic glides with or without felt.*

Klip by victor carrasco

2014, BY VICTOR CARRASCO

A plywood oak chair with the finishes from our collection. Optio nal cushion upholstered in fabric or leather.

Perfect for home and contract use, stackable up to 10 chairs for the non upholstered version and 4 chairs for the upholstered version.

Its name is a reference to the slot in its back, which serves both as a handle for moving it about easily and as a hang for handbags etc.

We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

[For the production of this sofa Viccarbe is using wood from certified sustainable forestry sources]

SEAT OPTIONS

Stained / Lacquered with handle

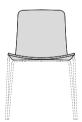

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, with the handle in the back.

Maximum weight supported by the handle: 33.1 lb.

Smooth upholstery

Plywood natural beech chair covered by expanded polyurethane foam, smooth upholstery.

Stained / Lacquered with cushion and handle

Curved oak plywood stained or curved beech lacquered plywood lacquered in the finishes of our collection, with upholstered cushion and the handle in the back. Maximum weight supported by the handle: 33.1lb.

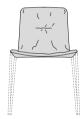

Stained / Lacquered with handle

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, without handle in the back.

Soft upholstery

Plywood natural beech chair covered by expanded polyurethane foam, soft upholstery.

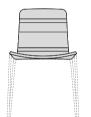

Stained / Lacquered with cushion and without handle

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, with upholstered cushion and without the handle in the back.

Lined upholstery

Plywood natural beech chair covered by expanded polyurethane foam, lined upholstery.

Noha Lounge

BY LUDOVICA SERAFINI + ROBERTO PALOMBA

Noha is a simple gesture, a pillow folded in the act of providing a comfortable seat, highly versatile, perfectly fitting into both workspaces and beyond. A collection designed by Ludovica + Roberto Palomba aimed at bringing the pleasure of living into the office, so that this space can achieve the levels of hospitality, kindness, and refinement found in a domestic environment.

In its lounge chair version, Noha creates extra comfortable and friendly corners in corporate, domestic and hospitality settings. A highly versatile piece that connects users and provides them with a pleasant space in which to think, brainstorm, collaborate and unwind.

SEAT OPTIONS

Standard

Seat and backrest made in non-deformable fireproof expanded polyurethane, foam moulded on a steel structure.

Seat and backrest made in non-deformable fireproof expanded polyurethane, foam moulded on a steel structure.

ARMREST OPTIONS

Metal armrest

Armrests made in calibrated tubular steel, lacquered in thermosetting polyester in black, white or taupe. Available for all bases and seats.

Upholstered armrest

Armrests in non-deformable fireproof expanded polyurethane foam moulded on a steel structure. Available for all bases and seats.

2023, BY LUDOVICA SERAFINI + ROBERTO PALOMBA

BASE OPTION

Flat swivel base

Injected aluminium swivel base, white or black lacquered with microtextured finish. Plastic glides in black or translucent, with or without felt. Available with tilting and/or self-return mechanism.

OPTIONAL MECHANISMS

Tilting

There is the option of adding a tilting mechanism to the base of the chair.

Self-return

Self-returning swivel system that returns the lounge chair to its original position after use.

PIPING OPTIONS

Aleta Executive Lounge

BY JAIME HAYON

2023, BY JAIME HAYON

The Aleta Executive lounge chair makes corporate spaces more welcoming and sophisticated. The collection facilitates the exchange of ideas and conversation thanks to a comfortable seat of balanced proportions and a backrest that gently adapts to the back. Available in multiple finishes and bases, the lounge chair allows two different materials to be combined inside and out, rising a singular piece for all

atmospheres. Recommended for intermediate areas, meeting rooms, receptions, and welcome areas.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

LOUNGE CHAIR BACKREST OPTIONS

Fabric backrest

LOUNGE CHAIRS

Backrest back upholstered in the same fabric as the rest of the chair.

Back in leather or ecoleather

Back of backrest upholstered in leather or eco-leather for an extra charge.

Back in wood

Back of backrest in stained oak veneer in matt oak, cognac, ash, bleached oak or walnut.

BASE OPTIONS

Flat swivel lounge

Injected aluminium swivel base, white or black lacquered with microtextured finish. Black or translucent plastic glides, with or without felt. Available tilting mechanism and self-return mechanism.

OPTIONAL MECHANISM

Tilting

The lounge chair can include a tilting mechanism, which gives the user greater flexibility and comfort.

Self-return

Self-return system that brings the lounge chair back to its original position after use.

Zoco

Zoco pays tribute to the traditional markets held in Arabic countries, central hubs of collaboration between different cultures. An environment that fuses colors, textures and scents that connect people to each other, sparking creativity, interaction, and consensus. This is what Zoco is all about, a very comfortable lounge chair with rounded shapes where work meetings, friendly encounters and the exchange of ideas revolve. Designed by Victor Carrasco.

- 1- Calibrated steel tube structure lacquered in thermoset polyester in black or white.
- $\mbox{\sc 2-}$ Upholstered cover in the fabrics & leathers of the collection, expanded foam and wadding inside.
- 3- Plastic mats with and without felt or mixed casters for hard & soft floors.

Funda Bold

BY STEFAN DIEZ

Needed fabric for material

Needed fabric for material

1.53 yd wide: Ottoman: 2.1 yd

1.53 yd wide: Lounge chair: 4.2 yd

LOUNGE CHAIRS 2022, BY STEFAN DIEZ

Plastic glides.

Bold, suggestive and extremely comfortable. A collection of oversize seats with matching ottoman, cushions, and headrest. Funda Bold's large silhouette and comfortable proportions are created for relaxation and promoting 'slow work' in offices, homes, and in-between spaces. This design represents the new era of huge comfort. The Funda Bold lounge chair promises to be roomy without losing an ounce of lightness. Its construction system is formed by a single steel tube that makes the chair light and allows it to be easily transported.

