Download this Application

The private office is increasingly becoming a place not only for focus, but for collaboration with co-workers, or rejuvenation when the executive needs some time to re-group and refresh. It offers a place for heads down work, another for collaboration – complete with video-conferencing for global operations. Finally, a quiet space shielded from view by a set of bookcases completes this comprehensive private office.

Products contained in this application:

She Said Chair, Massaud Seating, Elective Elements, Gesture, QiVi, media:scape
