

# Get the Wynd app

You're halfway there!  
Get the Wynd app to unlock  
all of Wynd's features. See  
more details about your air  
quality, control Wynd  
remotely, and see how used  
up your filter is. To download  
it, go here on your phone or  
tablet:

[hellowynd.com/app](https://hellowynd.com/app)

# Turn Wynd on and off

Tap the power button on the Purifier  
to turn it on and off:

Tap the button on the side of the  
Tracker to turn it on and off (the  
Purifier's button doesn't effect the  
Tracker):

# Adjust airflow

Turn the top control ring to adjust  
airflow.

# Monitor your air

The Wynd Tracker senses the air  
quality.

Leave it docked, to  
charge while it tracks  
the air...

Or take it out to  
monitor air quality  
on the go.

The Tracker's light color indicates  
air quality. To see detailed info  
about these colors, visit  
[hellowynd.com/instructions](https://hellowynd.com/instructions).

GOOD

HAZARDOUS

# Use Auto mode

Tap the Auto button on the Purifier  
to turn on Auto mode:

Auto mode automatically adjusts the  
airflow level based on the air quality  
(as sensed by the Tracker).

# Use the kickstand

1. Snap the kickstand into Wynd's  
attachment points.

2. Expand the kickstand to funnel  
clean air at an angle.

Continued →

# Charge Wynd

Plug in the supplied USB-C cable to the slot in the back of Wynd.

To charge the Tracker, dock it in the Purifier and turn on the Purifier.

# Change the filter

1. Screw off the bottom cap.

2. Take out the old filter and insert the new one.

3. Screw the bottom cap back in.

The filter should last an average of 3 months, and the app provides the filter lifetime. Order more through the app or at hellowynd.com.

# Purifier or Tracker not working right?

Try resetting your devices to see if it fixes the problem. Here's how:

Hold down the Purifier's power button for 10 seconds.

Place a pin (or other sharp object) into the tracker's reset hole.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference,  
and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment .

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

ISED Statement:  
This device complies with ISED licence-exempt RSS standard(s). Operation is subject to the following two conditions:  
(1) this device may not cause interference, and  
(2) this device must accept any interference, including interference that may cause undesired operation of the device.

Other Statement:  
The charging cable provided is a supplemental free item and is not part of the Wynd product purchased.

Le présent appareil est conforme aux CNR d'ISEDApplicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil n' doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

ISED Radiation Exposure Statement:  
This equipment complies with ISED RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Cet appareil est conforme aux limites d'exposition de rayonnement RF ISED établies pour un environnement non contrôlé.

Cet émetteur ne doit pas être co-implanté ou fonctionner en conjonction avec toute autre antenne ou transmetteur

Operating Frequency Band:  
Air purifier Unit: 2402-2480 MHz  
Sensor Unit: 2404-2480 MHz  
Max. Of Transmit power:  
Air purifier Unit: +0.41dBm  
Sensor Unit: +4.69dBm

The Wynd Purifier transmits data to the mobile app and Tracker, and the mobile app transmits data to the Wynd Purifier, but the Tracker can only transmit data to the Wynd Purifier. This means that the Tracker can only work with the Wynd Purifier.

# Welcome to Wynd