Maintaining the sustainable philosophy of the Funda range, this design by Stefan Diez is created to last over time.

Through an innovative production process, the environmental impact is minimized, and circular economy is promoted, as both parts can be recycled independently.

Four legs base of calibrated steel tube powder coated in thermoreinforced polyester in white and black. Internal frame for the seat and back of calibrated steel tube powder coated in thermoreinforced polyester covered with shape-holding expanded polyurethane foam and polyesther fibre. Fabric or leather upholstery with the finishes of our colecction.

Funda Lounge

BY STEFAN DIEZ

Test certificates: ANSI BIFMA X5.4-2020 and UNE EN 16139:2013vc2015

The commitment to maximum sustainability and comfort shapes Funda, a range of seats conceived by the outstanding designer Stefan Diez under the umbrella of creating an innovative and light chair. Funda means "cover" in Spanish.

This collection is presented as a construction made up of t wo differentiated pieces that, thanks to its shape, simulate the gesture or two hands which embrace the user. The development of Funda has been based on combining a metal structure designed to last over time, and an upholstered seat that can be replaced after years of use or severe wear and tear.

In this case we simplify the usual components of a chair (structure, seat, fabrics) to structure and upholstery, without losing it resistance and comfort.

Funda represents the balance between precision and the humancentered approach of Stefan Diez. His constant search for both industrial innovation and visual appeal has achieved in this collection a curved and friendly shape, combined with an upholstery known for its wrinkles.

In this way, Funda manages to evoke the maximum expression of comfort and makes available the different pieces of the range to all types of environments: restoration projects, homes, intermediate spaces and office.

Cubow

BY MEIKE HARDE

SOFAS 2025, BY MEIKE HARDE

Test certificates: UNE-EN 16139:2013vc2015 and ANSI BIFMA X6.4:2021

Cubow is Meike Harde's first design for Viccarbe — an exploration of how a geometric figure can be transformed into a piece that embraces comfort. Cubow stands out for its contrast between a smooth, rounded base and sides, and a soft seat area that cradles the user. A visible seam separates the two sections, while the internal structure combines foam densities to offer optimal support and comfort.

1- Interior structure in solid wood with webbed seat. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.

- 2- Expanded polyurethane foam in different densities.
- 3- Fabric or leather.
- 4- Technical protective fabric for upholstery*.
- 5- Hidden casters or legs with height adjustment.

*All available technical fabric colours can be found in our Price List on page 20.

With organic lines and a cloud-like softness, Cubow expands Viccarbe's range of generous, versatile products designed to suit offices and hospitality spaces, while also integrating seamlessly into residential interiors or museum lounge areas.

First order entry on June 2nd, 2025.

Savina by victor carrasco

2021, BY VICTOR CARRASCO

SOFAS

Savina joins our collection of ancillary furniture to enhance soft collaboration. An innovative modular cloud sofa that presents a new universe of comfortable working solutions for every office, workplace, home, hotel, or hybrid space.

The Savina collection is characterized by being a soft sofa, so the behavior of the fabric significantly influences its visual appearance depending on the selection of one fabric or another, with finer fabrics tending to generate more wrinkles than thicker fabrics. The appearance of these wrinkles is part of the original design intention. Over time and with use, wrinkles may appear on fabric, leather, or faux leather upholstered products.

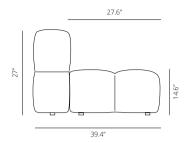

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood from the perspective of the person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

Solid wood frame with steel spring frame, non-deformable expanded polyurethane of different densities with viscoelastic layer, recycled PET fiber paneling and padded chamber filled with anti-mite feathers and recycled PET fibers.

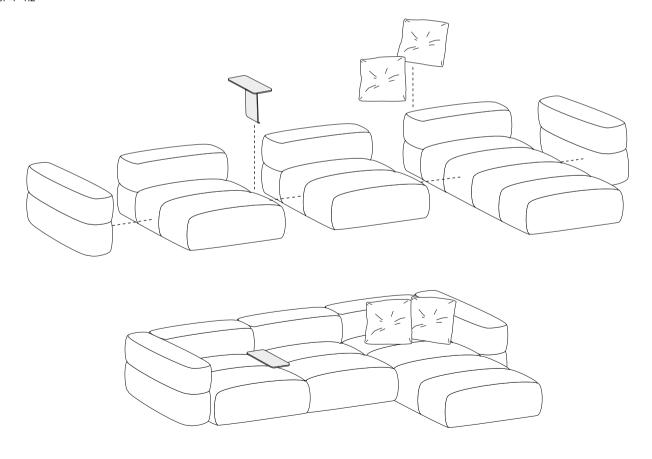

Non-removable fabric or leather upholstery. Height adjustable legs or hidden casters.

[For the production of this sofa Viccarbe is using wood from certified sustainable forestry sources]

The tolerance in the measurements of the upholstered elements can be of +/-1.2"

Sistema

BY LIEVORE ALTHERR MOLINA

Sistema Legs

Sistema Legs gives the possibility to choose between three different types of legs depending on the form: scissors, cylinder and flute – Offering great durability and adaptability to diverse environments.

Sistema Floor

The definitive approach to the aesthetics of a residential sofa. Perfect for an additional degree of elegance thanks to its fully upholstered modules.

Smooth Upholstery

Great durability and adaptability to diverse environments. Sistema, with its smooth upholstery, is a perfect choice for commercial spaces, offices, or airports. High traffic areas where privacy and dynamism sometimes become a sine qua non.

Soft Upholstery

A meeting point between rationalism and warmth. Soft Sistema emerges as an evolution of the Sistema sofa, presenting a more comfortable interior, as well as a more wrinkled effect in its upholstery, one that is therefore more welcoming.

Season Sofa

BY PIERO LISSONI

SOFAS 2017. BY PIERO LISSONI

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

SEASON SOFA is a simple and elegant upholstered modular sofa. The collection is composed by different modules, which makes it very easy to create different compositions for waiting areas and living rooms, in a very intuitive way.

The fixed upholstery is available in fabric and leather, to choose from a variety of colors that can be combined with other items of the collection. The base of the SEASON sofa has a grey protection of washable technical

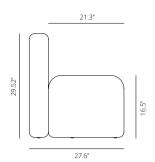

Perfect for offices, restaurants, receptions, etc.

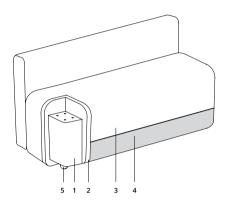

The tolerance in the measurements of the upholstered elements can be of +/- 1.2".

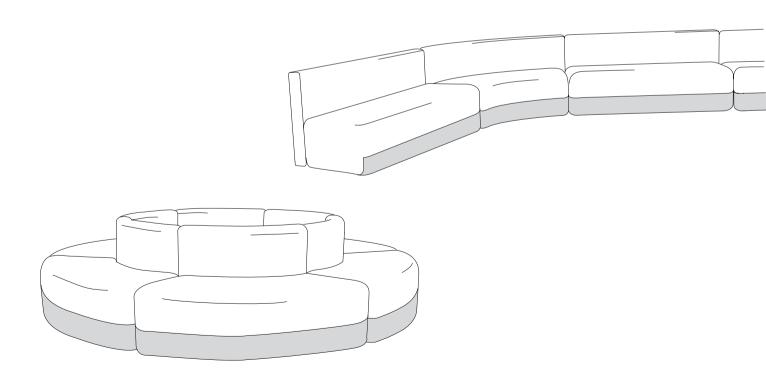

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood to be from the perspective of a person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

- 1- Interior structure in solid wood and perfored top of microparticles low in formaldehyde. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- 2- Expanded polyurethane foam in different densities.
- 3- Fabric or leather.
- 4- Technical protective fabric for upholstery.*
- 5- Height equalising legs.

*Check all the technical fabric colours available on page 20.

Step

BY VINCENT VAN DUYSEN

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

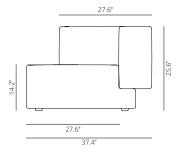

Step is a collection of seating and benches that allows a wide variety of compositions by combining elements of different dimensions.

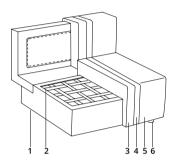

Despite its precise and formal geometric design, it is surprisingly comfortabe, which makes it perfect for the residential use.

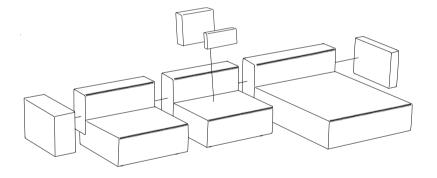

The tolerance of the different elements can be +/- 1.2". Cushions made of soft virgin fibre with anti-acarus treatment.

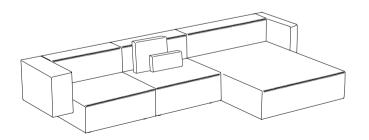

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood from the perspective of the person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

- 1- Interior structure of the arms, back and seat in solid wood. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- 2- Woven seat and back structure.
- 3- Expanded polyurethane foam in different densities.
- 4- Polyester fibre covering.
- 5- Fabric.
- 6- Adjustable legs in height.

HANDMADE

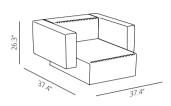

Seam* colours available: white, black, red, sky blue, light grey, dark grey, green, cream, deep blue, caramel and wine.

^{*}Decorative seams are handmade

Levitt

BY LUDOVICA SERAFINI + ROBERTO PALOMBA

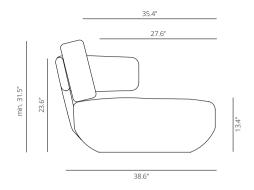

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

Levitt is a collection of modular sofas and lounge chairs that allow to multiply compositions and finishes.

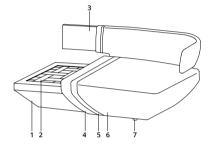

The seat depth of the sofa is 35.4" without cushions so do not forget to order the back cushions that you need.

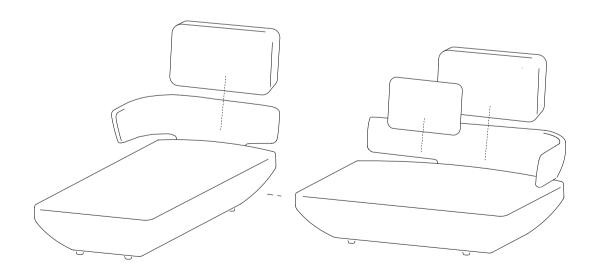

The direction of the fabric in the chaise lounge and similar sizes options will be the opposite to the side unit to avoid visible sewing. The tolerance of the different elements can be \pm 1.2".

Indicate in the order the cushion/back that you would like. Cushions in washed duck and goose feather with anti-acarus treatment. Anti-feather scape cotton cover.

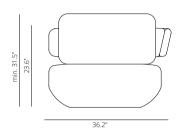

- 1- Interior structure of seat in solid wood. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- 2- Woven seat structure.
- 3- Structure in plywood with curved back.
- 4- Expanded polyurethane viscoelastic foam in different densities.
- 5- Polyester fibre covering.
- 6- Fabrics or leather.
- 7- Height equalising legs.

Needed fabric for material 1.53 yd wide: Lounge chair: 4.59 yd Sofa 59.8": 8.31 yd

Lounge chair

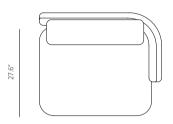

NOTE: The lounge chair will be supplied with a wide right arm (front-on-view); although it can also be made with a wide left arm (in any case it is essential that you provide us with a sketch when making the order so that no mistakes are made). The other models will be supplied with the arm in the position that is shown in each sketch.

Season Bench

BY PIERO LISSONI

2011, BY PIERO LISSONI

Test certificates: UNE EN 16139:13

1- Interior structure in solid wood and perfored top of microparticles low in formaldehyde. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.

- 2- Expanded polyurethane foam in different densities.
- 3- Polyester fibre covering.
- 4- Fabric or leather.
- 5- Height adjustment legs.

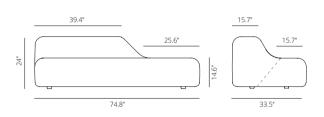

NOTE: Leather and some technical upholster models are manufactured with different seams.

Needed fabric for material 1.53 yd wide:

Bench **74.8**": 5.9 yd Bench **98.4**": 8 yd

The bench will be provided with the raised part on the right or on the left. Indicate the desired option in the order, remembering that left / right is understood by looking at the element from the front for manufacturing purposes.

Torii

BY LUDOVICA SERAFINI + ROBERTO PALOMBA

With its pure and timeless lines, Torii takes both its name and its form from traditional Japanese culture, making reference to the arches, normally found at the entrance to Shinto shrines, that embody the frontier between earthly and sacred matters.

The bench designed by Ludovica Serafini + Roberto Palomba is distinguished by its multifunctionality and use, as it is typically placed

in collaborative spaces and it can also take many different possible finishes (colours, upholstery and power options).

It can be set to the same height as a chair, which means it can be used next to desks or work tables.

STAINED SEAT AND BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat and backrest made from natural oak plywood stained with the finishes of our collection.

Black or white injection polypropylene glides.

UPHOLSTERED SEAT AND STAINED BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat made from plywood covered in non-deformable foamed polyurethane.

Backrest made from curved oak plywood stained with the finishes of our collection.

Black or white injection polypropylene glides.

UPHOLSTERED SEAT AND BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat and backrest made from plywood covered in non-deformable foamed polyurethane.

Black or white injection polypropylene glides.

STAINED SEAT AND BACKREST WITH CUSHIONS

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat and backrest made from natural oak plywood stained with the finishes of our collection.

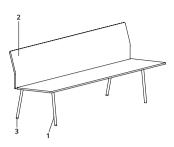

Seat and backrest cushion made from 0.2" thick MDF covered in non-deformable foamed polyurethane.

There are two cushion models with different widths.

The position of the cushions on the bench is predefined by a series of set configurations.

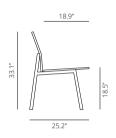

Test certificates: ANSI/BIFMA X5.4-2012 and UNE-EN 16139:2013 vc 2015

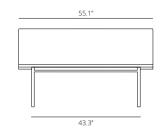

- 1- Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.
- 2- Seat and backrest made from natural oak plywood stained with the finishes of our collection.
- 3- Black or white injection polypropylene glides.

Trestle Bench 🕙

BY JOHN PAWSON

Test certificates: ANSI/BIFMA X6.4-2021

BENCH

Trestle bench, designed by John Pawson, is a modular collaborative bench with solid oak legs and an upholstered seat. Pairs well with Trestle tables.

- 1- Inner structure of compact wooden board.
- 2- Expanded polyurethane foam in different densities.
- 3- Fabric or leather upholstered seat with smooth or padded finish.
- **4-** Graphite grey beam under the bench seat made of calibrated powder coated tube in thermoreinforced polyester.
- 5- Legs in solid oak wood with the finishes of our collection. Due to the fact that the wood used is natural, the finish may vary.
- 6- Black plastic glides on each leg. Adjustable for leveling on uneven floors, adjustability range: 0.75"

Needed fabric for material 1.50 yd wide:

Trestle single bench smooth upholstery: 2.58 yd Trestle double bench smooth upholstery: 4.35 yd Trestle single bench padded upholstery: 2.31 yd Trestle double bench padded upholstery: 4.22 yd

FINISHING OPTIONS:

Smooth

Smooth upholstery does not have stitched seams in a quilted pattern on the bench seat. Leather is only available on the padded upholstery.

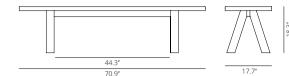

Padded

Padded upholstery has stitched seams in a quilted pattern on the bench seat. This option has wrinkles at each of the quilted seams.

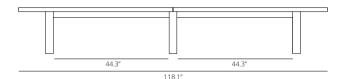

Single bench smooth or padded upholstery

COMPONENTS FOR BENCH COMPOSITIONS

Apart from those suggested, there is a possibility to create your own bench compositions. Create your own benches are a customizable solution to create endless bench lengths. Consisting of two style numbers; **end kits** (VCBTREB) and **center kits** (VCBTRCB).

For those compositions, it will be necessary to specify two end seats and central seats according to the length of the table.

Colour code:

Create your own center kits (x2)

Create your own end kits (x1)

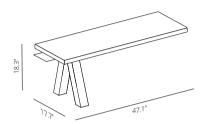

Needed fabric for material 1.50 yd wide:

Central seat smooth upholstery: 1.72 yd Central seat padded upholstery: 1.72 yd End seat smooth upholstery - one leg: 2.17 yd End seat smooth upholstery - two legs: 2.17 yd End seat padded upholstery - one leg: 2.11 yd End seat padded upholstery - two legs: 2.11 yd

NOTE: When building create your own compositions, it is necessary to specify a single end kit and as many center kits required to achieve the desire length.

Create your own center kits

This center kit includes one center bench seat and one pair of legs. Create your own center kits must be specified with an end kit.

Common 🕙

BY NAOTO FUKASAWA

Test certificates: ANSI BIFMA X6.4-2021

Common is a modular system of benches that work as a meeting point for collaborative spaces. It allows different settings to be created through a variety of compositions.

To give you an example, some of the most common options are pictured below at page 383.

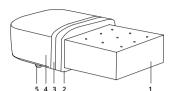

- 1- Interior structure in solid wood.
- 2- Expanded polyurethane foam in different densities.
- 3- Polyester fibre covering.
- 4- Fabric, vinyl or COM (Customer's Own Material).
- 5- Legs in matt varnished natural beech.

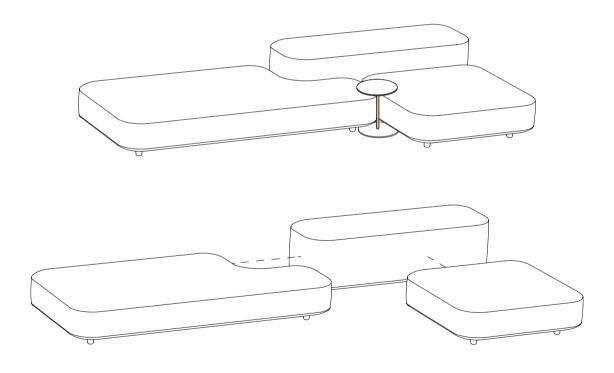

NOTE: Some technical fabrics are manufactured with different seams. Also, benches may show soft comfort wrinkles upon use.

*Felt glides available. If not selected, the bench will be produced with plastic glides.

PLEASE NOTE! The Common low table, crafted in Spain, follows the Standard Lead Time for delivery. See more at Order process page 12.

Indent dimensions: 23.6" x 23.6"

NOTE: Rectangle benches with indents can be used in two positions. Specify indent left- or right-facing. Left and right is understood by looking at the module straight from above.

SIDE TABLES

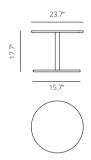

Common side table designed by Naoto Fukasawa is an auxiliary table inspired by the Japanese classics. Available in two heights, pair with common bench or specify on its own.

- 1- Base and top in lacquered MDF*.
- 2- Solid beech column, stained with matt varnish.

NOTE: There is the possibility of combine boards of different colors. In that case, always consider the price of the upper category.

PLEASE NOTE! The Common low table, crafted in Spain, follows the Standard Lead Time for delivery. See more at Order process page 12.

Common side table with upholstered column NEW

by Naoto Fukasawa

The Common side table combines sleek design with functional elegance. Its unique column, upholstered in leather or ecoleather, adds a refined touch that elevates the minimalist table. This luxurious detail provides both visual appeal and a tactile experience, making it a standout piece in any interior. The table's durable top complements the upholstered column, offering a perfect balance of style and practicality. Available in genuine leather or ecoleather, it ensures timeless elegance and long-lasting durability. Ideal for contemporary living rooms, offices, or lounges, the Common side table brings sophistication and versatility to modern spaces.

Season Pouf

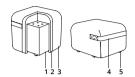

BY PIERO LISSONI

BENCHES

Piero Lissoni's successful collection grows with poufs of different dimensions, maintaining the option of incorporating his intelligent system of hidden casters - very suitable for office and educati onal spaces where agility and dynamism are paramount - as well as hi s particular strap, making it easier to move around places.

Test certificates: ANSI/BIFMA X5.4:2020 and UNE-EN 16139:2013vc2015 (for all sizes, only fixed models)

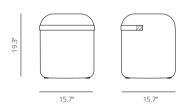

- 1- Interior structure in solid wood and perfored top of micropa rticles low in formaldehyde. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- 2- Expanded polyurethane foam in different densities.
- 3- Fabric or leather.
- **4-** Strap or belt produced in high-resistance technical fabric black, grey and red.
- 5- Hidden casters or height adjustment legs.

Fuste By Victor Carrasco

2023, BY VICTOR CARRASCO

TABLES

With a warm and balanced design, Fuste is our tribute to classical architecture. It is a wooden table with fluid lines, designed by Victor Carrasco to bring warmth and friendliness to all kinds of collaborative spaces.

The collection takes its name from the essential point of connection between the base and the capital of columns, the shaft, that unmistakable architectural element since classical Greece.

NOTE: The manufacturing lead time for tables with a board length of 94.5" or longer is an additional 2 weeks compared to the normal manufacturing lead time.

Fuste is a sturdy yet visually light table, ideal as a presidential table in offices, meeting rooms, restaurants, and residential projects.

It is made with solid wood legs and an oak veneer MDF top, all stained in the finishes of the collection. As a novelty, it features a patented electrification system that hides the cables through one of its legs. Additionally, Fuste includes a height of 25.6", designed for armchairs.

Foro

TABLES

Foro is our venture with designer John Pawson. A collection of minimalist tables meticulously crafted in oak, the noblest material for conveying richness, warmth and depth to any environment. Foro can include a patented electrification mechanism that cleverly conceals the cables through the leg. A practical complement to connect equipment and boost productivity.

Made of wood, the legs of the Foro table are made of solid stained American oak, joined by a stained American oak frame like the legs. The tabletop is made from European oak and stained to match the legs in the finishes of the collection.

Cambio

BY VICTOR CARRASCO

TABLES

Defined by a singular central base with a seamless silhouette, Cambio is a minimalist game of geometry based on the transition from a square to a round shape, taking us back to our origins.

A modern table collection that allows to create infinite compositions and accommodate multiple guests with its tabletops of up to 78.7" long and discreet electrification options.

NOTE: We can offer the possibility to ship the tables without counterweight. There is no option to install the tables without the recommended counterweight. For more detailed information please contact the Sales Department.

NOTE 2: For tables equal to, or longer than 94.5", the production delay is two adittional weeks respect the normal production term.

Central base in rotomoulded polyethylene available in white, black or taupe. It allows electrification elements to be added in the centre of the tabletop thanks to the internal cable ducting.

The table top is available in 1.2" thick MDF, with a technical microtextured lacquered finish in the colours of our collection or veneered in natural oak stained in matt, cognac, ash, bleached or walnut

Also available in high resistance materials for severe use in Contract such as 0.75" Melamine or 0.47" Compact.

ACCESSORIES & POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories and power options. The drawings with the location of the accessories need the approval of the technical department.

Round power kit

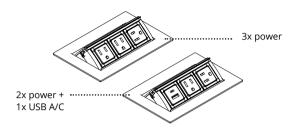

FINISHES	PUBLIC PRICE		
4013 Silver/Black 4242 Milk Smooth	1	2 power \$444	
4242 Milk Smooth 4710 Low Gloss Black 4180 Graphite Matte	1 power unit	1 power + 1 USB A/C	\$532

The round surface power module is available as an option on 29.1" height tables, but only for single-base tables, located in the center of the tabletop, in two configurations. In this setup, the cables are managed through the center of the base and out the bottom of the base.

The power infeed is a **cord and plug** and round modules have 57" of cord on 29.1" height tables and 44" of cord on 41.3" height tables.

Square power kit

FINISHES	PUBLIC PRICE			
	1 namer mit	3 power	\$523	
4242 Milk Smooth, 4710 Low Gloss Black, 4799 Platinum Metallic	1 power unit	2 power + 1 USB A/C	\$619	
		3 power	\$901	
	2 power units	2 power + 1 USB A/C	\$1.117	

The square surface power is available in **two configurations** for double and triple base tables, where the cables are managed under the table top to a base and then out the bottom of the base.

The power infeed is a **cord** and **plug**. Square modules have 57" of cord on 29.1" height tables and 44" of cord on 41.3" height tables. When there are **multiple square power modules**, they are chained together and have one plug.

Wire management kit is included. Kit includes clips, screws, and velcro straps to route cord under the table top and down the base. **Power** is field-installed.

Cambio 94.5x47.2" H29.1" with HPL tabletop NEW

by Victor Carrasco

The Cambio table is now available with a 94.5x47.2" tabletop in HPL, offering generous surface area and exceptional durability. This version is available in Black HPL Soft Touch by FENIX—with a matte, anti-fingerprint finish—and White HPL, for a bright, timeless look. Both finishes are highly resistant to scratches, heat, and everyday use, making this table ideal for meeting rooms, collaborative workspaces, and dining areas. The HPL option enhances Cambio's sculptural elegance while ensuring long-term performance in high-demand settings.

Solar

TABLES 2021, POR MARC KRUSIN

Test certificates: ANSI BIFMA X5.4-2020 and UNE EN 16139:2013vc2015

Solar is a disruptive table concept designed by Marc Krusin, which opens up new ways of working and collaborating.

It consists of a table with an integrated seat, which rotates according to the user's needs, ensuring collaboration but also privacy. The structure is made of steel.

The table is made of MDF board or compact with the finishes of our

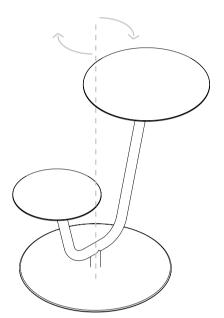

collection and the seat can be upholstered in any of the fabrics from our collection. It also includes a small hook, located under the tabletop, so that the user can keep their belongings close at all times. The maximum load for this hook is 15 kg.

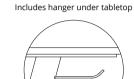

A new concept of versatile table, suitable for public areas, offices, educational environments such as schools or universities, restaurants and coworking spaces.

Maarten

BY VICTOR CARRASCO

Test certificates: UNE-EN 527-1:2011, UNE EN 527-2:03, UNE-EN 527-3:03 and ANSI BIFMA x5.5:2014 (table height 29.1").

Maarten is a collection of tables and complements that allows m any compositions and finishes.

The legs, which come in heights of 11.8" or 29.1", are made from calibrated steel, powder coated in thermoreinforced polyester. Available in white, black, taupe or combined, or a stained oak veneer with the finishes of our collection.

The 1.2" thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes. It also comes with a solid oak veneer, stained in matt, bleached, walnut, cognac or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

NOTE: Due to the fact that the wood used is natural, the finish may vary.

THICKNESSES AND TYPES OF BOARD EDGES:

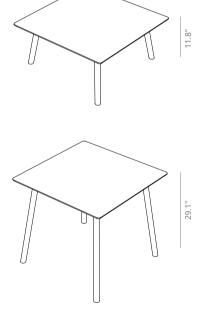

For more information about the variety of table tops, see page 21.

Note: the manufacturing lead time for the table is 2 weeks longer than the normal manufacturing lead time.

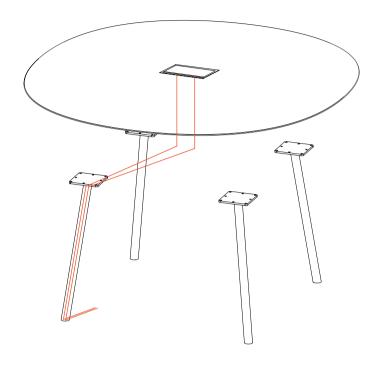

Suggested maximum number of seats per table, calculated with an Aleta chair. The number of seats may vary depending on the chair model.

IMPORTANT: please indicate with a drawing, the situation of each table, especially when combined with the support container or added accessories, along with the order to avoid confusion. Always remember that the right or left denomination always means facing the element. The more information you attach to **the order**, **the less chance of error**.

WIRE MANAGEMENT

Wire management leg

CODE		FINISHES		PUBLIC PRICE
-	MAAPMER	lacquered	white, black or taupe	\$206

The Maarten table allows the possibility to manage the wiring so that it is hidden and integrated into the table. For this purpose, the cable management leg (MAAPMER) is available as an option.

The leg allows up to 4 cables to be routed inside the table down to the floor.

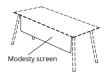

Wire management metal leg.

ACCESSORIES & POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories and power options. The drawings with the location of the accessories need the approval of the technical department.

 - The circle represents the column centered option for round power option.

Burin

BY PATRICIA URQUIOLA

2018, BY PATRICIA URQUIOLA TARIES

Burin is a symbolic tribute to traditional wood carving tools.

With its unmistakable silhouette defined by its base, this family, introduced in 2011 with the side table designed by Patricia Urquiola, offers a central-base table available in different heights, as well as a double version for large tabletops.

Highly versatile and adaptable to all types of spaces, Burin table features a roto-molded polyethylene base available in white, black, or taupe.

The 1.2" thick tabletop is made of lacquered technical micro-textured MDF in the colors of our collection or veneered in natural oak, available in matte oak, bleached oak, cognac, walnut, or ash. It is also available in highly resistant materials for intensive Contract use, such as HPL over MDF, melamine, or compact laminate.

The collection expands with a new and noble material: marble. A high-quality, beautiful, and elegant natural material, available only in selected sizes. It consists of a 0.78" natural marble table top, available in classic white Carrara or green Alpi -both with honed finish-, resting on a 0.63" support for added stability. An enduring and resilient choice, where the natural stone gives each table a unique character through the singular beauty of its organic origins.

First order entry on April 21st, 2025.

THICKNESSES AND TYPES OF BOARD EDGES:

MDF laquered / stained HPL with MDF	Melamine
1.2"	0.75"

More table top information on page 21.

The total size of the compact and melamine tabletops may vary by ± 0.4 "

Marble has a number of characteristics inherent to the material that should be considered before placing an order. Please read all marble-related terms in the general sales conditions at the beginning of this document.

⚠ The 3- and 5-meter marble tops are made of two pieces joined at the center, resulting in different visual outcomes depending on the length of the model.

3-meter model – Continuous pattern

Both halves are cut from a single marble slab, allowing for continuous veining across the surface and creating a harmonious, seamless appearance.

5-meter model - Bookmatched pattern

The tabletop is made from two adjacent slabs cut from the same marble block. The veining mirrors itself at the center, creating a symmetrical and striking visual effect known as bookmatching.

NOTE 1: The production time for marble tables or those with a tabletop length of 94.5" or more is an additional 2 weeks compared to the normal production time.

Marble requires special care due to its natural properties. It is essential to consult the maintenance manual available on our website.

Due to its weight and fragility, the marble top is shipped in specialized packaging designed to ensure safe transport. This includes an impact detector label that allows verification of whether the delivery has been handled properly.

If the indicator shows any red coloring—whether partial or full—this may indicate that the package has suffered an impact during transit. In such case, the delivery must still be accepted, but its note must clearly state: "Impact indicator is red."

Before opening the packaging, take a photo of the red indicator. Then, open the packaging and inspect the product within 24 hours of receipt. If any damage is detected, take detailed photos of the affected areas with the product still in its original packaging and contact Viccarbe's after-sales team, attaching both the product images and the photo of the impact label.

NOTE 2: We offer the possibility of shipping the tables without the counterweight. However, the tables can only be installed with the recommended counterweight. For more detailed information, please contact the Sales Department.

ACCESSORIES AND POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories and power options. The drawings with the location of the accessories need the approval of the technical department.

Round power kit

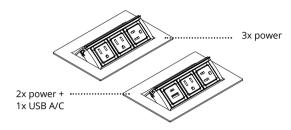

FINISHES	PUBLIC PRICE		
4013 Silver/Black 4242 Milk Smooth	1 nover unit	2 power \$	
4710 Low Gloss Black 4180 Graphite Matte	1 power unit	1 power + 1 USB A/C	\$532

The round surface power module is available as an option only for single-base tables, located in the center of the tabletop, in two configurations. In this setup, the cables are managed through the center of the base and out the bottom of the base.

The power infeed is a cord and plug and round modules have 57" of cord on 29.1" height tables and 45" of cord on 40.2" height tables.

Square power kit

FINISHES	PUBLIC PRICE			
	1	3 power	\$523	
4242 Milk Smooth, 4710 Low Gloss Black, 4799 Platinum Metallic	1 power unit	2 power + 1 USB A/C	\$619	
		3 power	\$901	
	2 power units	2 power + 1 USB A/C	\$1.117	

The square surface power is available in **two configurations** for double and triple base tables, where the cables are managed under the table top to a base and then out the bottom of the base.

The power infeed is a **cord** and **plug**. Square modules have 57" of cord on 29.1" height tables and 45" of cord on 40.2" height tables. When there are **multiple square power modules**, they are chained together and have one plug.

Wire management kit is included. Kit includes clips, screws, and velcro straps to route cord under the table top and down the base.

USB hub with battery

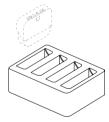

a 2.35 lb **(x1)** 13x10.2x4.3" (0.01 yd³)

The rectangle represents a standard powerbox, compatible with square power option. The arrow points out the opening side.

BURIN GLOBAL EDITION

COMING SOON TO THE USA

PLEASE NOTE! The products in this section are currently only offered as an off-catalog special. Please contact your local Viccarbe sales representative to place an order.

Burin 94.5x47.2" H29.1" with HPL tabletop NEW

by Patricia Urquiola

The Burin table by Viccarbe, designed by Patricia Urquiola, is now available with a spacious 94.5"x47.2" HPL tabletop, combining refined design with everyday durability. This new version elevates Burin's sculptural base with a surface built for intensive use, available in Black HPL Soft Touch by FENIX—matte, anti-fingerprint, and velvety to the touch—and White HPL, offering a bright and timeless finish. Both options are highly resistant to scratches, heat, and wear, making them ideal for meeting rooms, collaborative workspaces, and dining areas. This edition stays true to Burin's iconic character while ensuring long-term performance in demanding environments.

Trestle 🕚

BY JOHN PAWSON

TABLES 2

Test certificates: ANSI/BIFMA X5.5-2021, ANSI/BIFMA X6.5-2022

The elegance of Pawson surprises us once again with this immense table and bench of exquisite proportions, for tables 29" height and 41" standing height.

Stained solid oak or painted metal legs. Wood legs are composed of natural materials that will show color and grain variance.

Table top is available in two different depths (36" and 48") and modular width sizes ranging from 72" to 240":

· Table top surface is 1.2" thick with an exposed knife-edge, which

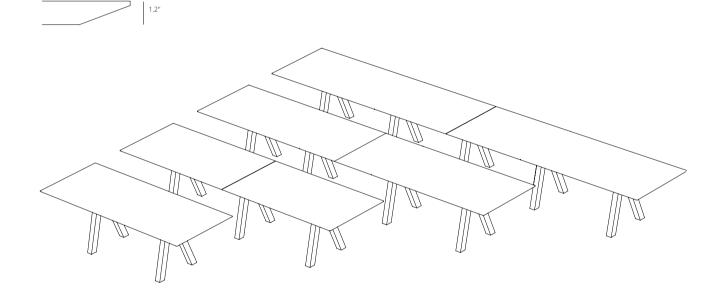

gives the appearance of a thinner top of .2" thick and tapers down to 1.2". Knife edge is clear coated.

- · Tops are available in High-Pressure Laminates and oak wood veneer.
- \cdot Multi-piece tops will occur when then top is larger than 120" width. The top will be split into two equal sections that ship with connecting hardware.

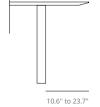

Adjustable black plastic glides for leveling on uneven floors with an adjustment range of 0.75".

THICKNESSES AND TYPES OF BOARD EDGES:

WIRE MANAGEMENT

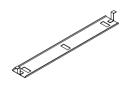

Trestle table allows the possibility of managing the wiring so it is kept hidden and integrated in the table. We offer the option of installing the wire management tray (VCBTRWMT) and the leg cable cover (VCBTRCC).

The wire management tray allows to pass the wires from the bottom of the table top to the leg and the leg cable cover allows to canalize up to 6 wires until reaching the floor.

Wire management tray

STYLE NUMBER	FINISHES	PUBLIC PRICE
VCBTRWMT	6000 Black	\$200

The wire management tray is retrofittable and spans between each set of legs on the underside of the table. When specified with cable tray, tables will come with one tray per leg spacing. The tray houses the MhoB power box and manages cables. Cables can route out of the tray through the side access holes.

NOTE: Cable tray is automatically painted black to match the understructure of the table.

Leg cable cover

STYLE NUMBER	FINISHES	PUBLIC PRICE
VCDTDGG	Accessory, smooth or textured paint	\$200
VCBTRCC	Accent paint or lux coatings	\$278

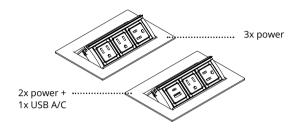

Leg cable cover is an optional accessory for wire management. The cable is specificable in matching or contrasting paint colors from the legs. The cable cover hides and routes the power infeed cord from the cable tray, down the length of any leg, and to a power outlet. Only one cable cover is necessary per table.

NOTE: Leg cable cover attaches with magnets and is applicable for both metal & wood legs. It is available in 29" and 41" heights.

POWER OPTIONS

Surface Power offers a seamless pop-up power solution designed for flexibility and functionality, available in **two configurations** and **three color options**.

Power kit

STYLE		PRICE PER POWER UNIT		
NUMBER	FINISHES	3 POWER	2 POWER + 1 USB A/C	
VCBTRPWR	4242 Milk Smooth, 4710 Low Gloss Black, 4799 Platnium Metallic	\$400	\$500	

The power kit is **centrally located** on the tabletop, ensuring an equal distance between the table legs for a balanced and accessible design.

The power infeed is a **cord and plug system**, with seated-height tables featuring a 57-inch cord, while standing-height tables are equipped with a 45-inch cord.

For tables with **multiple power modules**, this system is thoughtfully engineered so the modules are chained together, requiring only a single plug for efficient connectivity.

NOTE: When power configuration is specified, that configuration will be applied to all units in the kit. Eight power units is the maximum number of accessories that can be ganged together with a single infeed. Each power kit includes one infeed.

Cut out

c	ODE	PUBLIC PRICE
-	TRMEC	\$287

Tabletop custom cut out. The price is per number of pieces of the tabletop when using Viccarbe electrification. With customer's electrification, the price is per each cut out.

Trino

2020, BY ELISA OSSINO

The close relationship between Elisa Ossino and geometry is translated to the Viccarbe collection thanks to a new range of side tables.

Trino is born with a sculptural soul and stage vocation, with the inherent elegance of a design capable of expressing and complementing all types of interiors. The Ossino tables are also easy to move thanks to a handle available in three different finishes: metal, solid oak and marble.

NOTE: Due to the fact that the marble and wood used is natural, the finish may vary.

Function and form meet again on this occasion to promote conversation between objects and space.

Top and base in calibrated steel structure powder coated in

thermoreinforced

polyester in single-color black.

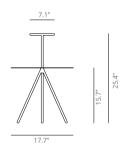

Available with three different types of handle:

- T-shaped model in calibrated steel powder coated in thermoreinforced polyester.
- Solid oak sphere model stained in natural matt finish.
- Marble sphere model in Indian Green color.

Aleta BY JAIME HAYON

LOW TABLES 2018, BY JAIME HAYON

Test certificates: UNE-EN 15372:2017 and ANSI/SOHO S6.5:2008 (R2013)

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe.

Table top available in different measures, materials and thickness:

- 0.1" lacquered technical micro-texturised MDF top in all the finishes of the collection, bevelled on both sides of the top.
- Melamine (LPL) thickness 0.74" with 0.06" PVC edge, in black or white.

- 0.47" thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop is black; for a white edge, it is white.

NOTE 1: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the MDF table.

THICKNESSES AND TYPES OF BOARD EDGES:

For more information about the variety of table tops, see page 21.
